In many ways the play differs from those produced here in recent years. It is a comedy, where our most recent plays have been farces, farce-comedies, or mysteries; the cast is larger than ordinary-15 in all; the characters are many and varied and offer acting opportunities for different types of students. Although the play contains many comic situations, the this Friday on our floor. This is the interest of the play is in the character, the plot, and the theme.

#### FROM THE GRAB-BAG Measles Hold Reign at Clarkston

High Bill O'Roark comes down with neasles Monday morning in Miss Elzinga's room; Elaine Waterbury is discovered with the plaguey things in Home Economics class on Friday; Louis Putnam's called out of Lit. class Tuesday morning to take sister Janet home; and Mrs. Walter looks optimistically (?) ahead to thoughts of Junior play and reflects that never yet has she produced a play with less than two illnesses or accidents in the cast-seems like this year is to be no case as yet, the school nurse reminds us that one is exposed to three day measles fourteen days before he really comes down with them. Thus our present cases were exposed 14 days ago and we who are apparently well today may be home admiring our bespeckled countenances two weeks from now. Here's luck to Mrs. Wal-

ter and her Junior play cast! Like Mother Used to Make

"Can she bake a cherry pie, Billy Boy. Billy Boy?"-No, but she can bake an apple pie or a cream pie if she belongs to the Junior-Senior Home Ec. class. And were those girls proud of themselves! Yes sir, after the pies were done and the class period over, they set them in a row in the little room off the domestic science and locked both doors opening to the room, just to be sure that no ill luck could come to their cherished pastry-and we're certain that if anything had happened to these pies, especially in the form of two-legged mice, there would have been a feud raging up in C. H. S. that the state militia couldn't quell!

#### SPECIAL ASSEMBLY

A special assembly will be conducted Tuesday, March 2, at Clarkston High school. It will consist of a musical program by Brown's Metropolitan Jubilee Singers, a mixed quartet of negro voices. From their association with other negroes they have acquired a large variety of original negro spirituals which they will pre-

sent along with their numbers. A special invitation is extended to the public to enjoy an afternoon of pleasant entertainment. The assembly begins at one o'clock. A small admission fee of five cents will be charged.

#### NOON ACTIVITIES

At the present time there are four kinds of contests being run off in the program for organized play during the noon period. Table tennis was the first to get underway. Of the sixteen sell, Milton Fiske, Marion Beemer, and Dan Addis are still in the playoffs. The finals will probably be played Friday or at the latest Mon-

In the doubles tournament seven teams started. The four teams that remain are Dan Addis and Pete Secord, Marion Beemer and King Mc-Intyre, Milton Fiske and Charles Perry, and Lyle Walker and Chet Adams. The doubles contest is narrowed down to the semi-finals.

Eight girls started in their division of table tennis with four girls remaining in the semi-finals: Marian Yost, Violet Coy, Hazel Sommers, and Genevieve Beardslee.

All of these matches show close competition. At the present time it would be only a wild guess to attempt to predict the winners.

The Shuffle Board tournament entries were composed of both boys and girls but unfortunately (for the girls) the girl entrants were eliminated in the first round. Three teams are left in the semi-finals. There is one more play off to decide the fourth team. Dick Lowrie and Roger Galligan will play the winner of this match. George Dupee and Clinton Russell will play Leslie Vliet and Hammy Newman. The finals should be played by Friday.

There are thirty-five entrants in the Checker Tournament. Jewel Robitaille is the ninth grade champion. Others remaining in their divisions are Richard Tee, Louis Putnam, Marexception to the rule. Even though ion Chamberlain, Eva Robitaille, Wilthe Juniors have not reported a single son Denton, Bud Irish, Richard about his life. Craven, and Don Smith.

#### WEIGHT RULES TO BE IN FORCE SOON

The state highway department this week asked truckers and contractors to move all heavy equipment before spring "break-up" + begins on the

highways. In a letter addressed to truckers and contractors operating in Michigan, State Highway Commissioner Murray D. Van Wagoner pointed out that special spring loading restric-tions go into effect during March. He emphasized that no permits for overweight loads would be issued during

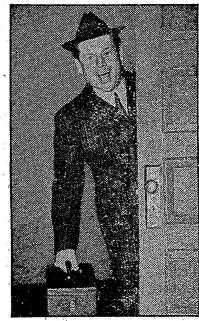

the period of spring break-up. E. E. Blomgren, maintenance engineer for the department, said, This advanced warning is being sent out at this time because we cannot set a definite date after which no permits will be issued for overweight loads. The law authorizes the state highway commissioner to put the special spring restrictions in effeet at his discretion during March, April and May. We are guided en-

tirely by the condition of the roads." Loads exceeding weight restrictions set up by law for other seasons of the year may be moved by special permit from the state highway commissioner.
