CLARKSTON, MICHIGAN, FRIDAY, OCTOBER 9, 1936

COMMENT AND CRITICISM

AND SUDDEN DEATH: In the last three years the lives of nine of our friends and neighbors of this community have been sacrificed to motor traffic—more than Mars, the God of war, required as cannon fodder in the world war from the same district. Where will the end be? These sacrifices are just from this community. Every day the homes of hundreds are saddened but we do not know the people and somehow they do not "come home" to us. What can be done about the situation? We have just mentioned fatal cases. We have no figures to show the number of injured and maimed. In the latest local case the accident happened during a heavy rain and when help arrived eight of the dead and injured were lying in the cold, wet grass by the roadside. The cries from the suffering melted the stoutest hearts. One party was so injured she could not be lifted to the stretcher. It is not a picture one cares to think about. It is not a picture one would care to find himself in, but it is a picture that if one could remember the next time he is in a hurry might discourage the desire to speed—and lessen the chance of an accident.

While we are on the matter of traffic accidents and traffic in general it is surprising the number of phone calls we receive from mothers who have small children attending our public schools. These tots walk back and forth from home to school and along their road is that most tempting object of childhood—standing on the bridge and watching the water wash under the bridge. And because sometimes in their study of this fascinating subject they forget and wander onto the roadway into the path of traffic, older motorists must watch and protect. Speeding down one side of the embankment of the river may make it easier to climb the slope on the other side of the bridge but it also reduces one's control of a car and gives less protection to the pedestrian. How much better it is to be safe than sorry.

Have you registered? Are you able to vote at the coming election? The reason for asking for this information is that President Roosevelt and Governor Landon both think enough of your vote to visit Michigan to try and persuade you to vote for them. Just explain this to the next party who says that his or her vote will not matter.

Sunday School

Needs Piano

Very often in talking to your neighbor you find out that she has a white elephant that she would like to give to some worthy person, or perhaps you have something that you would like to give away to someone that has more need for it than you have. Now this sounds like it might be the start of a conundrum but the fact is that the Primary Department of the Clarkston Methodist Sunday School is in need of a piano. If you have an upright piano that you would like to get rid of or if you know of someone who would like to be charitable here is just a fine chance to help a worthy cause. Call Mr. Butters, Superintendent of the Sunday School.

Clarkston School News

Don't be surprised if a student (or students) come to your door trying to sell you a magazine, for they're everywhere, in fact the high school is full of them.

To get right down to the point, all this selling is for the purpose of raising money for athletics. You see, school athletics are not paid for by taxes, they must come some place from the school's budget. Of the sports which Clarkston has, Football is the most expensive, and little or no money is taken in at the game for admission.

One way to help pay for the football suits is used every fall, that is, to ask for pledges, of fifteen or twenty-five cents each from the students—anything they want to give.

Through an arrangement with the Crowell Publishing Company, the publishers of the "Colliers", "The Woman's Home Companion", "American Magazine", and the "Country Home", the students can sell these magazines; serving a double purpose: to learn business and salesmanship and to help the school pay for football and other sports, besides getting prizes for themselves for the subscriptions they sell. (The school gets a large share of the money taken in.)

The sales organization is like this: A business manager, Hamilton Newman, who takes care of all orders and money taken in.

Room secretaries who take in the orders from the students of their home room.

One teacher for each room.

In senior room, Mr. Bauer is their home room teacher. Durward Ash is the room's secretary.

The Juniors' room has Mrs. Durand as their home room teacher and Charles Perry for their secretary.

The session room is divided into two groups, the East and the West sides. George Dupee is the secretary for the West side and Frank Russell for the East side. Howard Boyns is the secretary for the East side and Larry Newman as his assistant. Mrs. Walter is the teacher for both sides.

This same plan was followed last year, and turned out a success. Now let us make a success of it this year! After all it is for a good purpose, so help them all you can, they are out doing their share to support football and it's up to you, the public, to cooperate. Just one more thing now, donations are not wanted.

Student Council

The newly elected council met at 3:15 on Tuesday, October 6. Mr. Winn administered the oath to them. After learning their respective duties, the council adjourned to meet again on Thursday, October 8, at the same hour.

Faculty

Mrs. Strait was one of the forty Home Economics teachers who attended the Smith Hughes conference at Grand Blanc on Friday and Saturday of last week. The meeting, which was led by the state supervisors of Home Economics, was called to discuss courses of study, illustrative material, course objectives and equipment. Clarkston is just qualifying for two new Smith Hughes courses in Home Economics.

Class News

A Senior class meeting was held at 4:00 on Tuesday. The meeting was called to order by the president, Durward Ash. The class decided to hold a party at the school at 7:30 on Wednesday, October 14. Games, dancing and refreshments will make the evening an enjoyable one. Before the meeting adjourned, Mr. Winn informed the class of the coming Cranbrook conference. Several members of the group plan to attend it.

Guess what's coming? Why a Junior class party, of course. This live-wire class will gather in the High School Gym Friday, October 9, at 7:30 P. M. The game committee consisting of King McIntyre, Clinton Russell, and Earl Lawson have promised an evening of gaiety. Refreshments have been arranged by Violet Coy, Marie Tremper, and Evelyn Walz.

Mrs. Walter was chosen sponsor of the ninth grade at their first class meeting. The officers chosen by the class are:

President: Frank Russell.
Vice President: Maurice Terry.

Eighth Grade News

At their first class-meeting of the year, the eighth grade chose Miss Alice Wellington as their sponsor and elected the following officers:

Automobile Crash Is Fatal to Two

NINE OTHERS ARE INJURED

Mrs. Fosdick Is Buried Thursday; Services for Eugene Vliet Will Be Held Saturday

A pall of gloom enveloped this community Tuesday when word was passed around that one of our citizens was dead and 10 were in hospitals as the result of a motor crash which occurred around 1:20 that morning, a short distance south of the Orion Road on the Sashabaw Road.

The Dead

Eugene Vliet, 19 years old, Clarkston.
Mrs. Thelma Fosdick, 21 years old, Ortonville.

The Injured

Harvey Porritt, 19 years old, Clarkston.
Sarabelle Brooks, 18 years old, Clarkston.
Emerson Vliet, 21 years old, Clarkston.
Mrs. Harvey Porritt, 19 years old, Clarkston.
Edward Fosdick, 22 years old, Ortonville.
Jasper McCarney, 23 years old, Ortonville.
Irving Gavette, 21 years old, Davisburg.
Lewis Hutchinson, 17 years old, Davisburg.
Marland Copeman, 19 years old, Davisburg.

Monday evening eight young people of this community started for Drayton Plains in a car driven by Harvey Porritt to hold a charivari for friends who had been recently married. During the evening and early morning an electrical storm raged and it was accompanied by a heavy rain. In this rain the serenaders started to return to their homes. As they approached and were a short distance from their destinations the sky reflected the blaze of a burning building. Altho the fire was a residence on the Bushman Estate, it was in the vicinity of the homes of the young people and there is reason to believe that they may have hurried to render any assistance they could.

A car driven by Irving Gavette attempted to pass ahead of the Porritt car and in doing so the hub caps of the two cars collided and the Porritt car struck some water in the road and the muddy water splashing against the windshield temporarily blinded Porritt and his car ran into the ditch alongside of the road and struck a tree. It is believed that matches in the compartment of the dash started a fire that completely destroyed the car.

Gavette accompanied by Lewis Hutchinson and Marland Copeman who were riding with him were able to extricate the group in the Porritt car. Gavette went to a farm residence nearby for assistance.

Doctor Miller, the Ogden Ambulance and Officer Kimball of Clarkston rushed to the scene and the situation was found so serious that it was necessary to call two more ambulances. Mrs. Fosdick had been killed, her neck having been broken. Eugene Vliet was rushed to the Goodrich Hospital and died a few hours later.

Harvey Porritt who received a fractured leg and arm, broken ribs, concussion and multiple abrasions was rushed to the Pontiac General Hospital along with Emerson Vliet who suffered a fractured leg, a broken jaw and head injuries and Sarabelle Brooks who suffered fractures of both legs and pelvis and head injuries. Mrs. Harvey Porritt who received a fractured leg and bad body bruises was rushed to Goodrich Hospital along with Edward Fosdick who had a broken collar bone, leg lacerations and body bruises and Jasper McCarney of Ortonville who suffered severe head injuries and body bruises.

According to the last report received on Thursday Mrs. Porritt, Edward Fosdick and Jasper McCarney were getting along nicely, Harvey Porritt's condition was slightly improving although the injuries to his left leg were causing a good deal of

worry; Emerson Vliet seemed to be slightly improved and there was quite a possibility that he would continue to recover; Sarabelle Brooks' condition was still very questionable, she spent a very poor night, Wednesday night and her condition Thursday morning was termed unsatisfactory.

The funeral of Mrs. Thelma Fosdick, 21 years old, of Ortonville, who was instantly killed was held at two o'clock Thursday afternoon at the home of her parents, Mr. and Mrs. Bert Williamson in Pontiac. Rev. Dunning Idle of Central Methodist Church officiated and burial was in Perry Mount Park cemetery.

Primary Department To Get New Start

Mrs. Charles Robinson and Miss Margaret Strom to Be in Charge

About six months ago the teacher of the primary department of the Clarkston Methodist Sunday School resigned and since that time the department has gradually gone to pieces. The situation was getting serious so a number of mothers decided to have a meeting and plan some way of creating new interest in the little tots.

On Tuesday evening a group of mothers met at the church and enjoyed planning how new life could be created in this department. The first step was to get competent leaders and they were very fortunate in obtaining the services of Mrs. Charles Robinson and Miss Margaret Strom. Both these young women have been trained in kindergarten work and with the co-operation of the mothers they are willing to go ahead and plan a religious program for the children up to seven years old.

Every mother who is interested in this department is asked to see that her children are present on Sunday mornings. Manifest your feelings by co-operating with the teachers.

The mothers will help the teachers to the extent that they will see that the primary room is made comfortable and kept clean. They will furnish any necessary equipment such as keeping sand in the sand-box, etc. There is even a possibility of furnishing transportation for the tiny tots in the severe, stormy, winter weather. It would be a great mistake for the mothers to neglect this opportunity of having their little ones receive a sound religious foundation under the guidance of two capable young women. They should get the support of every mother.

Mrs. James Hubbard and Mrs. Howard Huttenlocher are the temporary chairmen of the mothers' group. A mothers' meeting will be called when necessary.

Clarkston School News

(Concluded from page one)

about the history of certain articles of clothing and costumes of other lands were presented before the class.

The new text-books, "Everyday Living for Girls" by Van Duzer and Others, have arrived and are being used. They are very practical, covering all phases of a girl's personal and social life in school, college, business or at home, with special budgeting sheets included.

A new and advanced Home Economics course has been introduced into the school routine for the Freshman and Sophomore girls. Mrs. Strait is the instructor of the new course. The girls have made cranberry-apple jelly, grape fudge, and grape jelly. The course proves very interesting and of great value to the girls.

The Eighth grade girls are making dresses in their sewing class. They are getting along very nicely, and hope to make more articles which will be of value to them.

The Seventh grade girls cooking class have prepared oranges, peaches and apples in various ways. They enjoy their class a great deal. Each one has prepared cooked fruits at home and received credit for it at school.

Mrs. Beardslee's Room

4th and 5th Grades

We have 39 in our room this year. This is more than we had last year.

We have been having lots of fun in our art work. The 4th grade has made leaf posters, which are very good. The 5th grade has made free hand cuttings of grapes, these are exceptionally fine.

In geography the 4th grade is studying oceans and continents. The 5th grade is studying the eastern countries of South America, both of these are very interesting.

We had spell downs last Friday, Oct. 2. The 4th grade winner was John Ronk and the 5th grade winner was Wilbur Adams.

Miss Elzinga's Room

6th Grade

Our enrollment this year is 36. In our art work we are studying leaves and cutting out letters. We like this kind of work. We are building a wild life sanctuary as a reading project. This is the study of birds and animals. We have been making a collection of rare stones and shells also.

Mrs. Rockwell's Room

Children in our room who were neither absent nor tardy in September were: Larry Borst, Marjorie Collins, Isabel Dillenbeck, Jean Gundry, Dorothy Mefford, Vivian Rode, Clayton Ross, Ida Mae Slieff, Dennis Warden, Sara Nell Watkins, Marjorie

Vliet, Betty Beardsley, Robert Burkholder, Ronald Jones, Norman Johnson, Harold Kennedy, Floyd Marlowe, Harold Nicholson, Jack Nicholson, Betty Powell, James Rowland, James Waterbury.

Children in our third grade who won credits in our Spellingdown on Friday, Oct. 2 were: Jack Taylor, Frank Ronk, James Rowland, Floyd Marlowe, Joyce Lawson, and Frederick Dalton.

We have an enrollment of 45 pupils.

Miss Strom's Room

We have twenty-one children in the Kindergarten.

We have eighteen children in the first grade.

These boys and girls had perfect attendance for September: John Adams, Francis Bain, Milton Bain, Beverly Ann Borst, Leon Dickman, Orval Marlowe, Clark Morgan, Eugene Perrin, Jean Perrin, Imogene Potter, Betty Lou Scribner, Clayton Slieff, Irene Warden, Franklin Watkins, Basil Ash, Pauline Baker, Gerald Baird, Katherine Beckman, Helen Dean, Bruce Henderson, Pearl Ann Farnell, Ruby Lou Potter, Marion Powell, Shirley Powell, Robert Schons.

First Grade News

We are going to make a house. It will be a big playhouse.

Listen Girls!

How would you like to organize a club? A friendship club that every girl in high school can join, from the seventh to the twelfth grades where new friends may be gained and a good time had by all.

This club would be for the girls, by the girls and for the girls—in other words the girls that join will choose a sponsor, officers, time and place of meeting and the program of events.

Some suggestions for the program are: initiations (this is always fun), parties, plays of our own making, directing and giving, perhaps there would be some volunteer dancers, singers or readers. It would be interesting to ask some of the charming young women of town to give talks on or about cosmetics and their uses, and manners at home and public places, hobbies and many other subjects. We would have meetings where we could exchange jokes, favorite pictures of movie stars, funny stories, many likes, pictures, snowball-tossing, basketball, tennis games, ping pong, we may even be able to give a style show later on. Just think of the fun we could have girls!

Now you know of the idea, how to conduct it and the result of such a club—the next thing to do is to put it over. The inquiring reporter will go around interviewing some girls and if enough are interested, the information concerning the date and place of the meeting will be stated in the next edition.

Football News

The Clarkston boys suffered a 12 to 0 defeat at the hands of Milford last Friday. The starting line-up was:

Ends: Russell and Denton.

Tackles: Irish and Clark.

Guards: Lawson and Rexford.

Center: Boynes.

Quarter Back: Wainman.

Half Backs: Secord and Yost.

Full Back: Dupee.

In the first quarter, Boynes was injured, Dupee then went in at center, Weston taking the full back position. Bud Irish was also injured and was replaced at tackle by Rexford. Other substitutions were: Newman for Wainman, and Tee for Lawson.

Milford got their first score in the first half of the game by a 75 yard run through the line. The other score was gotten from a long pass into the end zone. Late in the third quarter, on a long pass, Yost to Russell, and a series of line plunges, Clarkston succeeded in carrying the ball to Milford's one yard line, only to lose it on a fumble. Several times, the Clarkston boys were in scoring position, but the lack of a center and the playing of men out of position broke Clarkston's offensive attack.

If all eleven men can stay in the game, Clarkston will do well, but there are only 16 men on the entire team and no experienced reserves to enter the game.

By the way, the next game is with Farmington this coming Friday at

Clarkston. Come out and show the boys some real support!!!

TO GUARD

your EYESIGHT!

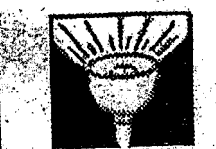

The new 3-LIGHT LAMP combines

(1) *decorative beauty* FOR YOUR HOME, AND

(2) *protection* FOR YOUR EYES!

There is no substitute for the services of an eyesight specialist: You should have your eyes examined regularly once a year. But YOU alone must provide the proper lighting to guard eyesight in your home . . . for good lighting is equally important in preventing eyestrain and protecting the eyes of your family. The new 3-light lamp has been scientifically designed to give you the illumination your eyes require. But its usefulness does not end here: With the magic of light and color, it beautifies the plainest surroundings and adds to any decorative plan. See the new 3-light lamps today. A wide selection is available, reasonably priced.

SIX DEGREES OF LIGHT
A single lamp bulb furnishes three different degrees of light—100, 200 and 300 watts. Together with the three shades (available in many styles of this lamp) this makes six possible levels of light. You can choose the exact degree of light you wish for any seeing task.

DIFFUSING BOWL THROWS PART OF LIGHT TO CEILING
A diffusing bowl under the shade throws part of the light upward to the ceiling. It is reflected back and spread over a large area, eliminating harsh shadows and providing room-wide light that is soft and restful, without glare.

See the New Three-Light Lamp on display at department stores, furniture stores, hardware and electrical dealers. The Detroit Edison Company does not sell these lamps.
