Odds and Ends

"The motor car has enriched the lives of our people. It has transformed a nation into a neighborhood." This statement by Bruce Barton is true. He might also have added that the possession of a motor car is more prized today than furniture. As proof of this, notice ads of finance companies who will loan on autos when they will not loan on furniture. Few cities have street cars but all have bus lines. It is almost impossible to go anywhere, with ease, without a car. Your car may be a thing of beauty or just plain "transportation" but it is one necessary thing and you would not think of going without it. The automobile industry was the first to emerge from the depression and because it is enterprising and capable may be the first to emerge from the recession. Because we believe that the important thing right now is to get back to work, if any help can be given to the auto industry, we are willing to help the cause. Read the article on this page and look over the ads. They are not only interesting but will save you money as well as promote recovery from the recession.

It is now a recognized fact that this depression is more violent than the depression of 1930. It is being described as a V type while the other was a U type. That is explained in this manner. The U type depression does not go down so sharply but it takes longer for it to reach its upward swing again. The V type takes a rapid downward swing and then takes as rigid an upward sweep. We hope they are correct in this surmise. It is certainly true that conditions are far worse now than they were even in the darkest days of 1932, but figures indicate the bottom has been reached. At the same time indications point to the rapid upswing of the forecasters by reports from the automobile and allied industries to the effect that they will issue calls shortly to their former employees to come back to work. Best of all, they say that they believe they will be able to hire men for an average period of 19 days a month. That is four days a week in a five week month and nearly five days a week in a four week month. When these calls go out you can put it down in your book that this depression, or recession if you prefer, is on the way out.

DAVISBURG SCENE OF TRAIN WRECK

Broken Wheel Derails Fast Night Express on G. T. Ry.

Passenger train No. 57, on the Grand Trunk, westbound, was wrecked at Davisburg Saturday morning. It is a fast train from Detroit to Durand, where it connects with a night train for Chicago, and was going about 60 miles an hour when the accident happened.

The cause was a broken tire on one of the front cars. There were seven baggage and express cars, coaches and sleeping cars attached. All were derailed except the front trucks of the first car. The cars left the rails near the main highway crossing in the east part of town. The locomotive and two cars were detached and the engineer carried them nearly to the west switch. When he saw what had happened he put on speed to prevent the rear cars from piling up on the front end of the train.

Some of the derailed cars and coaches ran off on the south side of the track and some on the north side but none was tipped over and no employee or passenger was seriously injured. One woman was cut and bruised a little but was able to continue her journey when a train was sent down from Durand and passengers, express, mail and baggage were transferred.

Two wrecking crews, one working from each end, were required to clear and repair the track which was torn up for about a thousand feet. The morning train east was sent around by Wixom on the P. M., but the track was open for the 11:25 a. m. trains.

Literary Club Elects Officers

Mrs. C. H. Souby Is Made President

The Clarkston Literary Club met Tuesday, March 1, at the home of Mrs. Lee Clark, with 16 members answering roll call with the name of a "Book I would like to own".

After a short business meeting conducted by the president the following program was given:

Book review, "Road to Contentment" by Grayson, by Mrs. C. H. Souby.

"List of New Outstanding Books", by Mrs. McClelland.

Annual election followed with the following results:

President—Mrs. C. H. Souby.
Vice-president—Mrs. Lee Clark.
Rec. Sec'y—Ada Scraec.

Cor. Sec'y—Mrs. A. L. McIntyre.
Treasurer—Mrs. A. J. Smith.

Meeting adjourned to meet March 15 with Mrs. D. McClelland.

Dr. Lynn Hough To Preach Sunday

Dr. Lynn Harold Hough, Dean of Drew Theological Seminary, will be at Christ Church Cranbrook this coming Sunday morning to preach at the eleven o'clock service. Dr. Hough has chosen as his subject: "Ways of Losing Our Way".

Since leaving Detroit in 1928, where he was pastor of the Central Methodist Church, Dr. Hough has served as pastor of the American Presbyterian Church in Montreal, and at present is Dean and Professor of Homiletics and Christian Philosophy at Drew Seminary.

For many years Dr. Hough has been widely known as a preacher and author. In this country he is much in demand as a preacher in college and university chapels. For many summers he occupied the pulpit of City Temple, London, as an exchange preacher, and he has travelled and preached extensively throughout the rest of Great Britain. Dr. Hough is known, too, as a writer, having published numerous essays and books on the subject of personal religion and church history.

New Agricultural Program Meeting Held

The recently enacted farm bill together with its effect upon the 1938 Agricultural Conservation program were explained by representatives from Washington, Mr. John B. Wilson, of the Agricultural Adjustment Administration, and Mr. Warburton, of the Extension Service at a meeting in East Lansing this week.

This meeting will be followed by district meetings to be held throughout the state in order that county committeemen may become familiar with the new program.

The new program provides, as in previous programs, for soil conservation and in addition, the "systematic storage of food and feed surpluses of big crop years for use in years of shortage is encouraged by the use of loans."

The aerial pictures of Oakland County have arrived at the County Office, 318 Hubbard Building, Pontiac. Come in and see if you can find your farm.

Joseph Skinner had the misfortune to fall a week ago Friday and break his leg just above the ankle. The leg is now in a cast which will have to be worn about ten weeks.

Former Resident Here Dies in Jackson

Joshua D. Vliet, aged 82 years, passed away at his home in Jackson, Mich., on Monday.

Mr. Vliet is known to many in this vicinity as he was a resident here for several years. He was married to Ella Voorheis who survives him. Other survivors are, three daughters, Mrs. G. E. Seybold of Jackson, Mrs. Carl Wolf of Parma, and Mrs. Edward Sweet of Ypsilanti, and two sisters, Mrs. Helen Clark of Detroit and Mrs. Josephine Smith of Clarkston.

The funeral service was held at the Ogden Funeral Home in Clarkston on Thursday afternoon with burial in Lakeview cemetery.

Rehearsals Postponed Until September

At the meeting of the Clarkston Choral Club on Monday evening, it was decided to postpone the weekly rehearsals until the fall season. A great many who have enjoyed the programs each Spring will be disappointed when they learn that the concert this Spring has been dispensed with. So many of the Club members were busy and just could not find time for rehearsals. However plans will be made for the Fall work and a bigger and better program will likely be the outcome.

Ladies' Aid Met Wednesday

Mrs. Lee M. Clark Was Hostess

The Ladies' Aid of the Clarkston M. E. Church held the regular monthly meeting at the home of Mrs. Lee M. Clark on Wednesday afternoon. Mrs. Ada Mills, Mrs. A. B. Hubbard and Mrs. Jos. Seeterlin were assisting hostesses.

There were twenty present. The Father and Son Banquet was discussed and Mrs. C. E. Edwards was appointed program chairman. Rev. C. E. Edwards was made chairman of the speaker committee. After the regular business had been taken care of Mrs. Cooke of Holly gave a reading which all enjoyed very much and then she favored the group with a pretty vocal selection. Mrs. Edward Owen was the piano accompanist. Everyone had a good time visiting and at the close of the afternoon dainty refreshments were served.

Junior Club Meets in Drayton

Mrs. Marguerite O'Dea Was Hostess

The Clarkston Junior Literary Club met on Tuesday evening at the home of Mrs. Marguerite O'Dea in Drayton Plains.

The Roll Call was answered by naming a State and its capital.

At the business meeting the group discussed having sponsors from the Senior Club and Miss Ada Scraec and Mrs. Chas. Bryant were selected. It was decided to make chair and davenport sets and dispose of them as a means of raising money.

The theme of the evening's program was "Places of Interest in the United States". Many interesting discussions were carried on. Mrs. Gordon Parker gave a paper on "Maine".

At the close of the evening the hostess served dainty refreshments at a table prettily decorated with the George Washington motif and colors.

Plates for Stickers Helps Michigan Men

Motor vehicles of the state will be carrying 1500 tons of Michigan steel in the form of license plates in 1938—an increase of about one-third over tonnage of previous years. The 10,000 gallons of enamel covering these plates weighs about 40 tons.

The increased purchase of Michigan steel and paint arises through decision of Leon D. Case, Secretary of State, to substitute metal half-year permits for the windshield stickers of previous years. About one plate in three is a half-year permit. Stickers were purchased in previous years from an Illinois firm.

The 1937 legislature added a 25-cent fee to the cost of half-year permits, to cover bookkeeping and other costs. Metal plates are made at the State Prison of Southern Michigan for about 11 cents a pair, and provide much-needed prison labor; the stickers cost about 4 cents each.

National Used Car Campaign Planned To Aid Recovery

Local Dealers Are Offering Special Bargains as Their Part in Making Campaign Successful

A national drive to sweep the American automobile industry out of the current recession and stimulate American business generally was announced today by Alvan Macauley, speaking for every American automobile manufacturer and the nation's 45,000 automobile dealers.

The campaign, to be known as "National Used Car Exchange Week" and scheduled for March 5 to 12, is an outgrowth of recent conferences at the White House between President Roosevelt and leaders of the automobile industry, Mr. Macauley said. The President has been advised of plans for the campaign, which is

WEIGHT LIMIT IN EFFECT MARCH 1

Load Restrictions Will Continue in Force Until May 31

Annual load restrictions to protect Michigan highways against the depredations of the so-called spring break-up were clamped down upon the trunkline system this week by Commissioner Murray D. Van Wagener.

The commissioner put into effect statutory provisions requiring reduced truck loads between March 1 and May 31. Truckers must reduce their loads 25 per cent on concrete pavements or pavements with a concrete base. On all other types of roads, the loads must be reduced 35 per cent.

As an aid to truck operators in observing the restrictions, the state highway department for the second year has published a special map for their use during the restrictive period. Five types of highways are detailed on this map—concrete pavement and pavement with a concrete base; hard surface roads not having a concrete base; gravel roads; earth roads; and highways under construction.

For the first time, the map contains a table of maximum allowable truck axle loadings. The heaviest loads that are being permitted are 13,500 pounds compared with 18,000 pounds the rest of the year.

Commissioner Van Wagener announced that load restrictions this spring will again be removed on a selective basis. In other words, "rather than waiting to open up an entire area of the state, we will lift restrictions on individual routes as rapidly as frost conditions permit. This practice was started two years ago and it has been demonstrated that it is a fair and reasonable policy to follow," he said.

"The present situation has resulted in the best used car values in the country's history. We are confident that used car stocks will be reduced sharply as soon as the public becomes aware of that fact," he added.

During the last few years vast improvements have been made in motor cars and this improved transportation is available on easy terms to those who take advantage of the bargains to be offered during "National Used Car Exchange Week", Mr. Macauley stated.

"Too many unsafe, wornout, unreliable cars, without modern safety brakes, safety glass, large tires and steel bodies, are in operation today," he continued. "Too many are costly to operate. Eleven million cars seven years old or older are licensed for operation throughout the country.

"Many of these cars can be replaced during National Used Car Exchange Week—to the great advantage of the buyer and of the public—with newer, 'up-to-date' cars, without initial investment beyond their present car and on terms to suit the average pocketbook. These new cars offer modern equipment and are a good investment in comfort, safety and economy."

Five-Act Play at Hartland Sunday

"Snow-White and the Dwarfs", a five act play adapted by Helen Joseph and "Aunt Betsey and the Oil Stock", a clever little skit about a little old deaf lady, will be presented by Harvey Place and his Puppets at the Hartland Music Hall, Sunday, March 6, at 3:30 p. m.

Mr. Place is well known for his dramatic activities in Pontiac, and has staged many successful puppetry productions in neighboring vicinities. He is a student of Paul McPharlin of Birmingham, Michigan, considered one of the best puppeteers in this country. The stage used in this year's production was designed by Mr. Place and the puppets used are three times the size of those formerly used.

Mr. Place is at present working for the Parent Teachers Association Council of Oakland County, presenting plays in the various schools of the county.

This is the third year that Harvey Place has toured with his puppets, and each year they grow more popular with the children as well as the adults where the show has played.

The Founders Day program which was presented at the P. T. A. meeting at the School on Thursday evening of last week was very interesting and an appreciative audience of 65 people listened to it. The meeting was opened by the president, Mrs. Clifford Wood. A song "You Can Smile" was led by Henry Mehlberg with Mrs. Howard Burt at the piano. The Devotions were under the direction of Rev. Howard Jewell who gave a brief message on the text from Paul's Ministry, "I have fought a good fight; I have finished my course; I have kept the Faith". He then led in prayer. Mrs. Wood appointed Mrs. Henri Buck as membership chairman for the drive that will finish the latter part of March. Mrs. Buck will be assisted by the captains of the various groups as follows: Williams Lake, Mrs. Kenneth Roe, Mrs. Albert Mustoe; Maceday, Mrs. Otto Lange, Mrs. George DeLap; Waterford, Mrs. James Saylor, Mrs. L. Lumby; Andersonville, Mrs. George Sutphen, Mrs. Lyman Girst; Dixie Trail, Mrs. David Mephram; Windiate, Mrs. William Wagner, Mrs. Robert Wagner; Moon Valley, Mrs. Stites. As election of officers will take place at the March meeting the following nominating committee was appointed, Mrs. Howard Burt, chairman, Mrs. James Sutton, Mrs. Arthur

Babbs. An announcement was made of the Oakland County meeting on April 1st. at the Daniel Whitfield school. The report of the treasurer showed that the Puppet Show was a success. The P. T. A. profited about \$12.00. The program in charge of Mrs. J. R. Maybee followed the business meeting. A History of the local P. T. A. was given by the Historian, Mrs. H. B. Mehlberg, showing that Waterford P. T. A. has been functioning and growing for many years. A skit on "Reminiscences" was given with Mrs. Kenneth McVittie playing the part of Mrs. Andrews and her daughter Emily portrayed by Mrs. Arthur Babbs. The skit which was in three acts told the history of the P. T. A. how it was 41 years ago that the 1st P. T. A. Congress was held in Washington, D. C. and was organized by Mrs. Alice Burney, who realized the great need for this splendid work. At the close of the playlet two little ladies dressed in white with wreaths on their heads brought in the birthday cake and the candle-lighting ceremony was performed by Mrs. Arthur Babbs. The "little ladies" were Joan Houghton of Williams Lake and Helen Lumby of Waterford Blvd. Both are in the second grade in school. The P. T. A. song was led by Mrs. L. G. Rowley. Mrs. Charles Roehm and Howard Burt Sr., favored the group with a violin duet with Charles Roehm playing the piano accompaniment. Mrs. L. G. Rowley sang a pretty number with Mrs. Howard Burt at the piano. At the close of the program all retired to the dining-room where the Maceday group of ladies served dainty refreshments. Mrs. L. G. Rowley presided at the table which was very attractive with a lovely white linen cloth and centered with silver candelabra with pretty light blue, lighted tapers. Two lovely bouquets of daffodils also graced the table. A very fine social time was had and everyone had a chance to visit and get acquainted with the teachers. Much credit is due the hostesses who made the 1st Founders Day meeting at the Waterford School such a success. Many who were unable to attend expressed their deep regrets after they heard the glowing reports of the meeting. They realized they had missed a great time. If you are not a member of this worth-while organization and you would like to belong then have your 15 cents ready when the captain in your district calls at your home. Be loyal and boost your local P. T. A.

Did your P. T. A. ever sing this song?

Robert Mehlberg spent Saturday evening and Sunday in Pontiac with his friend William Pratt.

Helen Gillespie, daughter of Mr. and Mrs. John Gillespie is ill at her home this week.

Little Joan Steadman, daughter of Mr. and Mrs. Edward Steadman, has been home with a severe bronchial cold.

Mr. and Mrs. Durward Shoup and Mr. and Mrs. Earl West were Sunday guests at the home of Mr. and Mrs. Henry Mehlberg.

Miss Sarah Combs, who has been visiting with Mr. and Mrs. Lyman Girst and Mr. and Mrs. William Combs, returned to her work at Winona Lake on Monday.

The Home Extension Club of Waterford will hold its next meeting on March 9th at the home of Mrs. J. R. Blakeslee. It is to be an all day meeting starting at 10:00 a. m.

The Dixie Ann Circle of the Ladies' Auxiliary will have their next meeting on March 10th. The president, Mrs. Henri Buck is making arrangements which will be announced later.

There is a great deal of sickness in this locality. It was reported that one day last week there were 18 absent from High School on account of coughs and colds.

Mrs. Donald Williams is confined to her home this week with an attack of flu.

Mrs. Ida Hayden who celebrated her 74th birthday last Saturday at the home of her daughter, Mrs. Clarence Hays in Detroit was given a surprise Birthday Card Shower by her friends. She received 56 cards. This was a very pleasant surprise and she thoroughly enjoyed it. She appreciated all the good wishes of her many friends.

The Willing Workers Circle held an interesting meeting at the home of Mrs. Russell in Pontiac last Friday evening. They now have a committee known as the "Helping Hand Committee" and this means there will be more helpful work done in the Circle. The next meeting will be at the home of Mrs. David Mephram on March 11th.

The Waterford Sunday School is gradually but steadily growing. Each Sunday shows a pleasing increase. Last Sunday in spite of the fact that so many were unable to attend on account of sickness the attendance was 123. You are invited to attend this Sunday. There are classes for all ages. Let us bring the attendance to 150.

Mrs. Albert Mertens of Airport Road spent the week-end in Detroit with her brother-in-law and sister, Mr. and Mrs. Laurence Kennel. Mrs. Mertens' daughter, Mrs. Ainsworth Wyckoff, went to Detroit on Monday and spent the day there and her mother returned with her in the evening. Mrs. Kennel is slowly recovering from an injury she received when she fell from the car as it was moving away from a gas station recently. It happened that the wind was blowing furiously and as Mrs. Kennel went to shut the car door the wind jerked it from her hand and caused her to fall out of the car.

Mr. and Mrs. Vernon Price were pleasantly surprised at their home on Saturday evening when a group of

friends arrived to spend the evening and help celebrate Mrs. Price's birthday. The evening was spent playing 500. Refreshments were served at the close of the evening. Mrs. Price received the best wishes of all of her friends. The guests included Mr. and Mrs. Gordon Lennox, Mr. and Mrs. William Lennox, Mr. and Mrs. James Sutton, Mr. and Mrs. John Joseph, all of Pontiac, Mr. and Mrs. Otis Tate of Waterford Center and Mr. and Mrs. John Gillespie of Andersonville Road.

The Bible Class of the Waterford Sunday School will hold its March meeting on Tuesday evening at the home of Mr. and Mrs. Carl Terry, 24 Newberry St., Pontiac. The Roll Call is to be answered with Bible verses on "Salvation". The lesson taken from the 3rd chapter of 2nd Corinthians will be led by Henry Mehlberg. The business meeting will be in charge of the president, Rev. Howard Jewell. He has asked that each member bring a guest. The social hour will be in charge of Mrs. James Saylor and Mrs. Ainsworth Wyckoff. Mrs. John Miller has arranged for refreshments.

The Adult Health lectures held at the school on Monday at 1:15 p. m. are well attended. Dr. Berneta Block is a very interesting speaker and has valuable information for all women and girls 16 years and over. The fourth lecture of the series will be heard next Monday. Slides will accompany this lecture on "The Care and Training of Babies and Young Children". There is no charge for these lectures. A special invitation is given to every woman and girl 16 years and over to be present next Monday and take advantage of this very helpful hour.

FARMERS BENEFIT BY F.S.A. PROGRAM

Both Owners and Renters Have Obtained Advantages

Among the 67 farmers in Oakland County who are operating under rural rehabilitation loans, many of them are now able to rent better land than before, in spite of the fact that a large number of them were on relief a few years ago. J. W. Wagner, County Supervisor for the Farm Security Administration, said this week. In numerous other counties of Region II, which includes Michigan, Minnesota and Wisconsin, farm-owners have requested the county rehabilitation supervisors to provide tenants for their farms, according to N. S. Boardman, Regional Director of the Farm Security Administration. Reasons given were that landlords had observed the progress made under the guidance of the county rehabilitation supervisors, wherein borrowers were requested, wherever possible, to follow good farming practices as recommended by the Agricultural Extension Service.

The local rehabilitation supervisor said that progress has also been made in bringing about a closer relationship between borrowers and landlords, under which longer leases are obtained and improvements made on the farms which are bringing about increased profit for both the landlord and tenant.

More than 90% of the FSA borrowers have written leases, whereas

Drayton Plains

The annual Father and Son banquet and the Goodfellows annual dinner will be held jointly this year in the school auditorium on Friday evening, March 11th, under the auspices of the Drayton Plains Men's Club. It is scheduled to start at 6:30. This promises to be a gala affair. The fathers and sons of the commu-

less than 10% had written leases on farms which they were operating three years ago.

BASKETBALL

The game between Clarkston and Milford, scheduled for last Friday was cancelled. This Friday, at 9:00 P. M., Clarkston plays the winner of the Walled Lake-Brighton game, in other words, we play Walled Lake. The more supporters that we can have out there tonight, the better chance our boys will have of winning. If we should win tonight, we go again Saturday night, to play the winner from a different bracket in the tournament.

"THE EYES OF TLALOC" SELECTED AS JUNIOR PLAY

"The Eyes of Tlaloc", a mystery play by Agnes Emilie Peterson, has been chosen by the Junior play committee as the Junior play. This play like "New Fires", the Junior play of last year, is a publication of Row, Peterson and Company of Evanston, Illinois and is produced by special arrangement with them. The play committee, composed of the class president, Arlene McCann, and Mary Jane Gulick, Iva May Sommers, Doris Jencks, Howard Boyns, Marion Beemer and Oliver Johnson, read many plays and spent much time in making its final choice. The setting of the play is the Rancho de los Alamos near the Mexican border in Southern Arizona. The cast of twelve will be selected through tryouts next Friday, March 11. Rehearsals will begin on Monday, March 14. The play will be presented on April 8. Mrs. Walter will direct it.

FROM THE CLASSROOMS

Mrs. Walter

The World History Class has completed the phase of history covering the French Revolution and is now entering the study of the Napoleonic period.

The Economics class is studying the law of diminishing returns and is solving problems concerning this law.

Mr. Waters

The Biology class has been testing foodstuffs for the presence of starch, sugar and protein.

In Chemistry unknown solutions

were given to students to make tests for and find out what elements were present.

GRADE NEWS

Miss Elzinga's Room

We have completed our Health chart with six students who have perfect records for their cleanliness. These students are Wilbur Adams, Alvin Beardslee, Josephine McLeskey, Donald Miller, Marilyn Molter, Billy Radoye. We are starting a new cleanliness project using cards instead of the chart.

The students are working on safety projects. They are making bulletin boards, posters and writing plays or stories about safety. These projects are developed for use in the homes as well as in school.

We have very interesting discussions every Friday afternoon in Language class when we have the "News of the Week". The discussion sums up the news of the week and encourages interest in current events. The students bring pictures and news items from local newspapers to display for the class.

We are studying the life of George Washington. The class is divided into three groups with a leader for each group who organizes and assigns the topics. The three main topics are: 1—The Boyhood of Washington, 2—Washington as a General in the Revolution and 3—Washington as President.

Mrs. Vliet

The Second grade is making a booklet called "Our Flag". In order to understand in a simple form its significance, we have learned that the 13 stripes and 48 stars in our flag tell a story. Each child has constructed a paper flag. We have also discussed the etiquette of the flag and learned a flag song.

We are learning to use the telephone. After preliminary conversation each child was given a number. We took turns telephoning the boys and girls in the room.

Then we made some rules:
Say the number slowly.
Do not talk in a loud voice.
Do not say "Who is this?" Say, "This is John Adams. May I speak to Milton, please."

We liked our telephone lessons. The second graders are very enthusiastic about their new Arithmetic work books—"Numbers in Our Work and Play." The book is a very clever and interesting introduction to the formal arithmetic which they will begin next year.

Miss Wade's Room

During the past week many of our Language, Music and Art classes have been devoted to George Washington. His birthday means much more to us now that we have learned stories, poems, and songs about him.

Our room is decorated with red, white and blue hatchets, flags, and silhouettes of George Washington.

We have four new boys and a new girl in Kindergarten. They are Charles Jervis, Billy Starey, Jimmie Grubb, Robert Brian and Ellen Jarvis.

Imogene Patter was neither tardy nor absent during the first semester.

Mrs. Beardslee's Room

During this week we are completing all of our work for February. We are making booklets in which we are putting some of our daily lessons in Handwriting, Arithmetic, Language, Art, and Spelling.

Our boys and girls have been busy this month making valentines, silhouettes of Lincoln and Washington, flags, patriotic shields, hatchets and red, white and blue badges. We have also learned patriotic songs and verses.

We all had a happy time at our Valentine party.

THE INQUIRING REPORTER

QUESTION: What do you think should be done in school to improve scholarship?

Mary Lindsey-Senior: "I think the plan of offering a small scholarship certificate at the end of each year to students with B averages would help."

Esther Soncraine-Junior: "I think the students should have better schedules so it would not be so tiresome—some have schedules with all subjects coming close together."

Betty Taylor-Freshman: "More subjects offered and something to work for."

Mrs. Walter-Teacher: "I think the emphasis should be placed on the subject matter and the desire to learn it. If we can get the students sufficiently interested in the subject matter and make them realize

its importance, they will want to learn it."

Lenore Grevstad-Sophomore: "I think higher scholarship may be obtained by cooperation of students."

Mary Edgar-7th grade: "I think if the students would study more if they have interesting matter that will make the subject less work. I don't think homework should be assigned as it is monotonous."

Gerald Davies-Junior: "I think that if the students would pay more attention to their work they would have higher marks."

FEATURES

Everybody has been wondering why the Sophomore children (?) go to the Gym and English room every vacant period—In case you don't know, it is because those young hopefuls are attempting to enact short plays.

Lately people have been going around pushing heads in and testing reflex actions. Some of the results are rather startling.

From the looks of things, the Wainman-Soncraine romance isn't entirely "busted-up".

A week ago last Sunday a group of C. H. S. students went to Birmingham to visit Marguerite Shimmel, a former C. H. S. student. While there they saw Wiley, Lee and Garth Pearsall (at least Betty Clark saw Wiley).

People in chemistry class had better get acquainted with the words "concentrated" and "condensed". (There are several dictionaries in school.) Maybe they'll learn that there isn't such a thing as "condensed acid". Or is there?

The hand of FRIENDSHIP

To REACH for the telephone and call a distant friend... just for old time's sake... is one of those small but thoughtful acts which keep friendship alive. It disproves the cynical saying, "Out of sight, out of mind." It is the very hand of friendship reaching across the miles. And it gives the person at the other end of the wire one of the pleasantest of all human emotions... the satisfaction of knowing that, although far away, he still lives in the heart of an old friend.

Mr. and Mrs. Glyn Jones and Mr. and Mrs. Allen Secord spent Friday evening at the home of Mr. and Mrs. Charles Brogman in Drayton Plains.

Rev. and Mrs. William Bentz and son of Auburn Heights and Mr. and Mrs. Fred Brown of Pontiac were Sunday callers at the home of Mr. and Mrs. Lloyd Marlowe.

Mr. and Mrs. Arnold Mann and family attended a dancing recital at Royal Oak last Thursday evening. Miss Birdie Mitchell was one of the participants. Miss Mitchell is a niece of Mr. Mann.

Mr. and Mrs. Bert Crosby, Mr. and Mrs. Arnold Mann and sons, Jr. and George Burten, were entertained at the home of Mr. and Mrs. Colin Walls of Davisburg at a 6 o'clock dinner Saturday evening.

Rev. and Mrs. C. E. Edwards attended the funeral services for the former's elder brother, Dr. E. H. Edwards, which was held in the Methodist Church in Washington, Mich., on Thursday afternoon.

Mrs. Arthur Beardsley and Phyllis had dinner with Mr. and Mrs. Burten Brosius of Ortonville Tuesday evening and attended a sacred concert given by the Groves Male Chorus of Flint which consists of 30 voices.

Mr. and Mrs. Albert Lawson, George Lawson and Mrs. Helen Edwards were in Detroit Thursday evening where they attended the wedding of Mr. Lawson's niece Agusta Lawson to Lawrence Weis of Imlay City.

Mrs. L. F. Walter and son, Manley, returned home on Wednesday afternoon after enjoying a seven weeks' vacation. They drove to California and visited places of interest along the way. We hope to publish a story of their trip at a later date.

HOLLY THEATRE

A crucial but little-known chapter of American history is brought to life by Cecil B. DeMille in "The Buccaneer", opening Sunday at the Holly Theatre. It is the story of a famous pirate king so notorious that the government put a price on his head, but who became one of the nation's outstanding heroes when he came to America's rescue in her darkest hour and helped Jackson turn the British away from the gates of New Orleans.

Fredric March is seen in the role of the pirate chief, Jean Lafitte, one of the most colorful characters who ever walked across the pages of American history. Lafitte was born in Bordeaux, France, at some unknown date before the French Revolution. His birthday has never been established, although the late Huey Long of Louisiana declared one for him and made it a state holiday.

After serving for a time in Napoleon's armies, Lafitte moved to the New World to try his fortune. Gathering about him a band of ferocious outlaws from every corner of the world, he set up a pirate kingdom on the shores of the Gulf of Mexico not far from the thriving city of New Orleans. From his port of "Barataria" he carried on piracy in a gentlemanly manner, preying mostly upon Spanish vessels and establishing a set rule that American ships go unmolested at all times.

Although the customs officials of the United States, irked by the superior bargains he offered New Orleans shoppers, put a price on his head, Lafitte, as can be so clearly seen in "The Buccaneer," always maintained a deep affection for this, his adopted country.

In the closing year of the War of 1812, the prospects of the United States in its struggle with England looked black as pitch. Washington was burned, Napoleon defeated, New England about to withdraw from the Union. Although the British made Lafitte an attractive offer for his services, the pirate, obeying his loyalties, went to General Jackson and placed himself and his resources at the disposal of the American army. He helped Jackson win the great Battle of New Orleans, and thus remove forever the spectre of a British capture of the American West.

No illness is taken less seriously nor neglected so often as the common cold. Strange, too, when one considers how many serious illnesses are often directly attributable to a cold. At the very first sign of a cold, proper care should be taken.

The wise thing to do, of course, is to follow a few simple rules of health so that the body can build up the resistance necessary to ward off colds entirely. A few of them are:
1. Eat sensibly. Include plenty of milk, fresh fruits, and vegetables in your diet.
2. Get sufficient rest.
3. Keep kidneys and bowels in good working order.
4. Drink at least six glasses of water a day.

5. Keep your feet dry—wear your rubbers.

6. Keep away from persons with a cold.

Norway has had Animal Welfare Societies since 1859.

The waters of the Red Sea and the Gulf of Aden often reach 90 degrees F., with steam or vapor rising from the surface. Although there is scant rainfall, enough moisture rises to keep the humidity high.

One of the most precious volumes in existence is the Books of Kells, valued at 500,000 pounds. Housed in a glass case in the Museum of Trinity College at Dublin, Ireland, one page is turned every day. The book dates back to Ireland's Golden Age, about 650 A. D., and is the work of an unknown monk at the Abbey of Kells who undoubtedly devoted his entire life to this beautiful piece of Celtic Art.

The average run of maple trees is 10 to 20 gallons of sap and it requires 50 gallons to make one of sirup. A stand of 100 trees should produce about 30 gallons of sirup each spring. United States and Canada have a monopoly on maple sirup and sugar, New England tapping about 20,000,000 trees annually of which 5,000,000 are in Vermont alone, famous for its maple sugar. Lower Eastern Canada has about the same number. An average of 3,000,000 gallons of sirup are procured annually and about the same number of pounds of pure maple sugar.

The Hilltopper

(Concluded from page three)

General reports are that the opera seems to be coming along famously, except for the fact that certain players can't get accustomed to various activities that they have to take part in.

What little girl has the new name of "Goldie"? She has also been wearing Howard's watch.

The 7th graders have now approached that period in their education, where it is necessary to draw a skeleton. Many braved their fears and have successfully completed their work.

Wrist watches are being found all about C. H. S. these days. Wonder what fathers and mothers would say

if they knew how careless some of their children were with them?

Though there were no bands to welcome home Alice Williams many hearty hello's and cheery welcomes were directed at her.

That all school party comes to our minds again and now we know the date—March 25, so we hear.

Senior girls wish that they could get rid of a few Senior boys and import some cooperative substitutes.

The Juniors have selected a mystery play. In keeping with the elements of mystery already becoming apparent in the Junior class a note slid under the door while the play committee was meeting and the recipient of said note turned a lovely scarlet shade as he read it.

Violet Coy defeated Arlene McCann to win the girls' ping pong championship in the Senior High. In the Junior High division Mary Edgar was victor over Laura Vliet.

It seems that most of the boys have been to see the "Buccaneer" there must be some attraction—we wonder if it could be that new actress, Francisca Gaal.

We hear Bettieann Comstock has a set of paints for taking pictures, seems she's too old to be playing with paints.

One may see now a days as he is strolling down the Halls of good old C. H. S. Charlotte Sue and George fighting, Pud and Howard examining each other's "C" pins, and Betty Clark and Russ indulging in a non-chalant chat.

Dick and Dop Tee, those two loving (?) brothers, entertained a group of Clarkstonians at their home Sunday night after league. The folks enjoyed the evening's fun and the refreshments afterward.

What do you know? That blonde nit-about (Suzy Miller to you) has been wearing "Sis's" watch for about a week.

As to the wonderment of how to pronounce the name of the Junior play we will try and settle it. It is "The Eyes of T-lal-oe". Just try and find out what's it about thought—we tried and couldn't.

Two new students, Winifred and Wesley Murphy, enrolled in Junior High School on Tuesday.

We are sorry to lose Ralph Ware who is leaving soon to make his home in Monroe.

CARD OF THANKS

We wish to express our heartfelt thanks to all of our friends for their kind words, their thoughtful deeds and for the beautiful expressions of sympathy extended us during our recent bereavement.
