## COMMENT AND CRITICISM

**Thumbsketches.**  
The hundred and fifty year old supreme court is old-fashioned. Judges should retire at the end of three score years and ten, the span of life as mentioned in a centuries old book—the Bible. We do not know just how to reconcile the first two statements, but perhaps the rule of relativity would help.

Next Monday we celebrate the birthday of our first President, George Washington. Mr. Washington realized that the colonists hated kings. He realized that many were afraid that he might desire to be a king. That is the reason he spoke the unwritten law that no President can serve over two terms.

Neither Mr. Lewis nor the General Motors won by the compromise which settled their differences. Therefore if they did not win, they lost . . . and the workers lost . . . and the dealers lost . . . and the supply men lost . . . and the public lost.

Too many people like to take the opposite side for the sake of an argument. Why not take life peacefully and grow old gracefully?

Our main objection to the change in the supreme court is that it would add 6 more judges to the public payroll . . . and six more secretaries . . . and six more offices to outfit. It is more noticeable every day that once a name is added to the government payroll nothing can ever pry it loose. An example was brought out in the open during the discussion on the proposed new county building a couple of years ago. The proposed new building would allow for more efficient work and the services of a clerk or two might be disposed of . . . "but don't hit that line of thought too heavy".

Tuesday evening was caucus night. The president sent the clerk out to round up sufficient citizens to hold the meeting. Ho hum . . . that's done for another year.

Add to the little things that make life worth living: "Your paper looks mighty good to us and why shouldn't it? It's a mighty good paper" A. B. Womple, San Francisco, Calif. A picture from G. D. King who is enjoying Boynton, Palm Beach County, Florida.

And now in closing the subject of good roads it seems that the blame for poor roads after village election will be the fault of those who voted against them. Anyway it would be worth the reading to look over the statement of the Village President, Casper Warden, in this issue.

## Bundle Your Papers For Collection Saturday

Remember to have your waste paper bundled and ready for the collectors on Saturday morning. Several members of the Progressive Class of the Methodist Sunday School have kindly offered to take time to call at the homes and collect the paper, so you are asked to do your part. It would even be a good idea for you to set the bundles on your porch or in some handy place. This would save time and the collectors would not have to go down into the basements. They will start on their route at ten o'clock. If you think you are being forgotten leave your name with Mr. Ronk at Beattie Bros. and he will give it to the collectors.

## Mrs. Edward Larion Is Hostess to Club

On Tuesday evening the Clarkston Junior Literary Club met at the home of Mrs. Edward Larion.

Eight members answered the Roll Call with a good current event.

The regular business session was held and then Mrs. Gordon Parker read a paper on "The effects of Prohibition and repeal on the present generation". An interesting discussion followed.

The hostess served dainty refreshments.

The next meeting will be on Tuesday evening, March 2nd with Mrs. Floyd Hursfall.

Everyone will be glad to know that Nelson Clark, who has been seriously ill with pneumonia for the past two weeks is now on the way to recovery. His condition on Thursday was improved. He is at the home of his aunt in Detroit.

## Clarkston Streets

There is no one question in the village of Clarkston that gets more emphasis than the condition of its streets, and no questions have had more consideration in the Village Council. With the present day traffic, gravel and dirt roads require a lot of maintenance to keep the ruts full and the dust down.

Past expenditures totaling \$500 to \$900 per year have been paid for Chloride and Oil, but the results have given no permanent satisfaction. Each year the same old Street Problem confronts us.

The Council has endeavored to find a solution to this problem although there are many legal angles which handicap their efforts. They have investigated roads of various types of construction. The County Road Commission has cooperated with them and loaned them an Engineer to give them estimates on various types of Road Construction.

The Ann Arbor Construction Company who recently completed the Clarkston Depot Road have given an estimate amounting to 60c per sq. yd. for a three inch pavement. This would involve an expenditure of \$14,000. A request for Federal aid on a fifty-fifty basis has been given to Murray D. Van Wagoner, State Highway Commissioner, and in the event that this should be approved the total cost to the village would be \$7,000.

The taxpayers will no doubt have a chance to express themselves relative to such a set-up at the Village Election in March.

If such a plan meets with favor, it must then have the approval of the Securities Commission and lastly the Bonds must be sold. The Village has survived a larger burden when no bonds were issued, and at present there are no debts.

As the Council is in possession of more definite information it will be submitted to the Citizens of our village.

C. Warden, Village President.

## Fish Hatchery Work At Drayton Approved

Presidential approval of the Fish Hatchery at Drayton Plains project was received last Tuesday by E. F. Glasgow, district supervisor of W. P. A. operations in this district. On this project the work will be resumed February 25th and will hire around one hundred men. The project consists of the final extension of rearing ponds, dikes, etc. on the hatchery grounds. Federal funds contribution \$63,534 with a sponsor's contribution of \$17,671.70.

The completed hatchery will cover an area of one hundred acres, and it will utilize the additional property acquired last week through the co-operation of the Outdoor Sportsman's association.

This brings the total expenditures on the Drayton Plains Fish hatchery expansion and improvements to approximately \$195,000. Oakland County will become the largest blue gill and bass fish hatchery in the world.

This year there will be put into operation for use, four large rearing ponds together with ten experimental research ponds. Other ponds are under construction and two more may be finished for use this year.

The Drayton Plains Fish Hatchery will supply fish for stocking the lakes and streams of the entire southeastern section of Michigan, including fifteen counties, under the supervision of A. T. Stewart at Drayton Plains.

This region contains a high proportion of inland lakes of the State of Michigan and one of the most important fishing and recreational areas in the State. It is estimated this area within a period of two or three years will become one of the most favored fishing areas in the Central West. It is important because of the fact that more than half of the population of Michigan is within a few hours drive of the lakes in these fifteen counties.

"One great advantage of the enlarged hatchery" says Mrs. Foresman "is that it can be operated as cheaply as one of smaller proportions." The work on the project will be under the direction of U. Z. Cook, WPA area engineer.

## Coming Events

Feb. 25th—Thursday evening—the O. E. S. will serve a chicken supper at the Temple. Serving will start at six o'clock. The public is invited.

The post office will be open from 11:30 to 12:30.

## Choral Club Work Advancing

According to the Choral Club, director the work on the Spring program is advancing very satisfactorily. Of course there could be a better attendance at the Monday evening rehearsals but it is supposed that bad weather and a great deal of sickness has kept many members at home. However there is a hope that next Monday evening will see every member in his or her place at the separate group rehearsal at seven o'clock and the general rehearsal at seven-thirty.

## Many Attend P. T. A. Meeting

A. Leonard of Pontiac and Rev. Jewell of Waterford Were Speakers

About eighty attended the regular P. T. A. meeting in the school on Wednesday night. Mrs. Shotka, the president, was in charge. Rev. C. E. Edwards pronounced the invocation. The reports of the officers were very encouraging and everyone was glad to learn that there were now 155 paid members in the association. The interest is growing and the majority of the members are willing to help in any capacity. A musical is being planned for March 11th. Tickets will be on sale very soon. The proceeds will be used by the school orchestra and school chorus. Everyone seemed heartily in favor of having a dance some time in April. Robert Jones then led in community singing. Miss Betty Elzinga presided at the piano.

Mr. Winn introduced Rev. Howard Jewell of Waterford who gave a word picture of his trip to the flooded area. Mr. Jewell's talk was exceptionally interesting and he answered any questions that were asked. Mr. Winn then introduced Mr. Leonard of Pontiac who spoke on Crime in relation to Youth. He told of some of his experiences when he was assistant prosecutor and tried to make his listeners realize that they as parents and teachers had an important duty to perform in regard to eliminating crime among young people.

The school orchestra played two or three stirring numbers and they should be complimented on the progress they have made. Mrs. Boyns and daughter Phyllis sang a duet in their usual pleasing manner. Mrs. Frank Perrin accompanied them. Then after another selection by the orchestra the meeting was adjourned.

The refreshment table was in charge of Mrs. J. L. Waterbury and Mrs. Stanley Henderson. Mr. and Mrs. L. F. Walter and Mr. and Mrs. W. H. Stamp acted as reception committee.

## John Russell Walter Is Two Years Old

## February Frolic A Grand Success

The P. T. A. Made a Profit of \$34.20

The February Frolic sponsored by the P. T. A. in the school auditorium last Saturday night is an event to be remembered.

There was a fairly large crowd in spite of the terrible weather, and everyone had a lovely time. On leaving the hall one heard many favorable comments, such as "I think this has been the nicest party ever held in the auditorium", "the auditorium looks nicer tonight than it ever did before", "this has been a lovely clean party and I'm certainly glad we came" and the countless complimentary remarks would fill a page. The general opinion was about the same and the committees in charge should be proud of the results.

The auditorium was exceptionally pretty, just one big home-like room in a club-house. The lighting system, the comfortable chairs, the false ceiling and the smile of those you met as you entered made everyone feel quite at home and you seemed to know from the start that you were going to enjoy yourself.

The orchestra deserves mention, the music was peppy, the up-to-the-minute swing-time pieces just suited the young folk, while the dreamy waltzes and the square dance music pleased young and old. When it came to square dances Judd Skarritt kept everybody stepping and even those who were dizzy from turning and did not know their right from their left had heaps of fun and certainly enjoyed every minute of the time.

The refreshment table which was at one corner of the room was well patronized. The young ladies in the check room must also be mentioned; they worked efficiently and quickly and greeted every guest with a smile which seemed to say "We hope you have a good time".

This party will be remembered for a long time. It not only furnished an enjoyable evening for the dancers but for spectators as well. The P. T. A. made a profit of \$34.20 which will help considerably in buying new books for the school library.

## Caucus Held on Tuesday

At the caucus held Tuesday, the following officers were nominated: President, Casper Warden; Clerk, Percy Carven; Treasurer, T. L. Parker; Trustees, Ed. O'Roark, Lloyd Sibley and Roy Alger; Assessor, L. J. Chamberlain.

## School of Dance Makes Special Offer

According to Mr. Ray Mahlin, who represents one of Michigan's fastest growing schools of Dance, Clarkston will have a chance to learn Ball-room dancing at quite a reduced rate.

The La-Fay School of Dance has been operating in Clarkston for about ten weeks. Quite a number are taking advantage of the Tap dancing class.

The citizens of Clarkston need not hesitate to attend this reputable school. The teachers are some of the very best and the classes are conducted in an orderly manner. You are invited to visit the school in the Clarkston Opera House on Saturday beginning at 1:00 p. m. See the special announcement elsewhere in this paper.

## Mrs. Walter Ash Is Hostess to Club

On Thursday, Feb. 11th the Clarkston Child Study Club met at the home of Mrs. Walter Ash.

Eight members answered the Roll Call with "Embarrassing Moments". As it was guest night there were twelve guests present.

A short business meeting was held. It was decided to have the next meeting at the home of Mrs. Edward Fuller on Thursday evening, Feb. 25th.

A paper on "Our children need neglect" was given by Mrs. Irving Ronk. Under Parliamentary law Mrs. Joseph Skinner conducted a demonstration of how business is conducted.

The remainder of the evening was spent having a good time. Many games were played with the prize winner receiving a bean. At the close of the evening these beans were cashed in at the store arranged for the evening's fun. Pencils, ink erasers and what-not could be secured for the beans. Everybody had a good time. The high bean collector was Mrs. William Shotka.

A lovely co-operative lunch was served at a table prettily decorated with the valentine motif and color.

What the "Bumps" on Your Head Don't Mean  
 An article in The American Weekly with the February 21 issue of The Detroit Sunday Times reveals that many supposedly intelligent people still believe in the long exploded idea that the shape and size of your head have anything to do with the quality of your brain.

## SPORTS

### First Team

In the first quarter, the Clarkston boys fell behind, giving a score of 10 to 6 at the quarter with Farmington in the lead. In the second quarter, they did somewhat better, getting 7 points to 9 for Farmington, with a score at the half of 19 to 12 with Farmington on the upper side. They went back in at the half with somewhat renewed vigor, but still were behind at the third quarter with a score of 30 to 20. At times during the third quarter, it was hard to tell which team would win, but Farmington had a scoring streak just in time to insure themselves of the game. The final score was: Clarkston 29, Farmington 38.

Box score:

|                   | Goals | Foul shots |
|-------------------|-------|------------|
| McIntyre, forward | 4     | 0          |
| Yost, forward     | 1     | 2          |
| Secord, forward   | 2     | 0          |
| Tee, forward      | 0     | 0          |
| Russell, center   | 1     | 0          |
| Clark, center     | 1     | 0          |
| Addis, guard      | 4     | 1          |
| Boyns, guard      | 0     | 0          |

### Second Team

The second team did much better than the first team as far as the score was concerned. They ran away from Farmington in the first quarter and when they took their rest the score was 13 to 2 in their favor. In the next quarter, they made only 1 point to the 7 of Farmington, giving a score of 14 to 9 still in favor of the Clarkston squad. In the third quarter they again piled up a lead over their rivals, to finish that quarter with a score of 25 to 18. They maintained this lead all during the last quarter and left the floor victorious, score being 32 to 26.

This Friday our team will visit Keego Harbor for an attempt to square accounts for the defeat they suffered at the hands of the Keego boys.

### Girls' Basketball

The Girls' Basketball team didn't have a game last Friday as Farmington doesn't have a girls' team. Because of this we expect to be rested up and so be able to play better basketball. We play Keego Harbor, at Keego Harbor, this week. Although we were beaten by Keego our first game, we didn't lose by a very large margin, and so we are sure that it will be a very good game this Friday night. We want everyone to come over to Keego and cheer for our teams.

### GRADE NEWS

We have a new student. His name is Robert Ryan.

Mrs. Vliet's Room  
Last Friday we enjoyed a Valentine party. For her Valentine Mrs. Vliet received a beautiful plant from the room.

In Geography we are finishing the study of Africa.

For our story-hour Mrs. Vliet is reading us the story of "Camera Trails in Africa" by Martin Johnson. On February 12th we observed Lincoln's birthday. We made posters and read Lincoln stories.

Miss Elzinga's Room  
We enjoyed our Valentine-Box last week very much.

We are reading and illustrating the story of Robin Hood and his merry men.

The students are writing letters to Mazy Wompole in California. She sent us some cactus plants and post cards.

### FROM THE CLASSROOMS

Mr. Bauer tells us that his first year type students are coming along nicely in their speed tests some getting as high as 35 words per minute, which is exceptional for first year students. (Oh, well, it's that junior class again.)

American Literature class students journeyed to the classroom window Wednesday morning to view the frost bedecked town and describe the scene to the best of their ability—the results were surprising.

### ORGANIZATIONS

#### Flying Aces Club

The Flying Aces Club held a meeting last Thursday evening, February 11, 7:30. At the suggestion of Captain H. Newman the members decided to re-arrange their club into two divisions. The boys who are interested only in building model airplanes will make one division, while the boys who want to study the principles of aviation will form another division.

#### Home Economics Club

The girls of the Home Economics Club reached their goal of \$10 for a contribution to the flood relief fund by selling candy bars to the students at noon and to the spectators at the basketball games.

### SOCIAL

#### Epworth League Party

The Epworth League had a Valentine Shadow Box Social last Wednesday evening, February 10, at 7:30 p. m. The boys and girls played games until the shadows were auctioned off. The boys were quite fair in bidding on the shadows, therefore, the boys and girls were well distributed.

### FEATURES

#### Personal Column

Some of the American Literature and Economics students were figuratively "burned up" after receiving slips of paper with the members of the classes' opinion of their characters on them.

Pete Secord must believe in the old adage "Spare the rod, spoil the girl" as he had June Dunston over his knee the other day.

Throwing books and hitting their targets (Jewel Robitaille, Howard Boyns, and Bill Sole), seems to be the latest fad of some of the girls.

Betty Williams had some difficulty in borrowing 20 cents—the admission price to the Holly Prom.

George Dupee's face is not only a brilliant red from the slap he received from Charlotte Sue, but also from the beating he received from Don Smith at table tennis.

By the way what tall blond good-

looking fellow has been giving Mary Lindsey the rush lately?—Her current heart-throb.

It seems that George Beardslee, King McIntyre, Max Souly, Eleanor Baynes, and Milton Fiske would rather see "After the Thin Man" than attend the League Parties.

We wonder if the cynical expression on Lyle Walker's face is caused from experience or depression.

The Juniors instead of the Seniors seem to be taking over the heart-interest this year, as most of their hearts are doing triple time to Cupid's rhythm.

What is in the attractive bottle which draws so many of Kathleen Johnson's friends to her locker, each cold winter day? Hand lotion—of course.

Clinton Russell is very much interested in the Freshmen these days, especially Charlotte Sue and Julia Edgar.

### WHO WILL BE CLARKSTON'S WINTER QUEEN?

Laura Robinson—Tall, brunette and impulsive.  
Angie Marcora—Quiet, sweet and petite.

Betty Jean Clark—Blond, competent and lovely.  
Margaret Shaughnessy—Conservatively jolly and musical.

Eleanor Baynes—An all around girl.

Maxine Scribner—Dark and sophisticated.

Evelyn Walz—Blond and happy-go-lucky.

Evelyn Jencks—Chestnut curls, aloof manner.

Betty Williams—Tall, slim and beguiling.

Muriel Boyns—Cheerful, small and pleasant.

Hilda Barnett—Quiet, neat and attractive.

Shirley Douglas—An All American Girl.

Mildred Butters—Vivacious and charming.

Mary Jane Gulick—Brunette and adorable.

Irene Walz—Good natured and appealing.

Jean Conklin—Tall, dark and attractive.

Pat DeLap—Sophisticated with a sparkling smile.

June Dunston—Tall, blond and lovely.

Donna Lowrie—Dark, full of pep and vim.

Violet Coy—Auburn haired and attractive.

### Want Ads

Apron strings to put on Betty Jean Clark—Dupee.

Address of Alice and Florence Williams immediately—Richard Craven and Lee Kelley.

A good Snow Queep. Someone with beauty, pep, vim and vitality or something—Clarkston Community.

Big box of candy, car and well anything you have—The gold digger.

Singing lessons to be given in the lower hall each morning—Charles Jenkins.

The right break with Eleanor Baynes—King McIntyre.

Curly hair, without eating carrots, and spinach, or using hair curlers—Harriet Beckman.

To be left alone in the balcony at the dances—Lewis and Marie.

Some good ideas for commencement exercises along with the new made will—Seniors.

A cute little lion like I saw at the Shrine Circus—Rosemary Bradford.

More colored ribbons for the latest fad—Clarkston boys.

### Lost and Found Column

Lost: Certain young ladies lost an opinion of their selves after the Lit. and Economics class opinions were handed out.

Found: Mildred Butters and Duane Hursfall in the hall—talking—3rd hour.

Lost: One hot temper on the Basketball floor. Guess who?

Found: One mouse in the hall. Anyone who can identify it—may come for it—Laura Robinson.

Lost: One Bookkeeping teacher, 3rd hour, Wednesday. Anyone seeing him wandering about, please return, for the interest of the school.

Lost: Clarkston's mascot this season. Unless we didn't have one.

Found: A new heart interest (Susan Lowrie)—Richard Craven.

### TO STUDY BETTER SOIL PRACTICES

County Meetings Planned, One to Be Held at Davisburg

Recently 1,000 farmers were asked the question, "Are the crop yields in your community averaging higher or lower over the past fifty years?" The answer in 90% of the cases was that the yields are lower.

This is alarming when one considers that today the yields should be higher because the present day farmer has better seed, better machinery, control of insects and diseases on crops and the use of commercial fertilizer. What will the productivity of Michigan soils be after another fifty years?

Farmers are awakening to the fact that on many farms advance in soil management has not kept pace with advance that has been made in the other branches of farm management

and farming methods.

The Federal Agricultural Conservation program pays cash to the farmer for carrying out and maintaining practices which will build back fertility into the soil and conserve present fertility.

A series of meetings will be held in Oakland county conducted by Paul Rood, of the Michigan State College, and Karl D. Bailey, County Agricultural Agent, to discuss the best use of this payment and the better application of soil building practices considering the needs of the farmer's own farm.

Among these Soil Building practices are:

1. Growing alfalfa, sweet clover and other soil building legumes.
2. Control of erosion by wind and water.
3. Use of limestone and marl.
4. Use of commercial fertilizer.
5. Use of cover crops.

These methods will be discussed from the standpoint of meeting the needs of the individual farm and also as methods of receiving maximum cash payments.

One of these meetings will be held at Davisburg, in the town hall, on Tuesday, Feb. 23, at 1:00 p. m. Mr. Bailey and Mr. Rood will appear

at the time given.

It has been reported that Secretary of the Interior Harold L. Ickes has interested himself in a series of stamps honoring the American Indian and will present the subject to the President at an early date.

No woman truly happy without three men—perfect husband, perfect sweetheart, perfect provider—explains beautiful model and dancer in The AMERICAN WEEKLY, the magazine distributed with NEXT SUNDAY'S CHICAGO HERALD AND EXAMINER.

## But we're selling them at SKIMMED-MILK PRICES

THE 1937 "swing to Ford" has brought the cream of the used car values to our used car displays—but even cream will "freeze" in cold weather. We don't want "frozen" used car assets on our hands until spring. We don't want to pay the cost of carrying them through the winter.

No, Sir!

We'd rather sell them now at lower prices and get liquid "cream" into our bank accounts.

SO—

We've brought used car prices down to the year's lowest levels! We're willing to pay you to buy now. We're offering our finest used cars, all makes and models, all better buys, renewed and guaranteed—at prices which represent a real winter bonus to smart used car buyers.

Prices reduced as much as \$50.

Why put up with trouble, inconvenience and expense on your present car all winter? Why drive an increasingly inefficient car until it's lost its trade-in value?

WHY THROW AWAY THE USED CAR OPPORTUNITY OF A LIFETIME?

Come in today. See the cars we're offering—see the price tags. Then drive away in a real bargain! Don't forget—Ford Dealers, and Ford Dealers only, offer R & G cars protected by the iron-bound R & G guarantee which says: Your money back if you're not absolutely satisfied.

Dorothy Jean Rogers, formerly of Clarkston, and Lyle A. Fritz, of Pontiac, were united in marriage by Rev. C. E. Edwards at the Methodist parsonage last Friday evening. They were attended by Mr. and Mrs. Wm. D. Chetwood and several other friends from Pontiac. The best wishes of our Clarkston folk go out to the happy couple.

Two car loads of happy folks from Detroit stopped at the Methodist parsonage last Saturday evening to witness the marriage rites between Wilma R. Lanning and Virgil A. Conway, both of Detroit. Carlyle E. Lanning and Walter O. Deuel stood up with the happy couple while Rev. C. E. Edwards read the marriage ceremony. The parents of the bride, Mr. and Mrs. William H. The young people are proud to say that the attendance at their Sunday evening meetings seems to be growing. Last Sunday there were thirty present. Although this number was ten shy of the challenge yet it was an increase over the previous Sunday. Let everyone contact a young person and invite them to the meeting this Sunday at the church at eight o'clock. Jerome Galligan will be the leader. Miss Clara Sommers who has been

employed in Clarkston for about the last two years will enroll in the Business Institute in Pontiac the first of March. Her sister, Miss Eleanor Sommers is contemplating taking a course in a school of beauty culture in Pontiac.

**LINCOLN CLUB BANQUET NEXT THURSDAY NIGHT**

Rep. Dewey Short, of Galena, Missouri, now serving his third term in the U. S. House of Representatives at 38, will deliver the principal address at the 48th annual banquet of the Oakland County Lincoln Republican Club in the First Congregational Church, Pontiac, Thursday evening, February 25.

Rep. Short is a brilliant speaker. His activities in life have been most varied; he preached in the American Church in Berlin; he has been a commencement speaker at Harvard University; he has traveled extensively, including Egypt, Russia, the Holy Land and India in his world-wide jaunts. He is equally at home with the Greek philosophers and the Ozark mountaineers. At the age of 38 he has attained life experiences seldom within the years of those many years his senior.

Rep. George A. Dondero will return to the district to preside as toastmaster, a fitting assignment for one so well versed in Lincoln lore. The entertainment program will include vocal selections by the Ford Dixie Eight and a group of tap dancing numbers.

**PIONEER SOCIETY WILL MEET FEB. 23**

U. of M. Professor Will Speak; Pageant on Program

The 68th annual dinner and yearly meeting of the Oakland County Pioneer and Historical society will be held Monday, February 22, at Stevens Hall, Williams and Pike streets, in Pontiac.

**AT YOUR SERVICE**

Fifty years ago the telephone in Michigan was a laboratory curiosity. Today it is the instrument of a tremendously valuable, widespread public service.

This development represents the practical working out of the vision of the telephone pioneers. Their avowed goal was — the best possible service at the lowest cost — consistent with financial safety. For half a century that policy has guided the telephone's every improvement and expansion; it was behind all the many reductions in rates.

And that far-sighted policy applies just as strictly today as it did two generations ago.
