Help Employ the Disabled Men

To-morrow will be Poppy Day in Clarkston and throughout the United States. Millions of Americans will observe the day by wearing memorial poppies in honor of the World War dead. Nearly one hundred thousand from the American Legion and Auxiliary will distribute the flowers and receive contributions for the welfare of the disabled veterans and families of the dead and disabled.

Observance of Poppy Day here will be in charge of the local Legion Post and Auxiliary Unit. A large corps of volunteer workers is ready to begin distribution of the flowers on the downtown streets early tomorrow morning. By evening the workers hope to have practically everyone in the community wearing a poppy and to have raised funds which will assure continuance of the welfare activities during the coming year.

The workers will serve as volunteers without compensation of any kind. No price will be asked for the poppies but each person allowed to contribute as much or as little as he feels able. All contributions will go to the support of the Legion and Auxiliary welfare programs, with the bulk of the money remaining in the hands of the Unit for local work.

The poppies to be distributed here tomorrow have been made by disabled veterans at one of the sixty centers where the flowers have been manufactured this year. Employment has been given to hundreds of disabled men receiving little or no government compensation and who could not possibly have done other work. More than ten million poppies have been made for tomorrow's observance.

Be as generous as possible when you purchase your poppy tomorrow.

SPECIAL SERVICES AT CRANBROOK CHURCH

Next Sunday morning, May 24, there will be held in Christ Church Cranbrook at eleven o'clock the annual Festival of Lights. This service opens with a prologue that is read from the chancel, followed by a procession of all the choirs of the church, some one hundred fifty voices, about the church to the chancel where they sing that traditional hymn, "Prayer of Thanksgiving".

On the altar there is a large lighted candle about three feet high and six inches in diameter representing the light of the gospel. From this candle the rector, Dr. S. S. Marquis, lights a candle and then passes the light along to the persons representing the twelve apostles, in turn the apostles pass the light along to the men and women representing missionaries, and they to the children, and the children to certain members of the congregation. One of the traditions which has grown into this service is the bringing to it of small candles by many members of the church school. When all the candles have been lighted, the congregation repeats the "Affirmation of Faith" standing with the bell-master in the tower plays two numbers on the carillon, "O God, our Help in Ages Past" and "Faith of our Fathers". In addition to the choirs, the procession out of the church includes all those who bear lighted candles. This service was built up to emphasize the continuity of the Christian Church and the fact that the light of the gospel still is passed along to us after some nineteen hundred years.

Clarkston P. T. A. Met Wednesday Eve.

An All-School Program Was Presented

An exceptionally large number of parents, teachers and children assembled at the school on Wednesday evening for the last P. T. A. meeting for the school year.

The program opened with a few stirring selections by the school orchestra, led by Mr. Bach. One of these selections included a clarinet solo by King McIntyre.

H. W. Huttenlocher, vice president of the organization, conducted a short business meeting to let the members know the financial standing of the P. T. A. Then Billy Parker and King McIntyre passed the little "Red Schoolhouse" and everyone donated generously.

The program which followed was announced by Margaret Shaughnessy and Rita Halsey. The audience was proud of every participant and gave each one a hearty applause. A skit, "At the Soda Fountain" was presented by Shirley Douglas and Durward Ash, members of the Public Speaking class. Mrs. Hutton's little tots then contributed their bit towards the program and sang and acted some of their little pieces that they are accustomed to doing in their class-room each day. Several humorous readings were given by Erma Conklin, Hazel Sommers, Louise Gulick, Eleanor Baynes and Lewis Putnam and a more serious reading was given by Mildred Butters. Mrs. Rockwell's room and Mrs. Vliet's room each presented a number of songs and recitations and Mrs. Beardslee's room enacted a little play "Spring's Awakening". Billy Parker and Duane Hursfall caused a great deal of laughing when they gave "It Happens in the Best of Families".

The little girl of the Public Speaking class, Donna Lowrie, recited "Just Three Years Old". A comedy skit was put on by Herb Molter and Earl Beardslee and they received plenty of applause. The girls' chorus directed by Mrs. Charles Hutton sang four numbers. The songs were sweet and pretty and were appreciated by the entire audience. Mrs. Hutton made a few remarks and told how much she would miss all the girls in the chorus and how the chorus would miss one of its strong altos, Phyllis Boyns who graduates this June. Phyllis has been a member of the girls' chorus for the last four years. The program closed with an orchestral number led by Billy Parker.

The P. T. A. is never very active during the summer months but this summer the finance committee is going to plan a real treat, a "Garden Party" which will be arranged for the latter part of June. This will be a big event that will be different. The finance committee with Mrs. A. B. Wompole as chairman wishes to thank the program committee for their generous co-operation and donation of \$5.45 which they received this winter when Mrs. Hursfall was lucky enough to get the canary bird. Many thanks is extended from this committee to Mrs. Edward Seeterlin who so generously donated the canary to help towards the P. T. A. funds.

SENIOR TRIP!

Sunday morning, starting at 6:00 o'clock, the Seniors began gathering around O'Dell's. At 6:35 the four cars were loaded. Around 6:36, with a great tooting of horns, we set out for Windsor, via tunnel. After riding for some time, one car pulled up beside Mr. Winn, and requested a boon by a signal of the hand. Favor granted by Mr. Winn.

We again proceeded. We stopped for lunch about 12 o'clock at Tilsonburg. After lunch we went on to the falls, reaching there about 3:00.

We looked around the falls from the Canadian side for some time, and many pictures were taken. Everyone marvelled at the beautiful picture before them. What wonderful things Nature can produce.

After being thrilled for some time, we finally decided to search for a place to stay for the night. We located a nice hotel and decided to take up lodging there for the night.

Leaving our baggage in the hotel, we left for the American side of the falls. After having dinner at an attractive restaurant in Niagara, New York, we first viewed the Falls from "Goat Island". We then went down by the Horseshoe Falls. We spent most of the afternoon taking pictures of the many beautiful sights. After about one hour and a half, we decided to go back to the Canadian side of the falls. Some of the Seniors

stayed for a short time in Niagara Falls, N. Y., buying souvenirs. Eventually we met at the Canadian side. For some time we viewed the falls which were illuminated, after which the girls thought they had had enough riding, so they turned in.

We were up at 6:30 the next morning and ate at 7:30. On the way home we stopped several places, including the locks at the Welland Canal. We took our time all of the way, coming via Port Huron.

We might mention that Mrs. Winn made the trip merry for the girls. At 7:30, she was the first one to get up. Immediately she began to practice track. Next she showed the girls a good imitation of Charlie Chaplin.

We Seniors would like to express our thanks to both Mr. and Mrs. Winn for their efforts in showing us a swell time on the trip. They were both swell sports, and made us want to do what they wanted us to do, instead of just the opposite, as is sometimes the case. We Seniors would really enjoy starting out on another trip with them as sponsor and chaperon any time they want us to. We hope we didn't worry them too much. Thanks a lot Mr. and Mrs. Winn!

Comments from the side lines on the Junior and Senior Banquet:

A Junior—"The orchestra was good for the price we paid for it."
 A Soph—"How are we ever going to give the seniors of next year a banquet that will outdo this one!"
 A teacher—"One of the best banquets they have had since I have been here."
 A Soph—"It was perfectly swell. I don't think we can give one like it."
 One of the New Juniors—"The decorations, the music, and the food was swell! I especially liked the

lovely dresses all the girls were wearing."
 Senior—"It sure took enough time and work on the Juniors' part."
 Senior—"Swell down rite swell."
 The annual Junior and Senior banquet was held last Friday night in the school auditorium, tastefully decorated with spring flowers and low false ceiling made of streamers of crepe paper.

A delicious meal was prepared by the Junior girls and their mothers and served by the latter.

A splendid program was given with Durward Ash as toastmaster. The program included the following:
 Shirley Douglas—Reading "At the Swimming Hole."
 Genevieve Beardslee — Reading "How to Get Married."
 Wilson Denton—Reading "You Tell Him Billy."
 Mildred Butters—Piano Solo.
 Songs were sung by those present led by Mrs. Hutton.

Mr. Winn gave a speech on "Vocation" which was enjoyed by all.

After dinner, there was music by Don Underwood's orchestra. Dancing continued until 11:30.

All who were present seemed to be having an enjoyable time.

Monday the S. V. G. had a meeting at which they determined their first party. The first party will be a house party at Clinton Russell's on June 19, after this in approximately two weeks they have a swimming party schedule, including hiking, swimming and boating.

Automobile Accident!
 Big collision just west of the high school on Church Street! Kenneth Grate's Ford Truck collided with Pete Secord's Chevrolet. (The Chevy got a little the best of it though).
 Your "inquiring reporter" will interview the survivors for you.

2. Tom Brooks: (Who was knocked out) "Where am I?"

3. Dan Addis: (Was in Pete's car) "It scared me half to death and I thought the world was coming to an end. I also think it could have been worse."

4. King McIntyre: (Who was also scratched slightly and upset) "What happened?"

5. Charles Perry: (Who reached for his lunch the first thing) "I didn't know what happened 'till after it was over."

FIFTH AND SIXTH GRADES

We had an interesting club meeting on Friday. Roll call was answered with the names of songs and the program committee presented a well prepared program of stories and games.

Officers elected for the next two weeks are Donald Smith, president, and Robert Benton, secretary.

MRS. HUTTON'S ROOM

Once again school is coming to a close, and once again a class of little kiddies are well started on the path of education.

Our kindergarten class has been small this year, only eight members, but it certainly has been to their advantage as each one has had individual training from the teacher. They not only can read and write the ABC's and the numbers up to 20, but they READ beautifully, besides all the extra training they have had in rhythms, stories, nature study, music, art and games.

Mrs. Hutton feels very well satisfied with their work, and feels they are well prepared for the first grade work next year. The members of the class are as follows:

Bruce Henderson
 Katherine Beckman
 Bobby Nicholson
 Bobby Denham
 Pearl Ann Parnall
 Irion Rouse
 Bert Lindsey
 Marilyn Kennedy

There are 20 members in the class of 1947, and a lovely class they are too. It will be interesting to watch them as they go through the grades, and to watch how many graduate with the class they started with. They are as follows:

Marion Skinner, Denny Warden, Clayton Ross, Isobelle Dillenbeck, George Perkins, Larry Borst, Lewis Anthony, Barbara Craven, Ruth Davies, Pauline Baker, Jeanne Kelly, Jimmie Fuller, Jean Gundry, Ida Mae Shieff, Doris Boyns, Ruby Patter, Maxine Schultz, Marion Powell, Doris Sleagh and Donald Frick.

Mrs. Hutton has more than enjoyed her room this year, as she has with all the kiddies. A most wonderful group of children have passed through these grades in the last six years. A group that Clarkston can be proud of.

Drayton Plains

The 9th Grade of the school will present their annual play, "Aunt Cindy Cleans Up", tonight in the school auditorium at 8 o'clock.

The Boy Scouts are planning to have quite a part in the Memorial Day services which will be held in the Community United Presbyterian Church on Sunday, May 31. The services start at 11 o'clock. Everyone is invited.

Mrs. Mamie O'Boyle, Mrs. Ray Thrasher and Mrs. Roy Stroup returned Monday evening from a week's trip to Pittsburgh, Penn.

Mrs. George Graves is recovering from a recent illness.

Thirty-three members of the Parent-Teachers Association went to Detroit last Tuesday, May 12, and went through the Borden's Milk and other products factory. A very interesting time was had and lovely refreshments were served.

The Safety Patrol Boys of the Drayton Plains School, chaperoned by C. A. Gordon, Myron VanSyckle, Stewart Batchelor and Mr. Sutton, attended the ball game at Navin Field, Detroit, last Friday.

Opal, the little daughter of Mr. and Mrs. Charles Harris of Hadden, who has been seriously ill in St. Joseph Hospital, Pontiac, was moved to her home last Saturday. She is much better.

MAKING TRACTORS FROM JUNKED CARS

Low original cost of a conversion tractor made from a discarded motor, chassis and transmission and axle is adding to popularity on many Michigan farms.

A hobby of mechanically minded farmers promises to revolutionize operations on many small farms in Michigan. Several years ago, a few Michigan farmers took their old cars and trucks off the junk heap and converted them into tractors for light farm use.

Now E. C. Sauve, assistant professor in agricultural engineering at Michigan State College, East Lansing, states that converted tractors are becoming increasingly popular and may prove of real advantage to many small farmers.

"One farmer I know uses his tractor regularly for plowing and seeding and reserves his converted car for cultivating and light farm jobs", Professor Sauve says. "The converted job will help for small plots where farmers don't want to bother with horses."

So much interest has been aroused that the agricultural engineering department at the college has published a bulletin with diagrams of possible combinations and with formulas for estimating speed and horsepower. "Conversion Tractors" is now available.

Among the most popular combinations, he says, is the Dodge motor and old Ford rear axle arrangement. A single transmission with the ratio of 4.17 to 1 and the rear axle ratio of 7.25 to 1 are desirable. The total cost of material and labor ranges from \$35 to \$75, he says.

Among characteristics desired are the following: ability to pull the equivalent of a 16 inch plow, simplicity in construction, speed as low as two miles an hour for heavier work and higher speeds for transportation and trailer work, one transmission if sufficient speed reduction is obtained, short wheel base for turning in a field, place to add weight over rear axle to increase traction, and a drawbar with vertical and horizontal adjustments.

HOLLY THEATRE

The fascinating adventures of a little waif and her two grizzled old, sea-salt friends furnishes the story basis for "Captain January", Shirley Temple picture which comes today to the Holly Theatre.

Somewhere on the rockbound coast of Maine the action of this most delightful of Shirley's pictures is set. She is a nimble-toed little lady of a lighthouse, adored and jealously guarded by old Guy Kibbee, the lighthouse keeper who had fished her from the sea years ago.

Her other old salt friend, Slim Summerville, constantly bickers with Kibbee, but when authorities threaten to take the little girl away, the two old sailors present a united front.

Despite their strategy and an attempted flight to sea in the night, the inevitable happens, and vixenish old Sara Heden, the truant officer, takes possession of Shirley. But not for good, however, because unexpected friends turn up to bring Shirley and Kibbee together again, and the picture to a happy close.

"A Message to Garcia", inspired by Elbert Hubbard's immortal essay, comes Sunday to the Holly Theatre, with Wallace Beery, Barbara Stanwyck and John Boles brought together in the starring roles.

Boles is the man entrusted with the message, seeking Garcia somewhere in the tropical interior of Cuba. Aided by Beery, a clownish renegade, he sets off into the dangerous jungles until they meet Barbara Stanwyck, who offers to lead them to Garcia.

The hardships, the perils and adventures these three share together

in the jungle, take up the major portion of the picture. Finally, Miss Stanwyck is wounded in an encounter and Boles, although he has learned to love her, presses ahead in performance of his duty.

When Beery inadvertently leads Boles into the trap of Hale, a villainous spy, the roistering climax of the picture is contrived, with Beery leading Garcia's forces to his friend's rescue, bringing the lovers together and the picture to its happy close.
