COMMENT AND CRITICISM

There is a saying that money will buy anything—but happiness. Be that as it may, the fact remains that a few cash rewards for the capture of public enemies has certainly produced the capture of a number of public enemies and much happiness for the public. It may prove that honor among thieves (or for that matter kidnapers) is a poor substitute for a few dollars.

And now the season is approaching when politicians feel called upon to survey their chances of election or re-election and a survey seems to include all country editors. Among the latest was one who believed that with Brucker fighting Couzens and with the chips flying or should I say votes flying, enough votes might fly off each candidate to elect a third candidate. Well it might be good reasoning, I wouldn't know.

Who knows, Clarkston may have a Townsend group in the near future. Please notice we say MAY. In other words we believe in the value of experience and that teacher informs us that the first attempt was so unsatisfactory that it was not necessary to even unlock the doors to allow the expected crowd to enter.

We certainly wish the Senior Class of the Clarkston High School every bit of joy they can squeeze out of their trip to Niagara Falls the first of the coming week. We recall, with pleasure, our week's trip to the Nation's capital the year we graduated from High School. This does not mean that we are so old that we are living in the past but rather that we feel young enough to be eligible to join them.

All things being equal, the senior class expects to be back in time to issue their annual edition of the Hill-topper in next week's Clarkston News. So place your order now and be sure of your copy. This annual edition has a good reputation all its own.

REMEMBER NEEDY ON "POPPY DAY"

Annual Observance Will Occur on Saturday, May 23.

Poppy Day, to be observed in Clarkston and throughout the United States on Saturday, May 23rd, has become one of the most significant days on the American calendar. On that day each year millions of Americans wear little red poppies in honor of the World War dead and contribute toward the welfare of the war's living victims, the disabled veterans, their families and the families of the dead. Behind the observance of the day has been developed a poppy manufacturing industry which gives employment to many hundreds of disabled veterans in sixty different poppy making centers.

"Working in a joint program, the Legion and Auxiliary stand guard over the welfare of needy children of veterans in every community. When aid is available from no other source, the Legion and Auxiliary supply the help needed to maintain the children in wholesome home surroundings, keep them in school and give them a fair chance in life. The child welfare work is not limited to children of veterans but reaches out to include all underprivileged children through continuous efforts for improvement of conditions affecting them."

The idea of the poppy as a memorial flower for the World War dead sprang up following the war as naturally as the little wild flower itself grows in the fields of France and Belgium. Taken by the women of the American Legion Auxiliary, it was spread throughout the United States within a few years and Poppy Day made a national institution. More than ten million poppies are now distributed annually by the Auxiliary and approximately one million dollars raised for the welfare work of the American Legion and Auxiliary.

The poppy was the one touch of beauty which survived in the devastated battle areas. It bloomed along the edge of the trenches, beneath the tangled barbed wire, among the gapping shell holes and among the fresh graves. The soldiers of all nations came to look upon it as the living symbol of the sacrifices of their dead comrades.

Mothers and Daughters Banquet on Tuesday

Mrs. Andrew Creswell of Pontiac Is the Speaker

One of the most delightful affairs of the season took place on Tuesday evening when Mothers and Daughters assembled at the Clarkston Methodist Church and enjoyed the annual Mother and Daughter Banquet.

The dining-room was a picture. The tables were beautifully arranged and decorated with pastel colors. Large bowls of cow-slips centered each table and at each end was a lighted candle. The unique favors represented little baskets of flowers and along with the tinted table napkins they made the tables very colorful. The speakers' table was attractive with a large bowl of spring flowers as a centerpiece and a candelabra at each end and favors the same as on the other tables. Over this table was a canopy made of pastel shades of crepe paper.

Just before our bright looking boys of the teen age started to serve the dinner, Miss Mary Craven asked the Blessing, and although Mary is not very big her clear voice could be heard all over the dining-room. Mrs. Charles Hutton, as song-leader, then led in two or three community songs and by this time everyone was quite ready to enjoy the delicious meal that had been so well planned and prepared by Mrs. Elizabeth Rockwell and her committee.

An exceptionally fine program was then presented. Miss Ada Scrace introduced the toastmaster Mrs. Robert Waters who welcomed all the mothers and daughters and after a few pleasing remarks started the program. Miss Ola Hiller of Pontiac sang a group of songs, "Rememberance"—a song dedicated to the writer's mother and very appropriate for the occasion; "A Nursery Rhyme", a song for the little daughters and her last number was "A May Day Carol". Miss Hiller was accompanied by Mrs. Douglas at the piano. Miss Lolita Mann then gave a very beautiful tribute to Mothers and this was followed by two lovely Mother songs "Mother Mine" and "The Songs My Mother Taught Me" sung by Miss Helen Tindall with Mrs. Winifred Perrin at the piano. Mrs. Perrin then gave a toast to the daughters and her words were well worth remembering by both mothers and daughters. Mrs. Waters then introduced the speaker of the evening, Mrs. Andrew Creswell of Pontiac. Mrs. Creswell mentioned three keys that mothers and daughters have, first, the key to home which is the key of love and co-operation, second, the key to happiness which is possessed by those with a Christian Character, and third, the key to heaven which is Faith. Mrs. Creswell's talk was interesting and helpful and made a very fitting climax to a splendid evening. Miss Scrace and her program committee are to be complimented for arranging such a lovely program.

The annual Mother and Daughter Banquet was brought to a close with the singing of "Blest Be the Tie".

NOW IMPROVING TOMATO PLANTS

State College Reports Good Results of Experimentation

Crossing of tomato plants to get disease resistant varieties with larger and more uniform fruit, an accomplishment worthy of Burbank, is announced from the horticulture department, Michigan State College, made recently to commercial hot-houses for further experimentation. E. L. Seaton, instructor in vegetable gardening, who crossed European tomatoes with American to develop the new variety, has grown and tested eight generations of the hybrid plant in the last four years.

Shipments of plants have been East Lansing.

An average increase in yield of 95 per cent above that of the American plant has been noted. Resistance to fusarium wilt, a disease against which sprays are ineffective because the parasite comes from the soil and chokes the water conducting tissues, is also claimed for the new cross.

"This tomato will be especially valuable to Michigan hot-houses and to Michigan canners," he says. "We have tried it on the field with good results but are not yet ready to state that it is adaptable to field conditions until we have completed further tests."

European tomato plants produce smaller but more uniform shaped fruit while the American plants produce fewer but larger fruits, Mr. Seaton says. The cross combines size of the American species with uniform shape of the European. It is also believed that the cross has less seed than either American or European types.

For Homemakers

"If children under two years of age want to eat with their fingers, let them do it."

This is the advice of Mary Lewis, instructor in home management at Michigan State College, East Lansing, who believes that most parents apply the wrong psychology in bringing up their children.

"Learning to handle a spoon is a more complex process than when fingers are used," she says. "The child likes to do things as older children in the family do, so you need not fear his use of his hands in the early stages of feeding himself."

The sensations of satisfaction and expectancy can be harnessed to good advantage in developing good eating habits for children under two, she says. Satisfaction in pouring milk from a pitcher into his cup or placing additional helpings of food on his own plate aids eating habits when small portions are given at the start. Avoid issues before, during and after the meal. But hand out praise for little things at the dinner table, to create a feeling of expectancy for mealtime which is most desirable, she says.

Miss Lewis believes that any normal two year old who has been properly trained should be able to feed himself any meal in 30 to 45 minutes. She says parents can judge when to begin teaching good habits by the first appearance of bad habits.

Rev. H. B. Stevens attended the Flint River Baptist Association meetings in Mt. Morris on Tuesday and Wednesday.

Harry Wagner, of Harris Park, narrowly escaped serious injury on Friday afternoon when his car ran into and damaged the Waterford church steps. Mr. Wagner's car ran out of gas on Maple street and he and his son started to push it down the street to a gasoline station. A decline in the road caused the car to get up speed and head for the curb and Mr. Wagner made an effort to get the door open in order to steer the car out into the street. The car was rolling so fast that the door swung open and caught the man, dragging him for some distance. As the car neared the church it went over the curb, just missing a large maple tree, and crashed into the stone steps, tearing down the east wall. Mr. Wagner just missed having a wheel go over his head, but he received some severe bruises. The son was not injured. The car was slightly damaged, one fender was badly crumpled and a front tire was ruined.

You can make housework easier and pleasanter with the liberal use of hot water. It saves time and labor and adds to the efficiency of home-making. Clarkston's infield gave a splendid performance completing a perfect double play, Parker, Secord, to Molter.

Clarkston made 9 hits, six of which were for extra bases, while Milford made 7 hits.

FOOTBALL CLINIC

Saturday morning at 8 o'clock, twelve high school boys, and Mr. and Mrs. Bauer left the school for the football clinic at Ann Arbor. Mrs. Bauer continued on to Tecumseh in the mean time.

From 10:15 to 11:30, there was a football demonstration in an indoor stadium, during which time Coach Kipke and Fielding H. Yost spoke to the boys gathered there from all over Michigan.

From 11:30 to 1:30, the boys wandered around and enjoyed themselves. During this time they ate their dinners, some at the U. of M. cafeteria and some at restaurants near the college.

At 1:30 there was a swimming exhibition followed by a "double header" ball game with Ohio, and a dual track meet with Indiana.

At 4:30 there was an exhibit on football games in the large stadium. At 5:30 the group gathered to go home, but they were slightly delayed by Mrs. Bauer's late arrival. They all got home by 8:30 though, even if there was a flat tire on the way home.

MILFORD TRACK MEET

A dual meet was held at Milford May 6, Clarkston scoring more heavily than was expected. Tucker was the 100 yd. dash winner in 11 seconds. Denton took the mile in good time. Parker easily copped the half mile in near record time. The total score, Clarkston 30, Milford 47. The summary of the results will be published next week.

RAINI!

Rain is a wonderful thing in its place, but Tuesday some of the members of C. H. S. thought it was slightly out of place. A championship ball game was scheduled with Walled Lake. Tuesday morning it rained, so they canceled the ball game. They then planned a track meet, as it had stopped raining, and, although it was nice enough to play ball the players weren't equipped with rubber boots, sooooo they wanted a track meet. Mr. Bauer started marking off the track but it again rained. They decided to call it all off. The track meet and championship baseball game were then planned for Wednesday. If it doesn't rain again, Wednesday, we will announce the results in the next issue.

FRESHMEN'S LAST PARTY OF THE SEASON

Monday nite, at 4:30, a band of 20 left for Cedar Glen on a pooch-tail roast. The kidlets played a game of soft ball and other minor pastimes, then called it a day (or nite).

HOME EC CLASS PROJECT SUCCESSFUL

The Home Ec class completed a successful project for Mother's Day, last Friday. Each member of the cooking class prepared an attractive box filled with coconut macaroons, stuffed dates, sugar patties, and peanut brittle. Each box was covered with tissue paper whose shades included all those of the rainbow and some to boot. Flowers or dainty pictures adorned their covers, and from the many reports, the Mothers who received them were pleased and deeply touched.

BANQUET

The annual Junior-Senior banquet comes off Friday the fifteenth. The program will be opened by school songs.

The Toastmaster: Durward Ash. Welcome: Forrest Irish.

Response: Clara Rasmuson.
 Reading: Genevieve Beardslee.
 Musical Selection: Mildred Butters.
 Reading: Shirley Douglas.
 Talk: Mr. Winn.

Reading: Wilson Denton.
 After this there will be a dance, with the music by Don Underwood's orchestra from Pontiac.

ANNUAL SENIOR TRIP

Early Sunday morning, May 17, the Senior Class is planning on leaving for Niagara Falls. They are going through Canada, and will return by practically the same way. If a great honking of horns wakes up the Citizens of the near community Sunday A. M., that will be the Seniors on their way, so don't get excited!

HIGH NOTES

Johnnie's back in town. Yeah Man! southern accent and all!

White shoes, sunbacks (moderate so far) etc., are now flooding the school. Summer—or at least warm weather is here at last! Every day adds one or two more to the ranks of those who have ventured into the waters of our fair land for their first time this season.

A deluge of tears graced the cheeks of one of the soph girls early Monday morning and continued the performance in fits and spells all day—He certainly must be a problem (or could she be worrying over the income tax she'll be paying 10 years from now).

MRS. ROCKWELL'S ROOM

Children who won credits in our second grade spell-down on Friday, May 8, were Jack Nicholson, Harold Nicholson, James Waterbury, Jack Taylor, Frank Ronk, and Joyce Lawson.

Children who won credits in our third grade spell-down were Alberta Dillenbeck, Mary Drake, Reberta Weichart, Helen Denton, Phyllis Tremper and Donald Perrin.

We are glad to have Irene and Eileen Schultz back in school again after a long absence.

MRS. VLIET'S ROOM

We are preparing a five-minute program, "Soaring in Poetry and Song" for the P. T. A. meeting.

We are sorry to lose Florence Allen for the remainder of the year because of illness.

MRS. HUTTON'S ROOM

For six years, we have had the same little prayer in our room. We have never grown tired of it. No matter what the day, it seemed to fit. The teacher has often thought that even if the kiddies didn't remember anything else in her room, that if they remembered the little prayer, it would more than repay for all the effort spent in trying to teach the various other subjects.

We are printing a copy of it below, and we hope that you will like it too.

"The Prayer of Faith"

"God is my help in every need,
 God does my every hunger feed;
 God walks beside me, guides my way,
 Through every moment of the day.
 I now am wise, I now am true,
 Patient, kind and loving too.
 All things I am, can do and be
 Through God, the truth that is in me.
 God is my health, I can't be sick.
 God is my strength, unfailing quick.
 God is my all, I know no fear.
 Since God, and Love, and Truth, are here."

"Our Table Prayer"

"For home and love
 And all things true
 We give our thanks
 O God to you.
 For food that's
 Sent to us each day,
 We praise thee God
 In every way."

Drayton Plains

Mr. and Mrs. Legy Finch and daughter Elaine of Detroit were guests of Mr. and Mrs. Louie Thrasher on Sunday.

A. went to Detroit on Wednesday afternoon to go through the Borden's Milk and Dairy factory. The Home Demonstration Groups held a special meeting in the church parlors on Tuesday afternoon to make plans for a lake trip to be taken the first part of June. Fifteen members were present and the club song was practiced for Achievement Day May 14.

Mrs. Kate Clemons, who has been spending several weeks with her brother and wife, Mr. and Mrs. A. T. Stewart, is visiting in Plymouth. Several residents of Drayton are beautifying their yards with fences of different designs.

STEEL MAKERS say—"Ford buys the best steel." Other suppliers of materials and parts will tell you—"Nobody checks up as closely on quality and price as Ford."

This means a great deal to you as a motorist. It is our way of safeguarding the interests of every purchaser and it leads to this—"The mechanical depreciation on a Ford is less than most cars, especially after the first year."

This is one sign of the extra value in the Ford V-8. Accuracy in manufacturing is another. (The Ford is made to unusually close precision limits.) And there is a long list of fine-car features that are exclusive with Ford in the popular field.

Have you a V-8 engine in your car? You pay \$1645 for it in any other car but Ford.

Does your car have Center-Poise Riding? Ford gives you this modern feature—"a front-seat ride for back-seat passengers."

Does your car have fool-proof Super-Safety Mechanical Brakes? The Ford V-8 gives you this proved design, with 186 square inches of braking surface.

Does your car have a genuine steel body structure? Does it have Safety Glass all around? Ford is the only low-price car that gives you this extra protection without extra cost.

You get these fine-car features in the Ford V-8 because of Ford manufacturing methods and low-profit policy.

HOLLY THEATRE

Eddie Cantor is let loose in a gigantic amusement park in "Strike Me Pink," his sixth annual musical extravaganza for Samuel Goldwyn, which comes to the Holly Theatre Sunday and Monday.

Eddie is cast as a timid fellow who takes a correspondence course in acquiring a dominating personality and becomes manager of Dreamland Amusement Park. Here he becomes involved with a gang of slot machine racketeers who have put every previous manager on the spot. The gangsters learn that Eddie secretly adores a glamorous night club star

played by Ethel Merman. This lady is really the wife of one of their number and they use her as a "come-on" to trick Eddie into installing their fake slot machines.

Sally Eilers, seen as Eddie's Dreamland sweetheart; Harry Parke, better known as the Greek dialectician Parkyakarkus of radio fame, William Frawley and the 1936 crop of Goldwyn Girls are featured besides Ethel Merman in the comedy which Norman Taurog directed. Also prominent in the cast are Helen Lowell, Gordon Jones, Brian Donlevy, Jack LaRue, Sunnie O'Dea and Rita Rio.

"Strike Me Pink" is based on Clarence Budington Kelland's Saturday Evening Post story and novel,

"Dreamland". Frank Butler, Walter De Leon and Francis Martin collaborated on the adaptation and screen play. Harold Arlen and Lew Brown wrote the music and lyrics and Robert Alton directed the dances and ensembles. The dance numbers were photographed by Gregg Toland.

The tuneful new song hits introduced in the film include "First You Have Me High, Then You Have Me Low", "The Lady Dances", "The Calabash Pipe" and "Shake It Off". "Strike Me Pink" is released through United Artists.
