COMMENT GRITICISM

"Life is just a bowl of cherries." You work, You fret. You worry so" and a hundred years from toa few thumb sketches of national affairs let's get back into our own yard and "Let the rest of the world go by". Let's consider these choice items of the national merry-goround: Evidently President Roosevelt believes in large committees and wants to enlarge the Supreme Court from 9 to 15 in number. Foreigners working or sitting down in our shops are inquiring this: If we contribute to Social Security, when we are retired and have returned to our countries will the United States send our checks to us, over there? A nearby city editor remarks of the sit-down lover, "How can a man be so stupid?" Is his face red when he finds he has been fooled by a publicity stunt? One city under martial law because of flood. Another city about to go under martial law because of the age old dispute between capital and labor. State of Michigan sends salary (?) check to a state senator who has done nothing during the session-in fact he is serving time for stealing votes. Impeachment mentioned for the Governor because he does not enforce the court's orders. I am beginning to appreciate the supreme court because it is in the way of every president, republican, democrat, whig or tory. Perhaps it stifles their pet ambitions. Now for something clean and refreshing.

Today is the Birthday of a former president, one Abraham Lincoln. Nothing we could say could add or detract from the man. Just give thanks that he lived and served.

Want a secret? You may (?) vote on the question of bonding for good roads in Clarkston at this election. If the question does come to a vote and passes—one of our pet subjects for comment has gone bye-bye.

It's not on Lincoln's birthday. It's not on Valentine's day. But because in our Church. Our Ladies' Aid will it is the day between these holidays serve dinner at 12:30 for members calls their dance and par- and guests. ty, Saturday evening, a February Frolic. The President, Mrs. Shotka, promises a bigger, better, more novel, more refreshing, more interesting gram elsewhere in this issue. Give . . . but why say more. The thing to do is to attend and enjoy your-

Winter Carniyal Plans Completed

the Mill Pond :-

On Wednesday evening the Progressive Class of the Clarkston Methodist Sunday School met at the home of Mr. and Mrs. Irving Ronk, son, Richard Bullen, Ronald Walter and D. M. Winn. Everyone is urged to bundle all their waste paper in readiness for the collectors on Saturday, Feb. 20th, beginning at 10:00

Plans were completed for the Winter Carnival to be held on the Mill Many entries have been made for Winter Queen and you should attend the Carnival and cast your vote for

Ronald Walter will be in charge of ice events including-fancy skating contest, a bicycle race, jumping contest, and a hockey game. Mrs. F. E. H. W. Huttenlocher and D. M. Winn are in charge of the prizes. Like all carnivals this one will have a refreshment booth where you will have a chance to enjoy—hot-dogs—hamburgers-hot drinks, candy, etc. Mr. and Mrs, Warren Strait, Mr. and Mrs. Charles Robinson and Mr. and Mrs. Richard Bullen will be in charge of the refreshments. After these plans were completed and the business session was closed, Mrs. H. W. Huttenlocher acted as "Inquiring Reporter" and had some thinking deeply while others did a good job of

guessing. Mrs. Emily Beardslee and Mrs. Iva Miller presided at the refreshment table which was prettily decorated with large heart-shaped sandwich trays and a colorful floral center-

The next meeting will be held on March 10th at the home of Mr. and Mrs. Charles Robinson.

MUSIC

The Chorus has received new music and is enjoying it immensely. Many new members have joined the chorus. If any more care to join they are welcome to do so.

The orchestra has just come into the ownership of a bass drum and all that goes with it. The drum is being paid for jointly by the school board and the orchestra. This is a great aid to the members of the orchestra because it helps them to keep time

FISH HATCHERY IS MADE LARGER

Plant at Drayton Plains Undergoing Great Improvements

Negotiations for the acquisition of additional land for a second large expansion project for the Drayton Plains Fish Hatchery were completed this week by the Outdoor Sportsman's Association of Oakland County through its President B. L. Foresman and the way cleared for three additional large rearing ponds to the six large ponds now nearly complet-

The deed was handed to Mr. F. P Struhsaker, of the lands division of the Department of Conservation by Mr. Foresman and opens the way for additional pond area that will make the Drayton Plains Hatchery near Pontiac the world's largest blue gill and bass hatchery, the area exceeding 100 acres.

For more than two years, a committee of the Association headed by Mr. Foresman which was formed to save the only fish hatchery in Southeastern Michigan from discontinuance, has been working to bring about a factual return of this inland lake region as one of the finest fishing areas in the Central West. The Drayton Plains Hatchery serves the fifteen counties in Southeastern Michigan and is known as the 11th Conservation District. The discontinuance of the Drayton Plains plant would have been of incalculable loss to this area and directly affects more than half of the residents in the State, Small as it was, it was obso-lete and its production was capable

in the area. After months of negotiating during 1984, Mr. Foresman and his com-mittee had completed engineering surveys, property acquisition plans and project preparation and carried its plans to the Conservation Com-

S. An allotment of \$115,000 was ton News. made for the original project. The cooperation from Harry W. Pierson, State W. P. A. Administrator E. E. Glasgow, Regional Project Supervisor, U. Z. Cook, area engineer, and S. S. Skelton, County Administrator, made the project one of the first filed in the U.S. and one of the first to be approved and started in Michigan and work began on it in August 1935.

The Spring of 1937 will see the new modern hatchery building completed and in operation; four of the six huge rearing ponds will be raising millions of blue gills, and work started on three additional new large ponds to make this plant the world's largest blue gill and bass hatchery. A rattle snake infested swale and swamp area will be transformed into a show place of national interest of beautiful water and green dykes. In addition to the hundreds of Oakland County sportsmen who backed the Association and helped finance the preliminaries are the following members of Mr. Foresman's committee: Frank B. Ruf, R. R. Dougherty, Wm. P. Edmonson, Wm. A. Ewart, Maurice E. Fitzgerald, Hugh Liddicoat, Walter D. Heaphy, Vernald E. Horn, James H. Lynch, Dr. A. V. Murtha, Howard Warner, Howard H. Hutten-

Amother Long Distance Rate Reduction

ON JANUARY 15, 1937

Eight reductions in about ten years have substantially cut the cost of Long Distance telephone service.

Further reductions in Long Distance rates became effective January 15th.

Many rates, for calls to points outside of Michigan more than 42 miles distant, are reduced.

All day rates for such calls are reduced. Many night and all-day Sunday rates for such calls also are reduced.

The reductions for the first three minutes range from 5 cents to \$1, depending on distance.

It costs less now to do business in distant cities -quickly, personally. It's easier for far-apart friends to keep in close touch.

Sample rates listed in the table below definitely indicate the downward trend during the last decade.

HOW LONG DISTANCE RATES HAVE BEEN CUT AS THE RESULT OF 8 REDUCTIONS IN THE LAST 10 YEARS: PERSON-TO-PERSON TATION-TO-STATION RATES FOR 3-MINUTE Jan. 15, 1937 Jon. 15, 1937 Jan. 15, 1926 Jan. 15, 1926 DAYTIME CALLS FROM .90 **\$**:1,10 .65 Grand Rapids to Chicago .90 1.20 .85 1.80 1.45 Jackson to Cincinnati . 1.30 2,00 .95 1.60 Marquette to Milwaukee 1.60 Kalamazoo to St. Louis 2.05 3.85 1.55 3.10 Lansing to Washington 2.05 3.90 1.55 Detroit to New York . . 3.15 Traverse City to 4.00 8.35 3.00 New Orleans . 4.50 3.50 9,40 7,75 Port Huron to Miami . 15,50 5,25 Saginaw to Los Angeles

Night and all-day Sunday rates are still lower.

HAS JUST BEEN BUILT

It has never occurred before in automobile history that 25 million cars of one make, bearing one name, have been manufactured under one management. The 25,000,000th Ford car rolled off the Ford Rouge Plant production line on January 18, 1937.

25 million cars since 1903 . . . more than one-third of all the cars ever built ... enough cars to transport the entire population of the United States.

The figures represent a remarkable contribution to the social welfare, the industrial stability and the general progress of our country.

People respect Ford efficiency. They know Ford uses fine materials, the best workmanship at good wages, the most exact precision measurements. They know these things are passed along to purchasers in the form of extra value. Naturally, they like to do business with such a company. That is the only reason it has been required to produce 25 million cars.

Naturally, too, they expect more of a Ford car, more this year than last year — more each year than the year before. They have every right to. The experience gained in building 25,000,000 cars enables Ford to produce today a really superb motor car at a really low price -with the Beauty, Comfort, Safety and Performance of much more expensive cars.

The 1937 Ford V-8 combines advanced design, all-steel construction, extra body room, and brilliant brakes with a choice of two V-type 8-cylinder engines - the most modern type of power-plant on land, sea, or in the air.

 The 85-horsepower engine provides top performance with unusually good economy for its high power.

The 60-horsepower engine gives good performance with the greatest gasoline mileage ever built into a Ford car-and wears the lowest Ford price tag in years.

People expect more of a Ford car because it's a Ford—and they get more, for the same reason. It is underiably the quality car in the low-price field. T
