PRODUCTIVITY OF FARMS IS SOUGHT

The Agricultural Adjustment Administration has set up a yardstick to measure the productive capacity of farms under the 1938 Agricultural Conservation Program, Robert McCrory, chairman of the Oakland county committee, declared today.

"Score cards" or appraisal sheets have been prepared and distributed, or will be distributed soon, to all counties in the state. Farmers familiar with local conditions have done the field appraisal.

"Field appraisal under the 1938 program," Mr. McCrory said, "is in line with the major shift of emphasis in the program from reduction in production to establishment of definite production goals."

"Next year a farmer will have a goal to shoot at, rather than a base to reduce from. In this way, he will be able before the planting season to map out his cropping system for the year. He will know just how much he can earn in payments, and he will know what practices to follow to earn those payments."

"The producing ability of the land will be taken into consideration by the county committee in establishing the goals for individual farms under the 1938 program."

"But because of the different conditions, which force some farmers to farm the way they do—taxes, debts, drought, flood, etc.—other things, such as the old historic bases, will be taken into consideration in establishing the individual farm goals."

"The field appraisal for 1938 will give a clear cut picture of the productive ability of our land today, along with a comparison of the producing ability of farms. In addition, the appraisal will show us what must be done in years to come, if we are to restore and to maintain the ability of our farms to produce."

Information to be obtained in the field appraisal includes data on the type of soil, the slope of each field, degree of erosion, the natural productivity of that type of soil, and its present productivity.

HOLLY THEATRE

One of the most notorious scandals in modern history supplies the motivation for the second grand Warner Bros. picture within a year based upon the life of a famous Frenchman.

The picture is "The Life of Emile Zola", and the scandal is that surrounding the conviction and imprisonment of Captain Alfred Dreyfus on Devil's Island, on a trumped up charge that he had sold important army secrets to Germany. The picture will open next Sunday at the Holly Theatre.

Not only the great success of "The Story of Louis Pasteur", with Paul Muni in the title role, but also the powerful drama of Zola's picturesque career as a moulder of public opinion in France influenced the studio in making this picture. Muni, who won the Academy Award for his Pasteur effort, also has the title role in "Zola".

Zola was France's first great naturalistic novelist.

His most sensational work was "I Accuse" in which he viciously attacked everyone who had any part in the condemnation and imprisonment of Dreyfus.

He had become convinced of the officer's innocence, and with characteristic vigor attacked the powerful military hierarchy with all the strength at his command. "I Accuse" was deliberately written to provoke a libel suit.

Joseph Schildkraut, boyhood friend of Muni in Vienna, has the role of Dreyfus.

There are many noted players in the cast, in addition to Muni and Schildkraut.

When Henry Dunant, a young Swiss, traveled through the battle area of the French and Sardinian armies in 1859 and saw and heard the agonies of the wounded, he was so moved that he wrote a pamphlet vividly describing the terrible scene. As a result of his pamphlet a Red Cross Treaty was adopted by fourteen nations at a conference at Geneva in 1864. As a compliment to Switzerland, the Swiss flag with its colors reversed, a red cross on a white ground, was adopted as the emblem of neutrality and humanity and is known as the Red Cross Flag.

THEY NEED YOUR HELP

by Evelyn Davies
Our school is offering the students a chance to help combat an ever present disease—Tuberculosis—the terror of all people, young and old. Every year Tuberculosis adds a few hundred patients to its list; either they win or they lose. The only way for them to win is to have modern equipment and hospitals and trained attendants to care for them. All these things cost money, plenty of money—and since the states and cities can't afford to pay for all these things; it depends upon the individual citizen's help.

An extremely easy way to help is to spend a few cents buying Christmas seals and spangles. You aren't giving away your money; you are spending it for a worthwhile cause. Then too, the seals aren't merely worthless pieces of paper; they are something that we can actually use for decorating our Christmas packages and letters. All those little children and older patients in the Tuberculosis hospitals are depending on you to pay for equipment that will cure them. Please don't let them down by refusing to spend a paltry few pennies that you would otherwise waste on something that is absolutely needless.

HOLLY DEFEATS BOTH CLARKSTON TEAMS

Last Friday's basketball game

with Holly was the official opening of the league season. As Holly has just entered the league this year, this was the first time Clarkston officially played with them.

FIRST TEAM LOSES 17-12

The first team succeeded in keeping the ball about two-thirds of the time, continually outplaying Holly. Even though our boys outplayed Holly, they could not out-score them—perfectly good shots just wouldn't go in the baskets. Altogether, Clarkston missed 27 "dog" shots.

Holly started out in the first quarter, obtaining a 5-0 lead, and in the second quarter, succeeded in remaining ahead by a score of 9-7.

In the third and fourth quarters Clarkston made various attempts to catch up, but in vain. The game ended with Holly on top by 5 points, but Clarkston won almost a moral victory by retaining possession of the ball most of the time, and outplaying Holly in general.

SECOND TEAM

The second team did not fare so well as the first team, losing their game by the score of 22 to 6. Holly forwards were very fast, outplaying our second team.

GRADE NEWS

by Charles Perry

Your grade reporter says all the grade rooms are highly decorated in a festive air. In one grade, they are making gifts, in another, decorating a Christmas tree, and in yet another, making individual winter scenes. All is a panorama of bustling activity—all in preparation for Christmas.

Miss Wade's Room

We have a large Christmas scene on the bulletin board, with houses, a wintry scene and Santa Claus and his reindeer flying along in the sky.

We have a border of Santa Clauses and reindeer encircling most of the room. In our sand box we have made a typical Christmas village, realistic even to snow, houses and roads.

The rhythm band has made a toy parade for one end of the room. Besides all these decorations, we have a beautiful Christmas tree, and even a fireplace with a large Santa Claus brought by Joyce Woolfenden. Upon the mantle of the fire place are two lighted Christmas trees.

Mrs. Beardslee's Room

Christmas is the loveliest festival of the year—Christmas customs in America have come from all over Europe. "Merry Christmas" is the English greeting. From Germany we get the Christmas tree and the cus-

tom of observing this festival; Santa Claus comes from Holland, and the Christmas stocking from Belgium or France. America has made Christmas a bountiful gift-giving time. Decorations make for festivity and are in abundant use all over the world.

Our boys and girls have been delighted making Christmas decorations of many kinds for our classroom. We have an attractive "Toy Parade" border, free-hand cuttings of Christmas trees, Santa Claus silhouette posters, poinsettias for our windows and ornaments for our tree which the P. T. A. gave us. We are also making greeting cards to express the best of good wishes for a happy Christmas.

The story of Christ's coming is a beautiful story which children love to hear. We are illustrating "The Christmas Story" on our lovely new sand table which the Manual Training boys have made for us.

The children are making miniature wise men and sheep. The background for our sand table is the star in the east shining over the city of Bethlehem.

On Friday, our boys and girls visited Miss Wade's and Mrs. Vile's rooms and sang three Christmas songs which we have memorized. As our contribution to the Christmas program Wednesday evening, we plan to sing three Christmas carols—"Silent Night" is the one we love most. The other two are American carols—"Oh Little Town of Bethlehem" and "It Came Upon the Midnight Clear."

As a climax to our December activities, we are looking forward with great anticipation to a Christmas party in our room the last day of school preceding our vacation.

Miss Elzinga's Room

The Sixth Grade are making two scenes for the black boards. One scene is "The First Christmas" depicting the birth of the Christ Child. The other scene shows Santa Claus with his sleigh and reindeer over the rooftops.

We are making Christmas gifts for our Mothers in art class.

The Reading Class has written a play from the story "The Christmas Truants". We are going to act out the play this week. Billy Radoye is the director, Bob Clark is stage manager, Josephine McLeskey is prompter and the rest of the class will take parts.

We have started the study of Australia in Geography. Last week we completed a map of India.

FROM THE CLASSROOMS

By Evelyn Davies and Marie Tremper Mrs. Durand

The 9th grade English class is working on parts of speech in the sentence. They have just finished studying substantives and are now concentrating on verbs. Mrs. Durand is reading the story of "The Other Wise Man" by Van Dyke to the class.

The 10th grade English class has started the section on poetry in their literature books.

The Latin II class has started the department concerning Roman Home Life. Their first study is on the Roman Wedding.

Having just completed our work on Declamations, the Public Speaking Classes are now beginning work on Extempore Speeches. We plan to give a number of extempore speeches on various subjects within the next few weeks.

Mrs. Walter

The Senior Civics class has been working on a project of a basketball constitution for our school. The class was divided up into committees of twos and threes which composed different articles of the constitution. Then a report of those articles was given in class by the chairman of the committee. The class amended or approved the report as they saw fit. The class is held as an ordinary meeting, each suggestion being proposed or rejected, discussed and put up for vote.

Mr. Waters

The 9th grade Biology class has been studying reptiles and reports are to be given to make the discussion more interesting.

PHOTOGRAPHY CLUB

by Bettieann Comstock

The Clarkston High School Photography Club is having a photographic contest among the members of the club.

Each member may enter three pictures which have been taken, developed and printed by the person entering the pictures.

The contest opens January third and will close January tenth. Pictures will be judged between January tenth and January nineteenth by Mr. Waters, Miss Wade and Mrs. Durand.

The prizes to be awarded will be things which will help the winner to improve his work in photography.

IN AND AROUND C. H. S.

Have you noticed the new coiffure of Virginia Topdu? She's a brave girl for having her beautiful locks cut off.

By the way, Honor Stickney and Virginia better apply for a job at Pinkerton's—they are good at sleuthing.

It's a well known fact that Pudd receives gifts from a seventh grade admirer. We'll have to hand it to you Pudd, you're O. K.

Who was the boy Bettjann was looking for at the Basketball game? Did you find him Bettjann?

The senior girls have been debating whether they should give any pictures to the boys. Don't get conceited girls. They may not want them.

A well known threesome in the hall these days consists of Susie, Clinton and Julia. Someone missing?

We've been told that Chet is signing his pictures "With Love, Chester". Now ain't that purty, girls?

It seems as though Richard Ganther has a new girl-friend. (How about it, Mary?)

Who got that note that Wainman sent to his girl? We don't know, but evidently its contents started quite an uproar.

Many of the kids went out for an hour's amusement on the pond last Sunday; many went home for an hour or more of treatment in which liniment, rubbing alcohol, etc. were applied on some of those bruised spots.

Charlie can never win an argument in News Class—too many women.

The inter-class basketball games started on Wednesday of this week with the eighth grade boys defeating the boys from the seventh grade by a score of 15 to 8. Don Smith was Captain of the eighth grade, while Richard Lawson was Captain of the seventh grade. These inter-class games will be continued until January sixth.

What Did the Saviour Look Like?

An article in The American Weekly, with the December 19 issue of The Detroit Sunday Times, will point out that an exhibition of 1,000 paintings by artists of many nations shows a wide difference in their ideals—but evidence has been found that a real likeness of the Divine features based on a sketch by St. Peter in the Catacombs has inspired the Christ portraits of all ages.

Miss Charlene Mentie and Mr. and Mrs. Clarence Bearslee and two daughters, Fay Lorraine and Shirley Ann, were Sunday guests at the William Scrase home.
On Friday afternoon Mrs. W. S. Barrows will be hostess to her Contract Club at a dessert bridge and Christmas party at which time the members will exchange gifts.
Mr. and Mrs. Glenn Jones entertained at a venison dinner on Sunday. The guests included Mr. and Mrs. Arthur Kelly and family, Mr. and Mrs. Jos. Perry and family, Mr. and Mrs. Carl Inman and family, Mr. and Mrs. Stanley Solley and family of Oak Hill; Mr. and Mrs. Asa Kelly, Miss Florence Chamberlain, Miss Jean Conklin of Clarkston; Miss Fern Webber of Oakwood and Cass Mann of Andersonville.

During the next two weeks the streets will be crowded with Christmas shoppers; traffic will be congested. These conditions call for additional care on the part of both the pedestrian and the motorist. Pedestrians, intent on the serious question 'What shall I buy Mary?' are very likely to dash across intersections heedless of traffic signals. Arms will be loaded with packages, obscuring the shopper's vision. Motorists will have to anticipate any emergency and be alert at all times.
Let us all do our part to make this a Merry Christmas. Not one of us would want to be responsible for an accident which would spoil the peace and happiness of anyone during the holiday season. Let us keep the thought of safety uppermost in our minds at all times.
Remember—a safe Christmas is a happy Christmas.

LOWER SPEED AS SAFETY MEASURE

New Traffic Rules on US-10 Near Saginaw

Regulations which went into effect Wednesday, Dec. 15, call for a 50-mile an hour speed limit between Saginaw and Bridgeport; 35 miles an hour in Bridgeport; and a prohibition against driving in the wrong lane of traffic or crossing the centerline of the highway from Saginaw to M-38. The restrictions follow the issuance of a special danger zone determination and order of State Highway Commissioner Murray D. Van Wagner and State Police Commissioner Oscar G. Olander.
Commissioner Olander and Sheriff Hugo Muehlenbeck, of Saginaw County, at a conference this week said the restrictions would be enforced to the letter. The speed limits will be absolute, they said, with no leeway for motorists.

"The state police are in a position now to carry out a very effective selective enforcement program. We have 104 troopers available for traffic patrol."
Both Olander and Sheriff Muehlenbeck said they would use every effort to prevent loopholes in the enforcement of the regulations. They particularly will be on guard against "ticket fixing" and adjourned court cases, they said.
Seventy accidents occurred along this stretch of highway from Jan. 1 through Sept. 21 of this year including eleven fatalities.
Similar selective enforcement programs are now in effect on US-112 through the Irish Hills section of Lenawee County, on US-10 between Flint and Pontiac, and on the Farmington cut-off of US-16. In each of these zones, the accident rate has been reduced by this program.

CHILDREN IN COURT

Judge Malcolm Hatfield It was learned in juvenile court this week that the child who is permitted to torture and mistreat family pets frequently develops into a hardened adult.
With the wide-spread sale of rifles and shot guns to irresponsible hunters, there is little wonder that innocent bystanders, live-stock, song birds and family pets are shot during the hunting season.
So long as this nation adheres to the erroneous belief that all red-

blooded American boys must be given toy pistols, air-guns and rifles to play with, we can expect a murder to be committed in the United States every forty-five minutes, throughout the year. Furthermore, it does not take a misguided youth who is skilled in operating an automatic revolver or rifle long to learn how to manipulate a machine gun.

Winter Comes Early With Cold and Snow

The people of this area, and many others for that matter, have been experiencing unusually cold weather for this time of the year the past week. The drop in temperature was so sudden and rapid that it found everybody, if not unprepared at least unacclimated. The lowest mark registered was four degrees above zero, a mark that is not unusual here later in the season but much beyond normal. While the cold spell, which has continued to the present time, has

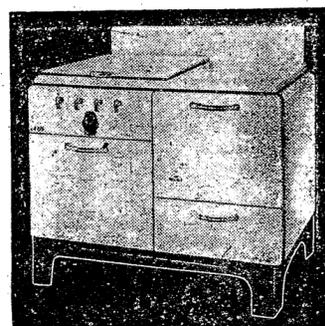

been unwelcome, fortunately it was not accompanied in this section, as it was in the southwestern part of the state, with a heavy fall of snow that in some places reached the proportions of a blizzard.
Later—the snow is here. There was a fall of about two inches late Tuesday night, but it was not accompanied by a wind to pile up drifts. Wednesday morning the storm turned to rain that froze on walks and pavements and made travel by foot and motor hazardous.
