First Health Talk On Tuesday at 1:30

Mrs. Fred Kennedy is in Charge of Local Arrangements

Accidents and emergencies commonly occurring in every home and the first aid treatment of these will be explained to local women by Dr. Berneta Block, Michigan Department of Health staff physician, at the opening meeting of the series of free health classes being sponsored here next Tuesday, Feb. 15 at 1:30 o'clock at the school. Mrs. Fred Kennedy is in charge of local arrangements for the classes.

"Common Emergencies and How to Meet Them" will be Dr. Block's subject at this first meeting. The series will continue for six weeks and will be held at the same time and place with illustrated lectures on all phases of maternal and child hygiene. Prompt temporary treatment of the proper kind when an accident has occurred or when a person has become suddenly ill is a valuable aid to the doctor in preventing serious consequences. Outlines will be distributed to all persons attending each lecture and special pamphlets will be given to those interested in them.

Large Crowd Attends Grange Meeting Gold and Silver Sheaves Given Long Time Members

The Oakland County Pomona Grange met in Clarkston on Tuesday. At noon dinner was served in the Grange Hall to about 125 from the subordinate Granges of the County. Parking space was hard to find on Main Street.

The afternoon's program included numbers from each Grange and the Pomona ceremonies were in charge of William King of Davisburg. Long time members of the organization were paid special honor when a golden sheaf was presented to a member of fifty consecutive years and silver sheaves were given to 22 members. Harold Parsons of Carpenter Grange introduced Samuel Backus, Mayor of Pontiac who invited the Pomona Grange to extend an invitation to the State Grange to meet in Pontiac in 1939. The 1938 meeting will be held next October in Allegan. Carpenter Grange was cited for having secured the largest number of new members. Other special guests were William Edmondson, Pontiac City Manager and C. H. Bramble, Master of the State Grange.

ADAPTED SEED IS MADE NECESSARY

Advice to Farmers Who Join in Conservation Program

Seed for alfalfa and red clover seedlings for which payment will be requested under the 1938 Agricultural Conservation Program must be adapted seed, according to Robert F. McCrory, chairman of Oakland County Agricultural Conservation Committee. This means that the seed should be northern grown. The best seed for Michigan is that which is grown in Michigan, Wisconsin or other northern States and Canada.

When farmers purchase seed this Spring, they should have executed the special seed form to establish evidence to be used in claiming payment under the program. This form can be obtained at the county office at 318 Hubbard Building, Pontiac, Michigan, and is to be signed by the person from whom the seed was obtained, whether it was purchased from a dealer, a grower, or was seed used by a farm who produced his own.

These forms are also available for dealers at the county office, and may be obtained upon request. Some dealers in using these forms are giving one copy to the farmer and keeping one copy in their own files.

Clarkston Locals

Mr. and Mrs. Arnold Mann and sons Jr., and George and Mr. and Mrs. Bert Crosby spent Sunday in Davisburg as guests of Mr. and Mrs. C. Walls.

Mr. and Mrs. Allen Secord and son, Alton, and Mabel Ridgeway spent Sunday with Mr. and Mrs. Dave Dernberger of Pontiac. In the evening they all attended the Fox Theater in Detroit.

Large Crowd Attends Valentine Tea

The Ladies' Aid Made a Profit of \$20

The Valentine Silver Tea held at the home of Mrs. George Harris on Wednesday afternoon was a grand success. There were about forty in attendance and all thoroughly enjoyed a lovely program, a friendly visit and dainty refreshments.

Miss Mildred Butters, one of Clarkston's artists, played a beautiful piano solo; Mrs. James Sutton of Williams Lake gave two splendid readings, and Mrs. Orlo Willoughby in her usual pleasing manner sang two pretty numbers.

The tea table, at which Mrs. Durand Ogden and Mrs. Arthur Schurz presided, was a picture. The valentine motif was used wherever possible and red and white predominated. The table was centered with red tulips and small white candles. The valentine napkins, red and white mints, valentine cookies and the large assortment of dainty sandwiches on silver trays added to the attractiveness of the table.

Mrs. C. E. Edwards, chairman of the affair, wishes to say "Thank you" to her committee and to all who helped make the tea such a fine success.

Royal Neighbors Met Wednesday

Mrs. Edward O'Roark Was Hostess

On Wednesday afternoon the Royal Neighbors met at the home of Mrs. Edward O'Roark on Washington Street. There were twenty in attendance. A delicious pot-luck dinner was served at noon.

The regular business meeting was held and a new member, Mrs. Alma Corbin, was welcomed. It was decided that the Sewing Circle would meet with Mrs. Allen Secord on Feb. 23 instead of on the 16th as planned. Mrs. Secord will be assisted by Mrs. William Belitz.

The next regular meeting will be at the home of Mrs. Dale Brown on March 9th.

Tickets Are Now on Sale

Plans have been completed for the "G. Washington Swing" at the Clarkston School, on Friday night, Feb. 18th. The tickets are on sale and for the convenience of those who have not secured one yet a ticket depot has been established at O'Dell's Drug Store. Tickets may also be secured from any P. T. A. officer.

Those who are being asked to act as patrons of this lovely affair are— Mr. and Mrs. Roy Spencer, Mr. and Mrs. Harold Bauer, Dr. and Mrs. Arthur Schurz, Mr. and Mrs. James Bennett, Mr. and Mrs. C. G. Waterbury, Mr. and Mrs. Fred Beckman, Mr. and Mrs. D. M. Winn, Mr. and Mrs. Percy Craven, Mr. and Mrs. Glenn Nykerk of Drayton Plains and Mr. and Mrs. Kenneth McVittie of Waterford.

What License Plates Will Look Like in 1939

It may appear a little early to talk about 1939 motor license plates when so many cars still lack their 1938 plates, but the matter has been under consideration for some time and the design has practically been decided upon.

License plates for 1939 will have light figures imposed on a dark background, numerals and letters will be grouped in pairs, the total number of numerals and letters will not exceed five, and the plates will be uniform in length and possess greater width.

By combining numerals with letters, excepting the letters C, G, O, and I, it has been possible to work out 3,000,000 combinations without duplication. By grouping in pairs the license plates will be easier read and easier remembered, which will facilitate the apprehension of hit-and-run drivers and other law violators.

Less Than Week Left to Send In Report Cards

With less than a week before the deadline, hundreds of hunters have not yet complied with the state law which requires them to report to the State Conservation Department on their kills for 1936 and 1937 by Feb. 15.

At the close of January, about 210,000 hunters and trappers had sent in their reports to the department of conservation. But it is believed that about 400,000 persons bought small-game licenses for the 1936-1937 season and about 150,000, at least, purchased 1937 deer hunting licenses.

The number of deer and bear hunting reports received up to Jan. 26 totaled 69,320 and the number of small-game hunting reports, 102,600. For the same period, 7,350 trappers reported.

Several hundred hunters have written in to the department reporting loss of their report cards. The approximate number on Jan. 25 was 750 and others have been received since. Those not giving complete information in their letters are being sent form letters to fill out as substitutes for the original report cards.

In addition another unexpected bookkeeping chore has been created by the receipt of approximately 1,000 small-game hunting licenses, that many hunters having failed to realize that only their report cards were wanted and that they will need their licenses if they want gun permits between now and next September when the licenses expire.

Clarkston Locals

Mr. and Mrs. William Sherwood of Pontiac spent Monday evening at the Arnold Mann home.

Mr. and Mrs. D. L. Simi of Detroit were Sunday dinner guests at the Frank Molter home.

Mr. and Mrs. Glen Jones attended a family dinner at the home of Mr. and Mrs. Forrest Jones on Friday evening.

George Ballek who has been very ill for the past week was taken to the Goodrich Hospital on Sunday afternoon. He is in a very serious condition.

Mr. and Mrs. Hobart Houtrow and daughter, Barbara, of Detroit, spent Sunday with Mrs. Houtrow's sister, Mrs. Nelson Markle and family. Other guests at the Markle home were Mr. and Mrs. Floyd Shotwell of Pontiac.

Child Study Club Has Regular Meeting

Mrs. Clarence Johnson Is Hostess

On Thursday evening of last week the Clarkston Child Study Club met at the home of Mrs. Clarence Johnson. Nine members answered Roll Call with a current event. There were two guests present, Mrs. Brant of Pontiac and Mrs. Towne.

One new member, Mrs. Helen Caves, was welcomed. After the business meeting two very fine papers were read by Mrs. Fred Kennedy and Mrs. Howard Dean. Roberts Rules were given by Mrs. Willis Ross. A reading was given by Miss Kathleen Johnson. It was decided to hold a bake sale at the G. A. Walter store on Saturday, Feb. 12th beginning at 2:00 o'clock. The next regular meeting will be held with Mrs. LaPlante. At the close of the evening the hostess served dainty refreshments.

Mrs. George Hunt Was Honored Friday

Last Friday afternoon Mrs. Edward O'Roark entertained at a miscellaneous shower honoring her sister-in-law, Mrs. George Hunt of Waterford. The George Hunts recently lost their home by fire.

Three tables of Progressive Bug were in play during the afternoon with the awards going to Mrs. William Hunt and Mrs. Clarence Smith. The honored guest received many lovely and useful gifts.

Dainty refreshments were served at the close of the afternoon.

Leaders Trained for Camp Fire Girls

A very interesting National Training Course, for the leaders of Camp Fire Girls, will be held in Pontiac Monday February the twenty-first. An invitation is extended to interested persons in this vicinity.

Miss Wahlstrom will arrive in Pontiac on Monday February the twenty-first and will conduct an Institute for Guardians, assistant Guardians, prospective Guardians and Interested Mothers, at Mrs. Price's Tea Room on North Saginaw Street.

In addition there will be an exhibit which is always inspiring and full of suggestions for leaders.

A National Honor Bead will be awarded to all those attending the entire session.

A six o'clock dinner will precede the training course and anyone wishing to make reservations, may call Mrs. Maud E. Bell the local secretary, telephone Pontiac 2-0111.

State Guards 5,000 "Lost" Auto Titles

Nearly 5,000 automobile titles, lost by their owners in the last 12 months, are being held by the Department of State, until their owners realize their loss and ask for them—as they will shortly, when they start to buy their 1938 license plates.

If correct addresses were known, these titles would of course be sent to their owners, but the file of "lost titles" contains only those which postal authorities haven't been able to deliver because of faulty addresses given by applicants for the titles.

Leon D. Case, Secretary of State, points out that thousands of people are annually frustrated for a time at least, by frantic searches for their car titles which they must present when they apply for license plates.

With well over a million motor vehicles still without their 1938 license plates and the deadline set by law at midnight, Monday, February 28, Case points to an inevitable jam at every Department of State office in the state at the end of this month. He suggests that those deferring their purchases through necessity, make certain at this time that they have their titles available.

Experience indicates that the large bulk of "lost" titles now held by the department will be claimed before the license plate deadline. It may not be possible, in every case, however, to get the titles back to their owners before the deadline, because of the volume of business created as March 1 approaches.

FARM BUREAU HAS ANNUAL MEETING

Mrs. Iva Miller Was Re-elected to Board of Directors

The annual meeting of the Oakland County Farm Bureau was held at Pontiac on Tuesday. Several matters of interest to farmers were considered and resolutions were adopted covering a number of the more important ones. These included a recommendation that the State Legislature appropriate funds to pay for loss of animals in the eradication of Bang's disease; that more money be diverted from the gas and weight tax for the improvement of township roads; that rural electrification be extended; that support be given the movement for an ever normal farm granary; that the State Department at Washington make trade treaties with other nations providing for the exchange of agricultural products for industrial imports; and that legislation be enacted compelling the vaccination of all dogs against rabies.

Fred Beardsley, of Oxford, Mrs. Iva Miller, of Clarkston, Harold Albertson, of Oxford, and Walter Cook, of Rochester, were re-elected to the board of directors.

In the afternoon there was a panel discussion on the consumption and distribution of goods. Leaders representing varied industries spoke, among them being James S. Mitchell, of Holly.

The board of directors re-elected the present officers, as follows: President—J. C. Haines. Vice-President—J. S. Mitchell. Sec. & Treas.—H. Albertson.

Parks May Not Open Next Season

Several of Michigan's state parks may not be opened next season unless an emergency allotment of funds is granted to meet an existing deficiency.

Unless additional funds are obtained," says Walter J. Kingscott, chief of the parks division of the department of conservation, "our expenses will have to be readjusted, which will mean curtailment of operations. And that would prevent the opening of several parks next season. How many I could not say at this time, but it would be several."

The emergency allotment requested by the parks division amounts to \$45,000. A total of \$192,800 was requested for the parks for the current fiscal year which ends July 1, but the budget finally approved by the legislature amounted to \$125,000 and this was further reduced five percent to \$118,750.

Part of the emergency allotment would be used to make repairs and replacements which have been postponed from year to year because of a shortage of funds but which Mr. Kingscott says cannot be delayed any longer if the parks are to be kept safe and sanitary.

Mrs. Caroline G. Fox

Mrs. Caroline Grow Fox, 5916 Andersonville road, Waterford, died Thursday morning in the Goodrich Hospital following a long illness.

Mrs. Fox was born in Waterford Feb. 14, 1866, the daughter of Mr. and Mrs. Waterman Grow. She was married to Frank B. Fox who survives her. She is also survived by one brother, Judson Grow, of Waterford.

Funeral service will be held Saturday at 2:30 from the Ogden Funeral Home, in Clarkston. Burial will be in Lakeville cemetery. Rev. Howard Jewell of Waterford will officiate.

Waterford School News

First Grade:
 The policemen in the first grade room this week are: Elaine Burt, Charles Kinkle, Norma Measel, and Rolfe Stevens. Their duties are to watch the boys and girls in the hall and remind them to keep quiet. Last week's attendance was perfect, for no one in either of the grades missed a day. Now that January is over, everyone is looking forward to the month of February because of the many holidays and birthdays. The room, this month, will be decorated with appropriate colors.

Sixth Grade:
 The sixth grade is preparing a "Health and Safety" program. Ronnie Mustoe was elected chairman by a popular vote.

Seventh Grade:
 The seventh grade History Class had a test on construction work Monday. Tuesday they will hold a debate in History class. The topic for dis-

cussion is to be: "Did the South have a right to break away from the Union?"

Eighth Grade:
 The eighth grade Science class has been making a study of rocks. During this study a large collection has been made. They range from small pebbles to good sized rocks, the largest having a diameter of about one foot. The eighth grade are also happy to welcome a new student from Detroit, James McIntyre.

High School News:
 With the beginning of the new semester a general change has taken place. The result is that every pupil has received a new seat.

Harold McFarlane, a former graduate from Waterford, came back Monday for the purpose of renewing his study of Geometry.

The Girl Scouts are planning a St. Patrick's Day tea for their mothers. Some of the Scouts plan to finish their second class requirements before the annual county meeting which will be held March 12.

The basketball game between last year's boys and the present boys' team resulted in the defeat of the present team, 8-10. Tuesday night at the Donelson gymnasium, the boys' first team will play Dublin, and the second team will play Donelson. The girls' first team will play Drayton.

Lets' hope for an all-round victory!

Drayton Plains

Mrs. Frank Bachelor, 79 years old, of 2970 Sashabaw Road, mother of Mr. Bachelor of Drayton Plains, underwent an operation on Saturday, Feb. 5th, and is in a serious condition.

The last hockey game of the season was played on February 29th when the Drayton Plains Trojans defeated the Black Hawks, 4 to 3. This, by all appearances, was the best game of the season. A very large crowd attended. Although there are no other games scheduled there might be a game arranged if the weather permits.

On February 5th 21 Boy Scout of

Troop No. 52 of Drayton Plains went on an overnight hike to Ortonville. The weather was mild and the boys had their usual good time. There will be a Robinson Crusoe hike on March 14th.

SCHOOL NEWS

On Tuesday of last week our school's basketball teams played some of the best games of the season. The girls' elementary team defeated Donelson by a score of 17 to 11. The first team played the second victorious game by beating the Waterford team 11 to 6. The most thrilling game of the evening was the game we lost to Dublin. The game was quite close throughout and with only a minute left to play we came within one point of tying the score. The game ended 24 to 23. Our boys played a far better game than ever before.

The eighth grade civics class and the High School Citizenship class are using new books in their courses. Instead of a regular text-book we have a shelf of reference books which we use in preparing our lessons.

Several new seventh graders have come to us this semester from the 6A. We hope they will like our High School department.

Clarkston Loses to Farmington

Friday, February 4, the Clarkston basketball team played at and lost to Farmington by a score of 26 to 16 in favor of Farmington. The boys played a very good game but they just couldn't get used to the small floor on which they were playing. Art Clark hurt his finger in the first quarter and had to leave the game until the last quarter. Meanwhile Chet Adams substituted for him. The boys from Clarkston led Farmington from the start until the last quarter, only to be ousted by a ten point rally. Banfield, their high scorer, was not quite well from an ankle injury received while Farmington played here, although it didn't slow him up much. The boys had a swell time even though they did lose the game.

FROM THE CLASS ROOMS

by Pearl Olson

Mrs. Durand

The class is now beginning the second semester with the studying of Debating. We plan to have several debates on various subjects before we complete this particular unit of our work.

9th English

Mrs. Durand has begun to read "The Perfect Tribute" by Mary R. S. Andrews to our class. It contains several tales of Abraham Lincoln's life which I am sure we shall enjoy very much.

NOON ACTIVITIES

by Bettieann Comstock

A few weeks ago plans were made to stop the intramural basketball games substituting tournaments for ping-pong, checkers, shuffle-board and volley ball. These activities proved successful but they did not include enough pupils therefore, another schedule for poontime basketball has been planned.

GRADE NEWS

Kindergarten and First Grade

With the beginning of the second semester we started many new activities. The most interesting of these are a newspaper and a post office.

Every morning we write the most important events of the day. At the end of each week someone is chosen to draw a picture on the cover of the "First Grade News" to illustrate one of the important news features of the week. The project creates a whole hearted interest in all activities and tends to facilitate reading. The children are very proud of their ability to read a newspaper.

Our post office is nearing completion this week. The outside "brick wall" is finished and inside is a letter box for each boy and girl in our room. Different children will be chosen each week to act as postmaster, clerks, and rural mail carriers. The boxes fastened to the tables indicate the rural delivery. Through our Post Office Unit we have acquired many new ideas. We have learned (1) to appreciate the service of a post office in a community (2) the many departments of a post office (3) the value of money through the purchase of stamps and the mailing of packages.

Our Valentine Party will be much more fun now that we have a post office and postman to deliver our valentines.

We have a valentine box and have drawn names so that no one will be forgotten on Valentine's.

We have made many pretty valentines and an imaginary picture of a little valentine girl watering valentine flowers.

Our tadpoles have developed back legs now. We are getting anxious for them to turn into little frogs.

Donald Batten is a new boy in our room.

FEATURES

Maynard and Bessie seem to use a great deal more paper than is necessary for school work alone—we wonder what would happen if the price of paper went up.

Wonder if the correspondence carried on by Charlotte Sue and Russel Wilson means anything.

"Live and Learn" is our motto! Maybe Mill will follow our advice. Anyway, we don't believe he will use hot radiators for sitting places for quite a while.

The spring weather seems to be getting everybody down (or up as the case may be). Everywhere at noon one may see groups and groups of C. H. S. students strolling in the good old out of doors.

The 10th Grade Geometry class certainly is getting modern minded. Even to the extent of giving the radius of a closed plane curve, all points of

which are equidistant from the center (a circle to you) the new name of radio.

Everybody has been going about waving little pieces of paper with the inscription "Honey" on them. Some of the results were very startling. Ask Irene, she knows.

Boy, did we have fun at Troy League last Sunday! In case you weren't there you missed something, especially the singing of those rousing choruses led by Dan and Phyllis.

By the way, Suzy Miller had better notify mamma and papas and coaches of her guests the next time she gives a party following a basketball game.

And speaking of parties we hear that the "G. Washington Swing" planned by the P. T. A. is going to be quite an event.

Suggested use for the old school—convert it into some sort of an academy for the Clarkston girls so that C. H. S. will be improved. C. H. S. teams will win etc., etc. What's the matter, did she turn you down?

Hearing of the radio poll reminds us that in many families on Monday nights there is much discussion as to whether to listen to the Lux Radio Theater or Fibber McGee, both of which are popular.

Where's this all school party we have heard so much about? Let's have some action from the Senior girls who planned it.

Another round of intramural basketball is coming up, somewhat to the disgust of the reporters who dislike covering them.

This being Boy Scout week, several girls have suggested that C. H. S. boys get interested and take over a few Boy Scout virtues. And how about having a Boy Scout Troop in town?

Guess who the latest visitors to the school have been—Jean Galligan, Laura Robinson, Eileen Johnson

Brandt, Lucille Ross Towne, Kathleen Johnson and Miss Joyce Thayer. Blondie and Arlene are having trouble getting each other out of the way.

Speaking of Blondie, we hear that she is bored with anyone but McIntyre's company—Clint Russell's for instance.

Everyone is going ping-pong crazy—the town and school both having tournaments, every available table is getting well "pinged and ponged". Maybe it's a form of the "dipsy doodle".

Economics Class had a heated discussion over women's hats (if they may be called such) and whether

LIGHT

for a low-ceilinged

Recreation Room

A ROOM with a very low ceiling—such as a basement recreation room—presents a special lighting problem. The lighting fixtures used in a room of ordinary height may hang as much as 12 to 18 inches from the ceiling. These are obviously impractical here.

There are three solutions—any or all of which may be used, depending on the size of the room to be lighted. A recessed glass panel almost flush with the ceiling will provide good general illumination, when used in combination with other lighting and eliminate any danger of bumping one's head on the usual projecting type of light fixture. Wall brackets are another possibility. Graceful new plastic wall urns are an attractive variation of the usual shaded bracket, and supply a good quality of indirect illumination. Finally, there are floor lamps and table lamps with a reflector bowl under the shade to diffuse the light. These have the advantage of being portable and may be used alone or in combination with the other two types of lighting fixtures mentioned above.

For helpful suggestions on your home lighting, call in a Detroit Edison Home Lighting Advisor. He will show you how to measure your lighting with the Sight Meter and help you with any lighting problem you may have. If you wish, he will make a complete lighting survey of your house, and give you expert advice on types and arrangement of lamps, fixtures, etc. No charge or obligation! This is part of our service.
