COMMENT AND CRITICISM

The primary election is over, so what, A number that you expected any degree of rhyme or reason, perhaps, the voters expressed their de sires. We print in another column the township figures. Now for the real contest.

The old story is still true. Hell your good points and no one will believe you. Mention a bad point or two and everybody will agree with you. Almost the entire question this year being whether the nation wants a New Deal for another four years or not, when Republican Candidate James Couzens spoke in favor of the Democratic President, a bad thing for a republican, we say perhaps, sufficient numbers agreed with him to the extent that he was defeated, whereas if he had not made that statement, people might have considered his good deeds worth the nomination again.

However the last paragraph reminds us of a story we heard in Pontiac, Tuesday morning. It was told by a man who claimed to vote ballot number one in his precinct that morning. It seems that he knew a member of a certain school district who said that his school district was so poor it was barely able to meet the taxes on the school bonds to pay for a school that Senator Couzens. foisted on the district-so both voted against the Senator for that reason. However the facts are (as you will dynamited and as the insurance on above. the school did not cover such an occurrence Senator Couzens replaced house they had voted for as necessary. Without of St. Ignace, or Lewis Ward, of Pontiac, who are running very close. Governor Frank D. For Congress in the 17th District, Representative George A. Dondero will again lead the Republican ticket, with Draper Allen as his Democratic

opponent. For State Senator George P. Mc-Callum, of Washtenaw county, defeated Ralph T. Keeling, of Pontiac, and George Higgins, of Ferndale. The Democratic nomination went to John D. McGillis.

Joseph A. Long won out over two other candidates for state representa tive handily.

County candidates as so far determined were selected as follows:

Results of a study undertaken by Michigan State College bacteriologists to determine this simple and fool proof method of home pasteurization of milk are found in the August Quarterly Bulletin of Michigan State College. I want to sell a hundred and thirty-three restricted business and residence lots in Glendale Subdivision at Sashabaw Rd. and Walton Blvd.

In order to move them quickly, I'm going to try an auction. Not a "slapstick ballyhoo" affair, but a high class business function conducted by the country's leading auctioneers.

It may be a big success and it may not-you never can tell what you'll get for anything at auction, you know.

I can't afford to sacrifice the entire 133 lots-they're too valuable for that and at the same time I am certainly not going to resort to any unfair means to protect them.

NEW RULING FOR HOUSE TRAILERS

Application Blanks

Increase in the use of automobile house trailers has created the necessity for two more forms of application blanks for automobile license plates, and in 1937 these different forms will be distinctly colored for guidance of the public and as an aid

application forms printed on colored paper, has pointed out that there is no final and accurate knowledge of the number of house trailers licensed who were awarded certificates of in Michigan today. In past years, applications for house trailer license plates-an almost negligible volume -have not been segregated from those of ordinary trailers. Her love scenes with Ben Lyon in 'Hell's Angels," the picture which first brought her nation-wide attention, are still indelibly printed in the memory of early picture fans.

Her second screen lover was John Mack Brown in "The Secret Six" starring Wallace Beery. In quick succession other pictures followed during 1931: "Iron Man" in which she was teamed with Lew Ayres; "Public Enemy" with James Cagney as her lover; "Goldie" which placed her in the arms of Spencer Tracy; "Platinum Blonde" with Robert Williams; and "Three Wise Girls" with Walter Byron.
