## COMMENT AND CRITICISM

Well it is still undecided whether or not the subdivision just South of the Village or shall I say just within the limits, is just south or just within the limits. At least we have yet to hear a citizen of Clarkston admit it is not part of the village and we have yet to hear one from the subdivision admit he was in the village. And just between you and me perhaps the largest amount of delinquent taxes is assessed to the residents of the subdivision. In the meantime there is just a policy of watchful waiting on both believers.

It is about time to quit polishing the handle of the stove shovel and start polishing the handle of the lawn mower.

Highways are happyways if you drive in a manner to bring happiness not only to yourself but to the other driver as well.

The matter of a village dump was left open for a few days. So just be patient for a little longer and you will be able to dispose of your refuse in such a manner that it will not spoil the beauty of our fair village.

Add Personal Interviews: Draper Allen, Chairman of the Oakland County Democratic Committee: "The appointment of an assistant postmaster for Clarkston, by this committee has been indefinitely postponed."

Sunday is Mother's Day. You will feel better if you see and visit with or if that is impossible write or phone your mother.

## PEACE CAMPAIGN WILL BE LAUNCHED IN COUNTY

The Emergency Peace Campaign will be launched in Pontiac May 13 and 14. There will be mass meetings, luncheon meetings, talks to students in the Pontiac High School and conferences. The purpose of this nationwide project is to awaken people everywhere to the danger of war and to arouse them to work for real peace.

The Emergency Peace Campaign is a member of the National Peace Conference, which includes in its membership all the leading organizations for peace. The campaign opened April 21 with an international broadcast by Mrs. Franklin D. Roosevelt and George Lansbury of England. All meetings are without charge to the public with the exception of "Private Peat" on Thursday night, May 14th. The admission will be ten cents for children and students, and twenty cents for adults.

The Oakland County Committee wishes to call attention to the fact that the campaign is non-sectarian and non-partisan. The committee has adopted a platform of middle course, neither extreme pacifist nor extreme militarist, relying on public opinion as the best means of securing peace legislation and peace policies, and presenting the facts underlying the problems of peace.

## ARMY-NAVY GAME MAY BE AT ANN ARBOR

Congressman George A. Dondero has asked that the annual Army-Navy football game be played in the University of Michigan stadium in Ann Arbor. Appearing before the House appropriations sub-committee, Congressman Dondero, in testimony just made public, cited that the Ann Arbor stadium has a seating capacity of 87,000 that could be extended to take care of 100,000 if necessary.

In support of his request he said, "The people of my section of the country are equally entitled to enjoy this thrilling spectacle as the people of the East."

Fielding H. Yost, director of intercollegiate athletics at the University of Michigan, when informed of this proposal, said, "We would be glad to have the game played in the Michigan stadium. It comes after our conference season closes and would be a fine thing for this part of the country. If they look out this way for a place to play, the University of Michigan stadium is available."

## Saturday, May 23 Is Poppy Day

According to the Commander of the Campbell-Richmond Post of the American Legion and the "Poppy Day" chairman—poppies will bloom in Clarkston and the nearby communities on Saturday, May 23rd.

Poppy Day gives everyone an opportunity to pay tribute to the war dead and to help the war's living victims with contributions given for the little red flowers.

The American Legion poppy not only gives us a means of rendering personal tribute to the memory of those brave young men who sacrificed their lives for America, it also gives us a means of aiding those who also sacrificed but are still within reach of our help. From the annual wearing of the little flower come benefits reaching into every corner of the country and touching the lives of thousands of unfortunate men, women and children.

The vast program of welfare and rehabilitation work carried out by The American Legion and Auxiliary draws its principal support from the poppy. The dimes, quarters and half dollars we drop into the coin-boxes of the poppy workers supply the means for local, state and national activities for the benefits of disabled veterans and the families left in need through the death or disability of veterans. The Poppy Day contributions make aid available during the other 364 days of the year to those who still are paying in steady installments the war's bitter debt of suffering and privation.

When we pin on our poppies this year, there should come to us all a vision of the part we are playing in the effort to heal the nation's war wounds. We should look upon our poppies not only as flowers of memory for the dead but as flowers of hope for the living.

Be ready to do your bit in your own community on "Poppy Day"

## FARMERS ACTIVE IN SEEKING LOANS

Business of Credit Association in Oakland County Increases

The Pontiac Production Credit Association is playing a large part in the spring operations of farmers in Oakland, Livingston and Macomb counties, says Fred J. Beckman, of Clarkston, secretary-treasurer of the association.

During March 78 farmers used their membership in the association to procure crop and livestock loans, which is about 3 times the number who obtained loans in February, he says. The March loans totaled approximately \$29,700 compared with approximately \$18,600 for February.

The members will repay their loans out of the proceeds of their farms this year, and in some cases they are making monthly payments, where there is regular, frequent income, such as from dairy farms. In the case of livestock bought for feeding, or of grain crops, payments are made when the products are sold.

Mr. Beckman said that a number of farmers who had never patronized the association before have joined since the first of the year, so as to have the benefit of its service. Loans are made by the association to farmers who hold class B stock, which is voting stock, or who are willing to purchase class B stock when the loan is completed.

Sources of income for Oakland county are estimated to be derived 33 per cent from crops, chiefly potatoes; 19 per cent from livestock, mostly cattle and hogs; and 48 per cent from dairying and poultry.

## Filling Sinkhole A Large Project

Five Large Trucks Hauling Gravel to Make Roadbed

For years, probably always, there has been a sinkhole just east of Deer Lake on Depot Road. From time to time gravel has been spread only to sink into the ground necessitating more gravel. Now that the road is to be covered with tar it was decided by the State Highway Department to attempt to fill the hole and the men are on the job.

It has been estimated by the engineers on the job that the hole is 65 feet deep and to fill the same 25,000 yards of gravel must be used. The method is to first drain the water away from the road, which operation has been mentioned in this paper before as under construction. Then gravel is spread over the roadbed to a depth of ten or fifteen feet. This gravel weighing down on the muck underneath forces the muck to spread and allows the gravel to settle down on the sound bottom underneath.

As an example of how large the task is; Mr. Cross, formerly of Clarkston and now a State Inspector on the project, stated that 1104 yards of gravel was spread for a length of 35 feet and the next morning this quantity of filler had settled to the level of the road bed.

Results can be noticed as the muck is being pushed from the bed and being unable to pack on the side follows the line of least resistance and emerges along side of the road. On the day of our inspection it was probably at least ten feet high.

## Sunday School Class Has Weenie Roast

## NOTICE

On Tuesday, May 12, Walled Lake High School will play Clarkston High School in baseball at 3:30, at the Clarkston field. Walled Lake has played three games and won three. Clarkston has played four games and won four, we are tied with them for first place at the present.

We hope everyone will come to the game because it should be a good game and is the last game of the season at Clarkston.

Clarkston High School's baseball team added another win to remain on the top of the heap in the League race by defeating South Lyon 9 to 6.

Starting in the first inning Clarkston got 3 runs on hits by Rexford and Mann coupled with two errors of Simmons, the Lyon third baseman. South Lyon failed to score until the second inning when after Clarkston had added 2 more runs in the second South Lyon connected with 5 hits and Clarkston's 3 errors in the outfield let 4 runs cross the plate. To keep with in striking distance Clarkston added a run in the 3rd while South Lyon got 2 to tie the game at 6 runs each. This ended South Lyon's scoring while the local lads added a run in the 6th and another in the seventh to go on to win 9 to 6.

Clarkston got their first double play of the season and missed two more by slight margins. Rexford, Mann and Second led the attack getting 7 of Clarkston's 10 hits, while South Lyon hit safely 9 times. Both teams committed 6 errors.

Walled Lake also undefeated beat Brighton by a score of 7 to 1, Tuesday, May 5.

## CLARKSTON VS. NEW HUDSON

On Tuesday Clarkston High School's baseball team remained undefeated by edging out New Hudson in a 10-inning game by the score of 9-8. The first of the game was rather even but Clarkston managed to hold a one run lead up to the seventh inning. In this inning New Hudson filled the bases and squeezed a man across the plate to tie up the game. Clarkston was unable to score in their turn at bat so the game went into extra innings. In the first of the eighth New Hudson scored a run and it looked bad for Clarkston. And it looked still worse in the last of the eighth with two out and two men on base. Soulbey came through with a triple to tie the game and would have won the game if McIntyre had not missed third base.

In the first of the ninth New Hudson went down in order as a result of nice relief pitching by Bud Irish. In the last of the ninth it looked as if Clarkston had the game in the bag when Parker reached third as the result of a single and two errors but New Hudson pulled the hidden ball trick and Parker was caught off third. So the game still continued.

In the first of the tenth Irish again held New Hudson hitless and gave Clarkston another chance to end the game. With two out and the bases empty Irish came to bat and hit a single through the pitcher's box and took third on two infield errors. Newman then came through with a single to end the ball game and give Clarkston their fourth victory.

This Friday Clarkston plays Milford at Milford and on Tuesday, May 12, they play the undefeated Walled Lake team at home. This will be the last home game and will probably be the toughest of the season. Let's all come and give the team lots of support.

## HOLLY THEATRE

Sylvia Sidney, Fred MacMurray and Henry Fonda are co-starred in "The Trail of the Lonesome Pine", first natural-color picture of the outdoors, which opens Sunday at the Holly Theatre.

Miss Sidney is immediately entranced by the stranger. Fonda, too, is his friend, for MacMurray saves him from death. But Fonda soon discovers Miss Sidney's love—and knowing only one code, to fight and kill for what he holds dear, sets out to "get" MacMurray. Simultaneously, the rival Falins set out to "get" Fonda.

of men. Isolated from the world, and loyal to only their own code, they shoot each other on sight.

Both Miss Sidney and Fonda are members of the Tolliver family, and the general assumption is that some day they will be married. Suddenly, however, their entire world is changed, for MacMurray, a young engineer, arrives on the scene to build a railway through the hills. With him he brings the first taste of outside civilization and standards that the mountaineers have ever known.

That "The Trail of the Lonesome Pine" has these aplenty is testified to by the popularity of the John Fox, Jr., novel over a period of many years. It is the tale of warring Cumberland Mountain clans—specifically of the Tollivers and the Falins, who for more years than any of them can remember have carried on a feud that has caused the death of dozens

GEORGE A. DONDERO, M. C. Petitions are now being circulated in this community for George A. Dondero for a third term in the House of Representatives of the United States.

73rd and 74th Congresses in an able and conscientious manner during one of the most difficult periods of recent times.

In the four years of such service Congressman Dondero has been at his post of duty and deeply absorbed in the welfare of the district. As the only member from Michigan on the important Rivers and Harbors Committee of the House of Representatives, he has done outstanding work in behalf of Michigan's rivers, harbors and connecting channels in the interest of navigation and commerce.

We are indebted to the American Tree Association for a listing of trees suitable to Michigan, the list including maples, oaks, birches, beech and elms in the deciduous trees and the evergreens many choice ones that we all admire such as Colorado blue spruce, the pine family and arbor vitae.

RUDOLF SCHWARZE

Telephone 88 Clarkston, Mich.

CALL FROM UPSTAIRS PHONE BRINGS COPS TO NAB CROOK

A burglar who attempted to get into a Wallingford, Conn., house failed to take into consideration the fact that the owner had an extension telephone in her bedroom. The house was that of Miss Rose Kennedy. She had locked up her news store at about 11 o'clock that Saturday night and, taking with her the day's receipts, a few hundred dollars, went home and to bed.

During the night she was awakened by unfamiliar noises, and looking towards the window, she was able to discern through the darkness the dim figure of a man on the roof of the porch, trying to remove the screen from the window. Although badly frightened, Miss Kennedy retained her composure and, reaching for the extension telephone by her bedside, called the operator, to whom she whispered her request for the police.

Thanks to the extension telephone and the operator's quick response, the police arrived in time to catch the intruder, who had a prison record. Recalling the violence to so many hold-up victims, Miss Kennedy declared: "I feel that I really owe my escape to that extension telephone. I couldn't do without it now."

"It's connected now, Madam"

A TELEPHONE, the moment it is connected, brings definite benefits to a home. Large or small, in city or country, that home is improved by the presence of a telephone.

Of foremost importance is the benefit of protection. A telephone is a form of insurance against fire and theft. It has saved Michigan homes by the speed with which it has brought firemen to the scene. It has routed burglars by its promptness in flashing an alarm to the police. And in times of illness—during those dread hours when there is sickness in the house—a single telephone call can give help of a kind that no one could appraise in terms of dollars and cents.

Another benefit of the telephone shows itself in the work of the housewife. It reduces the drudgery in

her daily routine, saves her many steps. Particularly in bad weather does she appreciate the privilege, made possible only by the telephone, of doing her shopping without leaving the house.

In social matters the installation of a telephone can mark a new era in the family life. No longer are the various members of the household out of reach of their friends and relatives. A telephone in the home instantly puts them "in touch." It makes social gatherings and many of the pleasures of friendship available both to adults and children.

The telephone is one of the most worth-while of present-day conveniences. Dependable and economical, the genuine value of its service has made it an accepted feature in the modern Michigan home.
