Washington, connecting at the intersection of Washington and M-15.

The quiet dignity that usually does and always should exist in the rooms of Circuit Courts is somewhat (a very conservative statement) broken in the Oakland County Court House due to the remodeling that is going on to provide more space. Presenting an argument there last Monday reminded me of the soap box orator trying to compete with the clatter of street cars and the roar of automobile traffic.

Now is the time to begin to think about "cleaning up and painting up" for another year. Spring possesses that inspiring thought of recreation that proves that "Hope springs eternal, etc."

Not having heard of any serious injuries, accidents, or what have you as a result of last Friday being the 13th of the month there is some reason to question the truth of ancient superstition and while we are not much for "debunking" old ideas perhaps that treatment would fit in this case, rather well.

How Many Friends Have You?

IT HAS been said that the number of friends you have depends almost wholly upon you; for friendship is like many other precious possessions in that it does not thrive on neglect.

Most expressions of friendship, in this modern age, involve the use of the telephone. Direct, personal, inexpensive, it has come to be the recognized means of arranging nearly all informal social gatherings.

It has greatly simplified the rôle of the hostess, relieving her of bothersome complications once inseparable from entertaining. By telephone the woman of today can obtain acceptances or regrets without delay; she can make a last-minute addition to her guests, can quickly sum-mon a fourth for bridge.

Modern telephone service is a special boon to those who have been parted by distance. It gives them, despite their separation, the opportunity for "voice reunions" - for a kind of personal contact which only the telephone can provide. Over it they can send greetings of the season, condolences, congratulations - all the various remembrances that arise from genuine friendship-and prove that absence need not necessarily mean forgetfulness.

Quick, dependable, the telephone service provided by this Company has won a definite part in the social life of the people of Michigan, and daily fulfills an important function in the many occasions which both pro-

mote and preserve the treasure of friendship.

After completing successfully football and basketball schedules, Clarkston High School Athletes look forward to the introduction of track as a major sport in the high school.

In previous years tract has been confined to a small space of time for training for one meet, the League meet in the Spring of the year. The coaches' duties being mainly concerned with baseball. However, this year track is to become a major sport with a definite schedule and period of training. It will be under the supervision of Mr. Bauer.

Mr. Bauer comes to Clarkston with extensive track experience, having been an ace distance star at Michigan State Normal College at Ypsilanti during his college days. During his running career he has won innumerable medals and trophies, personally and has had more than average success with the teams he has coached.

Track offers athletes an opportunity of intensive training and gives

HOLLY THEATRE

The lovable lad of "David Copper-field", the huge star of "The Informer'-that's the team Darryl F. Zanuck's 20th Century studio brings together for the first time in a gallant, stirring tale of romance and adven-ture, "Professional Soldier", which ture, comes Sunday to the Holly Theatre. The story for the picture which presents these two stars together for the first time was based on a rollicking Damon Runyon yarn. And Tay Garnett, director of "China Seas", was retained to weld stars and story into a picture that goes the limit for heart pounding thrills in an atmosphere of romance and laughter. The principal figure in the tale is Victor McLaglen, an adventurer who loves to fight and fights for a priceuntil he meets the little lad who can pierce his tough shell. Then he learns how to fight for something he

loves. Just as this blustering warrior is reaching the end of his resources in Paris, he is hired by revolutionsts of a little kingdom, to carry away their king.

McLaglen takes the job. But he has not been told that the king is a little boy. With his aide, Michael Whalen, they break into the palace and abduct Freddie Bartholomew, the boy monarch, and Gloria Stuart, who had burst in on them.

In a mountain hideaway, a great friendship springs up between the blustering braggart of a soldier and the delicate and brave lad, while Whalen proves susceptible to the charms of Miss Stuart.

Remember Your Home Newspaper

All matters handled thru the Probate Court require a certain amount of legal publication in one of the county papers. Foreclosing a mortgage entails publication of the foreclosure notice in a county paper.

Either the probate court officers or your attorney will have your legal publication carried in The Clarkston News if you request it.

We solicit the privilege of carrying such legal publications. This form of advertising is valuable to us. When you support us in this way we are able to give you a better paper week by week.
