CLARKSTON, MICHIGAN, FRIDAY, JANUARY 15, 1937

NUMBER 20

COMMENT AND CRITICISM

Perhaps the heaviest thought weighing on the minds of those in this section is the Strike at the General Motors Plants. Like a lot of other things, there may be two sides to the question. But from our investigation we have yet to find anyone who belongs to the union and in fact the boys wish they were working. In the meantime the public is beginning to wonder if a number of willing workmen are not being kept from work because a man by the name of Lewis is trying to prove that he is a better man than a certain party by the name of Green. In the meantime, merchants are preparing to carry the workmen on accounts, everyone is losing money and 135,000 men are out of work.

Clarkston should be justly proud of its Community Chorus. It has performed nobly in the past. It will be something worth-while in the future. Its Director, a man who knows how to direct, donates his services. Its members belong for the love of the work. But like everything else, worthwhile . . . it has its price. To keep the chorus going at its best it needs the support of more and more singers. They need not be professionals but those who do know a little about music and enjoy singing. If hubby shouts himself hoarse thinking he is singing while taking his bath . . . send him over to the chorus on Monday Evenings. You may be wrong . . . maybe he is singing.

Mark Twain once said that the funny thing about the weather was that everyone talked about it but nobody did anything about it. That may be true but if you are going to continue to take this paper it would be a good policy to do something about the brand of weather we are now having. And if you find your task impossible then build up your resistance to it. BECAUSE THIS WEATHER IS JUST GRAND FLU WEATHER. If you doubt this call up a baker's dozen of your friends and see how many are down with a cold . . . or worse.

Strikes are said to be the growing pains of prosperity. This may be, but a look at the bank statement of the Clarkston State Bank last week or the story as presented in this issue, certainly impresses one with the thought that prosperity has passed the corner and is coming up the street.

Somehow I like the thought of the promotions at the bank. Creating the position of Chairman of the Board makes it possible to make George D. King President, shove Ray C. Ainsley from assistant to the office of Cashier and start Robert Jones, as they say in lodge, through the chairs.

Styles change. Last winter at this time we were trying to get our cars out of the snow. This winter we are trying to get our cars out of the mud . . . or should we say MUD.

Business men find it good business to take inventory of stock around the first of the year. Maybe all of us should take inventory of ourselves and our driving habits as the new year begins.

An all time record for automobile accidents and deaths will probably be set in 1936. Some communities will show reductions, others will show large increases. It's to be regretted that this will be true in spite of all the safety work that is being done.

We must resolve within ourselves to do better. It's the human factor in automobile driving that causes the accidents. A smart driver, because of his driving skill, can usually get out of difficult situations without an accident. The safe driver just does not get into difficult situations in the first place. That's the difference. BE A SAFE DRIVER.

TAKE CARE OF YOURSELF

This is excellent advice just now when colds, influenza and measles are so prevalent. Any one of these ailments may result in pneumonia. Call a physician upon the first suspicion of fever. Health departments in the various units of the state have been warned by Dr. C. C. Stemons, state health commissioner, that all measures for pneumonia and influenza control should be strengthened.

Sadness Enters the Frank Dunston Home

Funeral Service for Mrs. Dunston Will Be Saturday Afternoon

Sadness entered the Frank Dunston home on Wednesday morning when Mrs. Fannie Bell Dunston passed away in the St. Joseph's Mercy Hospital in Pontiac where she had been taken the day before.

Mrs. Dunston was born, April 28, 1889, in Delta Mills, Mich., the daughter of William Jickells. She came to Clarkston with her parents when she was thirteen years old and attended the Clarkston schools. She was married to Frank Dunston in Pontiac in 1907. She was a member of the Joseph C. Bird Chapter of O. E. S. and the Royal Neighbors.

Although Mrs. Dunston had been in poor health for over a year she was always cheerful and patient. She had a host of friends as was evidenced by the numberless cards and letters she received almost every day while she was ill.

Those who survive are her husband, four daughters, Mrs. James Rowland, Mrs. Raymond Jarvis, Mrs. Edward Larion, and June Dunston and 3 grandchildren, all of Clarkston; two sisters, Mrs. Doris Hurstall of Clarkston and Mrs. Cramer Judd of Pontiac and her stepmother, Mrs. Dora Jickells of Holcomb, N. Y.

Funeral services will be held at the Ogden Funeral Home on Saturday afternoon at 2:30 with Rev. C. E. Edwards, pastor of the Clarkston M. E. Church officiating. Burial will be in Lakeview cemetery.

School Inspected By U. of M.

Report Received on Biennial Inspection

Every two years our school is inspected by the University of Michigan or the State Department of Public Instruction and if its standards are sufficiently high is placed on the accredited list. After an inspection last week the following report has been received.

Ann Arbor, Michigan.
January 9, 1937.

Mr. D. M. Winn
Superintendent of Schools
Clarkston, Michigan

Dear Mr. Winn:

I visited your school January 6, 1937, in the interest of its continued accreditation by the University of Michigan. The following observations are based upon that call:

(1) Your textbooks are nicely up to date.

(2) It is apparent that the recommendations of previous visitors have been adopted comprehensively.

(3) You have surrounded yourself with a very personable group of teachers. In this connection I wish to commend the policies of the Board of Education whereby conditions have been created which are conducive to stable tenure for your staff. The freedom of teacher selection which has been granted to the superintendent is an absolutely sound policy and should be continued. In short, the whole school organization reflects this very wise allocation of professional responsibility by the Board of Education to the superintendent. In no other way is it possible for the professional requirements of a school system to be met. I cannot commend this policy of the Board of Education too highly. Nothing should disturb it.

(4) Your pupils exhibit a fine school citizenship which I attribute to the careful selection of teachers already referred to, and the general educational tone of the school. Apparently effective work is being done by the teachers and the executive staff, alike. It is gratifying to note that the high school library is being strengthened. You are quite aware of continued needs here, which I am confident will be met in due time.

(5) I was pleased to see the extent to which teachers are attempting to tie up their classroom processes with the common experiences of the pupils whom they instruct. Without attempting to discriminate among your teachers I wish to say that this procedure was most apparent in Mrs. Walter's work in American Literature. Please continue to emphasize this approach in your advisory contacts. In my judgment it is absolutely sound from every point of view, and therefore, cannot easily be overdone.

(6) As you know, we are always deeply interested in determining, to the best of our ability, as exactly as we can, the educational tone of the individual schools which we visit. From the evidence which I personally observed, and from further evi-

Clarkston State Bank Holds Annual Meeting

Reports Show That 1936 Saw a Large Increase in Deposits

The annual meeting of the stockholders of the Clarkston State Bank was held on the afternoon of January 12th.

After hearing reports of the year's progress which showed excellent earnings and a deposit increase for the year of \$160,000, the stockholders elected directors for the ensuing year. Directors elected were J. H. Alger, T. J. Foley, G. H. Harris, G. D. King, G. A. Walter and C. G. Waterbury.

The directors, elected in the afternoon, held their first meeting Tuesday evening and named Thos. J. Foley, Chairman of the Board; George D. King President, Guy A. Walter, Vice President, Ray C. Ainsley, Cashier and Robert Jones, Assistant Cashier.

dence gained from my conversations with you and your staff, it is apparent that you are accomplishing estimable things. For this, you and your entire school organization are to be congratulated. Part of this educational tone is established by the estimate placed upon your school by the citizens of your community. I was pleased, therefore, to note what you are doing to keep them as thoroughly advised as possible concerning your work.

(7) I recommend that serious attention be given to the possible extension of your work in shop, so that boys above Grade Nine will receive instruction in this important department. Here please recall our discussion of the philosophy of manual arts in a school program. Moreover, your present emphasis upon music could defensibly be extended also, so that a definite regularity and richness which your present set-up does not afford will be provided. Dr. Earl V. Moore can make basic suggestions here. Moreover, the type of community in which you are at work, I believe, would approve projecting your program of instruction in art into the high school. Although subjects such as these which I am dealing at present are frequently referred to as marginal ones, they are not such in any sense of the word. They make contributions to richness of living which will carry over to adult life as no other subject can.

I do not wish to extend this recital to too great a length. Instead, I shall sum up by saying that my impression is that you are the executive head of a very worthy institution. Apparently the present policies of administration are sound.

These observations will be laid before the Committee on Relations with Secondary Schools for their consideration at an early date. You will then be advised concerning their action.

Yours sincerely,
H. B. Koch,
Assistant Director Bureau of Co-operation University of Michigan

THROUGH BROAD AND BEAUTIFUL ENTRYWAYS VISITORS WILL PASS TO THE NEW YORK FAIR

NEW YORK, (Special)—Forty thousand persons an hour—visitors from every state and every nation—must be accommodated in comfort at but one of the entryways to the New York World's Fair of 1939, according to arrangements the Fair Corporation is completing to handle a maximum daily attendance of 800,000. The artist's drawing, as reproduced above, calls for a magnificent double-decked entryway with underground, overpass, pedestrian walks, bus terminals, concourse, stations and bridge connections assuring comfort while providing an area of architectural splendor.

Shown is a ramp leading from the exposition grounds toward the I.R.T.-B.M.T. subway terminal, at a point where it is necessary to cross over the Long Island railroad tracks and to avoid undue congestion of pedestrian traffic. Shown in the left foreground is a domed restaurant within a fountain basin and a concourse bordered by grown plane-trees; and nearer, an open-air cafe and an information kiosk. Along the flanking walls the artist has delineated the Fair's world concept which looks to the building of a peaceful, happier World of Tomorrow.

Waterford
 The Ladies' Auxiliary held its January meeting on Thursday at the home of Mrs. Lovell Spalding. Mrs. James Saylor was assisting hostess. Fifteen enjoyed the co-operative luncheon which was served at small tables. Two guests, Mrs. Carl Zander and Mrs. Otto Duguid were present. They became members at the opening of the business session. The January Penny supper was dispensed with on account of the repair work being done in the church parlors. However a Penny supper will be served on Feb. 8. Mrs. Henri Buck and Mrs. Carl Terry were appointed to purchase wallpaper for the church parlors. The hostesses for the regular meeting in February will be Mrs. Stites, Mrs. Wyckoff and Mrs. Williams. A social hour followed the business meeting and all had a good time.

Mr. and Mrs. H. F. Buck attended the lecture in the Pontiac High School on Tuesday evening.

Mr. Best of Northfield Drive was called to Manton last week by the death of his sister, Mrs. Luke Mattison.

Rev. Howard Jewell and his mother, Mrs. Eli Lennox and nephew, Jack Clayton, left on Wednesday morning for a short trip in the northern part of Michigan.

Mr. and Mrs. P. L. McLaughlin entertained at a birthday dinner at their home last Sunday honoring their son, Dale, whose birthday was Jan. 13th.

Mrs. Fannie Mortimore of Pontiac visited at the home of her son and wife, Mr. and Mrs. Howard Mortimore and family of Huntoon Lake on Sunday.

Mr. and Mrs. Carl Sloat and daughter, Marion are moving, this week, from the Chamberlain house on Andersonville Rd. to a house on Church st. in Clarkston. They will be nearer to his work with the Sloat Mfg. Co.

Hillary Denton and Mr. and Mrs. Brown of Windiate Park went to Kokomo, Ind., last Thursday to attend the funeral of Mrs. Denton. Mrs. Denton was a daughter of Mr. and Mrs. Brown.

Mrs. August Jacober entertained the members of the Willing Workers circle at her home on Friday evening. The circle was well represented. After the business meeting the hostess served refreshments. Plans for the next meeting will be announced later.

Henry B. Mehlberg, supt. of Waterford Sunday School appointed Mrs. Otto Duguid as chairman of the "Flower and Visiting the Sick" committee. Mrs. Duguid named as her helpers, Miss Gertrude Everett and Mrs. H. B. Mehlberg. If you know of any sickness in the community you are asked to report the same to any member of the committee.

Mrs. Bailey suffered a severe injury to her hand while doing laundry work at the Howard Burt home last week. She caught her thumb in the washing machine. The accident occurred just at noon when Max Burt was home from school. He hurriedly went for his father and he rushed Mrs. Bailey to the hospital. Several stitches had to be taken. The hand has been very painful but is improving.

The annual business meeting was held at the church on Tuesday night. Reports were read and it was planned to have a special meeting at the church on Feb. 2nd to take care of any unfinished business. Mrs. Ava Burt was re-elected clerk. Mrs. Frank Martin was named as pianist. Rev. Jewell will continue his work. The trustees and a Council will be named at the February meeting.

OBITUARY
Mrs. Pauline Denton
 Mrs. Pauline Denton, 32 years old, of Windiate Park passed away at her home on Wednesday afternoon of last week after about a year's illness.

Mrs. Denton was born in Kokomo, Ind., the daughter of Mr. and Mrs. Brown who now reside in Windiate Park. She was married to Hillary Denton, Dec. 24, 1934.

She is survived by her husband, her father and mother and a sister, Mrs. Ralph Webber of Flint.

CONSERVING SOIL PROBLEM OF MERIT
 Means Preservation of Farm Lands in Michigan

Preventing the waste of soil fertility in Michigan is more than a federal program to obtain grants of money for participating farmers, reports Dr. C. E. Millar, head of the soils department of Michigan State College.

Application to Oakland county as

in other counties, says County Agricultural Agent Karl D. Bailey, is Dr. Millar's view that a permanent agriculture for Michigan must be based upon soil conservation and the rebuilding of fertility.

"Farmers' sons and even their sons will reap the benefits of a better heritage, rather than a rundown farm, if use is made of the knowledge we have," Dr. Millar says. "Stopping soil erosion and the loss of plant food and humus must be started in order to maintain the capital land investments in the state.

"There is no new land more valuable than the land now being used in Michigan. Farmers in this state hardly could move if their farms become unprofitable. It no longer is possible to work virgin land and then discard it when it is worn out."

Dr. Millar points to his study of crop yields for the past 60 years in Michigan. Despite better varieties, use of fertilizer and better production methods, yields per acre differ little from those of 60 years ago. Soil values have been wasted. A turnabout in methods will gradually restore the soil to its original fertile and productive state. This is the only way in which the "heritage of the soil" can be preserved for farmers now active and for their sons who will follow them on the land, he believes.

"I'd like to buy a telephone call"

WHEN you call a telephone number on the other side of town you are making an important purchase. You say in effect:

"Give me the use of miles of wire, of cables under the street, a section of switchboard and all the other equipment needed in the central office. I shall need one kind of current to carry my voice and another to ring the bells that signal the other party. I may need the services of an operator or two. I want all your equipment to be in perfect working order so that my call is clear and goes through without interruption. I would like this all arranged to connect me with my party instantly—and at a cost of a few cents."

Telephone people are asked to do this millions of times a day and find nothing unusual in the request. But to do it at the price you pay for telephone service—in fact, to do it at all—has taken many years of the most skillful and unremitting research, engineering and organization.

Telephone service in the United States is the most efficient, dependable and economical in the entire world.

Clarkston Presses League Leaders Farmington 24 Clarkston 21
A fiery Clarkston team threw a considerable scare into the undefeated Farmington team last Friday. The home team held down a very good fast passing team and showed that they have what it takes to win ball games. Although the boys were at a disadvantage in Farmington's small gym they could have won the ball game just on the foul shots they missed. The second team fared somewhat worse but considering the lack of subs they did quite well to come out on the short end of a 30-14 score.

Clarkston vs. Keego Harbor, tonight, January 15, at Clarkston High School. A bang-up game and a surprise for Keego is expected. Everybody's welcome, it's only 15c. and 25c. so let's have a big crowd. And to Dad: Bundle up the kiddies and give them a swell, inexpensive treat that both mother and you can enjoy. Come one! Come all! and watch old Clarkston sink that ball!

Athletic Awards

Awards of letters and certificates were presented by Mr. Waters at assembly last Friday afternoon to the athletes of Clarkston High School.

The following received awards:
Junior Bird, Howard Boynes, Art Clark, King McIntyre, Hamilton Newman, Alton Secord, Kenneth Wainmen, Ralph Yost, Richard Tee, Lyle Walker, George Dupee, Bill Rexford, Earl Lawson, Bud Irish, Wilson Denton, Clinton Russell, Milton Fiske (Mgr.).

Ralph Yost was mentioned as one of the best ball carriers in the league this year.

Clinton Russell is the captain-elect for next year. Two Seniors, Bud Irish and Wilson Denton, were wished farewell by Mr. Waters and Clarkston High School as they will be leaving us this year. The rest of the boys are looking forward to next season's practices and games.

Girls' Basketball

The Clarkston girls are going to play Keego Harbor tonight, Friday, Jan. 15. The game should prove to be an exciting and close one. We are expecting a great deal of support from our student body. How about cheering your team on to victory?

DONKEY BALL GAME!!!

On Thursday night, January 21, at 7:30 in the gymnasium of the school an event of great interest to every one is to be staged. A "Donkey" basket ball game is to be played between some of the local high school lads and representatives of the alumni and local business men.

Yes they are real Donkeys. (We anticipate the doubt you have in mind as to the players actually rid-

ing animals). Their hoofs will not harm the floor for they will wear leather shoes with rubber soles. Sure, it's funny—can't you see O'Dell, Warden, Jarvis and Alger on a donkey (or off)?

A preliminary game of orthodox basket ball is being arranged to add to the evening's entertainment.

The game played on the donkeys has been attracting large crowds in all of the towns around Clarkston, having been played at Keego Harbor, Walled Lake, Clawson and other near by schools. A large crowd is expected to see its local equestrians go into action.

For an evening of laughs and fun be at the Clarkston High School on Thursday, January 21, at seven thirty.

NEWS FROM THE CLASSROOMS

Mr. Bauer

Shop—Gosh, but we're industrious! In shop class we have made a table for the conference room, a score board and a hockey game and now we're making a Shuffle Board outfit and a table to display candy on at the basket-ball games. We're also fixing the hockey game for use at noons (it was damaged slightly some time ago).

Type—The first year type students had their first speed test last week. The results were very good on the whole. They will continue to have tests the rest of the year. Each student will keep a chart of the results of his speed tests to determine his rate of progress.

Miss Wellington

The seventh grade geography class has divided into two teams under the chairmanship of Carmen Clark and Ralph Kennedy and they are conducting a review.

The tenth grade geography is doing a cooperative review with each student responsible for one chapter.

Mrs. Durand

The Latin class is struggling with the verb forms and the synopses of them. The public speaking class gave extempore speeches on experiences or topics of personal interest.

Mr. Waters

We have two new additions to arithmetic class, Roland Bird from Sashabaw and Jimmy Bromson from Pontiac. The biology class have been seeing some of those interesting little one celled animals under the microscope and after seeing them every one will take a second thought before taking a drink out of the Mill Pond when skating.

Mrs. Strait

The Home Economics Classes have about twenty five new books and the Seventh Grade has been making covers for them so that they will be good for many years to come. The eleventh and twelfth grade home economics classes are testing materials to tell what kind they are, and they are also testing them for shrinkage and fading.

GRADE NEWS

Miss Strom's Room

Donna Arcand and Phyllis Weichert began school after Christmas. They are in the kindergarten. Our enrollment is now up to thirty-seven. We miss Robert Davies who went back to Flint at Christmas time.

Some of the children have been out of school with colds. We hope they will be back soon.

The kindergarten and first grade are taking a special interest in the feeding of winter birds. They hope to make many new feathered friends.

Mrs. Rockwell's Room

Children who won credits in our

spell-down on Friday, Jan. 8, were Shirley Terry, Frank Ronk, James Waterbury, Audrey Weichert, Jack Taylor and Joyce Lawson.

Our children are enjoying their new readers very much. We have four children who have been neither absent nor tardy this year: Marjorie Collins, Ida Mae Sliett, Tyrus Pinchback, and Lorraine Pinchback.

Miss Elzinga's Room

The 5th and 4th graders have enjoyed a few cactus plants that they received from Mazy Wompolé in California.

Covers for the pupils' poem books are under construction.

JUNIOR CLASS PARTY

The Junior class held a dinner party at the school on Thursday, January 14. A dinner consisting of escalloped potatoes, hamburgs with rolls, cookies and cocoa was served at 6:30. After the clean-up committee had finished its necessary work the class adjourned to the school gymnasium, where games, provided by the program committee, were played.

FEATURES

Embarrassing Moments at C. H. S.
The following were very embarrassed this past week:

Mrs. Rockwell when she broke the pepper shaker in the lunch room.

Mr. Winn when he found out he had been serving the faculty lunch to the school board.

King McIntyre when he was telling a story in public speaking and told about the man that got up at night at sunrise.

Evelyn Jencks when running down the bowling alley to throw the ball and her feet slipped.

Dorothy Wilson when she asked to have a chair, but sat down on the floor.

Mildred Butters when she picked a supposedly stray hair from Shirley's head only to find it was attached.

Gossip

Jean Conklin seems to have something on Hammy Newman. Well, Hammy, what did you do on Friday night around midnight?

Rumors are going about that a certain out-of-town young man is so serious about Louise Gulick that he has been inquiring about the cost of a four room bungalow.

What can Kenny Bain be talking to Doris Jencks so seriously about?

The newest foursome in school, Betty Waid, Roger Galligan, Eva Rabitaile, Milton Yerkes, seem to like the corners during noon hour.

Will Kenny Skarritt teach Maxine Scribner or visa versa?—We mean

skating of course.

Willy Denton's girl of the week—Marie Alander.

Gus Yost's favorite fruit seems to be dates and peaches.

It seems Jack Skarritt can't leave Alice Williams alone.

Jokes

Mr. Waters was giving the class a lecture on gravity.

"Now boys and girls", he said, "it is the law of gravity that keeps us on this earth."

"But, please, teacher," inquired Pete, "how did we stick on before the law was passed?"

Mrs. Durand was trying to teach some pupils the difference between their given and surnames.

She asked: "Now, if your name is Charles, how would you describe it, as what name?"

Charles Jenkins replied: "Maiden name."

One day Alice Williams went to her uncle's farm. They were in the chicken coop when Alice asked: "Where is your bed?"

Her uncle answered: "We sleep in the house."

Alice exclaimed: "But Mother said you went to sleep with the chickens."

Mr. Waters: "Laura, what does HNO signify?"

Chet Adams: "Well, ah, er—r—I've got it right on the tip of my tongue, sir."

Mr. Waters: "Well, you'd better spit it out. It's nitric acid."

Arthur Clark walked twenty miles from his home to an adjoining town. When he reached his destination he was greeted with some astonishment by an acquaintance.

"You walked all the way?" exclaimed the acquaintance. "How did you get along?"

"Oh, first rate," Art replied, "That is, I did 'till I came to that sign out there, 'Slow Down to 25 Miles Per Hour!' That kept me back some."

HOLLY THEATRE

Director W. S. Van Dyke claims credit for the triple-star trio discovery of the year.

As the newest screen vocal sensations Van Dyke nominates Clark Gable, Joan Crawford and Franchot Tone singing, "She'll Be Coming 'Round the Mountain When She Comes" in Metro-Goldwyn-Mayer's "Love on the Run", coming to the Holly Theatre Sunday for a three-day engagement.

"It was nothing short of an inspiration", said Van Dyke. The director, himself a dramatic

tenor who has sparked many a quartet, got the idea while relaxing between scenes during the filming of the picture.

Spying an idle piano, Van Dyke suggested a bit of harmony.

Gable was roped in over his protest.

"Although Clark is inclined to run wild, particularly on the chorus," said Van Dyke, "his robust baritone added just the right balance to Joan's trained soprano and Franchot's lyric until you hear it!"

tenor." After trying several old favorites, including "Sweet Adeline", "The Old Oaken Bucket" and "Nellie Grey", the quartet really got into stride on "She'll Be Coming 'Round the Mountain When She Comes."

"It was too good to leave out of the picture," Van Dyke said. "I found a perfect spot for the tune in a scene where the three are riding in the front seat of a truck. Wait until you hear it!"

Travel by Blue Goose Lines

BETWEEN DETROIT, FLINT, SAGINAW AND BAY CITY

FREQUENT SCHEDULES, FAST, SAFE, INEXPENSIVE

Fleet, quiet motorbuses operating on frequent schedules, and fares so low you can't afford to drive your own car, make Blue Goose travel attractive, and you have no driving worries or fatigue.

Real comfort is provided in our new streamlined coaches which are well heated for cold days. Individual seats, many of which can be reclined to suit the passenger's desire, and every seat with a head-fitting, soft pillow, provide a restful ride.

No engine noise or fumes either, for the powerful 173 H.P. motor is housed in a separate, sealed compartment in the rear of the coach. Nor will grinding gears annoy, for gears are of the silent constant-mesh type.

Luminator lighting gives living-room illumination if you care to read on a night trip, but your light will not disturb your neighbor. Plenty of luggage space; safety glass in all windows and fresh, clean air at all times are noteworthy features of these buses.

Go by Blue Goose and save the difference.

Clarkston Locals

Mr. and Mrs. F. A. Ricker, of Detroit, were Saturday visitors at the Methodist parsonage.

Mrs. Fred Stewart and Mrs. Anna Fleming attended the dinner at the Seymour Lake Community House at noon on Wednesday.

Several from Clarkston enjoyed hearing Gordon B. Enders, Explorer, tell "The Story of Tibet" in the Pontiac High School on Tuesday evening.

Rev. and Mrs. C. E. Edwards attended a Conference of Flint District Preachers held in Fenton last Monday.

The Epworth League held their January Party last Tuesday evening. They are planning a Shadow Box Social for Feb.

Adele M. Gardner of Clarkston was initiated into Phi Kappa Phi, national honorary society, at the mid-winter initiation banquet held Wednesday evening, Jan. 6, in the Women's League at the University of Michigan.

The Progressive class of the Clarkston Methodist Sunday School met at the home of Mr. and Mrs. Butters on Wednesday evening. Owing to the bad weather the attendance was small. However the group started plans for the Winter Sports Carnival on Feb. 20th.

Among those on the flu list this past week are—Percy Craven, Floyd Andrews and daughters Barbara and Marguerite, Elaine Marshall, William Beltz and the James Bennett family. Everyone wishes for them a speedy recovery.

Mr. and Mrs. Raymond Miller, Jr. and family of Ypsilanti spent the last week end with his parents, Dr. and Mrs. Raymond Miller. The Dr. Millers also enjoyed having their daughter, Miss Margaret Miller of Jackson with them for over the week end.

Mr. and Mrs. Durand Ogden spent a couple of days the beginning of the week with her sister in Rodney, Ontario. On their return trip they stopped and visited with an old British Loyalist who operates a general store in Highgate. They found his store as interesting as you would expect to find "The Old Curiosity Shop".

JOHN L. ESTES, Attorney, Clarkston, Mich.

STATE OF MICHIGAN—The Probate Court for the County of Oakland.

At a session of said Court, held at the Probate Office in the City of Pontiac in said County, on the 12th day of January, A. D. 1937.

Present: Hon. George B. Hartrick, Circuit Judge, acting in temporary absence of Judge of Probate.

In the Matter of the Estate of Mary A. Parsons.

John L. Estes, administrator with will annexed having filed in said Court a petition, praying for license to sell at private sale the interest of said estate in certain real estate therein described.

It is Ordered, That the 9th day of February, A. D. 1937, at nine o'clock in the forenoon, at said Probate Office, he and is hereby appointed for hearing said petition, and that all persons interested in said estate appear before said Court, at said time and place, to show cause why a license to sell the interest of said estate in said real estate should not be granted.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks, previous to said day of hearing, in the Clarkston News, a newspaper printed and circulated in said County.

GEORGE B. HARTRICK, Circuit Judge acting during the temporary absence of the judge of Probate.

Young Singer To Be Heard Sunday

Next Sunday afternoon, January 17th, at four o'clock Master Jackie Rees will sing at vespers in Christ Church Cranbrook. Jackie is a twelve year old soprano singer direct from England, touring this country and signing in many of the churches throughout the land. He was commanded to sing before the late King George V of England in 1935 and in 1936 sang before former King Edward VIII. He is the winner of over 250 prizes, cups and medals, and double winner of the National Eisteddfod. From his very early days Jackie has sung in choirs—in some of the many beautiful cathedrals and chapels both in England and Wales—that have their perfectly trained and disciplined choristers, giving us singing that is world-famed for its traditional loveliness. His remarkable voice soon won for him recognition far beyond the choir in which he sang, and he entered the select few of the Chapel Royal, which is one place where only the finest of all young sopranos in England can gain scholarships. Over twenty-five thousand of his records have been sold already, and they will soon be the only testimonies of something infinitely sweet and rare, or, as stated in "La Presse" a year ago, "A voice possessing the sincerity of emotion, of natural production, calling to mind the incomparable artistry of Emma Calve, singing Bach or Beethoven."
