RECKLESS SPEED IS STILL UNCONTROLLED

The desire for reckless speed is still in the minds of many drivers Speed to get somewhere at a wild pace, although when you get there you have nothing better to do than turn around and return. Needless, heedless hurry. Cutting all corners, taking all the chances that might be taken, beating every light and signal, driving like a demon through crowded strets.

Trying to pass everybody, talking, laughing, eating, drinking, and in the next minute a crash.

Death!

What is the sense of it? Who is to blame? Such an occurrence or description of speed is a common report in newspapers daily. The American public shrugs its shoulders and

Not until we arouse a safety consciousness in the minds of the entire public will such recklessness stop.

Saturday night was automobile ac- Friday. cident night in Drayton Plains. At 6:30 two cars came together in front of the Cass Station operated by Henry Hilburg. Two men and a lady were severely hurt and both cars badly damaged.

At 7:30 another accident occurred in front of Delmarter's barber shop next to the bridge when Jack Qualls, 22 years old, was killed. Qualls was riding with Kugo Kagima of Waterford. They were on their way to Pontiac to do some shopping when a car driven by Ernest Connett of Keego Harbor sideswiped the Kagima car throwing the car into the path of a car driven by Howard Loomis of Clarkston.

At 4:10 a. m. Sunday morning another accident occurred on the Grand Trunk Railroad and Fish Hatchery road when a freight train ran into a car driven by Richard Moore of Williams Lake. Moore suffered leg bruises and Mary Moore of the same address suffered fractured ribs. They were taken to the General Hospital for treatment. Harold Gage, 65 years old, was also in the Moore car and was instantly killed.

Announcing [HE FORD V·8 FOR 1937] The Quality Car in the Low-price Field

THE New Ford V-8 for 1937 is the most beautiful Ford car ever offered. It is built in only one sizeone standard of roomy comfort and modern appearance. But you may have either the improved 85-horsepower V-8 engine for maximum performance—or the new 60-horsepower V-8 engine for maximum economy. The smaller engine makes possible a lighter car - lower operating costs - and a lower price.

When you drive the 1937 Ford with the 85-horsepower V-8 engine, you are master of a power plant that gives everything you can possibly demand in speed and acceleration. Today, improved carburetion enables it to deliver its thrilling performance with unusually low gasoline consumption.

The new 60-horsepower V-type 8cylinder engine delivers V-8 smoothness and quietness—even at speeds up to 70 miles an hour - with gasoline mileage so high that it creates an entirely new standard of economy in modern motor car operation.

We invite you to see this new Ford car, and arrange to drive one equipped with the engine that fits

FEATURES

APPEARANCE - A newly designed car. Headlamps recessed in fender aprons. Modern lidtype hood hinged at the back. Larger luggage space. Spare tire enclosed within body. Completely new interiors. Slanting V-type windshield opens in all closed cars.

COMFORT AND QUIET-A big, roomy car. Extra space is in the body, not taken up by the engine under the hood. Comfort of the Center-Poise Ride further increased by smoother action of the long-tapering springs, with new pressure lubrication. New methods of mounting body and engine make this a quieter car.

SAFETY

BRAKES - New Easy-Action Safety Brakes, of the cable and conduit control type. "The safety of steel from pedal to wheel." Self-energizingcar momentum is used to help apply the brakes. Tests show that about one-third less pedal pressure is required to stop the car.

BODY-Not an ounce of wood used for structural strength. Frame structure all steel, sheathed with steel panels-top, sides and floor. All are welded into a single steel unit of great strength. Safety Glass all around at no extra charge.

Orchestra News

The Clarkston High Orchestra will play at the Senior Play this evening.

Many new numbers will be rendered. A large number of the students in the school have the impression that there is no use in trying to get in the orchestra because many of the first positions are held by players who are experienced in the orchestra routine. Of course it isn't possible to step into a first position when you are a beginner, but if you try hard to work up to a first position, when you can easily acquire it. The older members of the orchestra will be more than willing to aid beginners.

Correction

It has been called to our attention by the Hon. Millard E. Tydings, Senator from Maryland, that a state ment appearing in the Republican Advertisement of Oct. 30th in which the Senator was quoted as saying "Mr. Roosevelt is deliberately inciting the hatred of one part of the people against another" was not actually made by the Senator. The News is glad to furnish this correction but as the News is politically independent the only excuse that it was a paid advertisement and the advertiser.
