## COMMENT AND CRITICISM

It is just a rumor, but I was informed this morning that the Mayor of Lewiston (Ben Miller) is visiting local friends.

Prepare to gaze upon a beautiful new car in another week or ten days. Ed Whipple is preparing his sales-room for its arrival and the crowd that will be on hand to inspect and buy.

They do tell me that the Tigers are real champions.

I seriously believe I can't take it. After attending a Hallowe'en clinic in which amputated parts of a human being (?) were passed around, I retired to dream of someone trying to murder me.

And now that the Series is over, the front page of the dailies is carrying a line about the war.

The farmers are between the frost and the rain. Eugene Bachman was rushing the digging of his potatoes on Monday to avoid the frost on Monday and Bird Cooley was forced to stop digging on account of the rain on Thursday.

## STATE SEAL ADORNS MICHIGAN'S STAMP

After much deliberation the Post Office Department finally decided on the Great Seal of the State as a suitable design for Michigan's commemorative stamp which will appear November 1. The same size as the regular special delivery stamp, it will be purple in color and of the three cent denomination and will bear the lettering "1935—Michigan Centennial—1935" across the top. Besides the seal as central design the national emblem appear at the left and the Michigan State Flag at the right.

We quote the following description of the seal from Vol. XXX of Historical Collections made by the Michigan Pioneer and Historical Society: "A shield shall be represented on which shall be exhibited a peninsula, extending into a lake, with the sun rising, and man standing on the peninsula with a gun in his hand. On top of the shield will be the words TUEBOR and underneath in a scroll will be the words, SI QUAEERIS PENINSULAM AMOENNAM CIRCUMSPICE. There will be a supporter on each side of the shield, one of which will represent a Moose and the other an Elk.

"Over the whole, on a crest, will be the EAGLE of the UNITED STATES with the motto E PLURIBUS UNUM.

"Around will be the words, GREAT SEAL OF THE STATE OF MICHIGAN A. D. MDCCCXXXV."

The Seal was designed by General Lewis Cass, and was presented by him at the Constitutional Convention on June 21, 1835, and adopted the following day. It had been the matter of much thought on his part as memoranda were found among his papers going back to his school days of designs for a seal.

## For Homemakers

Honey is one Michigan product which should be used more commonly in most homes, according to the home economics department at Michigan State College.

Americans prefer honey either as comb honey or in the extracted form but granulated honey is the most popular in some countries. The food value of honey is high, as one cup of honey contains about 9 1/4 ounces of sugar while a cup of sugar weighs only seven ounces. A tablespoonful of honey has the same value in calories as 1 1/2 tablespoonfuls of corn syrup, four of maple syrup or 1 1/2 of molasses.

The flavor of honey is due to the aromatic substances found in the flowers from which the honey is made. These substances differ in the various flowers so it is possible to secure honey with a flavor to suit many tastes. The lighter colored honeys usually have the milder flavors.

When honey is used to replace sugar in baking, the cook should remember that the amount of liquid used ordinarily should be reduced one-fifth for every cup of honey used. Honey replaces a little more than an equal volume of ordinary sugar in baking. Too hot ovens must be avoided if honey is used. A small scorched spot ruins a whole cake if honey has been used in making it.

## Community Chorus Elects Officers

### Mrs. Irving Ronk Is Made President

On Monday evening the Ladies' Community Chorus got away to a fine start with a pot-luck dinner at the school. About thirty guests sat down to a very fine meal at seven o'clock. The husbands were among the guests and they not only enjoyed the dinner but they were pleased to see the deep interest in the chorus work displayed by the members.

A business meeting followed the dinner and election of officers took place with the following results, president, Mrs. Irving Ronk; vice presidents, Mrs. D. M. Winn, Mrs. A. E. Butters and Mrs. E. Huttenlocher; treasurer, Mrs. C. E. Edwards; secretary, Mrs. P. G. Kanold; librarian, Mrs. C. Hutton; pianist, Mrs. F. Perrin; director, Charles Hutton. It was then decided that the rehearsals would be every Monday evening at 7:15 at the school.

## MRS. HERBERT LAVIGNE IS HOSTESS WEDNESDAY

On Wednesday afternoon Mrs. Herbert LaVigne entertained at a luncheon and bridge at her home.

At one o'clock a delightful luncheon was served and during the afternoon seven tables of bridge were in play. The awards went to Mrs. F. E. Davies, Mrs. G. A. Walter, Mrs. John DeLind, Mrs. Fader of Flint and Mrs. Zoëa Grant.

## Jr. Literary Club Has First Meeting

## Mrs. Mary Green Honored Tuesday

On Tuesday evening friends of Mrs. Mary Green, including a number of Royal Neighbors met at her home on Holcomb St. to help her celebrate her birthday.

What a happy time everybody had. A pot-luck dinner was served at six o'clock and as usual food was plentiful. Everyone ate a hearty meal and all were willing to relax and enjoy a few games of 500 during the evening.

Mrs. Green received some very beautiful gifts and the best wishes of all the guests.

## Legion Stag Dinner A Huge Success

### W. S. Reynolds of Detroit Is the Speaker

Last Friday evening the local American Legion post had a stag dinner at their hall on North Main Street. There were about forty guests and everyone thoroughly enjoyed a fine dinner and a pleasant evening.

Of course they served fried chicken and everything that should go with it and the men deserve much credit for planning such a fine menu.

The speaker of the evening was W. S. Reynolds, State Department Chairman of the Subversive Activities Committee of Detroit. He was introduced by Henri Buck, Commander of the Campbell Richmond Post. His talk was exceptionally interesting. He stressed the need of Americanization in the social and governmental life of our people. He spoke of the vein of Communism that was gradually working its way into our United States and what it means to our people. He gave every man present something to think about.

During the evening the group enjoyed singing some of the rousing war songs of years ago. Charles Roehm presided at the piano.

## Seymour Lake

Mrs. Mary Losch was an Oxford caller Saturday.

Mr. and Mrs. Heber Beardslee were in Pontiac Saturday.

Rally Day at the church Sunday, Oct. 13. Everyone cordially invited to attend.

Mr. and Mrs. Ed Stevens have been entertaining their little granddaughter, Rosanna Phipps, this past week.

Mr. and Mrs. Earl Alleman and family of Lake Orion attended church here Sunday morning and motored on to Flint to spend the day with Rev. and Mrs. S. R. Whims and family.

Announcement has been made of the coming marriage of Miss Joan Baldwin, daughter of Mr. and Mrs. William Baldwin of Holly, and Milton Miller, son of Mr. and Mrs. H. L. Miller of Seymour Lake, Saturday, Nov. 2nd, at the home of the bride's parents. Several showers have been given in honor of the coming event. The young couple will motor to Florida on their wedding trip.

## HOLLY THEATRE

Warner Bros.' latest comedy drama, "The Irish in Us", which presents James Cagney, Pat O'Brien, Frank McHugh and Olivia de Havilland at the head of an unusually popular supporting cast, has been booked as the feature production of the Holly Theatre on Tuesday, Wednesday and Thursday.

The title, it is said, is based on traditional characteristics of the Irish—to alternate between laughter and tears, to jump from comedy to intense drama, to fight with those they love and love those with whom they fight.

The sorrows and joys, the anxieties and triumphs of this little family of New York Irish folk is said to have made one of the most laughable and at the same time most touching screen dramas of the year.

Joe E. Brown is coming to town. His latest comedy romance, "Bright Lights", a First National picture, filled with mirth and melody, is scheduled as the feature attraction at the Holly Theatre on Sunday and Monday.

The picture is said to be the best in which Joe E. Brown has appeared. His antics are reported to bring up-roarious laughter, pathos, romance, and high drama. Joe himself sings, dances and does acrobatic stunts with the famous tumblers, The Maxellos.

The story by Lois Leeson centers about Joe, a hooper and comic in a burlesque show, whose stage partner is his wife, Ann Dvorak. Patricia Ellis, a mad cap heiress, gets a job in the burlesque show as an adventure.

The scenes include the Old Grand Theatre, Los Angeles, which was one of the finest in the country fifty years ago.

## The Progressive Class Has Hallowe'en Party

### Scavenger Hunt Created Fun and Excitement

The president and the social committee of the Progressive Class are to be complimented on the fine time afforded at the class's meeting and Hallowe'en party held at the Methodist church on Wednesday evening.

At six thirty the guests started to arrive and were greeted by the committee dressed in ragged clothes. The fun began immediately for as each one came in the committee decided whether they should pay a fine for being too well dressed. Several fines were paid. Some of the outfits were amusing and were so badly in need of repairs that before the evening was over they were compelled to call on Mrs. Ogden who wore a necklace of fairly good size safety pins.

The dinner tables were very attractive, centered with large pumpkins and with bittersweet strewn down the center to very colorful bowls of marigolds. Cornstalks were used to decorate the room. After singing the doxology led by Charles Hutton everyone was ready to do full justice to the hot-dogs and sauerkraut, hot rolls and escalloped potatoes that were served. Being a Hallowe'en menu the dessert was pumpkin pie.

After the meal, the president, Mrs. Irving Ronk, held a short business meeting and at this time it was decided to have the class meetings at the church the second Wednesday evening of every month with a co-operative dinner at least for the next three months. There were forty who voiced their opinions as to these meetings and it is hoped that this attendance will increase as the months go along.

At 8:15 Mrs. Hutton announced a scavenger hunt. The class was divided into groups and the driver of each car was given a list of articles which they were to have at the church before nine o'clock. The town should surely know that there is such a group as the Progressive class of the Methodist church because there were not so very many homes that were not called upon to help contribute to some list of articles. However shortly before the appointed time the groups were all back at the church and then the laughing started in earnest. They produced the different articles and told a story of how they secured each thing and the difficulties they encountered. The judges had quite a time keeping order and after all the tales had been told the prizes were awarded. The next feature was in charge of Mr. Hutton who directed a clinic in a dark room, and the class was enlightened as to parts of the human anatomy. This caused many laughs and just as many screams. After this session, in some mysterious way the poor creature who had been dissected was re-assembled in a ghost-like form and each one guessed who the being might be. Mrs. D. M. Winn took home the pumpkin.

At the close of a very pleasant evening the committee served cider and dough-nuts.

Everyone enjoyed themselves and before disbanding the President invited each one to attend the Sunday morning sessions of the class.

## WEIGHT TO GOVERN IN SALE OF EGGS

### Pound Instead of Dozen Will Rule in Michigan

Beginning November 1 eggs will be sold in Michigan by the pound instead of by the dozen, according to a regulation just promulgated by James F. Thompson, commissioner of agriculture. They will also be graded, with four grades—fancy, grade A, grade B and grade C established. These grades apply solely to quality of the egg and not to size. How the grading is to be effected, the Advertiser is informed by a local dealer, will be by freshness. He is not sure how this will be determined but says that the practice in Canada may be followed of marking eggs with the date they were produced. Eggs over four days old are not considered fresh across the border.

Holly dealers express satisfaction with the new arrangement, and consumers undoubtedly will like it. Producers may differ in their opinions. If they have hens laying large eggs no doubt it will be all right with them.

The weight of a dozen eggs will vary as much as six or seven ounces according to size. The average is about 22 ounces.

Under the new regulations fees will be charged to all dealers in eggs. Retail stores will pay \$3 a year; wholesalers \$25 a year, and transporters or manufacturers of egg products \$75 a year.

## M. E. Sunday School To Observe Rally Day

### Clarkston M. E. Sunday School Observes Rally Day, Sunday, October 13.

The School sessions will open at 10:45 A. M. in the main auditorium of the Church, and a special Rally Day Program will be combined with the Regular Morning Worship Service.

Rally Day marks the beginning of the School year and is the occasion of increased attendance and increased enthusiasm. A full group of workers has been assembled and text materials are complete.

A fine Rally Day attendance is expected.

## STATE PREPARES TO REMOVE SNOW

### Highway Department Getting Equipment in Readiness

With early furies of snow reported in all sections of the state last week, the maintenance division of the state highway department has advanced preparations for the winter's snow removal operations to the point where today the division reported to Commissioner Murray D. Van Wagoner it was ready for any extreme of weather.

Snow removal on Michigan's highways has become one of the most important functions of the state highway department. Not satisfied with merely passable roads, the traveling public insists on roads being open in all weather to wheel traffic. In answering this demand the degree of snow removal work has increased to a point where it becomes quite costly.

Last winter snow removal costs averaged \$67 per mile for the 8,498 miles of roads kept open. The cost is considered low in view of the heavy snowfall.

Upper Peninsula snowfall averaged 113 inches compared to 94, 73 and 77 inches in the previous three years; in the northern half of the lower peninsula the average was 71 inches compared with 39, 38 and 62 inches; and in the southern half of the lower peninsula the average last year was 44 inches compared with the averages in the three previous years of 33, 34 and 44 inches.

Preparation for the winter campaign began when inquiries were mailed out of the Lansing office to the divisional maintenance superintendents asking for snow fence requirements for the season. In some cases new roads have been added to the trunkline system, requiring additional fence. Fence damaged a year ago must be replaced. The highway department owns 640 miles of snow fence.

In every maintenance garage, trucks, plows, sanders and other items of equipment used in snow removal work have been gone over carefully, repaired, and necessary changes made in the hitch connections.

Another phase of the preparation is the removal of obstructions along the roadsides, so that plows may have plenty of room for their operations.

A gradual change has been noted in the character of snow removal equipment, and in the method employed. Heavy tractor equipment has given way to fast moving trucks. Rotary and "Snogo" plows are now used only when drifts become so high that the truck plows cannot throw snow off the road. Not alone can snow be removed faster with the lighter equipment, but the latter is much more economical.

Sudden temperature changes mean extra work for the maintenance division. Icy roads must be sanded, a phase of the division's work which is as costly as the removal of many inches of snow.

Snow removal in the southern part of the lower peninsula has been found to be more expensive than elsewhere in the state. More cities are included in this area, and in cities the snow must be loaded on trucks and removed to outlying districts. Heavier traffic also causes more ice formations, requiring heavy sanding.

## Coming Events

Oct. 14th—Monday evening—The Community Chorus will meet for rehearsal at the school at 7:15.

Oct. 16th—Tuesday afternoon, the Clarkston Literary Club will meet at the home of Mrs. William Kyle at 2:30.

Oct. 23rd, Wednesday evening, The Ladies' Aid is sponsoring a dinner at the Methodist Church at 6:00 o'clock.

## Blue and White Flash Clarkston School News

The high school football team was very disappointed last Friday. They arrived at South Lyon with high spirits to win the game. Having been beaten by South Lyon last year, they were, as the boys put it, ready to avenge their defeat. As the official referee failed to appear at the game, Clarkston won by a forfeit.

However, the two teams played a practice game, Clarkston winning with a score of 13-0. Much yardage was gained through the line and because of our good line play, Tucker was able to go through the line for the first touchdown. For the extra point, Tucker passed over the goal line to Souly. Yost, who intercepted a pass on about the 30-yard line, and having good interference was able to run for the second touchdown. Our second team played a good part of the game, doing very well in both offence and defense. Parker and Hursfall were on the sidelines with an injured shoulder and knee, respectively. They expect to be in the next game.

Coming!! Big Election next week electing members of C. H. S. to Student Council!

A special assembly was held last Tuesday for the express purpose of organizing the two opposing parties. The tickets are as follows:

**Democrats**  
President—Duane Hursfall.  
Business Manager—Clare Rasmuson.

Boys' Commissioner of School and Grounds—Max Souly.

Girls' Commissioner of School and Grounds—Violet Coy.

Girls' Athletic Manager—Evelyn Walz.

Boys' Athletic Manager—Junior Waterbury.

**Originalists**  
President—Bill Parker.

Business Manager—Bart Mann.

Boys' Commissioner of School and Grounds—Herb Molter.

Girls' Commissioner of School and Grounds—Phyllis Boynes.

Girls' Athletic Manager—Erma Conklin.

Boys' Athletic Manager—Les Spencer.

**S. R. Stuff and Nonsense**  
The world's worst case: Laura and Gussie.

P. S. The upper classmen also chew gum—Believe It or Not Ripley.

What young and promising Sophomore gent goes by the name of "Darlin'?"

The students look forward to an extended week-end for school will be suspended from Thursday until Monday, in order that our instructors may attend "Teacher's Institute".

## SENIOR NEWS

The Seniors seem to be having a difficult time picking out a play. I wonder why? They must be planning on a super, extra, specially, good one.

The Seniors are giving a candy sale, Wednesday, Oct. 9, at 12 a. m. By the time this is published, they should be rich or sick.

**Silly Senior Symptoms**  
Ask B. P. what the attraction is around locker number one and two. If he won't tell we will.

Miss Le Forge wishes there was a football game every day so she wouldn't have to teach Civics. We wish so too.

The loan desk seems to attract one young gentleman very much, especially when E. C. is there.

D. H. had some nice penny suckers.

We hear B. T. was sick Monday, or something.

The Seniors must not all have cookbooks. How about the excess candy? Can't ya make it?

(P. S.) Don't let the under classmen see this.

**General Apology**

This school week was quite short, three days to be exact. This leaves four days of vacation, so we should expect to have a lot of news next week, as a lot can happen in 96 hours.

We are very sorry to leave out the grade news this week, but that will leave all the more for next week.

**Mrs. Durand's Jr. Greenhorns**  
Look out Les! The string might break, especially if the girls get together.

What does that certain H. B. think of the injured knee?  
It appears that I. C. is taking a vacation. We all need one.

B. I. carries quite a lineup around in his bill-fold. Watch him gals! Are you in it??

J. D. suggests that the girls start a fad. The fellows' suspender fad is weakly getting under way.

You Jr.'s should either hop all over your editor, or else get another one so you can write up your own news. This Soph editor sure makes things look bad for you. Can't blame the Senior editor if he doesn't get in quite as much as the rest, because the Senior class is a small one. Besides, don't forget that they are setting a good example.

Harry Hall Dies; Struck by Auto

The body of a man later identified as Harry W. Hall, 58 years old, 16 School street, Pontiac, was found lying in the road on Waterford Hill near Waterford at 4:45 a. m. Saturday. He had apparently been struck by a hit-run driver. Deputy Sheriff E. K. Thomas and Coroner J. Lee Voorhees were called and identification was established through a rent receipt and notabook found in the pocket. Coroner Voorhees said that in his opinion the man had been run over by a two wheel truck.

The body was discovered by two truck drivers, Alfred Eding and G. H. Pemberton, Detroit, who notified authorities.

Besides his wife, Mrs. Harry W. Hall, he is survived by three step-children, and several brothers and sisters, including Albert and Rev. Will Hall and Mrs. Robert Brown, all of Detroit.

Hall was last seen, as nearly as authorities have been able to determine, at his home in School street at 5 p. m. Friday. Relatives were unable to account for his presence on Waterford Hill.

PART OF M-59 NOW MADE STATE TRUNK LINE

Action to make M-59 an official state trunk line highway from the Pontiac city limits 1.4 mile west to its intersection with Elizabeth Lake Road has been taken by the state highway department. A grading and drainage project is now under way on the proposed determination. When completed M-59 will provide a connection between West Huron

Street at the west city limits and the Howell-Pontiac road.

The Highway Advisory Board and the State Administrative Board have already given their approval for the new determination and the only remaining step is the sending of formal notice of determination to Oakland county officials.

A Long Way Around Florida has the longest coast line of any State in the Union.

OUR BANK Still Encourages Thrift Possibly we're old fashioned in some ways but during these days of easy spending, we still believe it's the duty of a bank to encourage thrift. Irrespective of what the Government does about social security, the responsibility of providing for old age still falls squarely upon the shoulders of every able bodied man and woman. **THIS DELICIOUS MEAL IN YOUR OWN KITCHEN.**

**on a TRIAL ELECTRIC RANGE**

YOU needn't be an epicure to tell the difference between electric cooking and other cooking. Sample a meal like this one, and judge for yourself!

You'll marvel at the deliciously different flavor in foods: meats and vegetables cooked to melting tenderness in their own juices; the light fluffiness of biscuits baked to golden perfection; the fine-grained, even texture of cakes like mother used to make; and the healthfulness and goodness that is sealed-in by this modern cooking method. Once you have tasted electric cooking, you will wonder how you ever got along without it. Your family will enjoy electrically cooked meals

... and you yourself will like their ease of preparation and the convenience and cleanliness of a modern electric range. Why not prove this—in your own kitchen—by means of our Trial Plan?

We will install an electric range in your kitchen *without initial charge*, so that you may give it a thorough trial. During this trial period, you simply pay for the service as registered by your meter, plus a monthly charge of \$1 for the range. If you decide to keep the range, your monthly payments will be applied toward the purchase price. If you decide that you do not want it, the range will be removed at our expense. Send in your application for a trial range today!
