COMMENT AND CRITICISM

Children all over the country will be starting to school soon. The parent is apt at this time to give first importance to the child's clothing, books and supplies. Yet the child's success in school depends upon his general state of health, and before sending him the parent should take an inventory of his health.

Eyes, ears, nose and throat should be examined. There is still time to have had adenoids and tonsils removed, eyes fitted for glasses, and the child vaccinated against contagious diseases.

In doing this the parent makes it possible for his son or daughter to take a normal place in school life and activities.

To take these precautions is better than to be sure the child is up-to-the-minute in his style of clothing.

At the request of one of our reasonably good citizens who is desirous of inciting a riot, we print the following facts. It seems that a motorist who lives in Bay City drives through Clarkston and back each day. It seems further that this motorist has the "biggie" idea that the way to travel through small towns is to step on the horn (an especially obnoxious kind of horn) when approaching the town and take his foot off the horn when through the village. It seems further that this same motorist became tiresome to the residents of Millington and that the said citizens waited in ambush and plastered the car, as it went through town with dozens of eggs—perhaps even some decayed vegetables. Result no horn when going through Millington. It seems further that the party who started us on this subject believes that the citizens of Clarkston may perceive some small we ideas of this, altho we really believe that the citizen thinks that the motorist may read this and take warning.

SALES TAX BRINGS IN HUGE SUM

The Michigan sales tax has been a vital factor in putting the State government in the black instead of in the red. It has furnished 60 per cent of the money with which to pay for the public-school system, State welfare, old age pension, aid of crippled children, and maintenance of prisons, at the same time eliminating entirely the State property tax. Few persons realize these facts.

"Old 999" Moves President's Train at Exposition

President Franklin D. Roosevelt received an enthusiastic welcome from the crowds at the Great Lakes Exposition on his recent visit to Cleveland. Here the President is holding his hat against the stiff breezes off Lake Erie. The President's special train was backed into the grounds at the end of his visit and when the engine was unable to move the heavy train, "Old 999," a 1893 locomotive which appears in "Parade of the

Years," was called on to start the President on his way. Old 999's record of 112 1/2 miles per hour, made in 1893 on a regular run, still stands for steam locomotives. The President, who has a great love for railroads, displayed intense interest in the emergency help given his train. With the President are shown Mayor Harold H. Burton and Senator Robert J. Bulkley.

DEADLINE SEPT. 1 FOR DELIN. TAXES

Only Three More Days Left in Which to Pay

Governor Frank D. Fitzgerald today issued a statement reminding taxpayers that they must act at once, if they wish to take advantage of the savings offered by the 10-year installment plan of paying delinquent taxes.

"September 1 is the deadline," the governor declared. "Those who paid their first installment last year, and those who wish to come under the plan by making two payments at once, will find it to their advantage, I am sure, to visit their county treasurer."

Last year, the governor recalled, treasurers' offices were jammed during the closing days, causing much inconvenience and delay. To avoid this, he urged that payments be made as early as possible.

While the state is standing the expenses of the tax-collection drive, Governor Fitzgerald declared it was acting merely as a collection agent. Ninety per cent of the delinquent taxes collected remain in the local community where they originate. They are used for the support of city, township, school district, or county government.

"The state is deeply interested," he explained, "for the reason that a self-supporting local government is the best kind of government. It is managed by its own people. It is not subject to evils of remote control. Likewise, when a local community handles its own affairs, it does not become an additional financial burden to the state. The local unit of government, the state, and the people in general profit when taxes are paid."

Mr. and Mrs. David Stewart and Mrs. Alma Reid and two sons returned Wednesday after spending a week at Otsego Lake.

Mr. Boyns' Sunday School class has been active although many members have been on vacations. They had a good time at a picnic last Saturday.

SHOOTING AFFRAY RESULTS FATALLY Rose Township Girl May Be Tried for Murder Russell Miller, the 28-year-old farm hand who was shot by Marion Habel, 16 years old, at the Carl Brendel farm near White Lake, Sunday night, died in the Pontiac General Hospital Tuesday night. Prosecutor David C. Pence will endeavor to have the girl tried for murder. Up to the present time she has been in charge of juvenile authorities. Miss Habel's defense is that she merely intended to frighten Miller, whom she accused of having broken their engagement to be married. She appeared at the Brendel home late Sunday evening, in possession of a gun, Mr. Brendel says, and he, anticipating trouble, went in search of an officer. Just as he returned with one the shot was fired. Marion Habel is a daughter of August Habel, who lives near Rose Center. Two or three good rains the past week have been of great benefit to growing crops. Corn, potatoes, tomatoes and other late vegetables immediately took on a new lease of life. Up to Tuesday night the weather remained warm, which also helped, but it was much cooler Wednesday morning.

HOLLY THEATRE It's always an event when Shirley Temple comes to town, but according to advance reports, when "The Poor Little Rich Girl", the tiny star's new Fox hit, opens Thursday at the Holly Theatre, it will be something in a way of a celebration, an epoch, a new milestone in entertainment. Add to the star and the cast a modern, stirring, romantic story and five bubbling new song hits, and you have a few of the reasons why "The Poor Little Rich Girl" is being hailed so highly. Shirley, of course, plays the title role. She is seen as the daughter of Michael Whalen, a wealthy young business man who is far too occupied making money to devote much time to his daughter. Shirley persuades her daddy that she should be sent to boarding school where she can associate and play with other little children. Whalen agrees, but instead of attending to the task himself, delegates Sara Haden to accompany her to the school. Waiting for the train, Shirley wanders off. The busy sidewalks of New

Tax-payers:

Keep your tax record clear . . . make second payment on the 10-YEAR PLAN by September 1st, 1936

TX-PAYERS of Michigan last year set a notable example for the people of America by paying or reviving their taxes on hundreds of thousands of pieces of property.

Many thousands of tax-payers cleaned up their back taxes in full. Other hundreds of thousands put them on a ten-year plan by paying one-tenth of their total indebtedness for 1932 and prior years.

Now the second payment is due. It amounts to only one-tenth of the amount involved, and to it must be added a carrying charge of 4%.

Don't miss making this payment.

And remember: if you failed to put your taxes on the ten-year plan last year you can still do so by making the first two payments, plus 4%, and a small extra charge on the first part.

Note:

By paying up your taxes now on the 10-Year Plan you save 8% to 36% on future payments.

MICHIGAN'S 10-year plan, as enacted by the legislature, provides that on unpaid balances the tax-payer is to add interest at the rate of 4% per annum from September 1, 1935. In other words, on this year's installment the interest charge is 4%. On next year's, 8%. In 1938 it will be 12%. In order to save these advancing costs you can now anticipate all payments by adding only 4%.

All matters handled thru the Probate Court require a certain amount of legal publication in one of the county papers. Foreclosing a mortgage entails publication of the foreclosure notice in a county paper.

Either the probate court officers or your attorney will have your legal publication carried in The Clarkston News if you request it.

We solicit the privilege of carrying such legal publications. This form of advertising is valuable to us. When you support us in this way we are able to give you a better paper week by week.
