CLARKSTON, MICHIGAN, FRIDAY, JULY 16, 1937

NUMBER 46

## COMMENT AND CRITICISM

We have certain people who look at a public job as a chance to take life easy and at the same time make "easy" money; people who want the job and say so; they are politicians. Then we have another class who see an opportunity to serve men and women who admit that the country will probably get by if they are not elected but who honestly believe they can serve better and they are known as statesmen. In this latter class may we place the late Hon. Joseph T. Robinson, Senator from Arkansas. We do not say that we have always agreed with his school of thought, but we have always admired his intensity of purpose. He did what he thought best regardless of whose toes he stepped on. And to him a government job was not a chance to get by on an easy job. In fact so hard did he labor that he departed this life at the early age of sixty-four years. The United States can use more of these statesmen.

Stop to think of it even the "Golden Rule" can probably be used in an arbitrary way to work a hardship on someone, even if as a general rule it has more good points than bad. We do not have much sympathy with those who bemoan the cost to the government of the search for Amelia Earhart. It is entirely possible that it is costing a quarter of million dollars a day. So what! The upkeep of the equipment and pay of the men probably costs two hundred and forty nine thousand a day anyway whether we are looking for lost citizens or fighting a war. The extra thousand should buy a lot of gasoline with which to fly around the ocean. But to get back to the golden rule. It seems that on the warship Lexington, on its race to location to aid in the search, a young man on the boat underwent an appendectomy, and although his parents were worried about his condition, apparently there was not sufficient money in the U. S. Treasury to send a telegram, to relieve their worry. We suppose there is some explanation although just now we cannot think of any.

Investigation has shown that a lot of the trouble over dumping of rubbish on the village dump is caused by people who do not live in Clarkston but on or near nearby lakes. Because this is wrong, we refer you to the article of Casper Warden, Village president, elsewhere in this paper.

Because for some reason people very seldom admit they like a circus and always go to please someone else, may I remark that I am going to take a one day vacation and take me to the circus the first of the week.

## Royal Neighbors Met Wednesday

### Mrs. Bateman and Mrs. Leonard Were Hostesses

On Wednesday afternoon the Royal Neighbors met at the home of Mrs. Bateman. Mrs. Frank Leonard was co-hostess.

At noon a lovely cooperative dinner was served on the lovely front porch overlooking the mill pond. There were sixteen present.

At the business meeting which followed the dinner it was decided to accept Mrs. Clarence Smith's invitation to hold the next meeting at the home of her mother Mrs. Luella Leighton, at Williams Lake. This will be a day's outing and a cooperative picnic dinner will be served at noon.

After the meeting a short time was devoted to visiting and everyone had a fine time.

## Baseball

Clarkston Merchants vs Pontiac Ramblers Sunday, July 18th High School Field

Come out and watch this home town team go to town.

## Clarkston State Bank Joins the Federal Reserve

### Secretary of the Treasury Admits Membership on July 7th

There are, it seems, banks, Banks, and BANKS.

First, there is the ordinary bank, then there is the Bank which is a member of the Federal Deposit Insurance Corporation, and lastly the BANK which embraces the qualifications of the first two and in addition is a member of the Federal Reserve System.

Hence we join with the officials of our local bank in rejoicing over the fact that an announcement has been received from the Secretary of the Treasury at Washington to the effect that on July 7th the Clarkston State Bank was made a member of the Federal Reserve System.

## Flushing Ladies Dine in Clarkston

"Should Auld Acquaintance be Forgot" was the theme song on Monday evening when a group of Flushing ladies dined and visited with Mrs. Addie Badgero.

At about seven o'clock the group enjoyed dinner at the Helen Tea Shoppe on East Washington Street and then went to Mrs. Badgero's home where they had a good time visiting. Mrs. Badgero spent fourteen years as telephone operator in Flushing and during that time she made many warm friends who intend to keep her from getting lonesome while she is getting acquainted in Clarkston.

The group included Mrs. Agnes Kimmell and daughter, Dorothy, Mrs. Raymond Bailey, Mrs. Harlan Bruner, Mrs. Phillip Bruner, Mrs. Alice Smith, Mrs. Sam Smith, Mrs. Zula Hock, Mrs. Georgia Casson, Mrs. Ethel Jeandheur, Miss Cora Stevens and Miss Delia Thompson.

## Junior Auxiliary Has Splash Party

### Picnic Supper Is Enjoyed at Williams Lake

On Friday afternoon of last week the American Legion Junior Auxiliary enjoyed a splash party and picnic supper at Williams Lake.

The weather was extremely warm and the young people were anxious to get into their swimming suits so almost as soon as they reached the Lake they were changing their togs. There was a nice sandy beach and an ideal place for bathers as well as swimmers. After more than an hour in the water and on the dock the group went to the home of Mrs. Luella Leighton where they prepared for supper. Although the sun was scorching and everyone was complaining of the heat they were hungry and quite ready to enjoy a lovely supper served at a long table on the front porch of the Leighton home. The menu had been planned by Vivian O'Roark, Catherine Roehm and June Harris.

A few minutes after five o'clock the young people left for their homes after expressing their thanks to Mrs. Leighton for her hospitality.

Those who attended from Clarkston were Vivian O'Roark, Mary Craven, Barbara Craven, Mrs. Percy Craven, Mrs. Clarence Smith and Mrs. W. H. Stamp and from Waterford were Catherine Roehm, Barbara Roehm, Marion Roehm, Mary Louise Buck, June Harris, Jean Girst, Kitty Lou McLaughlin, Mrs. Henri Buck and Mrs. Charles Roehm.

## OBITUARY

### Lillian Cargo Daly

Lillian Cargo Daly, aged 64 years, passed away at the County Infirmary after being in ill health for the last few years.

Mrs. Daly was born in Carleton, Mich., June 22, 1873. Before going to the Infirmary she lived in Clarkston with her sister, the late Mrs. Erwin Trim.

Funeral services were held in the Andersonville Presbyterian Church on Sunday afternoon at 2:30 with Rev. George Hill officiating. Burial was in Andersonville cemetery. The Ogden Funeral Home of Clarkston had charge of arrangements.

## Menu For Dinner Is Planned Wednesday

### Affair to Take Place on July 21st at Clarkston M. E. Church

On Wednesday the committee in charge of the Ladies' Aid dinner to be served at the Clarkston M. E. church on Wednesday, July 21st, met at the home of the chairman, Miss Ada Scraec.

As it is difficult to plan a meal in such warm weather it took some time for the committee to make final decisions. However they have planned what they hope will be an excellent meal. The menu follows—

Veal Loaf (cold)  
Escalloped Potatoes  
Harvard Beets Cabbage Salad  
Pickles  
Rolls  
Fresh Cherry Pie  
Coffee or Cold Tea

## Change of Range Will Bring Benefit to Poultry Raisers

Losses in pullet raising during hot summer months can be shifted into healthy gains and profitable fall eggs with wise use of a portable range shelter.

Although a shelter able to handle 125 pullets to maturity may cost 20 to 30 dollars for materials, the equipment makes a good investment, according to J. A. Davidson, member of the poultry husbandry department at Michigan State College.

One suitable type advised by the college has a frame nine feet by ten feet. When this is placed in an acre of green feed range the pullets are away from adjoining flocks and the shelter can be moved often enough to avoid contaminated range. Alfalfa or sod is suggested for range. In a sod orchard the better the sod, the less the contamination.

Chicks can be placed in this brooder and range as soon as comparative warm weather arrives in June. Because they have sufficient room on range and in the shelter the unit of 100 to 125 pullets can utilize the equipment until they are ready to go into winter laying quarters.

A concise bulletin describes necessary material and gives diagrams of construction. Copies of this bulletin are available by writing Bulletin Room, Michigan State College, East Lansing. The four page publication is called "Extension Bulletin No. 124, Portable Range Shelter."

## Churches

### CLARKSTON METHODIST CHURCH

C. E. Edwards, Pastor  
10:30 Worship and sermon.

11:30 Church school. Lewis Warden, Superintendent.

Wednesday, the Aid will serve dinner in the church parlors beginning at 6:00. The public is invited.

Thursday the Adult Bible class will hold a picnic pot-luck dinner at the Beardslee cottage on Big Fish lake. Cars will meet at the home of George Harris ready to leave by five p. m. If any member does not have transportation call Mrs. Harris, president of the class.

### CLARKSTON BAPTIST CHURCH

H. B. Stevens, Pastor  
Sunday, July 18th:

Bible School at 11 o'clock.

Worship and preaching, 12 o'clock. In the absence of the pastor Rev. C. A. Ehrhardt of Flint will preach.

Wednesday evening prayer meeting at 8 o'clock.

### SEYMOUR LAKE METHODIST CHURCH

9:00 Worship and sermon by the pastor.

10:00 Sunday school. Mrs. Iva Miller, Superintendent.

### WATERFORD CHURCH

Sunday School at 10:15, Supt., Henry Mehlberg in charge. There are classes with teachers for all ages.

Church service at 11:15. The pastor, Rev. S. M. McFalls will bring the message. You are invited to attend. A welcome is waiting for you.

## School Meeting Held Monday

### Rain Keeps Many from Attending the Annual Election

Monday evening Roy Spencer and Joe Hubbard were re-elected to the Board of Education. After this election and the meeting was over the board met and re-elected the same officers as last year.

A heavy rain at the time of the meeting kept many from attending.

## Mrs. Margaret Miller Is Hostess Saturday

One of the lovely events of the season took place on Saturday afternoon at the home of Mrs. Margaret Miller when she entertained about forty of her friends at a one o'clock luncheon and bridge.

Although the afternoon was miserably warm the guests were quite comfortable in the cool, spacious rooms in the Miller home. Luncheon, which should have been called a dinner or perhaps a banquet, was served at three long tables in the large dining room. The tables were centered with garden flowers. At about three o'clock the guests went to the living rooms where a few games of contract were enjoyed. Garden flowers were used in profusion about the rooms. The awards for the afternoon went to Mrs. Milan Vliet, Mrs. Jossman, Mrs. Z. Grant and Mrs. Ronald Walter.

The out-of-town guests were, Mrs. L. D. Brady of Albion, Mrs. Myron Friday of Davidsburg, Mrs. Edward Tibbals of Cass Lake and Mrs. Frank Kirby, Mrs. Robert Munroe, and Mrs. C. O. Lanning of Pontiac.

## Class Reunion Held Sunday

### Graduates of '35 Hope to Meet Annually

On Sunday, July 11th, the graduates of the 1935 class of the Clarkston High School held a reunion. The majority of the class were in attendance.

The class met at the home of Jeanette Miller at 9:00 a. m. where cars were waiting to start on a jaunt to Ann Arbor. The cars were decorated with the class colors.

They drove to Ann Arbor where they enjoyed cooking their dinner at an open fireplace at Island Park. In the afternoon many pictures were taken and the group had a good time swimming in Murray's Lake, north of Ypsilanti.

They returned to Clarkston later in the day and decided it would be grand to repeat this happy occasion each year.

## Farm Bureau Enjoys Day at Lapeer

### Farmers and Friends from Eight Counties Picnic at Annbrook Park

On Tuesday of this week the farm bureaus of eight counties had an outing at Annbrook Park at Lapeer. A large crowd of farmers and their friends arrived early to take part in the parade which took place at 11:00 a. m.

At noon a picnic dinner was served in the Park and everyone had plenty to eat. In the afternoon stunts and sports were in order, and just like a day at the circus there were plenty of hot-dogs, lemonade and just everything that would help make a big day. One event that caused heaps of amusement was a beauty contest in which the entrants were men in women's attire.

In the evening a very fine program was appreciated. Each county contributed a number or two. The number from here was a trio composed of piano, violin and vocal and the participants were Mrs. Winifred Perrin, Harold Konzen and Miss S. D. Woodward.

## Clarkston Locals

Mrs. Clara Ward of Drayton Plains, formerly of Clarkston, called on friends here on Tuesday.

Mr. and Mrs. William Pierce, Mrs. Ada Mills and Mrs. George Harris attended the Farm Bureau outing at Lapeer on Tuesday.

## Must Have Permit To Dump Rubbish

Again the privileges of the dumping ground have been abused until at the present time it is a disgrace to any community. A large per cent of the abuse is from people who live anywhere from 1 to 5 miles from Clarkston.

The condition was brought to the attention of the Council and as a result we feel that foreigners have made Clarkston their dumping ground long enough and pursuant to an ordinance of sometime ago the Council has adopted a new plan which it is hoped will stop some of the abuse.

Hereafter anyone having rubbish to haul away will be required to get a permit from the Village Clerk on which will be printed rules as to what will be required of him or her if they make use of the dumping ground.

No garbage or filth, no closets, tanks, auto bodies or rolls of wire fencing nor anything that it is impossible to cover up shall be deposited on this ground. A fine may be imposed for the violation of these rules.

Let's keep this thing cleaned up. You can help.

## "Sticker" Licenses Out of Date After Saturday, July 31

Several thousand owners of motor vehicles will be barred from driving in the streets and highways of Michigan on Sunday, Aug. 1, because they delayed too long to buy 1937 license plates to replace their half-year "stickers", it is estimated by Leon D. Case, Secretary of State.

It has been computed that by July 16, with only 10 working days remaining before Aug. 1—the "sticker deadline"—about 375,000 motor vehicles will still be equipped with stickers which their owners plan to replace with 1937 plates by Aug. 1. This takes into consideration cars which will be junked when stickers expire, together with stickers already replaced with plates.

Case points out that it would tax the facilities of the Department and its 150 branch offices throughout the state to issue an average of 37,500 sets of plates daily, in the time then remaining, even if applications were made at that rate. Inasmuch as a large part of the stickers are being used in congested Wayne county, it is believed that time will not permit service to all who seek it when Aug. 1 approaches. The motor vehicle laws of the state do not permit the Secretary of State to postpone this deadline.

## Clarkston Locals

Born to Mr. and Mrs. Elmer Collins a 10 lb. daughter, Carol Ann, on Thursday, June 8th.

Mr. and Mrs. Irving Ronk and family are vacationing in the northern part of the State.

Donald Smith, son of Mr. and Mrs. Clarence Smith, left on Thursday to spend a few days with friends in Detroit.

## Community Events

July 18th—Sunday—The American Legion Post and Auxiliary picnic has been postponed.

July 19th—Monday—The Oak Hill 4-H club will meet with Eugene and Robert Hubbard and enjoy a wienie roast.

July 20th—Tuesday evening at 8:00 o'clock the American Legion Post will hold the regular meeting at the Legion Hall.

July 21st—Wednesday evening—the Ladies' Aid of the Clarkston M. E. church will serve supper at the church starting at 6:00 p. m.

July 23rd—Friday evening a Penny Supper will be served at the Waterford Church. Serving will start at 6:00 o'clock. Everyone is invited.

August 4th—Wednesday evening—the Ladies' Aid of the Clarkston Methodist Church will sponsor an ice-cream social. Mrs. John Mann will be in charge. Watch for further details.

August 11th—Wednesday—the Royal Neighbors will spend the day at the home of Mrs. Luella Leighton at Williams Lake. A picnic dinner will be served at noon.

## BASEBALL NEWS

### Sunday, July 11, at Clarkston—Clarkston, 15; Pontiac Eagles, 7

Due to a misunderstanding as to the location of the game it was finally agreed to play at the Clarkston field. Russell did the hurling for Clarkston and although he was wild at times his mates were hitting the ball hard and far and at one time collecting five doubles in succession.

Next Sunday, July 18th, there will be a game at the Clarkston High School Field with a team known as the Pontiac Ramblers. This team has done very well so far this season, taking a game from Drayton and a number of other important teams.

## Wedding Anniversary Celebrated Friday

### Mr. and Mrs. George D. King Were Hosts

Last Friday evening Mr. and Mrs. George D. King celebrated their 30th wedding anniversary by entertaining a number of their friends at their home on North Main Street.

At about 6:30 a delicious buffet supper was served after which a few bridge games were enjoyed. The guests appreciated the place cards on which were snap-shots of Mr. and Mrs. King, one taken thirty years ago and one taken just last week. These place-cards were unusual and will be kept by the guests. The awards for the bridge went to Mrs. C. G. Waterbury, Mrs. John DeLind, Mrs. Arthur Schurz, William Watson, Herbert Lavigne and Dr. Schurz.

## Springfield News

Springfield Village—the small pioneer village of the ages which took on new life some fifteen years ago, is still progressing. The latest step is the remodeling of an abandoned street car which had been an eye sore not only to local people but to travellers as well. Mr. and Mrs. Louis Hack of Detroit have purchased it and on a lot at the back of it they have built a home and several neat tourist cottages. The old car has been remodeled and redecorated and is known as Hack's Diner. Its close proximity to the road and the cordiality of the proprietors attract business. It might well be called, "The Open Door."

Mrs. Lionel Waterbury and children were guests of friends last week at "Jeado" on Lake Huron.

Mrs. R. H. Riechert, who underwent a major operation at the Pontiac General Hospital two weeks ago, is now convalescing nicely at her home, "Bonnie View."

The School meeting for the District was held on Monday evening. Glenn Ellis is the Treasurer; J. L. Waterbury is Director and Mrs. C. G. Waterbury is Moderator. The scholars will be transported to the Clarkston school, the same as last year.

Howard Tanner of the Tanner Tire and Battery Service of Detroit, who last year purchased that portion of the old Waterbury Dairy Farm lying on the east side of the Dixie Highway, has the foundation in for a home for himself and family. It will be a stone structure. This location is one of the most natural beauty spots north of the Bloomfield Hills district.

Mr. and Mrs. E. S. Waterbury, Maurice and Mrs. C. G. Bishop have returned from a vacation in the western part of the State. They went as far north as Ludington and then drove along the lake shore and admired the cherry orchards which have replaced the peach orchards of yester years. These cherry orchards are a beautiful sight at the present time as the branches are laden with the crimson fruit. Mr. and Mrs. Waterbury were married in April, 1891, and took this same trip the next day.

Mrs. Waterbury says this recent trip was their second honeymoon but admits that this time she saw the territory in all its beauty. On their way home they called on Rev. and Mrs. L. B. Albert at Muskegon. Mr. and Mrs. Albert were residents of Clarkston in the early 90's, he serving as Pastor of the Baptist Church. They both filled a vacancy in the Clarkston High School. Mr. Albert retired several years ago from active business life but is still very active at the age of 82. Mrs. Albert has been principal of the Froebel School in Muskegon for 26 years.

**Waterford**

Mr. and Mrs. Howard Burt spent Tuesday in Flint.  
 Mr. and Mrs. Ernest Valentine and sons, Dean and Ernest Jr., of Detroit called at the homes of Mr. and Mrs. E. D. Spooner and Mr. and Mrs. H. B. Mehlberg.

The Waterford School Reunion will be held Saturday, August 7th, at the school. There will be a pot-luck dinner. Plans are being arranged for the day. Walter Whitfield, president, will have charge of the business meeting.

Mr. and Mrs. John Miller of Dixie Highway are on a motor trip in the east with their son and his wife, Mr. and Mrs. Kenneth Miller of Pontiac. Word was received from them saying that they had visited Watkins Glen and they expected to spend the week-end in Washington, D. C. While in Washington they will call on Mrs. John Bliesath who formerly lived in Waterford.

The annual School meeting of the Waterford School District was held at the school on Monday night. C. R. Wood of Williams Lake was elected trustee for three years to fill the vacancy caused by the expiration of Percy King's term. The organization meeting of the board was held on Wednesday night. The other members of the board are, Kenneth McVittie, Henri Buck, Frank Peeples and Henry Mehlberg.

The Dixie Ann Circle of the Ladies' Auxiliary will serve a Penny Supper at the Church on July 23rd. Serving starts at 6:00 o'clock. The following committees will be in charge—kitchen, Mrs. Williams, Mrs. Bessie Owen, Mrs. O. D. Anderson, Mrs. John Gillespie, Mrs. Nellie Hood, Mrs. Louis Dorman, Mrs. James Saylor, Mrs. John Miller; dining-room, Mrs. Arthur Walter, Mrs. Ida Beattie, Mrs.

Howard Burt, Mrs. Smith, Mrs. Arthur Babbs, and Mrs. Charles Chase, cashiers, Mrs. James Stites and Mrs. Charles Roehm. Everyone is cordially invited to attend and enjoy a good home-cooked meal at a small cost.

Hartwick Pines state park northeast of Grayling was the scene of Michigan's first state-park wedding. Two hundred invited guests were present in the park Memorial building when Miss Opal Flagen and Law Hamblin, both of Maple Forest township, Crawford county, were united in marriage by Rev. M. Mitchell of Comins.

**BUILDING TESTS WALLS FOR FAIR**

**NEW YORK (Special)**—Although the opening date of the New York World's Fair is still almost two years away, the Fair site already has one building that mystifies all persons who pass that way and one that is of great interest to the contractors and builders of the whole country. The big sign says it is the "test building."

The building can be made to do a lot of things just short of a late dance step. It can be made to twist, heave, buckle, sag or otherwise contort, all at the will of the Fair's engineers. It has a sawed-off tower arrangement on one end. Some sections of its walls are dazzling under the sun and are, obviously, encrusted with bits of broken glass. Its four walls, in fact, comprise 43 different set-ups of material, supports and surface coatings. When its day is done it will be made to collapse by the turn of a screw.

The unique building is typical of nothing other than itself, say Fair officials, since it is just a set of walls, upon which to try out the merits of various types of wall coating and stucco treatments.

The durability, appearance and structural peculiarities of walls are of great importance to the Fair, since its 300 buildings will require around 15,000,000 square feet of such enclosures.

The interior of this "wall laboratory" is given over to the Corporation's illumination engineers and their experimentation with new lighting devices.

**PACIFIC FIR GOES TO NEW YORK FAIR**

**NEW YORK (Special)**—"Good old Douglas fir" from the Pacific Northwest will provide the foundations for the most spectacular of wonders at the New York World's Fair of 1939.

This was learned when the Fair Corporation offices in the Empire State building announced the purchase of more than \$100,000 worth of fir pilings from the National Pole Treating Company. This particular lot of fir sticks will be driven into the ash fill of the 1216 1/2-acre exposition site to guarantee the support of the two unique structures forming the Theme Centre of the "Nation's Fair." These are the 200-foot Persphere, a globe seemingly supported on the waters of fountains, and the Trylon, a 700-foot triangular needle or bescon and broadcasting tower.

Shipments of the 1263 sticks, 95 to 99 feet in length, are taking place this month, after creosote treatment has been accorded them either at the National Pole and Treating Company's plant at Hill-yard, Washington, or at the Minneapolis yards.

This is the Fair's second purchase of fir from Northwest sources. An order for 770 sticks of similar length was filled early this year from Oregon cuttings. This earlier shipment of piling supports the Fair's \$900,000 Administration Building already erected on the grounds.

**CHILDREN IN COURT**

Judge Malcolm Hatfield  
 Now that the schools are closed for the summer it will be necessary for parents to exercise constant vigilance over their children if they want to keep them out of court.

Too many mothers and fathers permit minors to idle away their summers in search of unsupervised amusement. Then, when a son or daughter finds recreation in questionable places and brings disgrace to the family, such parents usually blame everyone but themselves. To avoid all possibilities of a disastrous vacation, the wise mother and father will remain constantly alert and not relax their watchfulness for a single hour.

The Clarkston News

**ANNOUNCING A NEW ELECTRIC SERVICE**  
... one of the finest of all electrical conveniences for your home!

The comfort and enjoyment of abundant hot water with none of the bother of heating it—this is the newest aid to better living that electricity brings to your home. Think of the luxury of COMPLETELY AUTOMATIC hot water the minute you want it—at a turn of the faucet! No running up and down stairs to light a tank, no waiting for water to heat. This carefree service requires no attention whatever. Water is heated at night and stored in a well-insulated tank, where it is available for use during the next day. You need not lift a finger to heat it.

A low night rate for water heating makes this service very economical. Less than 10c a day furnishes fifty gallons of electric hot water... for bath and shower, for shaving and washing, for cooking, cleaning, laundering and dishwashing, for countless other daily tasks. Day or night, summer or winter, year in and year out, whenever you need hot water—just turn the faucet and there is your hot water on tap! Once you have enjoyed this modern convenience, you will never consent to part with it. Ask about automatic electric water heating at any Detroit Edison office.

**Important Change Made by Legislature**

Auditor General George T. Gundry announced today that two acts passed by the recent Legislature have materially changed the setup with reference to Medical Treatment of Afflicted and Crippled Children.

Under the new acts, Mr. Gundry explained the Auditor General is now the sole collector for monies due the state, and in addition has the jurisdiction along with the Michigan Crippled Children's Commission for establishing all fees and rates as well as the procedure that shall be followed in the rendering of related services.

Two outstanding features of the

new laws provide for the definite establishment of a maximum amount that may be paid to both hospitals and physicians and secondly, provides for the prosecution as a felony of any hospital or physician who attempts to collect for treatment from the parents and also from the state.

Mr. Gundry pointed out that the cost to the state for these services has increased tremendously during the past nine months. As an example, he said that the entire cost of treatment for July, August and September for 1936 amounted to \$52,000 while the costs of April, May and June, 1937, will run somewhat over \$200,000 or an increase of 400% in nine months.

**For Homemakers**

If the directions accompanying electric appliances have been mislaid they may be summed up as follows: Operated the appliance as instructed. Keep it clean and covered when not in use. Oil as required. Watch the cord that connects the appliance to the source of current and repair or replace it promptly if it becomes worn or frayed.

These are recommendations offered by Miss Helen Noyes, home management specialist at Michigan State College. In handling an appliance cord, she says, always grasp it by the plug and not by the cord itself. Rough handling is hard on the fine wires inside the cord and will eventually cause them to break. Then they may cut through the protective covering in which they are wrapped. The cord should not be twisted or bent. Bicycle tape may be used to wrap a cord where it has become worn.

For best service an electric washing machine should not be overloaded either with clothes or water. In starting the machine, first start the motor and then throw the machine into gear. In stopping, throw the machine out of gear before turning off the motor. Wringer rolls, of course, should have the tension released when left. The machine should be stored in a dry, clean place.

Best results with an electric iron come from keeping its sole or bottom surface clean, being careful not to scratch it. It is important that the iron be disconnected when not in use.

Clean the dust bag of a vacuum cleaner regularly but never wash it because washing will remove the "filler" in the fabric which helps to make the bag dustproof. Bits of glass, pins, or metal objects, if picked up with a vacuum cleaner, may clip the fan blades or make holes in the dust bag. Sparking of the motor is usually the result of worn brushes. These may be replaced.

The enameled parts of an electric range may be washed with soap and water or a mild abrasive such as whiting when the range is cold. Metal parts may be polished with metal polish or whiting. Food spilled on cooking units is simply burned off

and any particles left in the grooves brushed out with a soft brush. Electric refrigerators require but little attention. The food compartment needs regular cleaning and whenever anything is spilled it should be wiped up immediately.

**First Plows of Tree Branches**  
 The first farm plows were made of crooked tree branches and worked by man power.

**LEGAL NOTICES**

**MARSHALL E. SMITH, ATTORNEY, 410 PONTIAC BANK BLDG., PONTIAC, MICH. MORTGAGE SALE**

DEFAULT having been made for more than thirty days in the condition of a certain mortgage made by Mrs. Mary Wiseman to William Dandison dated the 26th day of June A. D. 1920 and recorded in the office of the Register of Deeds for the County of Oakland and State of Michigan, on the 19th day of July A. D. 1920 in Liber 276 of Mortgages, on page 506, which mortgage was duly assigned by Forrest C. Dandison, Administrator of the Estate of William Dandison, deceased, by assignment dated June 11, 1925, to Eliza Dandison, widow of William Dandison, deceased, and recorded October 15, 1928, in Liber 677 of Mortgages, Page 441-2 on which mortgage there is claimed to be due at the date of this notice, for principal and interest, Taxes and Insurance the sum of Three thousand One hundred forty and 37/100 (\$3,140.37) Dollars and 00/100 (\$35.00) dollars, as provided for in said mortgage, and no suit or proceedings at law having been instituted to recover the money secured by said mortgage, or any part thereof.

NOTICE IS HEREBY GIVEN, that by virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, on Tuesday the 12th day of October, A. D. 1937, at 10:00 o'clock in the forenoon, Eastern Standard Time, the undersigned will, at the Saginaw Street entrance of the Court House in the City of Pontiac, Michigan, that being the place where the Circuit Court for the County of Oakland is held, sell at public auction, to the highest bidder, the premises described in said mortgage, or so much thereof as may be necessary to pay the amount so as aforesaid due on said mortgage, with 7 per cent interest and all legal costs, together with any taxes or insurance that may be paid by the undersigned prior to such sale on the mortgaged premises which premises are described as follows: Property situated in the City of Pontiac, County of Oakland and State of Michigan, described as the southeast corner of land owned by Lillian J. Beal on the West line of Perry Street thence westerly to land of Lillian J. Beal and seventy feet to land of Perkins thence south forty-two feet North on West line of Perry Street fifty-five feet to the place of beginning.

Dated: July 15, 1937.

**Clarkston Locals**

L. F. Walter and Mrs. Ronald  
Walter spent Wednesday in Detroit.  
Mrs. Sarah Lee of Milford is  
spending some time as the guest of  
Mrs. Ann J. Scraee.

Mrs. Dora Ackerson of Tampa,  
Fla., formerly of Clarkston, called at  
the L. F. Walter home on Sunday.

Mrs. Ada Mills spent the last week-  
end at Bald Eagle Lake with Mr. and  
Mrs. Warren Strait.

Mrs. Milton Clark and daughters,  
Josephine and Madeline, have arrived  
from California to spend the summer  
in Clarkston.

Merrill Edwards, of Detroit, was a  
visitor at the home of his parents,  
Rev. and Mrs. C. E. Edwards, last  
Sunday p. m. Their grandson, little  
Teddy Pritchard, also of Detroit, is  
spending the week with them.

Mr. and Mrs. F. E. Davies and  
daughter, Ruth, returned to their  
home on Saturday night after a most  
enjoyable trip in the east. They went  
to West Arichat, Cape Breton Island  
where they visited Dr. and Mrs. E.  
G. Barnett. Their trip was extreme-  
ly interesting as they went by way  
of the St. Lawrence River drive  
around by the Gaspé peninsula. On  
the return trip they went into Maine

and their only regret was that they  
could not spend a few days in that  
beautiful State. They covered a dis-  
tance of 3600 miles and averaged  
about 350 miles per day.

**BIGGEST CIRCUS  
FEATURES 'INDIA'**

The world's mightiest amusement  
enterprise on tour—the Ringling  
Bros. and Barnum & Bailey combined  
circus—with its 1937 seven-ring-and-  
stage program, star studded and lib-  
erally interspersed with new thrillers  
from Europe and Asia, featuring  
among its array of new wonders the  
most gorgeous introductory spectacle  
in its brilliant history, India, is defi-  
nitely scheduled to exhibit in Detroit  
Sunday, Monday and Tuesday, July  
18-19-20.

India is not just another circus  
spectacle. It is not merely a glittering  
parade to open the Big Show per-  
formances. It is the result of a year's  
planning, a really staggering expendi-  
ture and much research on the part  
of Sam W. Gumpertz, general man-  
ager of The Greatest Show on Earth.  
Costly fabrics were purchased in car  
load lots. Color schemes blend in  
lovely perspectives. Every one of the  
two thousand people and animals tak-  
ing part wears a small fortune on  
his or its back. All have towering  
headdresses of exquisite beauty. One  
group of 170 horses, with girl riders,  
is like nothing ever before offered,  
for the horses, wearing medieval gar-  
geous canopies over the girls' heads.  
India is a torrest of color and flash-  
ing jewels, flowing over the hippo-  
drome track and the seven rings and  
stages. It is the last word in pag-  
antry.

Heading the scores of new foreign  
features are The Great Aloys, aerial  
thriller; the Magyars, Europe's  
mightiest troupe of somersaulting  
stars; the Famed William Heyer, Hol-  
land's great horse trainer, and his  
wonder horses; the Maysy-Brach  
troupe of aerial unicycle marvels; the  
Naitto family of wire wizards; the  
Lu Lolita troupe of upside-down aer-  
ialists; the Qualtieros, airplane aer-  
ialists; the Cleveres, whirlwind acro-  
bats; the Wen Hais, novelty stars,  
and many others equally renowned in  
Europe, Asia and South America.  
There are 800 performers.

In aerial and equestrian displays  
The Greatest Show on Earth has out-  
done itself this year, while the ground  
acrobatic numbers are the largest  
and finest ever presented in any land  
or age.

The Ringling Bros and Barnum &  
Bailey combined circus will arrive on  
four long trains of 100 double-length  
steel railroad cars, carrying 1600  
people, 1009 menagerie animals, 7  
herds of elephants and 700 horses.

**MANY CHANGES IN  
STATE-GAME LAWS**

Hunters Should Advise Them-  
selves of the Changes

Holly sportsmen will do well to  
"brush up" on their hunting laws this  
year.

A careful review of records of the  
1937 legislature by conservation au-  
thorities has revealed so many altera-  
tions that Michigan's 1937-1938 game

law digest will have to undergo al-  
most complete revision.

Numerous changes in seasons and  
general regulations have been  
brought to light. Some of these were  
made by the legislature in the last  
minute rush toward adjournment and  
were completely lost sight of by in-  
terested observers. While not all of  
the changes have received the govern-  
or's signature, it was expected that  
all eventually will become laws.

Some of the innovations and altera-  
tions in the laws which will appear in  
the new game law digest now being  
prepared are listed as follows:

Prohibits possession of loaded fire-  
arms in all mechanically propelled  
vehicles and boats.

A closed season this fall on squir-  
rels.

Shorter season on cottontail rab-  
bits and snowshoe hares in the lower  
peninsula. Season was from Oct. 15  
to Jan. 31 and is now from Oct. 15  
to Dec. 31.

Places skunk on unprotected list  
and subject to legal shooting year-  
around.

Provides for general trapping li-  
cense, except for beaver and otter for  
which special license is necessary.  
Small-game hunting license hereafter  
will not entitle licensee to any trap-  
ping privileges.

Provides for non-resident small  
game license fee of \$15 in zone three  
which is that area in southern Mich-  
igan south of north line of Town 16  
north and east of Saginaw bay, in-  
cluding all of the Thumb area; and  
a non-resident small-game fee of \$5  
in all of Michigan north of the north  
line of Town 16 north and west of  
Saginaw bay.

Requires all hunters and trappers  
to make reports to department of  
conservation of number and species of  
game birds and animals taken in sea-  
son under license. This applies to  
bow-and-arrow and regular deer  
hunters as well as small-game hunt-  
ers and all trappers.

Sets season on pheasants, ruffed  
grouse, prairie chickens and sharp-  
tailed grouse in lower peninsula  
from Oct. 15 to Oct. 31, inclusive.

No permit necessary to carry fire-  
arms by persons entering hunting  
areas within five days of open deer  
hunting season.

**HOLLY THEATRE**

Storming in epic sweep over half  
the world, as the last slaver sails on  
its last desperate voyage, "Slave  
Ship" opens Sunday at the Holly  
Theatre, giving the screen a new  
claimant for the title of mightiest of  
all the sea sagas.

"Slave Ship" co-stars Warner Bar-  
ter and Wallace Beery in a pulsing  
tale of the slave-trading era, with  
Elizabeth Allan and Mickey Rooney  
among those on the boat as, with  
decks reddened by mutiny, it roams  
the seas on its final fury-racked voy-  
age.

Warner Baxter plays Captain Jim  
Lovett, romantic scourge of two seas,  
who defies the navies of the world, is  
betrayed by a shipmate, and fights at  
last for love in the greatest sea ad-  
venture of them all.

Wallace Beery sinks his teeth into  
a meaty role that presents him as  
the villainous mate of the slaver—  
big-fisted, bull-headed, genial, and  
treacherous to his dying breath, one  
minute a roaring beast, the next, a  
gentle child; friend and foe alike to  
the captain he serves—and betrays.

"Slave Ship" traces the tempestu-  
ous career of a swift bark engaged  
in the slave trade, and its courageous  
captain, Warner Baxter, who planned  
to retire from "blackbirding" to set-  
tle down to a new life with his young  
bride, Elizabeth Allan.

As they sail on Baxter's boat on  
the honeymoon cruise which is to  
mark the end of its days as a slaver,  
they find that they have been betray-  
ed by the mate, Wallace Beery, and  
the crew, avid for more slaving prof-  
its. The honeymoon cruise is turned  
into a voyage in which they are con-  
tinually brought face to face with  
danger and death.

Sought by the navies of every na-  
tion, and torn by mutiny aboard, the  
slave ship sails on through adven-  
tures on the high seas and along the  
African coast, and it is a dramatic  
climax which clears the future for the  
captive couple and sends the ill-fated  
slaver to its ominous destiny.

"The Prince and the Pauper", the  
first talking-film version of Mark  
Twain's immortal adventure-romance,  
will be presented Tuesday on the  
screen of the Holly Theatre.

The well-known story is that of  
two babies born in London at the  
same moment in the 16th century—  
one the young Prince Edward, who  
first sees life in the palace; the other  
Tom Canty, who opens his eyes in the  
slums, the son of a thief and vill-  
lain. Their lives become tangled be-  
cause they look exactly alike.

The producers got a break in mak-  
ing this picture because they discov-  
ered a pair of identical twins—Billy  
and Bobby Mauch of Peoria, Ill.  
Bobby plays the Prince, Billy the  
Pauper. It is the first film showing  
for the former.

Errol Flynn heads the cast. Once  
more he is a swashbuckling sword-  
man.

The cast also includes such famed  
trouper as Claude Rains, Henry  
Stephenson, Barton MacLane, Phyllis  
Barry, Montagu Love, Fritz Leiber  
and Ian MacLaren.

**SAFETYGRAMS**

Last week, I said something about  
the action of the pedestrian. Now I  
am in the position of a pedestrian  
watching the automobile driver.

Just stand on any street intersec-  
tion, or at any crossroad, or along  
the country road and note the actions  
of some of these crazy automobile  
drivers. They think they have exclu-  
sive rights to the highway and that  
all other automobile drivers and  
pedestrians have absolutely no rights  
at all.

Of course, the automobile driver  
has certain rights prescribed by law,  
but to violate all acts of decency by  
excessive speed, by cutting in and  
out, and by endangering the lives of  
pedestrians and other automobile  
drivers, is not anybody's right.

The right to live is more sacred  
than the right to drive.

**8 EXTRA POUNDS  
OF RUBBER**

**TAPPING RUBBER TREES  
ON FIRESTONE  
PLANTATIONS IN LIBERIA**  
From these plantations  
come an ever increasing  
supply of rubber. Firestone  
saves in producing raw  
materials, manufacturing  
and distribution to give  
YOU more for your money

**Another Reason Why  
FIRESTONE GIVES  
YOU SO MUCH  
Extra Value at  
No Extra Cost**

**YOU GET EXTRA  
PROTECTION  
AGAINST  
BLOWOUTS**—eight  
extra pounds of rubber  
are added to every 100  
pounds of cord by the  
Firestone patented Gum-  
Dipping process. By this  
process every fiber in  
every cord in every ply is  
saturated with liquid rubber.  
This counteracts dangerous  
internal friction and heat that  
ordinarily destroy tire life.

**YOU GET EXTRA PROTECTION  
AGAINST PUNCTURES**—because  
under the tread are two extra layers  
of Gum-Dipped cords.

**YOU GET EXTRA PROTECTION  
AGAINST SKIDDING**—because the  
tread is scientifically designed.

**YOU GET LONGER NON-SKID  
Mile A.C. because of the extra tough,  
long wearing tread.**

Before leaving on your vacation trip,  
join the Firestone SAVE A LIFE  
Campaign by equipping your car  
with a set of new Firestone Standard  
Tires—today's top tire value.

**PRICES

is only 15 cents a day!

And when you consider  
its extra beauty, size and  
comfort, its extra quality  
and safety features—and  
its truly amazing econ-  
omy, it is easy to under-  
stand why Mr. Fifoot,  
as well as thousands  
upon thousands of people  
are amazed at the extra  
value they get in America's  
finest low-priced car. Drive  
it yourself—and see!
