## COMMENT AND CRITICISM

Tonight we will see you at the Armistice Dance in the Clarkston High School Auditorium. Wood's Orchestra with Jack Whitehead as M. C. will be present as well as a good floor show. It is the first dance of the season here so we will probably see quite a crowd.

Received a card today from friends wintering in Florida, where the temperature is about 70°. Ordinarily when I get this card it is about zero and I get desirous to go south. But our weather is so mild-right now that the card turned out to be just welcome news from our friends.

Sometime when I get time, if I do get time, I may shed a few tears because the former King of England and his bride are not coming to American soil. As near as I can figure this out, we are supposed to fall down on our knees to the couple because the man gave up a few things to get single. So why all the fuss.

## Clarkston Locals

Mr. and Mrs. Ted Baker of Detroit spent Sunday with her parents, Mr. and Mrs. Bert Crosby.

Mr. and Mrs. Ray Lowrey and family were Sunday guests of the former's parents, Mr. and Mrs. Floyd Lowrey.

Mrs. Christina Reese and Mr. and Mrs. Robert Stratton of Lansing were in town on Wednesday and called at the home of Mrs. Ada Mills.

Mr. and Mrs. Arnold Mann and family spent Sunday with the former's nephew and niece, Mr. and Mrs. Owen Mann in Ortonville.

Mr. and Mrs. Nelson Markle and daughter, Phyllis Jean, spent Sunday afternoon with her father, Frank Heath, at North Branch.

On Friday and Saturday of last week Mr. and Mrs. R. C. Ainsley moved into their new home south of town.

## Ancient Trees Found 95 Feet Underground

Trees, which grew in the present Great Lakes area 20,000 or more years ago, have been unearthed during sinking of concrete piers which will support the main span of the Blue Water International Bridge, now under construction between Port Huron, Michigan and Sarnia, Ontario.

The bridge will be completed late in 1938 and will be an important link in the direct east-west route between Canada, northeastern United States and midwestern points.

The ancient trees were found buried in glacial till, from 45 to 95 feet under ground, as the massive concrete cylinders were lowered by excavating to solid rock, 100 feet below surface.

University of Michigan geology students and instructors, who recently examined the trees and soil in which they were found, claim the trees were deposited by a glacier which formed Lake Huron.

Small quantities of oil and natural gas have been found in the bedrock on the Canadian side of Saint Clair River which will be spanned by the bridge near the river's junction with the lake.

Tops of the concrete piers will be 53 feet above ground. On the piers will rest steelwork, which will carry the bridge superstructure, 150 feet above the river.

Main span piers on the Canadian side of the river have been completed. American piers will be finished within a month, having required more time to build than the Canadian piers because of great difficulty in sinking below-ground sections.

Foundations on both American and Canadian approaches have been completed. Erection of steel on approach and main span superstructures will start in December. The bridge project is being supervised by Michigan and Ontario Highway Departments and the State Bridge Commission of Michigan.

## Independence Grange Met Tuesday Evening

### Will VanZandt Is Elected Master

On Tuesday evening Mr. and Mrs. Loujs Galligan were hosts to the members of Independence Grange. There was a splendid attendance.

Election of officers was held with the following results—Master, Will VanZandt; overseer, John Putnam; lecturer, Etta Putnam; steward, Sherwood Lowrie; assistant steward, Guy Allen; chaplain, Hattie Beardslee; treasurer, Louis Galligan; secretary, Altha Galligan; gate-keeper, Glenn Ridgeway; Ceres, Gertrude Ridgeway; Pomona, Mary VanZandt; Flora, Lillian Lowrie; lady assistant steward, Lydia Allen.

Future activities were discussed and it was decided to hold a series of dancing parties later in the season. The date for the opening dance will be announced later.

## Progressive Class Met at Parsonage

### Baked Goods and Candy Sale Is Planned for December

The Progressive Class of the Clarkston Methodist Sunday School met at the parsonage on Wednesday evening. Mrs. Walter Barrows, Mrs. F. E. Davies, and Mrs. C. E. Edwards were hostesses.

There was a fairly good attendance. Mrs. Robert Waters, Mr. and Mrs. Ronald Walter and Mrs. Walter Barrows were appointed as the flower committee. A Baked Goods and Candy Sale was planned for December. Mrs. Walter Ash was appointed as chairman and she is to name her own committee. The Book committee report was given. An invitation to meet at the home of Mr. and Mrs. Walter Barrows on Dec. 8th was accepted and the chairmen for the evening were named.

After the business meeting the group enjoyed a short session with Professor Quizz. At the close of the evening the hostesses served dainty refreshments.

## O. E. S. Chapter Holds Installation

### Mrs. Elizabeth Petty Is Installed as Worthy Matron

One of the largest crowds that ever attended an installation in Clarkston was present on Wednesday night to see the very impressive O. E. S. ceremony.

At the opening of the program the flag was presented by Jackie Craven and this was followed by the Invocation given by Rev. C. E. Edwards. A few musical numbers were greatly appreciated. A trio composed of Robert Jones, Orla Willoughby and Charles Robinson, sang some pretty numbers. Mrs. Frederick Thomas favored the assembly with a beautiful piano number and Mr. and Mrs. Alstone of Detroit again delighted the crowd with their sweet voices.

By this time everything was in readiness for the installation ceremony which was conducted by Mrs. Rie Sanderson and her staff. The officers installed included, Mrs. Elizabeth Petty, worthy matron; Clair Hopkins, worthy patron; Mrs. Lyla Hopkins, associate matron; Percy Craven, associate patron; Mrs. Myrtle Yost, secretary; Mrs. Elsie Smith, treasurer; Mrs. Caroline Beebe, conductress; Mrs. Emily Beardslee, associate conductress; Mrs. Vesta Ledger, chaplain; Miss Marguerite Andrews, marshal; Mrs. Flossie Denham, organist; Mrs. Margaret Lansing, Adah; Mrs. Marion Terry, Ruth; Mrs. Marion Anthony, Esther; Mrs. Evadna Richardson, Martha; Mrs. Edith Comstock, Electa; Mrs. Louise Jarvis, warder; and Mrs. Lola Mann, sentinel.

The Past Matrons escorted the retiring worthy matron to her station and the incoming officers acted as escort to the new worthy matron. Barbara Jean Andrews and Mary Craven acted as flower girls and carried huge baskets of flowers which were presented to Mrs. Elizabeth Petty and Mrs. Lyla Hopkins. Mrs. Rie Sanderson and her installing staff were presented with appropriate gifts. The chapter presented Mrs. Craven, the retiring matron, with a beautiful tablecloth. Mr. and Mrs. Percy Craven were presented with their officers' jewels.

Although the hall was so crowded the officers had some difficulty getting to the different stations yet every officer took her oath of office seriously and with dignity. All in all it was a grand affair.

## Mother and Daughter Hurt in Accident

Last Sunday the car in which Mr. and Mrs. Alvin Wright and daughter, Vera Mae and Miss Vera Wright and her uncle John Wright were riding was involved in an accident on M-15 just about four miles north of Clarkston.

Mrs. Wright received a cut on the head which required five stitches. The baby, Vera Mae, had her arm broken. The other passengers escaped injuries.

## Clarkston Locals

Mr. and Mrs. Guy Allen and daughter, Mrs. Richard Shover, were guests of Mrs. Hoard at Thomas on Saturday.

Herbert Boice and family, who have been living on the Allen farm for the past year, moved, this week, to the Gard Wallace farm on Reese Road.

Mrs. Floyd Lowrey, Mrs. Ada Lowrey, Miss Jennie Church and Mrs. Ray Lowrey called on Mrs. Jesse Toles in Oxford on Sunday.

Mr. and Mrs. Durand Ogden went to Andersonville last Friday evening and enjoyed the fried chicken dinner served by the Ladies' Aid society of the church.

Mrs. C. H. Souby, Mrs. A. L. McIntyre and Mrs. Rose Teggerdine attended the County Federation meeting at Birmingham last Friday, Nov. 5th.

Several from Oak Hill attended the Brandon Grange Fair in Ortonville last Friday and Saturday. Mrs. Herbert Baynes was one of the prize winners.

Miss Jennie Church of Kingsley, Mich., is spending a few weeks with her aunt, Mrs. Ada Lowrey. She spent Wednesday with Mrs. Ada Mills.

## Response to Roll Call Goes "Over the Top"

### Working Committee Is Entertained at Luncheon

The response to the Red Cross Roll Call in the Township was very encouraging. The committee was very enthusiastic and patient because the housewives and all those called upon were pleasant, courteous and very generous. Many new names are enrolled this year, in fact the Township went well beyond its quota. The amount collected was \$169.22.

Mrs. Harold Bauer, chairman, and her committee are to be congratulated. They should be praised for their untiring efforts, in spite of some rainy, gloomy days.

At the close of the drive, Mrs. Bauer entertained the workers at a very lovely luncheon. The committee consisted of Mrs. Anna Fleming, Miss Nell Barry, Mrs. Fielding, Mrs. William Dunston, Mrs. Walter Barrows, Mrs. Margaret Rockwell, Mrs. Iva Miller, Mrs. Russell Maybee, Mrs. Robert Waters and Mrs. Howard Huttenlocher.

## School Board Entertains Faculty

### Dinner Is Served in the Pavilion at Ortonville State Park

On Tuesday evening the school faculty was entertained by the school board in the pavilion at the Ortonville State Park. There were thirty-one present.

About seven o'clock the group enjoyed a dinner served at two long tables which were placed in front of the stone fireplace. The tables were attractive with decorations suggestive of Thanksgiving. Everyone had a fine time and entered most heartily into the contests that constituted the evening's fun.

Among those present was Mrs. Ralph Thayer of Ypsilanti.

## Long Distance Rates Reduced for Thanksgiving

Reduced rates for long distance telephone calls will be made effective for Thanksgiving day this year, according to an announcement by W. B. Fauser, manager in this area for the Michigan Bell Telephone Company.

The reduction will be made effective by the application throughout the day, as well as Thanksgiving eve and night, of the long distance rates regularly in effect after seven o'clock every night and all day every Sunday. This will be the first time especially reduced rates have been offered for Thanksgiving day, the telephone company officials stated. They will apply between points within the United States, and, in general, will reduce the cost of calls where the regular day station-to-station rate is 40 cents or more.

The announcement was made following the filing of the reduced rates by the Michigan Bell Company and their approval by the Michigan Public Utilities Commission at Lansing. A schedule of similar reduced long distance rates also was filed and approved for the coming Christmas and New Years days.

## Clarkston Locals

Miss June Dunston is in the St. Joseph's Mercy Hospital in Pontiac where she underwent an appendectomy on Monday.

The Junior Auxiliary of the American Legion met with Miss Jean Girst of Waterford on Wednesday evening. Miss Kitty Lou McLaughlin was the assisting hostess.

Mrs. Durand Ogden and Mrs. E. E. Davies entertained a number of their friends at the chicken dinner at Seymour Lake on Wednesday. During the afternoon bridge games were enjoyed at the F. E. Davies home.

Rev. and Mrs. C. E. Edwards attended the Waterford Church Bible class meeting held last Tuesday evening at the home of Mr. and Mrs. George Slayton. There was a large turnout and a fine evening of Bible study and fellowship. The Slaytons were former members of this class before coming to Clarkston.

Election of officers will take place. A fine program is being arranged. There will be music and a speaker. Refreshments will be served.

Everyone is asked to remember the last P. T. A. project for this year's corps of officers—the dance on Nov. 30th.

## Royal Neighbors Met Wednesday

### Mrs. John Alander Was Hostess

The Royal Neighbors met Wednesday afternoon at the home of Mrs. John Alander. There were twenty-two members present.

At one o'clock a very delicious potluck dinner was served. During the afternoon the regular business meeting was held at which time the group planned to have their Christmas Party at the home of Mrs. William Belitz on December 8th. The Quilt will be raffled at the December meeting and all members are requested to get either the tickets or the money to Mrs. Mary Baldwin as soon as possible.

Another feature of the afternoon was the grab-bag which furnished considerable amusement.

## Child Study Club Met Last Thursday

### Mrs. Joseph Skinner Was the Hostess

On Thursday evening of last week the Clarkston Child Study Club met at the home of Mrs. Joseph Skinner. There were eight members and one guest, Mrs. Elizabeth Papineau, present.

A short business meeting was held and during the course of the evening, Mrs. Willard Bush was made a member. Two very fine papers were given by Mrs. Edward Fuller and Mrs. Fred Kennedy.

At the close of a very profitable evening dainty refreshments were served.

## Junior Literary Club Meets in Drayton

### Mrs. Gordon Parker Is Hostess

The Clarkston Junior Literary Club met on Thursday, Nov. 4th, at the home of Mrs. Gordon Parker in Drayton Plains.

After the regular business meeting Mrs. Raymond Jarvis gave a very interesting report on the book "Black April" by Julia Peterkin. A discussion of the book and comments followed.

The meeting then adjourned to meet on November 16th at the home of Mrs. James Rowland in Lake Orion.

Dainty refreshments were served by the hostess.

## "Destroy '37 Tags" Case Asks Drivers

Leon D. Case, Secretary of State, has asked all persons to destroy their 1937 motor vehicle license plates when purchasing new ones for 1938. Motorists, it is pointed out, sometimes unwittingly lend aid to criminals who could equip cars with discarded but undamaged 1937 plates, to avoid identification of their cars.

Case has instructed managers of branch offices of the Department of State to accept 1937 plates turned in when 1938 licenses are purchased. Such plates will be destroyed, as a measure of cooperation with police officials throughout Michigan.

## Clarkston Locals

Grace Adams spent Saturday in Ortonville.

Mr. and Mrs. Charles Beardslee spent Sunday with friends in Bay City.

LOWELL MAN BAGS DEER WITH ARROW

Exploit May Give Impetus to Archery in Michigan

Archery, one of the world's most ancient sports, long considered as a childhood game or perhaps a pastime or hobby, is being looked upon with great respect in Michigan this week for one William Van Vorst, a Lowell banker, brought down his deer near Biteley in Newaygo county, the first kill of its kind in Michigan since the days of the redman.

Since the game is adaptable to anyone, many local clubs have sprung up all over the country and the sport standardized as to rules, equipment and competition.

The present day archer goes in for accuracy and shows a skill that is amazing and no doubt there are many of the modern archers that could make Robin Hood and William Tell look quite like pikers.

The hero of Sherwood forest probably never "notched" an arrow at 100 yards as the story books say and William Tell would gasp in amazement to see one of our moderns split a peanut.

Perhaps no little credit of today's skill is due to the scientific precision of construction of their equipment for a set of arrows (six) must balance to a fraction of an ounce.

It is interesting to note that there is not a single specimen of the old English longbow made of yew wood in existence today, not even in the British Museums, and also that England must import her yew wood from the United States, chiefly from Oregon.

Arrows must be made to suit the bow they are to be shot from and the bow also depends on the length of the arm of the bowman.

Archery of today requires the utmost in muscular and mental strength as well as skill as the average unskilled man could scarcely draw an arrow to the head, even a target bow, let alone hit a mark.

In checking a few statistics the other day I learned that fully three-fourths of all motor vehicle fatalities among children occur while the youngsters, for the time being, are innocent little pedestrians.

Suppose your own child should dart out suddenly from the sidewalk, yard, or school playground. If you thought for one minute that he would, you would exert undue safe practices to be sure that your child would not be injured.

It seems to be the unquestionable birth right of every child to be free from accidental injuries.

Say you saw the adv. in The Clarkston News.

Drayton Plains

The Drayton Plains P. T. A. met Monday evening with about 125 in attendance. After a short business session the program was presented.

Mrs. George Barnard has been quite ill but is some better now. Mr. and Mrs. W. J. Harley are building a new home on Joyce Avenue.

## CLARKSTON TRIMS WALLED LAKE RESERVES TWENTY-TO SIX

**By Junior Bird**

After forfeiting the regular game to Walled Lake, Clarkston met the Reserves from that school on the home field Friday, November 5. The boys did some nice blocking and passing out there Friday. Gus made a couple of twenty yard gains during the first and second quarters and Oliver Johnson received a pass for another pretty run right down the middle of the field. This gave the boys spirit and Art Clark went through the line for the first touch-down of the game. Lyle Walker ran around right end for the extra point putting Clarkston in the lead 7 to 0. Starting the second half Clarkston kicked off to Walled Lake, but Walled Lake gained only a small amount of ground. During the scrimmage which followed Gus Yost was hurt and James Young substituted for him.

Walled Lake scored a touchdown in this third quarter but failed in the attempted drop kick for the extra point.

Gus Yost who re-entered the game after the kick-off intercepted a pass on Clarkston's thirty yard line and ran the length of the field for a touchdown. Clarkston failed to make the extra point. This gave Clarkston a seven point lead. Later Gus intercepted a second pass and on the next play Walker went through for another touchdown. King McIntyre made the extra point. This was the final score with Clarkston 20 and Walled Lake 6.

The starting line-up was as follows:

- L. E.—Dick Tee
- L. T.—La Verne Webber
- L. G.—William Rexford
- C.—Howard Boyns
- R. G.—Earl Lawson
- R. T.—Paul Shaughnessy
- R. E.—Oliver Johnson
- Q. B.—Gus Yost
- L. H.—Lyle Walker
- R. H.—King McIntyre
- F. B.—Art Clark
- Sub.—James Young

### SENIOR PLAY

**By Mary Lindsey**

Your Senior Play interviewer asked members of the cast who are busily working to make the play, "Romance in a Boarding House", what their opinion of the play was. Here are the replies:

Chester Adams: "It is one good comedy with plenty of opportunity for good acting."

Charles Perry: "A good comedy with plenty of humor salted in."

Violet Coy: "It is a very good humorous mix-up with a great many character parts."

Betty Chamberlain: "Romance in a Boarding House" is a play very different from the one which the class produced last year."

Dan Addis: "A good play which should go over well if each does his part to the best of his ability."

King McIntyre: "Not a bad play with a lot of humor and a good chance for acting."

### GRADE NEWS

**Mrs. Beardslee's Room**

We have been enjoying "Forty Good-Morning Tales" by Rose Fyleman.

Winners in Friday's Spelling were Katharine LaPlante, 3rd grade and Norman Johnson, 4th grade.

We are learning the song "An Indian Lullaby" by Catherine Allison Christie. Our Indian teepee is nearly completed. Some of the books that the boys and girls are reading in connection with our unit of study on Indian Life are: "Little Indian Weaver"—Madeline Brandies, "Myths of the Red Children"—G. L. Wilson, "Dacas, the Indian Boy"—Snedden and "Sinopah"—Schultz.

Our picture study is about "Indian Harvest", Irving Couse. We have miniature copies to mount in our notebooks.

### SENIORS HAVE PARTY

**By Marie Tremper**

The mighty Seniors had their first class party Friday night, November 5 in the high school gym. There were quite a few absences as several boys had colds. Most of the girls attended. It was a costume party and nearly everyone came dressed in gay attire. There were clowns, maids, old ladies, grooms and other amusing characters. The Seniors played games and later had refreshments served from a bar at one end of the gym and at tables around the outside of the gym. The party broke up about ten o'clock as the Seniors are no more privileged than the rest of the classes, and the Seniors then went home—or didn't they?

**Question:** Were you satisfied with your Report Card?

Gerald Davies: "Satisfactory with me for the amount of studying I did."

Muriel Boyns: "I wasn't satisfied but I got what I expected to get."

Betty Taylor: "Why sure, I thought I got pretty good marks."

Mary Lindsey: "I was, partially, but I could get better marks."

Donald Boice: "Yes, I was, I don't think I should have got better ones, I'm going to try to get better ones next time."

Evelyn Jenks: "It was as good as I expected and I hope to get better next time."

Inez Miller: "Yes, I am because I got good marks and am on the honor roll."

Roger Galligan: "Yes, because I got the average marks, but I can do better."

Robert Bennett: "Sure, because I got what I deserved to get, if not better."

Howard Boyns: "Satisfied, I got what I deserved."

### FROM THE CLASSROOMS

**Mrs. Durand**

**9th grade English**

The ninth graders seem to be having difficulties with pronouns.

**10th grade English**

The tenth graders started reading in their new literature books and have read stories about the unusual, such as "The Third Ingredient" by O. Henry, "The Red Headed League" by A. C. Doyle, and also the story of the "Pit and the Pendulum" by Edgar Allan Poe. They seem to enjoy the stories very much and they have brought about many interesting discussions—even arguments.

**The Public Speak Class**

The public speaking class has been studying the importance of correct enunciation and correct pronunciation.

**The Latin Class**

The Latin Class has just finished reading the myth about "Orpheus and Eurydice."

**Mrs. Walter**

**Civics**

The Civics class has had some interesting discussions on student government. In keeping with the principle that students should be trained for the responsibilities which they will have to assume later. They are being given the opportunity to preside in Civics class. Once each week when we study the Scholastic a student plans the lesson, gives the assignment, conducts the class on the particular day and grades the students. He hands into the teacher on the following day a list of the students with the grade he has given them along with the reasons for the grade and any comments he may wish to make concerning their work. In the work so far Chester Adams, Mary Lindsey and King McIntyre have taken charge of the class with marked success.

**English Literature**

Most students in the literature became acquainted with Shakespeare for the first time during their study of "The Tragedy of Macbeth". To be sure they had all heard of him, knew the names of some of his plays, and perhaps had read some of them or seen movies of them. But English literature furnished them with their first opportunity of really studying his works so that they could appreciate, to some extent, his greatness. "Macbeth" has proved interesting. The class has had discussions on the enlightening and thought-provoking, leading characters and it has been interesting to note how each person has a different feeling toward Lady Macbeth and Macbeth.

**World History**

The Sophomores have been studying the unit on Rome. They have been doing the material in their workbooks. Before the unit is completed members of the class will give reports on some of the prominent men in Roman history and on Roman life.

**American History**

Both the eighth graders and Juniors have been studying the making of the Constitution and the starting of our government.

**MRS. STRAIT**

The second year Home Economics class have just completed the construction of a wool garment, such as dresses, skirts and suits which have turned out very successfully. They are now working on mending, darning and the making over of some old garments into something useful.

The eighth grade class is now painting and covering a screen and fixing over a cupboard for the small room off the Home Economics room.

The seventh grade group have just finished shop aprons for the manual training boys and they hope the boys will look nice in their new work clothes.

### LOOKING IN ON C. H. S.

Clinton Russell had an operation on his knee on Monday of this week. The operation was performed at Goodrich hospital. The students and faculty of C. H. S. join in wishing him a speedy recovery.

Well, signs of Halloween are gradually disappearing—farm implements, tools, signs, etc. are returning to their respective places. In fact Dick's swollen eye has now gotten down to the size of a goose egg.

Wanted: by Miss Wellington, some invention, discovery or means of keeping King quiet between 1:00 and 1:03 daily.

With the last football game being played today, some of our athletes played basketball in the offing.

Junior class rings have arrived and are being proudly displayed on the hands of some of the Juniors. The Seniors, as they do every year, instruct the little Juniors as to the proper way (according to C. H. S. custom) of wearing class rings. So far they are being displayed on the hands of the owners.

Don Rexford was pretty discouraged over his roller skating ability last Friday night.

Evelyn Davies has been keeping her eye on the new sophomore, Jack E.

Carmen Clark's learning to knit! Maybe she'll spend a few of her evenings home instead of going out with the Senior boys.

Did we have fun out to Suzy Miller's last Sunday night! Everybody had to tuck his napkin under his chin and the girls made the boys do the dishes.

Several of the members of the Epworth League visited Clinton Russell Sunday night. The League plans to send gifts to him every Thursday and Sunday for three weeks.

Our new Junior has already been nicknamed. It seems she prefers Esther to "Red".

Since reading about the narrow escape of one Ted Burger, Spokane, Washington, high school gossip columnist, from a bullet fired by someone he had included in said column, we feature writers are being slowed down somewhat. We don't want you people who get angry at us for writings to take this as a hint and get out pa's double barrel.

What with the pace they are setting now these Bennetts promise to grow into regular lady-killers. Certainly they are doing well for lowly Junior High school students.

DEER HUNTERS TO LEAVE THIS WEEK

Season in Michigan Will Open Monday, Nov. 15

The annual hegira to the north woods for deer will begin this week. The season opens next Monday, Nov. 15, and most hunters try to get on the ground and get located or camp pitched a day or two in advance.

Clarkston will be well represented in both peninsulas, sending its usual delegation of old-timers as well as several novices. Parties have been formed and their locations decided upon.

Deer, which with bear are the two species of big game found in Michigan which will be hunted, the other two—elk and moose—being protected at all times, are believed more numerous this fall than in the last three or four years.

Although bear are not numerous in Michigan, their numbers are also believed to have increased some since the 1936 hunting season.

Hunters will not have to worry about any changes in the deer area from last season, the same counties being open this fall as in 1936.

One slight addition was made in the regulations pertaining to the wearing of license tag numbers on the back, the word "legible" having been inserted as a requirement of the identification.

A last minute repetition of a familiar but still important warning came from conservation officers to the effect: Be sure it's a deer and then be sure it has horns, before you shoot.

4-H MEMBERS WILL MEET IN CHICAGO

National Congress to be Feature of Live Stock Exposition

A big feature of the 38th International Live Stock Exposition, to be held at the Chicago Stock Yards November 27 to December 4, will be the National 4-H Club Congress.

It will be held for the 16th time in connection with the exposition. Approximately 1200 boys and girls from the farms of nearly every state in the Union will attend this year.

It will be a gathering of state and district champion farm youths who will be given free trips to the stock show and congress to compete for national honors.

Among the important awards which will be made during the week are the Roosevelt trophies, presented in the name of the President to the boy and girl who have made the most outstanding achievement in Club work during the past year.

A junior live stock feeding contest will be held on the following day in which farm boys and girls between the ages of ten and twenty will exhibit hundreds of prize animals that have won high honors in county and state shows held earlier in the season.

A stock judging contest for agricultural college students will also be held on the opening day of the show. Student teams from over 20 states are now being drilled in stock judging skill for this competition which has been a feature of the exposition since the first show in 1900.

HOLLY THEATRE

For years it has been axiomatic that only those outside the various departments of sport could succeed. But Sonja Henie, winner of world figure-skating championships and Olympic crowns, proves beyond any doubt that a star in sports can and really does succeed in motion pictures, and proves it in "Thin Ice".

Miss Henie, who won her first world figure skating championship at Oslo, Norway, when she was fourteen, has not been defeated since that time. For ten consecutive years she won championships. At each of these international meets she was pitted against the finest skaters, and won over them with many points to spare.

Competition in each of the three Olympic contests she won was somewhat closer. These great international contests taxed her strength and talent to the utmost, yet it is a matter of record that no opponent came closer to her than ten points in a total perfect score of one hundred.

Sonja's first picture, "One in a Million", was enthusiastically received wherever it played. Because of this signal success she was teamed with Tyrone Power in "Thin Ice".

When she arrived in Hollywood producers turned deaf ears to her. They couldn't see a skating champion as a potential screen star, particularly in view of their experience with other athletes. But Miss Henie decided to force the issue.

Regal Cigars, Marble Statuary, Bakery and Guns are small ads and there is one with an especial appeal to the ladies where they may obtain the latest stamping patterns for braiding also a complete line of wools that include Zephyrs and Saxony yarns.

The inside of the paper is given over to favorable comments of various other publications that include the Flint Citizen and Flint Journal, the Pontiac Commercial and other state papers, some of which are still in existence.

The back page carries their own announcements and solicits want ads at 15c for one insertion, 25c for two insertions and 30c for three.

Your Nervous Child May Be A Crushed Genius

An article in The American Weekly, the great weekly magazine with the November 14 issue of The Detroit Sunday Times, discloses facts explained by Professor Joseph A. Gertes, noted educator, who tells how many brilliant minds could be saved if schools paid as much attention to high-strung, unruly pupils as they do to backward and stupid ones.

CHILDREN IN COURT

Judge Malcolm Hatfield

Before a runaway girl could be returned home it was necessary for the court to insist that the parents alter their treatment of her.

As a child, this girl had been disciplined by threats of being chained in a basement infested with rats. At fourteen years of age, the girl was told by her mother that she would run away if the child refused to mind her. This left the girl in a constant state of insecurity and she finally concluded that if her mother could desert her she really didn't love her as much as she pretended. Rather than be a continued burden on her family she decided to leave home and took the first opportunity that presented itself to carry out her resolve.

WELFARE RELIEF DIVIDES BOARD

County or Township Plan Bone of Contention

The Oakland County Board of Supervisors has been thrashing out an old question the past week—one that has been with them ever since the change in welfare set-up was made in 1933.

The immediate question on which the supervisors differed was whether the county should return to the county system or continue to operate as at present, the townships paying the amounts that were apportioned to them, and the money, together with state aid, being spent by the county welfare commission.

The rural supervisors under the leadership of Supervisor Waters of Holly were aligned against the city members of the Board pretty generally. Cities stand to profit by a return to the county system, and the townships to lose, although Supervisor Waters says that it would make no difference to Holly.

We are indebted to Jack Wiggins for the privilege of reviewing, perhaps the smallest newspaper ever published, a miniature copy of the second edition (3:15 p. m.) of The Evening News of Thursday, December 7, 1876, now The Detroit News.

Founded in 1873 by the late James E. Scripps, the paper in its third year boasted a circulation of 17,000 copies although it was not entered at the postoffice in Detroit until 1879.

This tiny reproduction, issued for advertising purpose only, is about four and a quarter inches by six inches in length, four pages, and yet with a three-quarter inch margin at the top of the first page it carries an astonishing amount of news, every line readable under the strong glass.

There is a full column about the Brooklyn Theatre fire, a disaster of Dec. 5 that took 289 lives; the Electoral College returns in which Hayes won over Tilden by a single vote; a boiler explosion in the city that killed one and endangered the 300 employees, a dispatch from South Carolina and a few second edition locals.

There are the death notices, a few want ads too late to classify, and a Business Brevity that turns out to be just a patent medicine ad.

Three columns are given to the news while the remaining four carry 15 different advertisements of the prominent business places of the day, some of them, like the publication, still carrying on.

C. R. Mabley advertises "Fine Elysian Overcoats" in all the prevailing styles for men, also youths and children's wear.

Newcombe, Endicott and Co. carry a general ad and George Peck and Co. offer fine cashmeres for polo-naise; E. B. Smith & Co., Booksellers and stationers, offer handsome Photograph Albums; while J. F. and W. T. Macauley in the same business carry a holiday ad featuring Bibles, Prayer Books and Albums.

W. S. Smith & Co., Jewellers, Silversmiths and Importers, announce their 18th year in business, and have the finest line of holiday goods ever shown in the West.

Roehm and Wright, Diamond merchants, solicit business, and there is one with the name too worn at the fold of the paper to be accurately deciphered but they announce a fine line of oil paintings, gold and velvet frames and elegant albums.

Regal Cigars, Marble Statuary, Bakery and Guns are small ads and there is one with an especial appeal to the ladies where they may obtain the latest stamping patterns for braiding also a complete line of wools that include Zephyrs and Saxony yarns.

The inside of the paper is given over to favorable comments of various other publications that include the Flint Citizen and Flint Journal, the Pontiac Commercial and other state papers, some of which are still in existence.

The back page carries their own announcements and solicits want ads at 15c for one insertion, 25c for two insertions and 30c for three.

Your Nervous Child May Be A Crushed Genius

An article in The American Weekly, the great weekly magazine with the November 14 issue of The Detroit Sunday Times, discloses facts explained by Professor Joseph A. Gertes, noted educator, who tells how many brilliant minds could be saved if schools paid as much attention to high-strung, unruly pupils as they do to backward and stupid ones.

HUMOR

By Esther Soncrainte  
Art: I told Harriet each hour spent with her is like a pearl to me.  
Oliver: What did she say?  
Art: She told me to quit stringing her.

Dick L.: I had an awful pain in my arm last night.  
Ralph W.: Who was she?  
Father: Why is it every time I come into this room I find you kissing my daughter?

Dan: Because when you come into the room you don't make nuf' noise.  
Father: Has that young man who is paying you attention mentioned his income?

Arlene M.: No, papa, but he inquired about yours.  
Mary S.: Is your boy friend progressive or conservative?  
Evelyn J.: It's hard to say. He wears last year's clothes, drives this year's car and lives on next year's income.

One billion stamps of regular denominations will be required for letters and packages for Christmas mailing and the 37 presses of the Engraving and Printing Bureau are already well along on the task that will require at least two weeks working both day and night shifts.

In addition to a series of stamps to be issued in 1938 honoring the presidents whose portraits have not already appeared another series for distinguished Americans is being considered. Since Delaware is the only state to have a celebration in the near future, there will undoubtedly be several special issues in the coming year.

With the closing of 1937 the Post-office Department will have issued approximately 1,037,000,000 commemorative stamps, some of which may yet call for extra printings which although printed in another year would be credited to the year of the original printing.
