## COMMENT AND CRITICISM

Well the election is over and we can settle down into our usual mode of living for a year—providing we were discommosed. The one change that stood out was the election of two republican justices of the peace which means two members of the township board coming up. Ronald Walter will take his place on the board July 1st.

Last week the News published a detailed report of the financial standing of the township according to law for which the township is to be commended. It was interesting to hear the comment of those who read the same.

The Junior play was good as all school plays are. Somehow it is a pleasure to watch people in their every day way of living and then watch them live under another set of conditions.

Well the Chrysler strike is settled. Why was it started? The U. A. W. demanded sole bargaining. They received the right to bargain for their members. The cost about four and a half weeks labor for the employees who needed the money and perhaps one per cent less dividends for the company who can take it and never notice. We are for the working man. He deserves all that he will ever get in this world but we do believe that a little head work before starting a strike will save a lot of head aches and suffering after the strike has started.

## Gordon Jones Completes Course

Gordon Jones, son of Mr. and Mrs. Forrest Jones of route 2 Clarkston has completed a Practical Course of Training in the Chicago Training Shops of the Coyle Electrical School. According to a letter received from the school Gordon's record of accomplishment is worthy of special mention. The rigid requirements of the school make a record, such as he established, a distinct achievement.

## Past Matrons Elect Officers

### Mrs. Floyd Andrews Was Hostess Wednesday Evening

On Wednesday evening the Past Matron's Club met at the home of Mrs. Floyd Andrews. There were seven present. At the business meeting election of officers took place with the following results: president, Mrs. Margaret Rockwell; vice president, Mrs. Rose Teggerdine; secretary, Mrs. Roy Gundry; treasurer, Mrs. John Mann. After a short session of visiting refreshments were served by the hostess. The next meeting will be held with Mrs. Rose Teggerdine.

## Vested Choir to Sing at Cranbrook

Next Sunday, April 11th, at 4:00 p. m. the vested choir of boys and men of Grosse Pointe Episcopal Church under the direction of Beecher Aldrich will sing at the Vesper Service in Christ Church Cranbrook, Bloomfield Hills.

## Seymour Lake

Loretta and Jimmie Porritt have been quite ill with bronchitis. William Everetts of Detroit has been papering for Mrs. Mary Losch. Mr. and Mrs. William Edwards celebrated their 30th wedding anniversary on Saturday, April 3rd. Nelson Parrish and Miss Theda Taylor were recent visitors of Mr. and Mrs. Harvey Porritt. Mr. and Mrs. Wallace Guiles entertained fourteen guests at dinner on Sunday.

The Moshers are moving back to the Eaton farm from Pontiac this week. Mr. and Mrs. Glenn Howell of Detroit visited Ellen Beardslee on Sunday afternoon. The Fourth Quarterly Conference will meet Wednesday with Mrs. Belle Sherwood and will attend the meeting in Clarkston on Thursday evening.

George and Martha Miller were pleasantly surprised on Friday, April 2nd, by a group of young people. The occasion being their 20th birthday. Both received many lovely and useful gifts.

## Casper Beardslee Seriously Injured

### Had Not Regained Consciousness Thursday Morning

Wednesday afternoon while Lou Galligan and Casper Beardslee were repairing a telephone wire past their property. Mr. Beardslee was at the top of the ladder, which was leaning against a telephone post when the post broke near the ground throwing him over into the center of the highway which he struck head first.

He was rushed to the Goodrich Hospital and his condition was still serious as we go to press.

April 26th—Monday evening—the Oak Hill 4-H club will meet with Eugene and Robert Hubbard. Members are asked to please note the change of date, on account of so many cases of mumps and measles.

## A Tie Vote Features Election

### Andrews, Dunston and Carran Re-elected

A Tie vote for the office of Justice of the Peace, full term, was the main matter of speculation after Monday's election. Durand Ogden and Walter Barrows both received 328 votes and both agreed to toss a coin to see who would hold the office. Walter won the toss and will serve for four years.

Although for the last two years no constables have been nominated on the Republican ticket, this year two of the four republican candidates won the office.

Floyd Andrews easily defeated William Belitz for the office of Supervisor by a larger majority than last year. Sara Carran, democratic incumbent defeated Mrs. Carrie Walter for the position of Treasurer gaining a few votes over last year.

The returns in full were as follows:

Supervisor: Andrews (R) 394 Belitz (D) 297

Clerk: Dunston (D) 348 Coe (R) 318

Treasurer: Carran (D) 340 Walter (R) 331

Highway Commissioner: Gundry (R) 362 Irish (D) 283

Justice of the Peace (full term): Ogden (D) 328

## Clarkston Locals

Gordon Jones is going to work for the Bell Telephone Company at Flint. Mr. and Mrs. Hugh Archer and daughter Barbara of Pontiac, and Mrs. Jessie Walter were entertained Sunday at the home of Mrs. Pearl Urch.

Among those who enjoyed the annual spring luncheon of the Gleaners at the First Baptist Church in Pontiac last Friday were Mrs. K. G. Hempstead of Clarkston and her mother-in-law, Mrs. A. F. Hempstead of Oxford.

Mr. and Mrs. A. B. Wompole and daughter, Mazy, have returned after spending several months in California. When Wompoles go west they do not spend all their time in one place and according to reports this year they visited many interesting places and gathered some real curios.

Barrows (R) 328 Barrows was later declared elected. Justice of the Peace (to fill vacancy): Walter (R) 328 Parker (D) 323

Member Board of Review: Phillips (R) 325 Spencer (D) 324

Constables: Seeterlin (D) 338 Sibley (R) 334 Baker (D) 330 Hubble (R) 325 Lowry (R) 314 Seeterlin (D) 313 Kimball (D) 312 St. Clair (R) 302

## Crippled Children Seal Sale Ends

The seal sale for crippled children in Oakland County started March 10th and is completed in Independence Township this week. The chairman Mrs. Milan Vliet reports the amount raised as \$29.70.

All who have donated to the fund or have purchased seals will surely feel satisfied that they have done something to help the crippled children in their own county. You may have given only a few pennies but those few pennies will go far to make life more joyous for some handicapped youngster.

Mrs. Milan Vliet, chairman for the Township and Miss Nell Barry, secretary wish to extend their heartfelt appreciation to the ladies on the committee for their efforts; to the public for their response and to the Clarkston Literary Club for their contribution.

## Junior Play Delights Audience

### The High School Orchestra Furnished the Music

Another important event in the life of the Clarkston High School Junior Class is over and once again they can get down in their class diaries or their class history another success. Last Friday night the class presented their play, "New Fires", a three act comedy by Charles Quimby Burdette.

The plot was exceptionally interesting and was enjoyed by a large audience. The cast was large but was well selected. Each player seemed to live his part and by so doing depicted life as it is in many American homes today. The Clarkston audience will agree with Glenn Hughes of the dramatic department of the University of Washington who said: "New Fires" is a comedy filled with idealism—the sort of idealism that can be truly American, and is remarkably in tune with present conditions. It is a symphony of humor, pathos, dramatic incident and rich characterization."

It would be unfair to laud any certain member of the cast because everyone did exceptionally well and was a credit to the director, Mrs. Ronald Walter.

Before the play started and between acts the High School orchestra, under the direction of Frank Bach, played several selections and received loud applause. At the close of the program the Juniors presented gifts to the director, Mrs. Walter, to the promoter, Mrs. Robert Waters and to Mrs. Dunston who helped considerably. They also extended thanks to those who helped in any way to make their play a success.

## 4-H CLUB BOYS TO HELP IN CONSERVATION

If many of the 40,000 boys and girls enrolled in 1937 4-H club work in Michigan have their will, the state is to get a substantial contribution this year in its effort to conserve and increase natural resources and wild life.

As a new project in this type of work the boys and girls in clubs in 83 counties are to be enrolled in 4-H ranger stations, fire prevention, soil conservation and 4-H pheasant propagation projects. The program is not entirely new but is greatly expanded this year, says A. G. Kettunen, state club leader, and Michigan will be one of 25 state conducting such work. Sixty activities in conservation also are available to club members enrolled primarily in other 4-H club projects.

## Coming Events

April 13th—Tuesday afternoon—the Clarkston Literary Club will meet at the home of Mrs. Chas. Bryant.

April 13th—Tuesday evening—the Clarkston Junior Literary Club will meet at the home of Mrs. Gordon Parker in Drayton Plains.

April 14th—Wednesday afternoon the Royal Neighbors will meet at the home of Mrs. Guy Allen. There will be a co-operative luncheon served at one o'clock. Everyone is asked to bring a donation for the grab-bag.

April 14th—Wednesday evening a box social will be held at the Clarkston M. E. Church sponsored by the Progressive class. An invitation is extended to every one. A good time is assured.

April 23rd—Friday evening—the P. T. A. will sponsor a dance in the school auditorium. Watch for further details.

## Mothers and Daughters To Banquet in May

### A Fine Program is Presented at Ladies' Aid Meeting

On Wednesday afternoon the Ladies' Aid of the Clarkston Methodist Church met at the home of Mrs. L. F. Walter.

There were about fifty present and they enjoyed a splendid business meeting and a very fine program. Mrs. Ed. Miller led the devotionals. At the business session the committees were appointed for the Mother and Daughter banquet which will be held in May. The date will be decided later. The committees are as follows: program, Mrs. L. F. Walter and Mrs. Frank Perrin; supper, the Progressive Class; setting of tables, the Bible Class; decorating, Mr. Boyns' Class; chairman of dining-room, George Harris; chairman of kitchen, George Elliott; tickets, Mrs. A. E. Urch; publicity, Mrs. A. J. Smith.

The program was a real treat. Those contributing were, Donald Smith played a piano solo; little Jean Perrin sang a solo and then she and her twin brother Eugene sang a duet. They were accompanied by their mother Mrs. Winifred Perrin. Mrs. A. E. Urch gave a humorous reading "Serenading Episode". Mrs. L. G. Rowley sang two numbers and her mother, Mrs. Cable, played the piano accompaniment. Mrs. Winifred Perrin and her pupil, Donald Smith played a piano duet. Mrs. Milan Vliet gave a talk on "Gardening".

The refreshment table at which Mrs. Milan Vliet and Mrs. C. E. Edwards presided, was very pretty with a centerpiece of Sweetpeas. Mrs. Jos. Seeterlin, Mrs. Ada Mills, Mrs. A. B. Hubbard and Miss Flossie Hubbard assisted Mrs. Walter.

The May meeting will be held with Miss Ada Scrace.

## County 4-H Clubs Complete Projects

According to the reports of the 4H local Achievement Days 42 Clothing Clubs with a membership of 400 have completed their projects this winter. The Clubs are now ready for their program which will take place in the Washington Junior High School in Pontiac on Saturday, April 10th, beginning at 1:30. Guests are invited to view the exhibits in the morning from 9:00 to 12:00.

A very fine program has been arranged. The Style girls will wear their dresses in the Style Revue. The Honor girls will exhibit all of the articles they have made in this year's program. Only the first and second year work was judged at the Local Achievement Days. All of the advanced girls will exhibit the things which they have made in this year's project and will wear their dresses in the Style Revue. There will be 150 exhibits of girls' work and 125 will take part in the Style Revue.

The Ortonville Club was among those listed as 100% clubs and Drayton Plains received honorable mention. In Drayton Plains the Style Girls are Eileen Brinker, Bernadette Krem, Phyllis Stevens, Julia Chestnut and Zetta Kurbetz; Honor Girls include Irene Hutchinson, Bernadette Krem, Julia Chestnut, Margaret Blue, Maxine Stocker and Zetta Kurbetz. In Waterford the Style Girls are Barbara Schenck, Mary Jean Mortimore, Nancy Kelly and Lois Burt while the Honor Girls are Mary Louise Buck, Doris Bunker, Lois Burt, Joyce Meyers and June Batchelor. In Ortonville the Style Girls include Virginia Group, Eleanor Holtzman, and Harriet Beckman while the Honor Girls are Beatrice Westery, Eddythe Tucker, Beatrice Long, Helen Kent and Dorothy Borst. In the Sashabaw Club Dorothy Marcora was chosen as the Style Girl and also the Honor Girl.

## Consumers Builds New Power Plant

Jackson, Mich., April 1.—Announcement of Consumers Power Company's decision to locate its proposed steam electric generating center on the Kalamazoo River at a site east of Comstock was made here today by Dan E. Karn, vice president and general manager of the concern. The plant will be named in honor of the late Bryce E. Morrow, whose early devotion to electrical development brought him the personal friendship of Thomas A. Edison and Charles P. Steinmetz and who, at the time of his death in 1936, was chief engineer and manager of the production and transmission department of Consumers Power Company.

For the past several months the utility has been making thorough engineering surveys of a number of sites along the river, final decision of which depended upon which would be most economical in all respects. Major equipment for the plant has been purchased and it is expected that construction will commence immediately in order that the first unit may be in operation by June 1, 1938.

One of the high lights of the project will be the large lake extending up the river toward Galesburg that will be formed by the dam which is one of the items of construction now being planned. According to Mr. Karn, the shore line will be improved for recreational sites and the lake will be stocked with fish. A large supply of water for cooling and condensing purposes in connection with the efficient operation of a steam generating plant is a prime requisite, explain Consumers engineers.

Bryce E. Morrow, in whose honor the plant will be named, was born in Ireland in 1873 and came to this country with his parents when very young. He was educated in the public schools of Schenectady, N. Y., and went to work for the Edison Machine Works in that city in 1888, when he was 14. He assisted Thomas A. Edison and Dr. E. A. Kennelly in tests of the first alternating current generator built at the Edison Works which later became the General Electric Company. He later became closely associated with the electrical wizard, Charles P. Steinmetz.

Mr. Morrow's technical education was obtained by private study and through lecture courses at Union College. He had charge of equipment installation at various locations for the General Electric Company and

for a number of years was head of the testing department, resigning from that concern in May, 1902, to become operating manager for the Hudson River Power Company at Mechanicsville, N. Y. A year later he became operating manager for the Hudson River Electric Power Company, former through the merger of several power companies operating in the Hudson and Mohawk valleys.

After three years with the Utility Mutual Insurance Company which he joined as chief engineer in 1912, Mr. Morrow came to Jackson, November 29, 1915, as manager of production and transmission for the Consumers Power Company. In 1922, management of the electrical construction department was added to his duties and they were again increased in 1929 when he became chief engineer of the Consumers Power Company.

His activity in accident prevention included chairmanship of the company's central safety committee and of the National Safety Council, having been a member of the Committee on the New York department of labor. Dangerous Machinery appointed by Mr. Morrow held numerous other safety committee posts at various times and also took an active part in the affairs of the National Electric Light Association in which, during 1910 and 1911, he was chairman of the committee on protection from lightning.

He was elected an associate member of the Edison Pioneers in 1921, having been conferred with the Edison organization between the years 1886 and 1900, the period specified for that honor.

On October 29, 1935, the grade of fellow in the American Institute of Electrical Engineers was conferred upon Mr. Morrow. That honor was in recognition of his contribution to the electrical industry, his early years devoted to the development of power companies of the east and more than 20 years during which his ability in organization, administration and leadership was a dominant factor in the progress of the Consumers Power Company.

During his life Mr. Morrow developed a keen sense of the value of friendly relationships with his fellow-men and was widely known and held in affectionate esteem for his charitable and very human qualities.

Mrs. Anna Gesch of Dixie Highway returned the first of last week from Detroit where she had been caring for her sister Mrs. Leo Chamberlain who underwent an operation on her eyes recently.

A lovely miscellaneous shower was given last Friday evening at the home of Mr. and Mrs. Harold Lewis in Drayton Woods for Miss Eletha Eglough whose marriage will be an event of this month. Games were played and lovely refreshments were served. Miss Eglough received many lovely and useful gifts.

The "Hard Time Party" was such a success last Friday night, the Drayton Plains Men's Club is sponsoring their second hard-time dance in the school auditorium tonight April 9th from 8:30 to 12:00 P. M. The public is invited. The proceeds will be used for paying for the stage, recently built in the School Auditorium.

"The Good News Campaign" is on at the Community United Presbyterian Church starting last Monday night L. James Kindig and Mrs. L. J. Kindig are here with sermon, music and song. Come and hear them. They will be here all next week. Services start every evening at 7:30 except Saturday.

**USING INCUBATORS TO HATCH PARTRIDGE**

A new step forward in the history of gamebird propagation has been made by experiments with Hungarian partridge eggs at the state game farm near Mason and at Michigan state college. As a result the domestic hen may be "shelved" in favor of electric incubators to hatch "hunky" eggs.  
 Game men of the department of conservation hope that in time and by refinement of methods already worked out, Hungarian partridge can be produced on a scale comparable to ring-necked pheasants and almost as economically.

**NOTICE**

**Important to Farmers**

Farmers must use alfalfa and clover seed adapted to Michigan in order to draw any payment on seedings on the 1937 Soil Conservation Program.

A large quantity of foreign seed is being shipped in and the Government is taking this way of barring its use. Growers may obtain further information from the County Agent or the local Soils Committeeman.

Now Daily! A Short Story by Mark Hellinger

This new fiction feature in The Detroit Times will appeal to all the family. Hellinger is called "The Modern O. Henry", a title he deserves because of his talent for telling stories as vividly real, as pulsatingly human, and with as surprising turns at the end as any written by his great predecessor.

## SPORTS

### Girls' Track

This year the girls will be working with a new coach, Miss Elzinga. The first practice will be held Wednesday. Exercises will be hard and extremely strenuous the first week, but the girls look as if they can really "take it". Here's hoping they don't weaken but all work together to make a bigger and better track team! The following girls have already signed up for Track: Kathleen Johnson, Dorothy Wilson, Donna Lowrie, Marie Tremper, Iva Sommers, Rosemary Bradford, Mary Stadler, Marion Chamberlain, Betty Waide, Eva Robitaille, Betty Beach, Evelyn Walz, and Laura Robinson.

### Boys' Track

Clarkston has a fairly large track schedule, including, an intersquad meet and four dual meets with Milford, Grand Blanc, Mt. Morris and Romulus, the regional meet at Ypsilanti and the league meet at Milford.

## FROM THE CLASSROOMS

### Mrs. Strait

The 8th grade home. Economics class is learning how to operate a washing machine.

The 9th and 10th home Economics class is studying color. The making of color and the mixing and blending of colors. They are trying out different colors on different girls to find the colors that can be worn by different types of girls.

The Junior and Senior girls are planning an ideal bedroom. They are studying the arrangement of furniture and color schemes.

### Mrs. Walter

The American Literature class is studying Mark Whitman and his poems.

The 8th and 11th grade history classes are studying the administration of Theodore Roosevelt. This includes conservation and the building of the Panama Canal.

The seniors are rich (imaginary of course). Mrs. Walter made a present of \$10,000 to each senior in Economics Class. They are investing it in the stock market. Most of those that have their's invested have been making money, maybe the seniors aren't so dumb after all. A stock has been assigned to each student and he is to keep a record of the quotation of that stock every day for about a month. In spite of the fact that this is school work the seniors have found it to be very interesting.

### Mrs. Durand

Both Public Speaking classes started organizing a Public Speaking Club last Friday. The club is to meet every Friday. A program will be presented each week under the direction of a committee appointed by the president of the club. Mrs. Durand has nothing to do with the planning and presentation of the programs. It is to be entirely done by the students. These programs will consist of readings, skits, and one act plays. The students think this is the most interesting part of their Public Speaking work.

The 10th grade English class is writing themes.

**Mr. Waters**  
The 9th Biology class has been writing essays on testimonials, quacks, and patent medicines.

**Inquiring Reporter**  
Question: What did you think of the Junior Play?  
Kenneth Grate:

"I thought it was as good a play as has been put on in a long while. All the players had their parts good."

**Betty J. Clark:**  
"It was of a different type in both characters and plot and it suited the players perfectly. I think everyone enjoyed it very much."

**Marion Chamberlain:**  
"It was very funny and different from most plays given here."

**Mrs. Strait:**  
"It was very well casted, every one doing his part very well and I enjoyed it very much."

**Roy Spencer:**  
"The only fault I could find was Olive's holding on the thermometer, (which would make it go up) that Dr. Gray put in her mouth."

**Carmen Clark:**  
"I thought it was swell. The best the Junior class has put on in a long time."

**Larry Newman:**  
"I thought it was excellent. Very good acting and very well directed."

**Roger Galligan:**  
"I thought it was a pretty good play. Todd did good for having taken Earl's part with such a short time for preparation."

**Don Smith:**  
"It was O. K. I liked the part where Hammy got kissed. The last act was very good."

**Marion Yost:**  
"Oh, it was pretty good, considering who gave it!"

**Lester Spencer:**  
"It was fine acting, almost as good as our Junior play."

**Miss Elzinga:**  
"It was very good. I was especially impressed by the fact that they were prompted only once. I think we have some excellent dramatic material in our high school."

**Milton Fiske:**  
"I liked it very much. I don't think the parts could have been fitted better."

**Louise Gulick:**  
"I liked the plot and the acting and it was very well casted. The play seemed very real to life and fitted the class perfectly."

## CLASSES

### Seniors

#### Class Meeting

The Seniors held a class meeting Tuesday at 3:15. It was decided that the class would not wear caps and gowns. On Friday the Seniors will determine what their class will leave to the school and will select their invitations for commencement.

#### Commencement Plans

A committee to decide the commencement program was appointed by Durward Ash, president of the senior class. The committee consists of the president and Eleanor Baynes (chairman), Louise Gulick, Genevieve Beardslee, Angeline Marcora, Shirley Douglas, Wilson Denton, and Earl

Beardslee. They are working with Mrs. Durand who is in charge of commencement.

**Sophomores**  
The Sophomores will have an invitation class party, Friday evening, April 9. The game committee consists of Richard Tee, Marion Beemer, and Harriet Beckman. Iva May Somers, Susan Lowrie, and Phyllis Beardsley make up the refreshment committee. Betty Clark and Milton Fiske will do the "Cleaning-Up".

**GRADE NEWS**  
**Miss Elzinga's Room**  
Mazy Wimpole has returned from California. She related her experiences on her trip and while living in California for our room. She also brought us some petrified rock from the petrified forest for our collection. She showed us pictures of the Grand Canyon, Colorado, Painted Desert and other interesting places that she had seen while traveling.

**We are studying the Feudalism in the Middle Ages in History.** Stanley Perrin has drawn a picture of a feudal castle on our blackboard in colored chalk. We are also building a feudal castle of heavy paper to illustrate life in the Middle Ages.

**Our boards are being decorated with a border of tulips and irises.** Our Junior News came out on Monday and caused much interest and laughter among the students.

**Mrs. Rockwell's Room**  
Children of our third grade who won credits in our spell-down on Friday April 2, were Harold Kennedy, Frank Ronk, Floyd Marlowe, Audrey Weichert, James Waterbury and Joyce Lawson.

Those who won in the second grade spell-down were Marjorie Collins, Mary Lee Bradley, Jean Gundry, Katharine La Plant, Ruth Davies, Kenneth Hempstead, Dennis Warden and James Fuller.

Joan Fuller is quarantined in with scarlet fever as her sister Alice has it.

**Mrs. Vliet's Room**  
Two new fifth grade pupils are Madalene Boklan, transferred from White Lake and Keith Korolden from Pontiac.

We have started a new poster "Geography in the Newspapers". The interesting news items from countries that we are studying will be mounted on it.

Each 5th grader made an Easter greeting card. There were many original and attractive designs.

We have received a collection of books from the state library at Lansing. Wilbur Adams has made cards and listed the books and is acting as our first librarian.

**FEATURES**  
**C. H. S. On Parade**  
Baseball season seems to be in full swing, as you see the boys practicing day and night out on the field.

Dame Rumor has it that a new table is being built in the shop for table-tennis. Some of us table-tennis fans will appreciate that.

Pete Secord has been looking for a girl of the old-fashioned variety. In the olden times it was proper to lay down your cloak for the ladies to pass over mud puddles and such—but now they boldly pick the ladies up in their arms and jump. And didn't Evelyn look quite satisfied to have it that way!

Chief Note Reader—No More! Lewis Putnam. Chester Adams looked very paternal in the Junior Play and many of the players still call him "Daddy".

Why the sparkle in Ruth Olson's eyes? Is she keeping something from us? Second names have become quite popular and the young ladies are very much insulted when they are not used. There is Bettieann Comstock, Betty Ellen Chamberlain, Betty Jean Clark, and Betty June Wright (Notice the "B's" have it).

King McIntyre has been using red, green, and blue ink to decorate his Business-English Letters, and somehow Mr. Bauer doesn't seem to appreciate them.

What is it that Charlotte Sue gazes so long about in 4th period session room? A surprise party was given for Francis Sommers last Saturday. Many of the High School Students attended.

Your reporter noticed quite a few Clarkstonites were at the Oakland Sunday, enjoying "Green Light".

Track boys running around the gym—and going through the funniest gymnastics. They are getting in shape for the coming season. Even the snow hasn't effected their enthusiasm.

Spring fever has taken effect—its latest victims are Richard Craven and his brother Bob who seem to have caught the mood.

Kenny Grate had lots of fun spilling the things from Evelyn Jencks' purse all over the floor at the 10th grade class meeting.

It seems that there is a picture of a wire-haired terrier in the Senior session room with the words: "Senior Mascot" written on it—or rather it was that way; now it reads just "Senior".

We are wondering who took Eva home on his bike the other night. Mr. Bauer has achieved one of his life's ambitions—he has suddenly acquired the prefix of "coach" and so we now have "Coach Waters" and "Coach Bauer".

Ye Editor, Charles Perry received an unsigned card from Canada over the week-end with the following message: "Hello Billy Boy!"

Dorothy Wilson scours the school for ideas on her feature column on Wednesdays.

We'd like to know whose lipstick Milt Fiske carries in his pocket. Could it be the girls who visited school here last Friday?

"One who laughs last, laughs best." It seems that Dick Lowrie was surprised when he sat on the tack on his chair after he had played the same trick on Irene Walz. The result of this affair was a ten minutes shorter noon period for Dick.

Thank Heaven, Mr. Bauer knows how to repair typewriters or those Juniors wouldn't have made \$66.84 on their play! (And if it hadn't been for Laura the amount wouldn't have been quite as high as that!)

Did you know that the Junior Class has started a menagerie? Sure enough, they began their collection with a rabbit used in the play for Jerry (King) to shoot at.

**OBSERVATIONS**  
Biggest Thrill of last week: Experienced by the Juniors when the mighty Seniors filed through the dressing room after the final curtain of "New Fires" on Friday night, and whole heartedly complimented them on the production.

Seems as if Mary Jane Gulick's cousins were shown one good time from the time they arrived last Friday, till they left Sunday afternoon—we hear also that Milt Fiske, Howard Boyns, George Beardslee, and Dan Addis, had something to do with state of affairs.

We all were talking about the front row kiddies at school plays, and such, and how one never knew what somebody down there might yell up at him while he was doing a scene on the stage—and then King McIntyre unabashedly stated that only last year he was among the front-row-sitters.

In demand: Blondes—Betty Jean Clark can't be everywhere at once.

All the boys have been firing away in the gym at the back-stop, getting ready for their coming baseball season.

Mr. Waters played ball with a second grader in the hall at noon hour the other day.

All the girls' hearts went "pitty pat, pittty pat" when the newcomer (Faye Tondy) entered the school. Everyone has been asking "Who is he?" "Where does he come from?" "What grade is he in?" and so on and on and on.

The Seniors have given Mr. Winn the name they wish to have on their diplomas—providing they get said diplomas!

The snow didn't last long but it was long enough for Bud Irish to get a great kick throwing it down the girl's backs. (Some snow eh, Bud?)

Here are the results of Betty Chamberlain's (as Phyllis) studious efforts in learning those "marketing" and "speculation" definitions on the stage Thursday and Friday evenings in the third act of the junior play.

"Backstage Bedlam"  
There's nothing quite so awful in a world full of doleful things, as a dress rehearsal on the night before the final play begins.

It seems you've never hurried nor got anywhere on time; your skirts they go on backwards—your shoes they tie behind. With seven combs at the beginning there's nary a one in sight, nor is there a pin, a brush, or a puff, what a hectic grand—glorious night. But now this is the final night—I'm not even nervous, not scared with fright, 'cause the footlights hide what would make me scared; the sight of my friends all sitting there.

Gosh! there's news from the box-office that money runs high, the candy's selling—the limit's the sky! So our efforts weren't worthless or our money ill-spent, —makes up for the cold suppers and the time we spent;

Another year of statistics has been compiled. It is estimated that 38,500 people have been killed by automobiles.

The pity of that total is this: Almost 50% of the people killed by automobiles were pedestrians. In spite of this, people still insist on jay walking at crossings, walking between intersections, and stepping out from behind parked cars. These are dangerous practices and can be stopped only when each and every person becomes safety conscious to the point that he feels he should set an example for others.

Walk right—stop, look and listen.

### FACULTY INTERVIEWS

Mrs. Emily Beardslee

Mrs. Beardslee is a member of one of the oldest families in Clarkston, her great-grandfather Knox having settled here in 1837. Mrs. Beardslee has lived most of her life in Clarkston and vicinity. She received the first twelve years of her education in Clarkston schools and then attended Michigan State Normal College at Ypsilanti from which she received a life certificate upon graduation. She taught one year in a rural school in Springfield, three years in the City of Farmington and studied at the Detroit Teacher's College before she accepted her position at Clarkston. She is now completing her eighth year of service here. Mrs. Beardslee says she plans to do work relative to the elementary grades at Northern State Teachers College at Marquette this summer.

Her hobbies are music and the reading of good books. She enjoys her work with boys and girls very much.

She likes the following lines and would like all of her students to follow them:

"To love, to labor, and to be content with life  
To find the rare and beautiful each day;  
To walk 'neath God's own sky and breathe the pure,  
Life-giving air of hope and energy."

Here\* are actual figures:

Electric Cooking is not expensive!

COST OF OPERATING AN ELECTRIC RANGE

Family of 3 **\$1.70** per month

\* This figure is a 4-months' average (October, November, December and January) of actual cooking costs in families of three persons, at the rate of 2 1/4 cents (net) per kw-hr. Special record meters were installed on these customers' ranges, and the above figure is the result. It shows a cooking cost of about half-a-cent a meal a person. This is an AVERAGE of the cost figures obtained. Some of the actual costs were higher, some were lower.

These figures are obtained under everyday working conditions in ordinary kitchens... the ranges are used by women cooking meals daily for families of three, four and five people, or larger. In the survey, 5 well-known makes and 9 different models of electric ranges were included. These tests prove conclusively that electric cooking is not expensive. 10,000 of your neighbors chose electric cooking during the year 1936. SEE THE NEW ELECTRIC RANGES ON DISPLAY AT DEPARTMENT STORES, ELECTRICAL DEALERS, AND THE DETROIT EDISON COMPANY.
