COMMENT CRITICISM

Although a week has gone by since the Commencement exercises at the School yet one of the main topics of conversation about the town is how beautiful the whole program was. The candle-lighting service seemed to please everyone and the thought that it conveyed has received plenty favorable comment. Many admired the class for presenting the loving Cup to the school, and last but not least the graduates have received many compliments for appearance. And by the way if there are any graduates who failed to secure a comencement Ladies' Aid program for his or her memory book -just call at the News office there were a few left.

Thursday the sit down strike of the men working for Consumers which tied up the Saginaw Valley came near to at least causing the News a little inconvenience. The village of Holly was completely without electricity and they use electricity in running linotypes and printing presses and it was impossible to have the paper printed there as usual. However the strike was settled, we hoped and hoped and kept on hoping till the edition was finished. It so happened that on Monday a new press had been installed in the News Office and had the strike been a week later the News would have been printed in our own office. In this regard we might say that our job shop has been busy these several weeks and the new press had been a necessity to keep pace. We had been preparing for this emergency. We will be prepared should this emergency occur again.

Mentioning again the strike for just a moment. We do apologize for the news content for the first time since our arrival. The question was how much room would we have to carry news; whether to go into particulars or even omit some facts.

Despite an intensive search in every known history or publication available nothing has been found to give any clue as to what Virginia Dare, first white child of English parentage born on American soil, might have looked like. Designers so far have failed to come forward with anything that might be an appropriate design for such a commeme so apparently the only solution will be an artist's conception of Note the hour: 10:45 to 12:00. what Virginia Dare as an infant and her mother resembled will be used as the central design.

The stamp will be in baby blue of the 5 cent denomination and it will be considered as a philatelic stamp. There are already three 5 cent stamps in use and it is expected that few of these will go into use except as first day and covers, the principal demand coming from collectors and dealers.

The stamp will be issued in August and it is expected that one or more commemoratives honoring the Constitution Sesquicentennial will follow it very closely.

Highway Commissioner Murray D. Michigan Highway Map, prepared for Clarkston, at a bathroom shower the motoring public by the State Highway Department.

The map contains the latest cor-rected information on the various dividual maps of the principal cities of the State, a mileage table of trunk lines points, the Michigan State Ferry Schedule, location of airports, State Parks, Forest Areas, State College, Mr. Owen a graduate of Police Posts and other pertinent in-

formation. The improved type accordion fold, which proved so popular in 1936, will again provide easier access to any section of the map side.

Several features on the reverse side of the new map include a table of the Michigan State Parks, index of cities and villages, and a detail map of southeastern Michigan.

This is the first edition of the 1937 map. Others, with the necessary corrections, will be available in July and September.

This map is available at no charge, and persons desiring copies may obtain them by writing to the State Highway Department.

Closes Year

Mrs. Vollmer Is Hostess

The Clarkston Literary Club was delightfully entertained for its annual picnic and final meeting of the year at "Juniper Hills" the beautiful summer home of Mrs. Vollmer near Ortonville.

Twenty-three members and several guests partook of a grand dinner and in spite of a severe storm the following program was thoroughly enjoyed. Two lovely piano solos by Miss scientific principles of the move-Betty Ash, a group of three pretty songs by Miss S. D. Woodward; Miss Betty then favored the group with two more fine selections.

The Club was pleased to have with them for the day, Mrs. Huey of Ann Arbor and Mrs. Murray of California, both former active members. They all local Rosicrucians will attend the also welcomed the new member, Mrs. Margaret Rockwell.

After much visiting and merriment he group reluctantly departed for nome hoping that Mrs. Vollmer would invite them back again at some future time.

Clark-Owen Rites Read Last Saturday

Will Spend Summer in Clarkston

A charming wedding was solemo'clock in the Clark homestead on give free swimming instructions North Main street when Miss Virginia Isabel daughter of Mr. and Mrs. Lee M. Clark became the bride of Edward Alexander Owen, son of Mr. and Mrs. William J. Owen of Auburn Heights. Rev. C. E. Edwards, pastor of the Clarkston Methoidist Epsicopal church officiated.

The bride wore her mother's wedding gown of white mousseline de soie and lace, made on princess lines, with a handmade yoke of lace medallions and pearls, and her mother's veil, and carried a shower bouquet of Johanna Hill roses and valley lilies. Mrs. Orvin Fergerson, of Detroit, sister of Mr. Owen, attended the bride as matron of honor and Miss Margar-

County Red Cross **Sponsors Swim Class**

At a meeting of the Red Cross on Wednesday evening it was decided to help lessen the number of drowning accidents in the county by offering to make the project worth while. It was suggested that one of these classes be conducted in Clarkston. The question now arises "Are there enough interested to make it worth while?" If you are interested in these free swimming lessons you are asked to call Mrs. Howard Huttenlocher, Clarkston 86R, just as soon as possible in order that the instructor, Miss Dorothea, Lawrence, may complete her schedule. She expects to start her work on

June 21st. There are so many bathers in this icinity that this seems like a grand chance to help make bathing safer.

HOLLY THEATRE

Fred Astaire and Ginger Rogers have topped all their previous efforts in "Shall We Dance", which opens Sunday at the Holly Theatre for

three days showing. Funnier and faster than their earlier pictures, the romantic aspects and the comedy of the new musical have been definitely stressed, making for greater entertainment values, while the songs and the dance novelties that film-goers have learned to expect in the Astaire-Rogers offerings are present in abundance, and

brilliantly conceived. The story presents the two favorites, not as struggling unknowns, but as "top" celebrities in their respective fields, Astaire as a famous ballet A rehearsal dinner was held Friday dancer who goes under a Russian name, Miss Rogers as a revue and musical comedy favorite. His siege to her heart runs into hilarious com-

LIKES SOY BEANS AS CROP TO GROW

Rose Supervisor Thinks Farmers Should Raise More

Supervisor Arthur Claspill of Rose township thinks farmers of this locality are overlooking a good thing in not devoting more of their acreage to the production of soy beans. He has been investigating this matter for some time and has become convinced of the value of the crop. It is, he says, a valuable feed, containing pro-

tein, and all kinds of stock like it There are also good possibilities in raising the beans for market. For feeding purposes some farmers plant it between rows of corn, and cut it with the corn for bundle feeding or for ensilage. Others grow it as a hay Mr. Claspill is experimenting this

year with a small patch and is quite certain to go into it on a large scale later. He says one farmer in north Legion Post and Auxiliary will hold Highland township is planting 40

THOUSANDS said that tires could not stand the terrific grind. They said cars had been built with much greater speed, turns in the track had been repaved with granite-like surface, yet Wilbur Shaw drove to victory on Firestone Gum-Dipped Tires setting a new record of 113.58 miles per hour on one of the hottest days in the history of the Indianapolis track.

Think of the terrific impact on these tires as the cars roared into the treacherous turns and out again. Tons of force straining, pulling, and twisting inside the tire, yet not one cord loosened, not one tread separated from the cord body—all because Gum-Dipping, the Firestone patented process, successfully counteracted the internal friction and heat that ordinarily destroy tire life.

You will never drive your car at these record-breaking speeds, but for the safety of yourself and but for the safety of yourself and family you need the safest, strongest and most dependable tires. Come in today. Join the Firestone SAVEALIFE Campaign by equipping your car with a set of new Firestone Gum-Dipped Tires—the safest tires that money can buy:

THAT last year highway accidents cost the lives of more than 38,000 men, women and children?

THAT a million more were injured? THAT more than 40,000 of these deaths and injuries were caused directly by punctures, blowouts and skidding due to unsafe tires?
