COMMENT AND CRITICISM

This question of bicycles is assuming somewhat of a problem. Youth should not be deprived of the inherent right to have a bicycle, but youth must also be careful not to abuse that right. Especially should older people receive more thoughtful attention. Being injured by some careless youth is apt to cause endless pain to one along in years, perhaps crippling them for the rest of their life.

Political fences are now completed to the extent that at least it is announced who will enter the race. Now with only six weeks to the primaries the race gets down to business and enters the home stretch of the first heat. You have every right to expect the world to be handed to you on a silver platter—yes they may even promise to hand you everything on a golden platter. It is wise not to forget that when the race shall have been run that all expenses of the silver or golden platter will come out of your pocket.

We wonder if Mr. Murphy, the candidate for governor, ever knew that there were so many Murphys as there seem to be candidates for political offices.

CCC MEN DISCOVER OLD LUMBER TOWN

Abandoned 50 Years Ago, Buried in Sand and Sawdust

Relics of a vanished lumber town, which was swallowed by the wilderness many years ago, have been found by CCC men who are grading for a road into the new Lake Superior State Forest campground north of Newberry.

Old timers say that the campground into which the road is being built is located on the site of the once thriving settlement, which 50 years or so ago had a population of around 1,000 persons. The campground is on Muscallonge Lake.

The relics were discovered while sand and sawdust were being removed from the roadway and consist of concrete foundations of an old engine house in which are still resting portions of foot-square pine timbers. The timbers are still in good condition.

Old timers in the vicinity recall the days of the remote lumber town, but usually the tourists who visit the place are unable to see or recognize any of the evidences of the old settlement.

However, not far from Muscallonge Lake and the campground site is a large pile of sawdust, several hundred feet in length, which was deposited from the old lumber mill over a period of many years. Schooners anchored off this sawdust pile to take on cargoes of lumber.

NEW CODE OUT FOR SCHOOL TEACHERS

Governs Issuing of Certificates By the State

The new code for the certification of teachers recently adopted by the State Board of Education of Michigan gives assurance that children of Michigan will receive the benefit of better teaching as time goes on, it was stated this week by Dr. Eugene B. Elliott, Superintendent of Public Instruction. "The code of certification," he said, "is not designed to oust from teaching any person who is now qualified. The provisions in the code make it possible for any present teacher to continue to teach, although those who possess the lower certificates may find it necessary to take additional professional training."

According to Dr. Elliott, the new code of certification has two outstanding features:

1. Each young teacher must serve a probationary period of three years before a permanent certificate to teach is granted. The teacher must demonstrate the ability to teach successfully before receiving a permanent certificate.

2. Teachers are required to have special training in the subject or grades which they propose to teach. "I am hopeful of lasting and beneficial results from the code," said Dr. Elliott. "The value of a flexible system of standards as set up in the code will become apparent as time goes on. The code does not discriminate against any individual teacher, but it does offer a distinct reward for continued professional study."

DEER AREA ADDED FOR FALL HUNTING

Seven Counties in Lower Peninsula Opened to Shooting

Every county in Michigan north of a line drawn from Muskegon to Saginaw bay, except Leelanau county will be open to legal deer hunting next fall.

Seeing no emergency which would warrant an official order to continue the closed season in Lake, Newaygo, Manistee, Mason, Missaukee, Clare and Wexford counties, which have been closed during the past five years by Legislative Act, the Conservation Commission decided to let legal deer shooting come into effect automatically this fall in those counties.

Leelanau county, which has comparatively few deer, is to be closed by Commission action to deer hunting again this fall.

The "line" from Muskegon to Saginaw bay, north of which deer hunting will be legal and below which deer may not be legally shot next fall, is defined as follows:

"Beginning at a point on the shoreline of Lake Michigan directly west of the west end of M-46, thence east to M-46 and east along M-46 to its junction with M-37 west of Casnovia, thence east and south along M-37 to Kent City, thence east along Kent County highway No. 510 to its junction with US-131 at Cedar Springs, thence north along US-131 to its junction with M-46 north of Howard City, thence east along M-46 to its junction with M-47 west of Saginaw, thence northerly along M-47 to Saginaw bay, including all of the 'Thumb.' Under this arrangement it is obvious that all of the 'Thumb' district of the lower peninsula will be closed to deer hunting.

"There has been some apprehension about open hunting seasons on deer particularly in the western part of the lower peninsula, but we see no reason why any of the circumstances surrounding legal deer hunting should be peculiar to that area and not exist in other areas which have long been open to deer hunting," Director P. J. Hoffmaster stated.

"If all of the deer territory is opened simultaneously, it will tend to scatter the hunters, making a less congested situation and therefore less danger in any particular area. It also will contribute to a more general hunting kill."

The hunting season on small game birds and animals for next fall are:

The Commission decided to permit a longer hunting season in the lower peninsula—by one day—on ruffed grouse, prairie chickens, sharp-tailed grouse and pheasants, setting the open season from Oct. 15 to Oct. 28, inclusive. The season in the upper peninsula is the same as before and, being set by the Legislature, cannot be extended by the Commission. No changes were made in any of the bag limits on big game or small game.

Clarkston to Have Two Candidates

With Joseph Seeterlin in the race for Sheriff of Oakland County and Chester Taylor a candidate for state representative, Clarkston is well in the political race this year.

However the next question is whether Clarkston is still in the race after the primaries. Best wishes boys.

HOLLY THEATRE

Laid in the colorful and romantic setting of the South in 1803, and presenting one of the most distinguished casts ever assembled for a motion picture, Marion Davies' new production, "Hearts Divided", has been booked for the Holly Theatre for next Tuesday, Wednesday and Thursday.

The story has an historical background, set in the Napoleonic era and touching on the Louisiana Purchase. Leading American and French characters set the stage for a glamorous romance between Captain Jerome Bonaparte, brother of the French Emperor, and Betsy Patterson, the belle of Baltimore and Washington.

Jerome, who is in America as emissary of Napoleon in the sale of Louisiana, meets the beautiful Betsy when traveling incognito, falls in love with her, and becomes her music and French teacher. She loses her heart to him despite the fact that she believes him to be only a tutor and then awakens to the surprise of her life when she discovers his identity.

Napoleon had a diplomatic match in mind for his brother, but Jerome, romantic lover and adventurer that he was, could not be crushed, and the story ends in a most surprising and pleasing climax.

There are songs written especially for the production and sung by Dick Powell, with Miss Davies joining him in one of the catchy airs. The famous Hall Johnson Choir also make their film debut in this picture.

Miss Davies has the role of Betsy Patterson, and Powell plays the part of Jerome, whose love for Betsy is far stronger than his desire for fame and fortune. The role of Napoleon is played by Claude Rains.

Charles Ruggles, Edward Everett Horton and Arthur Treacher have comedy roles as the indefatigable and highly amusing lovers of Miss Betsy.

Several historical personages are represented in the picture, including President Thomas Jefferson, James Madison, James Monroe, Aaron Burr, Alexander Hamilton and John Marshall.

For Homemakers

Endorsement of a campaign designating August as national beef month is being given by Professor George A. Brown, head of the animal husbandry department at Michigan State College. All retail meat outlets in the United States, including chain and independent dealers, have agreed to participate in the movement to assist beef cattle producers on five and one half million farms.

Beef is being sold at bargain prices compared with a year ago. Cuts are retailing at from 7 to 32 per cent lower. During the month of June beef supplies that went to market for slaughter were the heaviest for any June in history.

Livestock associations, marketing agencies and the packing industry are supporting the movement to sell off the beef surplus. Actively functioning in the plans are the National

Mrs. Agnes Sturm of Oak Terrace, Archie G. Leonard on Monday issued Bronx, New York City, was instantly

branner, 27 years old, of 253 North Saginaw Street, Pontiac, the driver of the car, with negligent homicide. Mr. and Mrs. Sturm had been visiting her brother and sister-in-law, Mr. and Mrs. John Stewart, 3435 Curwood St., and were planning to return to their home in New York City last Sunday.

The body was shipped to her home in New York City where the funeral was held on Wednesday at 2 p. m. Fire Sweeps Richmond Manor Subdivision on Saturday

Flames which started from a basket filled with papers next to the Richmond Manor subdivision one and one-half miles south of Drayton Plains were swept by a strong wind across the property there and consumed materials from a recently wrecked farm house and barn and threatened several houses and other buildings near by. The subdivision is on the Tubbs Road. CCC boys from Crescent Lake helped to extenuate the blaze by carrying water from the other houses and with shovels and brooms helped to save the other buildings.

No insurance was carried on the property which was destroyed, which included great piles of lumber from the large farm house, which was recently bought by Jacob Lipps of Williams Lake, who has wrecked the house and laid the foundation for a new house there. The barn was recently bought by Fred Berrens of Pontiac. About one half of it had

been removed. The flames fanned by the high wind carried sparks across the road to the H. J. Peck garage but was quickly put out by the men but several fields were burned nearly to the Gun Club.

Work on the fire was particularly difficult because of the high wind and lack of equipment, as well as the small number of fire fighters. Most of the residents of the area were away when the blaze started. The CCC boys were faithful to the end fighting the flames from 11:30 a. m. until 3 o'clock in the afternoon.

Mrs. Wendall Harley was taken suddenly ill last Monday evening. She is resting comfortably at her home.

Mr. and Mrs. William Curtis returned home the middle of the week from a month's stay in the northern part of Michigan.

Harold Lewis of Drayton Woods is slowly recovering from a recent operation performed in St. Joseph Mercy Hospital, Pontiac.

Juanita Bailey returned the first of the week from Leonard where she has been spending a portion of her vacation.

Lorraine Sutliff returned Sunday from a week's visit with relatives at Wayne, Mich.

Eletha Eaging has returned to her work in Drayton Woods after spending three weeks with her parents at Rochester, Mich.

The three children of Mr. and Mrs. Kenneth Oakes are recovering from scarlet fever.

Mrs. N. W. Morgan is slowly improving and was moved from the St. Joseph Mercy Hospital, Pontiac, on Saturday to her daughter's home at Keego Harbor.
