COMMENT AND CRITICISM

Like everyone else, publishers of a paper: have their weak moments, when they wonder if it is all worth while or if it would not be a good idea to close up and go fishing. Then the phone bell rings and we find out that someone did not get their copy and they want one. Such is life. But and it would be a good idea for advertisers to listen to , . . six new subscribers were added to our list. So the only thing to do is to keep on printing the paper and naturally—keep on grow-

Remember a few years back when people expecting something for nothing conceived the idea of a 15 mill tax. It was promised that this would save our tax bill. This was good news ... It fulfilled our idea of something for nothing. The only fly in the cintment was the sales tax which in the year took more taxes and gave the politicians a chance to place a few more men in that newly organized department. Election day we will have another chance to get something for nothing. Again we can save on our real estate taxes understand the small objection this time, really it is so small it does not count, is that we will probably get a state income tax and who would like that? In other words you pay the expense allright but also stand for the office expenses (a few positions for political friends):

Having sat in the stand at Navin Field and looked at Governor Landon, about a block distant, and having stood on a bank by the railroad track and seen President Roosevelt whip by, 50 miles an hour, having, nical School at Flint. we say seen both candidates (?) you, the other fellow and I, will go to the polls on election day and vote just as we please. Is that satisfac-

Just a word about advertising. The larger the firm the more they have advertised. Oakes of Drayton Plains, took place at the Dr. Sutherland home on South Main Street with Rev. C. E. Edwards, pastor of the Clarkston Methodist Episcopal Church officiating. Forty-five

guests were present. To the strains of Lohengrin's Wedding March played by Mrs. Frank Perrin at the piano and Harold Konzen on the violin the bride and her bridesmaid descended the stairs and took their places in front of the fireplace which was prettily decorated with palms, baskets of large yellow mums and Bebe white mums.

Miss Hammond chose for her wedding a floor length gown of white silk lace made with a jacket which buttoned at the neck and at the waistline in the back. There was a small bow at the throat and on the belt. She wore silver slippers and pretty rhinestone clips in her hair. She carried Johanna Hill roses.

Consumers Power Has Demonstration

P. T. A. Has Reception for New comers

On Wednesday evening the Clarks ton P. T. A. had a meeting in the form of a reception for the teachers. One of the features of the evening was a demonstration by the Consumers Power Co. Miss Bradley very capably prepared many dishes of food and used the two ranges for the cooking. She also demonstrated the Mix-Master. Besides proving to the housewife that these gas ranges were economical and also time savers she gave them many cooking hints. Everyone enjoyed Miss Bradley's chatter as she worked right along preparing meat courses, vegetable

dinners, cup-cakes and gingerbread. While the food was in the process of cooking Mr. McGee explained the hot water heater and what a saving it meant to the user. He introduced Mr. Chappell who is the Consumers representative for these appliances

in this section. Inside of from thirty to forty-five minutes everything Miss Bradley had prepared was ready to be served. At this time those in attendance signed a card and threw it into a bag in hopes that when the lucky numbers were drawn they would be able to take home some of these well prepared foods. However the veal rolls were taken home by Mrs. Fred Kennedy; the broiled dinner by Mrs. C. G. Fiske; a half dozen cup cakes by Miss Betty Elzinga; a loaf of ginger bread by Roy Spencer; pork chops and potatoes by Mrs. C. W. Russell; half a dozen cupcakes by Mrs Thompson; stuffed peppers by Mrs. A. E. Butters; boiled vegetables by Mrs. Roy Spencer; ginger bread by Mrs. Margaret Porter; and fried shrimp by Mrs. Durand Ogden.

A receiving line of teachers, school board members and officers of the P. T. A. was formed and after the usual greetings the crowd spent their time visiting and carefully scrutinizing the appliances set up by the Consumers Power.

Prior to forming the receiving line Mr. Winn said a few words regarding the amendments that will affect the school system.

The school orchestra furnished music.

At the close of the evening cider and doughnuts were served at a table that was prettily decorated with autumn leaves and trimmings appropriate for the Hallowe'en or harvest season.

Insist it move by railroad

When there's freight to go, when there's freight to come, insist it move by railroad.

Freight via railroad means efficient handling, speedy movement, on-time arrival.

Freight via railroad means a protected shipper, a protected shipment, a protected delivery.

Freight via railroad means using the only transit agency whose average charge is less than a penny a ton a mile.

Make this a habit: Have all freight go_and come—by rail.
