CLARKSTON, MICHIGAN, FRIDAY, SEPTEMBER 10, 1937

NUMBER 2

## COMMENT AND CRITICISM

For the first time in about four and one-half years the writer and his wife took a three day vacation, or did we? Sunday is a day of rest; Monday was Labor Day; and on Tuesday the writer was working in Mt. Clemens. However we called it a vacation and all we heard was "What right have you and will soon move to Lansing. to be in Detroit when all of Oakland County if not Michigan is wondering about a man found mysteriously slain T. L. Parker and Howard Huttenlochwithin five miles of your town?"

Schools opened Tuesday as planned. However schools did not open as planned in many places because there seemed to be an epidemic of infantile paralysis. Any week now you should be reading "The Hilltopper" again.

We believe in unions. In fact we belong to two. However we question the propriety, yea even if it was legal for union men to march wearing a mask as they did in the labor day p. m. The public is cordially invited parade in Detroit on Monday. If my to attend. memory serves me right a few years ago the City of Detroit refused a certain organization the right to march young people's Bible Class. if they wore their masks.

In the rush of things last week we forgot to say that our last issue was the first of a new year for the Clarkston News. Eight years of service to the readers and advertisers of this section. And this same issue about and the Sunday School service at 2:30 finished four years and a half under | p. m. are being continued and every the present management. In a modest manner we believe we may say that we have served. Our subscription list is growing and the number of adversisers has increased.

## HOLLY THEATRE

A class of American workers whose trade has never before been touched by the movies—those adventurous and hardy lads who string electrical power wires across the remote waste places-are depicted for your entertainment in "Slim", which is scheduled to open at the Holly Theatre on Sunday and Monday.

The popular Henry Fonda carries the title role of "Slim", a young farm Henry Garter lawn the evening of lad who, fascinated by the work of a wire-gang crossing his father's land, becomes one of them, with the aid of "Red", a jovial and gallant wire-stringer who is portrayed by that perpetual favorite, Pat O'Brien.

They are both in love-after a while with "Cally", a hospital nurse. who is none other than the lovely Margaret Lindsay. But there's no enmity between them; they're great pals and comrades, each willing to offer his life to save the other's-and that's what it comes to in the end.

One of the pals of the two boys is Stuart Erwin, who never fails to win laughs. The boss of all the gang is J. Farrell MacDonald, who in this picture turned in his one-thousandth performance before the cameras.

Rhythm, sweet, trembly and lowdown; heavenly song hits by Gordon and Revel; scrumptious girls; a parade of personalities headed by Alice Faye, the Ritz Brothers, Don Ameche; flying fiddles, hot trumpets and honey crooners; dancing feet like rain on the roof; and the insanest antics ever from the Ritzmaniacs — Twentieth Century-Fox includes Everything for a smash hit in "You Can't" Have Everything," singsational new musical show opening Tuesday at the Holly Theatre.

-A steady round of singing, dancing and comedy intersperses the light action to produce a well-rounded gem of fun and amusement. Norman Taurog directed, with Laurence Schwab as associate producer.

# Clarkston Schools

Last Year

With an attendance of 171 pupils in the High school and 160 in the grade schools, the Clarkston schools opened for enrollment on Tuesday. As there are known students who will enroll shortly the attendance will be slightly larger than last year.

#### Teacher Found Dead In Lake Cottage

Had Engaged in Fist Fight Before Disappearing

The body of Addison Vincent Wilson, a teacher in the Northern High School in Detroit, was found in his cottage at Williams Lake on Sunday. A note to his brother seemed to indicate that he had been robbed and was dying as a result of injuries inflicted by the robber. However an investigation seemed to point differently.

As near as can be learned, on August 23rd, Wilson was driving north on the Dixie and picked up an Ortonville boy who wanted a ride. After making improper advances the boy made him get out of the car north of Clarkston and proceeded to engage in a fist fight with Wilson. A and the afternoon was spent playing Strong, W. Bloomfield; Mrs. Mark Detroiter passing stopped the fight games and visiting. The guests were and on his way through Clarkston, notified Officer Flynn. The location was outside of Flynn's territory and Constable Baker was notified and went to the scene. Both Wilson and the lad had disappeared but the car wasp still by the side of the road. that the United States Civil Service Baker towed the car to the Beattie Commission will conduct a competi- Brothers Garage and within a half hour had called the Secretary of vember 6th, that he may determine State's office. #### County Red Cross Plans Roll Call

Chairmen Present Reports

Plans for the Annual Roll Call of the Oakland County Chapter of the American Red Cross were made September 1, 1937, at the regular quarterly meeting held at the Hotel Heldenbrand. Father Charles W. Heath, Chairman of the Chapter, announces October 10 to 24 as the dates chosen at this meeting for the annual membership campaign.

Miss Ruth Kimball, recently chosen Executive Secretary of the Chapter, was introduced to the Board of Directors at this meeting. Miss Kimball assumed her new duties at the Chapter Headquarters, Riker Building, Pontiac, on August 23, 1937. Miss Kimball brings to the Chapter a background of continued association and experience in community activity in Oakland County.

Directors who attended the meeting were: Mrs. T. W. Jackson, Pontiae; Mr. Leo P. Atkins, Pontiac; Miss Gladys Meggitt, Pontiac; Miss Ruth Kimball, Pontiac; Mrs. Frank Langdon, Royal Oak; Mrs. H. H. Robinson, Berkley; Mrs. Harold Luttenbacker, Berkley; Mrs. Jess McNeal, At noon a lovely dinner was served Southfield township; Mrs. Frederick Axford, Avon; Mrs. George Higgins, from Royal Oak, Flint, Pinconning, Ferndale; Mrs. John Irwin, Ferndale; Mrs. Ben Donaldson, Pontiac, Mr. Jay Jacobson, Pontiac; Mr. A. B. Kershenbaum, Pontiac; Mr. W. H. Boyce, Troy township.

Reports of the Committee Chairmen were presented as follows:

Home Hygiene, Mrs. Ben Donaldson, Chairman. Home Service, Miss Gladys Meggitt, Office Secretary, in the absence

of Chairman, Dr. Wm. H. Marbach. Water Safety, Mrs. Jackson, in absence of Chairman, Mr. Mel Stapp. Junior Red Cross, Mrs. Frank Langdon, Chairman.

#### For Homemakers

Five million extra bushels of apples on trees in Michigan this fall present a problem for growers but an opportunity for housewives who seek low

Combined with a national crop of A membership drive was planned and 202 million bushels of apples which is and bake sale at the church parlors Captains were appointed and teams 72 per cent greater than last year, on Saturday, Sept. 11th. This is be-chosen as follows: Captain, Mrs. apples will be plentiful and low in price, it is pointed out by H. D. Hootman, horticulturist at Michigan State College, and member of a state and national apple stabilization com-

> Other committee members in Michigan include Wesly Mawby, Grand Rapids; Carl Steimle, Sodus; L. H. Spicer, Farmington; Arthur Seel Benzonia; Edward Lyman, South Haven; C. C. Taylor, Albion; Edward Payne, Fennville; R. A. Buyce, Bangor; R. L. Evards, Metamora; George Friday, Coloma, and R. J. Martin, Bangor.

When the national crop loomed larger, the state committee had a meeting. That was June 10 and the to be about the equal of last year. Then rains and other weather factors boomed the crop and the trees are loaded with quality fruit.

Hootman and members of the committee are trying to stimulate increased uses for apples. Using them in cookery is recommended: Cider making is another process for using up the crop. Housewives also are encouraged to use apples in preserves and to can apple sauce for use during late winter and early spring months when storage supplies begin

#### ADVICE GIVEN ON POTATO GROWING

How Farmers May Make the Crop a Commercial Success

Too many farmers in Michigan grow potatoes for commercial production without knowing all the secrets of profits and losses.

This is the deduction made by H. C. Moore, farms crops specialist at Michigan State College, after studying the potato industry in the state.

"When you take 90,000 farmers and have them all grow potatoes, too many of them make mistakes on acreage, varieties and cultural practices," says Moore. "About one fourth of the 90,000 farmers are the real for they are only too anxious to turn producers with from a few to 20 or more acres. The rest are in and out of production with plots ranging from family size gardens to several acres.

"The solution is to grow potatoes as a commercial crop and a profitable industry on a farm or else grow potatoes for family consumption."

Figures from which Moore makes the recommendation were obtained by the farm management department at Michigan State College, Even among The Good Will Club of Waterford the more capable potato growers, will be entertained at the home of yields ranged from 24 to 615 bushels

In the last five years the premier potato growers in the state have shown up their less fortunate and less A great many have visited the capable neighbors with acreage yields

In 1936 J. D. Robinson of Pellston obtained 498 bushels to get the crown. In 1935 it was Hiltunen Brothers of Calumet with 466 bushels; in 1934 Alphonse Verschure, Manistique, 519 bushels; in 1933 it was John Frank of Houghton, 556 bushels, and 1932, John Filola, Baraga, 584 bushels.

#### Shorter Wait'for **Hunters at Straits**

Deer hunters who plan to do their shooting in the Upper Peninsula will be spared hours of delay at the Straits of Mackinac this year as the result of the addition of the ferry City of Cheboygan to the state high-way department's fleet.

The new vessel will accommodate 88 vehicles while the capacity of the largest of the remaining ships is 65. Congestion of cars owned by deer hunters at Mackinaw City has for years been the most disconcerting moment in an upper peninsula trip just before the opening of the season despite the fact that the department has operated on a continuous schedule to take care of the traffic.

#### COVER CROPS ARE **NEEDED ON FARMS**

Where Soil Erosion and Floods **Are Causing Damage** 

Soil erosion and floods are largely regulated by the surface cover on any farm, comments J. S. Cutler, regional head of the federal soil conservation service. He recommends immediate planning for cover crops on fields can be used for a guide. which would otherwise be bare this

Where natural vegetation is undisturbed by fire, grazing, or cultivation, the natural soil openings are not clogged, Cutler declared. When the cover is disturbed, the openings berain becomes more difficult. County agricultural agents including Karl D. Bailey in Oakland county are prepared to recommend suitable plant-

"Whether rain soaks into the soil or runs off, carrying topsoil with it, depends largely on plant roots," Cutler said. "Decaying roots leave channels that conduct water not only into the topsoil but into subsoil as well. On the other hand, the removal of trees and grasses eventually destroys the root channels and those left are filled up with soil. Soils cling togetherosion menace."

of protecting the soil against erosion and increasing the fertility of the soil, he said. When turned under, the green manure adds to the humus content and enables it to absorb more

Winter cover crops, recommended hy the Michigan State College exten-Say you saw the adv. in The sion agronomists to provide protection against winter rains, include

# Remember Your Home Newspaper

All matters handled thru the Probate Court require a certain amount of legal publication in one of the county papers. Foreclosing a mortgage entails publication of the foreclosure notice in a county paper.

Either the probate court officers or your attorney will have your legal publication carried in The Clarkston News if you request it.

We solicit the privilege of carrying such legal publications. This form of advertising is valuable to us. When you support us in this way we are able to give you a better paper week by week.

# Telephones Scarce, Brokers Get High Prices for Them, in Japan

A familiar scene in Tokyo, Japan, as residents walt in line to try to buy telephones from the government. This year, it is reported, there were more than 580,000 applications for the 55,000 telephones which the government. ernment had available. Since users have to buy their telephone instru-ments, including the numbers, outright, "telephone brokers" have sprung up to deal in them—at a profit, of course.

outright, including both the instrument and the telephone number. This arrangement also gives the buyer the privilege of selling them. again at his own price whenever he

This system of obtaining telephone service has given rise throughout Japan to what are known as "telephone brokers," who profit by supplying telephones to individuals and business firms requiring telephones and unable to wait until the Govern-ment, can supply them. The tele-

phone brokers do a lively business. .The prices quoted by brokers for telephones are increasing rapidly, I to 20 yen (\$5.80).

In Japan telephones are bought | owing to the present scarcity of available instruments. The record price for a telephone was reached n 1920, when the price quoted was 3,450 yen (\$1,725 at the rate of exchange then current). On April 1, 1937, more than 580,000 applications are reported to have been on file in Japan Proper for the 55,000 tele-phones which were available to be

issued by the Government. In addition to paying for the telephone, there is an installation charge. The installation charge in Tokyo is 450 yen (\$100.50), Charges for smaller cities range from 270 yen (\$78.30) to 120 yen (\$34.80). Besides this, there is a registration fee which in Tokyo and Osuka amounts.

# FIRST Air Conditioning FOR BETTER LIVING-

# LIGHT CONDITIONING

for your home!

Just as air conditioning modifies raw air to make it most suitable for human use, so LIGHT CONDITIONING modifies raw light ... screening it to eliminate glare, diffusing it to avoid harsh shadows, intensifying it to the proper degree for easy seeing, and softening or shading it for decorative effect. The bare light bulb is just the starting point in the Light Conditioning process.

Science has delved deeply into the effect of light on eyes, body and mind. Improper or ina equate lighting can be physically harmful. Science has developed marvelously delicate instruments that measure light... in order to help decide exactly how much light eyes NEED for various seeing tasks. Light Conditioning is the application of scientific principles of lighting to the aid of human SEEING.

Why not Light Condition YOUR home? It will pay you in increased comfort and enjoyment-and it costs surprisingly little, Oftentimes, few changes are needed in your present lamps and fixtures. One or two skilled touches can achieve a transformation that is unbelievable. Without obligation, our Home Lighting Adviser will measure your lighting with the Sight -Meter, room by room, making helpful suggestions. You need not follow her recommendations unless you wish. There is no charge for this service. Telephone for a Home Lighting survey today.
