## COMMENT AND CRITICISM

Better times are here again. Not only is real estate coming into its own, not only are people refurbishing their homes, not only are up-to-date automobiles being purchased, but more printers' ink is being spread to bring sales messages to you. With prices advancing rapidly, NOW is the time to buy, rather than later.

## Jr. Literary Club Has Regular Meeting

On Tuesday evening the Clarkston Junior Literary Club met at the home of Mrs. Howard Lord. Seven members answered Roll call by relating "A most embarrassing moment". Mrs. Robert Jones and Mrs. Charles Rockwell were guests.

A short business meeting was held. Each member gave an interesting two minute talk. The club books will be completed at the next meeting which will be held at the home of Mrs. Wendie Purkiss in Drayton Plains. The hostess served dainty refreshments.

## Mrs. J. Skinner Entertains Club

At the business meeting plans were started for a Bake Sale on Saturday, May 22nd. More details will be announced later. Mrs. F. E. Davies read some interesting articles from Reader's Digest and Mrs. John Alander read Roberts Rules. The club will meet on May 20th, with Mrs. John Alander. The hostess served dainty refreshments.

## Mrs. E. J. Miller Entertains Club

The Clarkston Literary Club met on Tuesday afternoon at the home of Mrs. E. J. Miller, with 15 members answering Roll Call with "Earliest remembrances of their Mother".

After a short business meeting at which a report of the annual County Federation meeting of May 7th was given, an interesting debate was enjoyed, the subject being: Resolved—That our grandmothers with their limitations lived happier and more useful lives than we do with all of our privileges. Affirmative—Mrs. D. McClelland, Mrs. C. Smith and Mrs. E. Miller; Negative—Mrs. C. H. Southerland, Mrs. A. E. Butters and Mrs. Ray Clark. The affirmative side won by the popular vote by points by the members.

## FESTIVAL OF LIGHT AT CRANBROOK CHURCH

Next Sunday afternoon, May 16th, at the four o'clock service in Christ Church Cranbrook there will be held the traditional Festival of Light service to commemorate the birthday of the entire Christian Church. All the many colored vested choirs march with their banners and crosses about the church. When the service begins there is just one light in the whole church and that comes from a large candle eight inches in diameter and four feet high which rests on the altar. The Festival of Light symbolizes the spread of the Light of Christianity throughout the world. From the candle on the altar the rector of the church, Dr. Marquis, lights his candle, the light in turn being passed along to those chosen to represent apostles and missionaries. They in turn carry lighted candles to young and old throughout the congregation so that at the end of the service the entire church is dotted here and there with the lights from these candles. One of the features which has served to beautify this service is the young children who bring their own tiny candles. The service closes with the entire congregation "standing in silence while the bellmaster from the tower plays two familiar hymns, "O God Our Help in Ages Past" and "Faith of Our Fathers". In this way a brief but unique carillon recital is incorporated into the service. Then on the recessional hymn the choirs, followed by all those bearing lighted candles, file slowly out of the church. At the eleven o'clock service Sunday morning the sermon will be preached by the Rev. W. Hamilton Aulenbach, whose topic will be "What Does Motivate Modern Man?"

**First Plows of Tree Branches**  
The first farm plows were made of crooked tree branches and worked by man power.

## Ford Dixie Eight Here Next Wednesday

P. T. A. Will Have Business Meeting at 7:30 Sharp

Next Wednesday night the Clarkston P. T. A. will hold the regular meeting at the school. The business meeting will start promptly at 7:30 as a very fine treat will be presented at 8:00 o'clock.

For many months the P. T. A. has tried to get the Ford Dixie Eight to give a program here and finally managed to secure them for next Wednesday night with a promise of a capacity crowd. There is such a demand for this Octet that they cannot begin to visit every place they are invited. There are a few in Clarkston who have been fortunate enough to hear them and now everyone in town is going to have the opportunity. The auditorium should be crowded. These singers are known from coast to coast and are becoming more popular every day.

## Death Takes Mrs. C. A. Butler

Mrs. Butler was a member of the First Methodist Church in Pontiac and a member of the Lady Foresters. She spent a good deal of her time at the home of her daughter in Clarkston and so made many warm friends here. Everyone who knew her loved her.

She leaves one son, John Smith of Pontiac and one daughter, Mrs. David C. Miller of Clarkston. The funeral service will be held at the Ogdan Funeral Home on Friday afternoon at 2:30 with Rev. C. E. ## New Home of the Clarkston State Bank

There is a general belief that now is the time to build and repair, before prices go higher. The advertisements of the Clarkston State Bank have advocated this plan and now they are following their own advice and adding to the bank offices.

Monday, foundations were completed for an enlarged office space and lobby. The new building, a wing on the south of the present building will

continue the style of architecture of the present bank both in interior and exterior appearance. M. B. Hungerford is the contractor under the direction of Ray Ward, Architect.

Of further interest is the fact that application has been made for membership in the Federal Reserve System. From the inception of the Federal Deposit Insurance Corporation,

the bank has insured its deposits. The common stock will be placed on a dividend paying basis beginning June 30th.

All of these steps forward have been a consistent growth since 1933 when the bank was re-opened after the bank holiday with assets totaling \$149,325.38. Today the total assets are \$545,024.14.

## THE HILLTOPPER

### SPORTS

**Milford Defeats Clarkston**  
Tuesday, May 11, Milford defeated Clarkston 6 to 1 in a seven inning game here.

Dan Addis did a very good job of pitching in his first complete game. Milford scored in the first inning when the lead off man was hit by a pitched ball; he was then sacrificed to second and scored on a hit by Baker; who also scored on a hit by his brother. An outfield error by McIntyre allowed the last man to score when he overthrew third base. Clarkston's first chance to score came when Walker and H. Newman both singled with two men out; Second was then hit by a pitched ball, thus filling the bases; but F. Russell who batted for Grate struck out. In the sixth inning Clarkston scored when Walker singled and then F. Russell was credited with an infield hit and H. Newman was out attempting to steal from third. Milford again scored in the seventh when they scored three runs out of five hits and one error.

Clarkston got 7 hits, Newman, Walker, and Addis getting 2 apiece and Russell getting one. But the hits were too well scattered to allow much scoring.

Addis struck out 3 and Milford 12. Addis walked 1 as did Milford. Both pitchers hit one man. Clarkston made 4 errors while Milford made none.

Totals: Milford got 9 hits; Clarkston 7. Milford got 6 runs, Clarkston 1.

**For Homemakers**

Housewives need no longer dread the task of laundering wool blankets or comforters if they follow the suggestions of Mrs. Lois Hays of the Home Economics department at Michigan State College. "Preserving the lovely open texture of wool blankets at the same

time keeping them soft," says Mrs. Hays, "is simply a matter of care and of two important don'ts. Don't use hot water and don't wring or rub the blankets." Water above 100 degrees Fahrenheit tends to stiffen blankets marring the sheen of natural wool. Wringing or rubbing also has a disastrous effect upon blankets and comforters. Dirt should be soaked out by at least two sudings with any good quality soap. Rinse at least three times and place weights in the corners when drying. Blankets and comforters should dry slowly. Hang them in a room with good circulation or outside in a gentle breeze. The weights insure square corners.

**BULLET ENDS LIFE OF NORMAN C. ORR**

**Former County Official Committed Suicide Monday**

Norman C. Orr, former prosecuting attorney and circuit court commissioner of Oakland county, shot and killed himself at his home in Pontiac shortly after midnight Monday night. He was 43 years old. The reason for

NORMAN C. ORR

the rash act is thought to have been dependency over ill health and financial and marital troubles. He recently disappeared for several weeks and during that time his wife began divorce proceedings. They were once divorced but were remarried a few months later.

Mr. Orr's rise to prominence in the legal profession was almost meteoric. Graduated from the Detroit College of Law in May, 1925, that fall he was appointed assistant prosecutor, and three years later was elected prosecutor. In 1934 he was elected circuit court commissioner but was defeated for re-election last fall.

**EARLY PLOWING BEST FOR BEANS**

For best results in the 1937 bean crop bean growers are advised to get their spring plowing of last season's seeded sweet clover done as early as possible.

Experiments conducted over a three year period by H. R. Pettigrove, farm crops department, and C. E. Millar, soils department of Michigan State College, show that growers planning to plow under sweet clover for this season's bean yield should get their plowing done early in May, before the fifteenth if possible.

Tests prove that those who wait for a larger growth and plow late in May are likely to have an exceedingly dry, loose seed bed on which beans yield poorly.

**What is the "Low-price Field"?**

**YOU** hear a lot about "the low-price field" these days. A good many cars claim to be in it. So whenever the low-price field is mentioned, remember:

Until Ford came, no average American could own a car.

Today all Ford prices are still low — with the prices of the 60-horsepower Ford V-8 \$30 to \$60 lower than those of any other car of comparable size.

But with Ford, "low price" doesn't merely mean low figures on the price tag. It means much more than that. It means low prices and low costs all the car's long life. Low prices for service — for parts — and, above all, for operation.

Both Ford V-8 engine sizes are economical to operate. The 85 horsepower gives greater gasoline mileage this year than ever, and the "60" delivers the highest mileage in Ford history.

Private owners, cab companies, fleet operators all report that the "60" averages from 22 to 27 miles per gallon of gasoline.

Check and see how much Ford saves you.
