COMMENT AND CRITICISM

A little story with a moral is worthwhile now and then. The slack spell seems to be with us. But the Michigan Bell Telephone Company thinks that now is a good time to tell their story so that when the spring rush starts everyone will be "telephone minded". Hence they have increased their advertising for this month.

Another company awake in the manner of service is the Consumers Power Company. Thinking of the safety of their customers they are using display space to warn patrons of the dangers of gas leaks. Such are the ways that "GoodWill" is built.

Personally I was getting so used to sub-zero weather that I began to take it as a matter of a natural condition and something to expect. Hence, a feeling of having escaped some terrible calamity developed on Sunday when the beautiful but car-sticking blanket of snow began to melt and disappear and the demand for coal became less urgent.

You are cordially invited to deposit what spare change you may have left, after paying for your Christmas shopping, with the Treasurer of the State of Michigan. You are urged to do this as soon as possible; in fact unless your deposit of around ten dollars is not forthcoming by the last day of this month you are threatened with arrest, if, as and when you barge out into the highways with a 1935 license plate.

As we have heretofore remarked this is a year suitable for the holding of elections. The section marching by is the vanguard of the village election. This section will have passed the 9th of March. And now in the distance the Township section is forming. Their first division, the caucus, will pass by on the 14th of March, 1936, with its elections, marches on.

Clarkston possesses much claim to a desire for better standards of living. Not only is it building a community chorus but the residents turned out in large numbers to a card party, the proceeds of which will be used to finance this musical organization.

Every now and then, someone has something to say about the joys of motoring. We are also informed that it is better to give than receive. Certainly the manner in which one motorist helps another keep the cars moving is a pleasure to behold.

Miss Mae Rohr To Speak Wednesday

Next Wednesday afternoon the Ladies' Aid of the Methodist church will meet at the home of Mrs. Durand Ogden. Miss Mae Rohr of the Children's Hospital in Detroit will be the speaker. She will tell of her experiences with physically handicapped children.

Everyone is invited to attend this interesting meeting. Remember the date, March 4th.

American Violinist To Give Recital

Albert Spalding, distinguished American violinist, will give a recital in the Choral Union Series, Hill Auditorium, Ann Arbor, Monday evening, March 16, taking the place of Myra Hess, pianist, originally announced for this occasion. Miss Hess suffered an appendectomy in December, from which her complete recovery was not as rapid as had been anticipated, and for that reason she has found it necessary to cancel most of her schedule.

Clarkston Locals

D. M. Winn went to St. Louis, Mo., last Saturday to attend the N. E. A. Gus Layton was taken to the Pontiac General Hospital on Thursday morning and will remain there, under observation, for a few days.

Mrs. Joel Beckman Is Hostess to Club

The Child Study Club met at the home of Mrs. Joel Beckman on Thursday evening of last week. Mrs. Edward Lee Porritt was a guest.

Mrs. Ronk repeated the very interesting and well written paper on "Discipline and the Baby".

At these meetings there is a general exchange of ideas relative to child problems and they prove very helpful to the mothers.

At the close of the meeting a very delightful luncheon was served.

The sermon subject for the Sunday morning service of the Community Church of Waterford will be "The Question of a Burdened Heart". Miss Miriam Schultz of Franklin Rd. will render "O Lord Most Holy" by Cesar Franck as a vocal solo at this service.

You are urged to come and give her a good hearing.

Sunday School convenes at 10:15 and church at 11:15.

THE MORE YOU CUT THE THICKER IT FREEZES

Russell Walter has completed the task of cutting ice for this season. Those walking across the mill pond are warned to stay away from that section where he has been cutting as Russell does not think it will freeze sufficient to hold a person.

He "harvested" two crops this year. The first cutting was 13 inches thick. Then the Pond froze over in three weeks time and the second cutting from the same place was 14 inches thick. This should give you a good idea of just how cold it has been.

OAKLAND COUNTY GROWS MANY SPUDS

Increase Large in Late Years; Other Farm Figures

More than twice as many bushels of Irish potatoes were harvested in 1934 as in 1929 in Oakland County, according to the 1935 Federal Farm Census preliminary report just released by Director W. L. Austin of the Bureau of the Census, Department of Commerce.

Potato production in 1934 amounted to 1,181,181 bushels and the acreage was 13,827. In 1929 the production was 488,300 bushels and the acreage, 7,766. Considerable expansion took place in the acreage of most crops between 1929 and 1934. Corn increased about 14,000 acres, wheat almost 4,000 acres, and oats about 3,700 acres. Corn harvested for grain increased from 5,179 acres and 145,598 bushels to 14,748 acres and 359,222 bushels. The acreage of harvested crops increased about 34,000 acres between 1929 and 1934.

Increase in horses and cows accompanied the expansion in the acreages of crops. Horses increased about 1,100 and cows about 4,500 between April 1, 1930 and January 1, 1935. The number of hogs was about the same in both years.

Many more small farms were reported in 1935 than in 1930. The number of all farms increased from 2,405 and 3,995. The average size of the farms decreased from 118.9 to 91.9 acres. Notwithstanding the larger number of farms, the value of farm land and buildings was about \$30,000,000 less in 1935 than in 1930.

A State bulletin, containing final figures for the 1935 Farm Census, will follow the preliminary releases. The bulletin may be secured, at a nominal charge, from the Superintendent of Documents, Government Printing Office, Washington, D. C.

S. S. CLASS SPONSORS PLAY AT DAVISBURG

Scene II. Evening the next day.
Act III. Two weeks later.

CORN BORER PEST IS AGAIN IN EVIDENCE

Increase in the infestations of the European corn borer in Lenawee, Saginaw and Bay counties coupled with increases reported in a winter survey of Grafton, Ionia, Huron and Tuscola counties has led C. B. Dibble, extension entomologist for Michigan State College at East Lansing to revise and re-issue extension bulletin No. 59, Corn Borer Control by Good Farming. Copies are to be distributed throughout Michigan by county agents in an attempt to curb any new advance by the borer in 1936.

Mr. and Mrs. Robert Jones and Mr. and Mrs. Lionel Waterbury have returned from a vacation in Florida.

Mrs. Charles Green Dies Suddenly

Funeral Services Were Held Wednesday

Mrs. Emma Green, 69 years old, passed away unexpectedly at her home last Sunday afternoon.

Mrs. Green was born in Clarkston, Feb. 9, 1867. Having lived here her entire life she had many warm friends and her death came as a shock to all of them because although Mrs. Green had been suffering from a cold, her condition was not considered serious. She was a member of the Royal Neighbors and the Maccabees.

Surviving are her husband, Charles, a daughter, Mrs. Irene Hosking of Detroit, a sister, Mrs. Hattie Newall of Lewiston, and four brothers, Jay and John Clark of Holly, Will and her twin brother, Emmett, both of Clarkston.

Funeral services were held at the Ogden Funeral Home on Wednesday afternoon at 2:30 with Rev. C. E. Edwards officiating. Interment was in Lakeview cemetery.

The many beautiful floral pieces from relatives and friends in Clarkston, Detroit and several other places bespoke the esteem with which Mrs. Green was held.

For Homemakers

Salads are becoming the most popular food dish of the day, according to Katherine M. Hart, assistant food manager, Union Building, Michigan State College, East Lansing.

First course salads are replacing soup and fruits while main course salads gain in popularity over regular dishes, she claims.

"The salad is 'stepping out' today," says Miss Hart. "No longer can it be considered a mere side dish. For many a tempting salad is now a meal in itself."

"Thanks to the advice of doctors and dietitians, and the almost universal desire to avoid extreme waistlines, the popularity of the salad has increased tremendously of late."

Miss Hart recommends the following salad combinations as side dishes:

With fish—cucumber salad, mixed vegetable salad.

With cold meat—potato salad, stuffed tomato salad, macaroni, cheese and olive salad.

With chicken—pineapple salad, asparagus salad, gingerale fruit jelly salad, cranberry salad.

With duck—watercress and orange salad, apple and celery salad, green gage plum salad.

With pork—cabbage and pineapple salad, apple and raisin salad, grapefruit salad.

With lamb—chicory or lettuce salad with Russian dressing, mint jelly salad, raw carrot salad.

With veal—stuffed prune salad, tomato and celery salad, pickled beet salad, sauerkraut and olive salad.

With beef—head lettuce salad, asparagus salad, apricot salad, cole slaw salad.

NO MORE EXTENSION ON LICENSE PLATES

With but a short time remaining in which motorists of Michigan may buy and install their 1936 automobile license plates or stickers, if they plan to continue driving, Orville E. Atwood, Secretary of State, points out:

"If there aren't enough hours remaining in which the late-comers can be served, it will merely mean that some people are going to be deprived of the use of their cars until they can get plates—there can be no extension of the deadline after midnight next Saturday, by me or by anyone else."

Coming Events

Feb. 28th, Friday evening—The O. E. S. will sponsor a dance at the Clarkston Opera House. The public is invited.

March 4th—Wednesday afternoon the Ladies' Aid of the Methodist church will meet with Mrs. Durand Ogden.

March 3rd—Tuesday afternoon, the Clarkston Literary Club will meet at the home of Mrs. Byron Beardslee instead of with Mrs. Chas. Bryant.

March 12th, Thursday evening—There will be a Father and Son Banquet at the Methodist church.

EXPECT TO FINISH ROAD BY 1ST OF SEPTEMBER

Signs have been placed at the ends of the connecting road in Clarkston, which state that the W. P. A. project will use 37,400 man hours of labor; will be constructed by the Ann Arbor Construction Co. and will be completed by Sept. 1, 1936.

DAHLIA OVERCAME MANY OBSTACLES

Story of Popular Flower Shows Its Advance Was Beset

Whenever you see a dahlia flowering, whether it be in the fertile soil of southern Michigan, the rocky ledges of mountainous lands, or in the lava beds of old Mexico, it is well to remember the many dangers and obstacles encountered the dahlia in its trip about the world these last three hundred years.

For the dahlia "discovered" America before Columbus. It was itself discovered by a personal physician of King Phillip II of Spain in 1615. Some time later roots were taken to Spain and to France, and from there spread to all parts of the world. Nor has its journey been an easy one, for it has been afflicted at different times by 15 major insect enemies and at least 10 plant diseases, all of which can have serious results.

Floriculturists have developed over 1,000 known varieties of the dahlia in the last few hundred years, with the greatest development taking place in the last 50 years. Ordinary dahlias, cactus dahlias, and scented dahlias are some of the classifications.

Encyclopedic information about the dahlia has been collected in recent years by floriculturists. A brief summary is included with pointers on propagation and culture in an interesting bulletin now being printed by the Agricultural Experiment Station, Michigan State College, East Lansing. The bulletin, which can be secured by writing for special bulletin No. 266 on Dahlias, has been written by C. E. Wildon, assistant professor and research assistant in horticulture at the Michigan State College.

HOLLY THEATRE

Beneath the glittering color, the haunting tunes, comedy and gay dance routines which adorn "King of Burlesque", the Fox picture which opens at the Holly Theatre Sunday, is a fascinating love drama.

Presenting Warner Baxter, Alice Faye and Mona Barrie in the leading dramatic roles, this happiest of the new musical shows boasts an all-star cast of talented performers.

The story of "King of Burlesque" delves back-stage into the life and loves of the people of the theatre. Warner Baxter is the leading personality, an impresario who has brought the technique of the 14th Street burlesque to an enraptured Broadway.

At the height of his success, he deserts his two old friends, Jack Oakie and Alice Faye, to marry the aristocratic but impoverished Mona Barrie.

Through whirling, kaleidoscopic backgrounds, and a series of adventures, the picture traces the gradual descent of this rajah of entertainment under the influence of his wife. Finally, cast off and deserted, he rejoins his two old friends, launches his most daring project, to meet with a startling success. The close of the picture shows Baxter and Miss Faye happily rejoined in romantic mood.

Ahly supervised by the versatile Kenneth McGowan, the picture presents a gay series of hit tunes from the pens of Ted Koehler and Jimmy McHugh. "Lovely Lady", "Shooting High", "Spreadin' Rhythm Around" are the entrancing names of some that will set you humming.

Arline Judge, the pert little comedienne; Gregory Ratoff, Fats Waller, Nick Long, Jr., Kenny Baker and the Paxton Sisters are only a few of the names in the cast that make "King of Burlesque" the gayest, liveliest musical entertainment of the year.

Clarkston Locals

The Clifford Waterburys and the George Kings left on Saturday for New Orleans. They expect to be gone ten days or two weeks.

W. R. Humphreys, Dean of the Literary College at the U. of M., spent the week-end at the home of Dr. and Mrs. Schurz. Mr. Humphreys will sail for Europe on March 2nd.

The Choral Club Party Is a Delightful Affair

Many Out-of-Town Guests Enjoy the Evening

On Tuesday evening the gym at the school was the scene of a delightful affair sponsored by the Clarkston Choral Club.

Plans were made for forty tables of cards and tickets for that number were disposed of, but owing to sickness and to road conditions only 30 or 32 tables were in play during the evening.

The table and door prizes which were displayed on the platform were donated by friends and business acquaintances of members of the Choral Club. The display of baked goods was quite an attraction and the club realized some funds from the sale of these goods.

After the presentation of table and door prizes, refreshments were served from a long table which was very pretty centered with a large bouquet of spring flowers and with lighted tapers at each end. Mrs. Charles Hutton and Mrs. Irving Ronk presided.

There were out-of-town guests from Davisburg and Pontiac.

WHITE LAKE

Mrs. Etta Teggerdine, who took care of Mrs. Joseph Jackson for nearly a year when she was in the early part of her illness, has gone to be with her now for two weeks to enable Mrs. Anna Everts to have a brief vacation.

Mr. and Mrs. George Brendel had as a Sunday guest their daughter-in-law, Mrs. Frances Brendel, of Lum, who is attending the State Normal at Ypsilanti.

Funeral services for Robert Drummond, a well-known White Lake resident, were held at the White Lake Presbyterian church on Saturday with Rev. H. H. Savage officiating. Mr. and Mrs. William Wakeman, of Hartland, sang and burial was in the OxBow cemetery.

Seymour Lake

Mr. and Mrs. Lee McIntyre entertained the McAllister family on Sunday. They were former residents of this vicinity.

Will Sutton, who has worked the Remick farm for several years, is moving to the Sprague farm.

Velma McIntyre is taking part in a coming spring event, the Junior play at Oxford. Donald Draper was named stage manager.

The Beach family is moving from the Sprague farm to a farm north of Ortonville.

Robert Beardslee attended an auction near Holly on Saturday.

Mrs. Marvin Porritt is assisting Mrs. Asa Kelly and infant daughter, Winona Lee, born Feb. 20 at Clarkston.

A snow plow and several men have been busy opening the Perry Lake road, beginning at the town line and continuing north to the old D. U. R. line. This road has been closed for several weeks.

Mr. and Mrs. Carl Inman and daughter spent Sunday at Arthur Kelly's.

Fred Beardslee helped Stanley Solley butcher a beef on Monday.

Pearl Sherman of Ortonville thawed out the pump and pipe on the H. L. Miller farm on Tuesday. Mr. Sherman has had an unusually busy winter due to so many frozen pipes around Ortonville and on one occasion he had to thaw out a supply tank in the basement.

Lynn Brooks, who resides on the Al Walter farm, lost his valuable team of mules last Friday evening. The mules plunged over a snow bank into the path of a car in the front of Mr. Brooks' house, killing one mule and breaking the leg of its mate so that it had to be shot. The car and its occupants escaped serious injuries.

Mr. and Mrs. Donald Gark and daughter, Barbara Helen, will move to Oxford this spring when Donald will continue his work at the Fisher Body, Pontiac. He is selling his live stock, tools and farm produce.

Milton Miller and Jesse Toles have been trucking potatoes to Detroit.

TOURNAMENT NEWS

The Tournament will be held next week, March 5, 6, 7, and will be held at the Romeo High School. The following teams will take part: Oxford, Romeo, Clarkston, Lake Orion, Capac, Almont, Armada.

Very little is known of these teams in the vicinity of Clarkston, due to the fact that they are not in the same league as Clarkston. Nevertheless they promise some very exciting games.

It has been rumored that St. Fred's High School, who have won the tournament for the past ten years with a few exceptions, has been removed and placed in the Milford Tournament. This should make competition very keen among the remaining teams.

Drawing for tournament play will be held Monday, March 2. Admission prices have been fixed as follows: Thursday night, students, twenty-five cents; adults, thirty-five cents; Friday and Saturday nights, students, twenty-five cents; adults, forty cents. A trophy will be awarded the tournament winner. Also on Saturday night the losers of Friday's games will play for third place.

ATHLETIC NEWS

The Clarkston High School boys' basketball team lost two games to Farmington last Friday. The varsity team by the score of 34-27 and the reserves by the score of 28-5.

Farmington's gym was unusually small so Clarkston was at a disadvantage by not being accustomed to such a small gym.

The varsity game was fast and closely fought, both teams making spectacular shots. It was an even battle up to the last quarter with only one or two baskets separating the teams at any time. In the last period Farmington staged a rally and scored five or six baskets to cinch the game.

Mann and Molter were high scorers for Clarkston with 10 and 8 points respectively. The score at the half was Farmington 20, Clarkston 16.

More Girls Wanted out for Basketball

The Clarkston High School girls basketball team was very small this year. The entire squad consisted of only fourteen girls that could play on the team. What we need is more girls. If we had more girls coming out for basketball we could relieve our regular team players and have better chances of winning some games. We hope to have at least twice as many girls next year as we had this year. Some girls in school seem not to like the idea of being a substitute. Did you know substitutes make the team? Surprisingly they do. The more and better players there are on the bench the greater opportunity the team has in winning. The girls are hoping to win the championship next year so all you girls who haven't been out for basketball this year show us that you will help us all you can. Come join us!

TENTH GRADE COMPOSITION

Vocational training is available in all of the more modern schools today. An infinite variety of courses is offered, a few being standard ones, others being special courses depending on the school's resources, Albert's conditions, and so forth. Manual training, Home Economics, designing, Art, Vocal training, Chemistry, Library work, Social Science, Interior decorating, mechanical drawing, and many other courses help in formulating and developing plans for our future life. Besides these, most schools have at least one or two popular sports to offer their students, and whether the game be one of football or one of marbles, one element is always involved—sportsmanship. Training in this, to be used so many, many times in later life, starts very nearly in the child's first year of school. There he receives his first knocks, and after having taken a few he soon is giving them back. There he learns the fundamentals of good sportsmanship—give and take alike, fairness in play, honesty in everything. Students

also learn the arts of social contact—how to meet people, how to talk with them. Schools, therefore, are not institutions devoted only to teaching reading and writing, and arithmetic, but institutions whose sole aim is to teach the present generation how to cope with the future, and in the meantime, be more intelligent and more industrious citizens.

Student Government at Last
 The first hour session room was under the partial rule of student government backed by Mr. Waters, since Mr. Winn is absent and all the teachers have classes. Student government was given a chance to function and the result was astounding. Ralph Yost had charge and had no difficulty keeping order. The session room was very quiet and only three people were caught making a disturbance and they shall be duly punished.

Clinton Russell
 P. S. Hilda Barnett and Clinton Russell have also taken charge.

Weather versus Dispositions
 The weather plays an important part in the disposition of people. Last week when the temperature dropped from 15 to 20 below zero, spirits dropped with it. To be inside by the fire, reading a good book, is nice enough for a while but not all the time. We like to be able to get a good breath of fresh air and to walk at least around the block without having a frozen ear by the time we reach home. Students on their way to school, collars high, did not have that same expression on their faces two weeks ago February 17, as they did Monday morning, when the temperature was several degrees warmer. Everyone this winter seems to be welcoming spring with a light heart.

Drayton Plains

Samuel V. Robb
 Samuel V. Robb died at the home of his mother, Mrs. Margaret Roat, 4781 Dixie Highway, Drayton Plains, last Tuesday morning. Mr. Robb had been seriously ill for the past six weeks. He was a Spanish-American War veteran. For several years he had worked at the Fisher Body and was a trimmer by trade. Sixteen years ago he moved to Drayton Plains. Mr. Robb was born at Jeromesville, Ohio, March 1, 1880.
 Besides his mother, Mrs. Margaret Roat, he leaves his widow, Mrs. Anna French Robb, and two stepsons, William and Edward French, both of Pontiac. The body was taken to the Roat residence, 4781 Dixie Highway, on Tuesday afternoon where funeral services were held on Thursday at 2:00 p. m. with burial in the Drayton Plains cemetery.

Sixty men sat down to a lovely appointed pot luck 7 o'clock dinner last Monday night, Feb. 24th, in the Community United Presbyterian Church. RABBITS AND MICE DO DAMAGE TO ORCHARDS

Damage to Michigan orchards by rabbits and mice has been reported to V. R. Gardner, professor of horticulture and director of the Agricultural Experiment Station at Michigan State College, East Lansing.
 Deep snow is responsible for increased destruction by rabbits since they nibbled away on branches of young trees. Mice were able to dig under the snow and destroy the trunk bark. Farmers who used repellents recommended last fall by the college report no damage. Orchards in which damage is found should be surveyed to determine how much bridge grafting will be necessary.

NOTICE!

THE UNPRECEDENTED COLD WEATHER PREVAILING THROUGHOUT THE NORTHERN PART OF THE UNITED STATES HAS CREATED AN UNNATURAL SITUATION IN CONNECTION WITH NORMAL GROUND FREEZING. THIS SITUATION, ENTIRELY BEYOND THE CONTROL OF THE COMPANY, MAY AFFECT SOME GAS LINES BECAUSE OF THE RECORD DEPTH TO WHICH FROST IS PENETRATING THE GROUND IN CERTAIN LOCALITIES.

WE SAY "IT MAY"—WE DON'T KNOW, BECAUSE A HAPPENING OF THIS SORT IS CONTROLLED ENTIRELY BY THE ELEMENTS AND CANNOT BE FORESEEN. BUT BECAUSE INSTANCES HAVE ARISEN WHERE FROST HAS CAUSED LEAKS IN GAS LINES—WE ISSUE THIS WORD OF WARNING AS A PRECAUTION.

IF YOU SHOULD HAVE ANY SUSPICION OF THE ODOR OF GAS IN YOUR HOME OR PLACE OF BUSINESS, DO TWO THINGS:

1. Ventilate the premises at once.
2. Call Consumers Power Company.

Our Service Department is always on duty night and day—and an inspection will be made.

VILLAGE ELECTION

Notice is hereby given to the Qualified Electors of the Village of Clarkston, State of Michigan, That the next ensuing VILLAGE ELECTION will be held at the Town Hall, within said Village on

Monday, March 9, A. D. 1936

at which election the following Village Officers are to be elected, viz.:

1 Village President; 1 Village Clerk; 1 Village Treasurer; also 3 Trustees for 2 years; 1 Assessor.

Relative to Opening and Closing of the Polls

Public Acts 1929—No. 306—Chapter VIII

Section 1. On the day of any election the polls shall be opened at seven o'clock in the forenoon, and shall be continued open until six o'clock in the afternoon and no longer: PROVIDED, That in townships the board of inspectors of election may, in its discretion, adjourn the polls at twelve o'clock noon, for one hour, and that the township board in townships and the legislative body in cities and villages may, by resolution, provide that the polls shall be opened at six o'clock in the forenoon and may also provide that the polls shall be kept open not later than eight o'clock in the evening of the same day. Every qualified elector present and in line at the polls at the hour prescribed for the closing thereof shall be allowed to vote.

The polls of said election will open at 7 o'clock a. m., or as soon thereafter as may be, and remain open until 6 o'clock p. m., Eastern Standard time, on said day of election.

PERCY CRAVEN, Clerk of said Village.

THAT OVER 34,000 OF YOUR NEIGHBORS NOW COOK ELECTRICALLY

THAT GROWING CHILDREN, ESPECIALLY, NEED THE BODY-BUILDING MINERALS AND IMPORTANT VITAMINS SEALED IN FOODS BY ELECTRIC COOKING?

THAT LAST YEAR ALONE, OVER 5,000 OF YOUR NEIGHBORS TOOK OUT THEIR OLD STOVES AND HAD ELECTRIC RANGES INSTALLED IN THEIR KITCHENS? YOU CAN HAVE A MODERN ELECTRIC RANGE PUT IN YOUR KITCHEN ON TRIAL—WITHOUT OBLIGATION, INSTALLED AT OUR EXPENSE. STOP IN AT THE DETROIT EDISON OFFICE.

Remember Your Home Newspaper

All matters handled thru the Probate Court require a certain amount of legal publication in one of the county papers. Foreclosing a mortgage entails publication of the foreclosure notice in a county paper.

Either the probate court officers or your attorney will have your legal publication carried in The Clarkston News if you request it.

We solicit the privilege of carrying such legal publications. This form of advertising is valuable to us. When you support us in this way we are able to give you a better paper week by week.
