CLARKSTON, MICHIGAN, FRIDAY, APRIL 22, 1938

NUMBER 34

Odds and Ends

To many residents of Clarkston, the start on Monday, to tear down the old school on North Main St., comes as the last sickness of an old friend. The first act was to start removing the wooden floor in the basement, and the wrecking will continue until the building is down and the basement filled, with dirt, to grade level.

Our praise to the boys from the garages and the fire department who arose very early, in fact as early as the writer arises, on Good Friday and washed and cleaned Main Street through the business section. Not only was it a good act, but it seemed very timely considering the day.

Incidentally in tearing down the old school, electricity was cut off and because the meter for the temporary building, used by the Legion, was on this line, there were no lights in the Legion Hall and the Post met in the Opera House on Tuesday evening. Perhaps the most interesting part of the meeting was the fact that the Post pianist, Charles Roehm, managed to find the piano and from a far off corner the strains of "Over There" again floated on the air.

For the benefit of the faithful, the Post will sell poppies again this year. BUY YOUR POPPY IN CLARKSTON, on May 27 and 28 from the local organization.

For some two hundred sixty odd weeks, the present management of the News has published the paper each week. Then this week, because we start our sixth year, we take a minute to remind you of the fact. We are thankful for the increased advertising, the ever growing subscription list and for the more than pleasant business relations.

DR. C. T. WANG WILL SPEAK IN DETROIT

Chinese Ambassador to Address Large Gathering

A capacity audience of 5000 young men and young women is expected to hear the address to be delivered by Dr. C. T. Wang, Chinese ambassador to United States, at Masonic Temple on Sunday afternoon, May 1. The meeting will be open to the general public, and there will be no admission charge, but because of the heavy demand expected for tickets by those eager to hear this outstanding world leader, early reservations are urged as it is hardly likely that all desiring to hear this challenging address will be able to get into Masonic Temple for the mass meeting.

Already large groups are making seat reservations in blocks, many of them being from individual churches or religious groups. There will also be delegations of Masons, Detroit Chinese, University of Michigan alumni, high school students and other groups.

The program of the mass meeting will get under way at 3:30 in the afternoon, although the doors will be thrown open a half hour earlier. In addition to Dr. Wang, talks will probably be made by Branch Rickey, manager of the St. Louis Cardinals, and Dr. A. G. Studer, general secretary of the Detroit YMCA. The meeting will be presided over by Howard A. Coffin, president of the Detroit "Y". There will be special musical numbers.

Dr. Wang is particularly well known in Michigan and has a host of personal friends in Detroit and throughout the state. He was a student at the University of Michigan in 1907 and 1908, during which time he made frequent public addresses, both at Ann Arbor and in Detroit, as well as in other cities over the state. Although a student at Ann Arbor, Dr. Wang did not complete his studies there but entered Yale, from which he graduated in 1910, being elected to the Phi Beta Kappa.

Dunston-Axford Rites Read Saturday Evening

Newlyweds Will Reside in Pontiac

A simple but exceptionally pretty wedding took place in the Congregational Church in Pontiac on Saturday evening at 8:00 o'clock when June Dunston daughter of Frank Dunston of Pontiac became the bride of Kenneth Axford, son of Mr. and Mrs. Homer Axford also of Pontiac. Rev. James Mead, Pastor of the Church officiated. The ceremony was performed in the presence of the immediate families.

The Church was bedecked in all of its Easter splendor with over a hundred Easter lilies making a beautiful setting for such a happy event. The Church organist presided at the organ and played "I Love You Truly", "O Promise Me" and Lohengrin's Wedding March. The bride was charming in beige crepe with a copper colored bolero and accessories and a page boy's hat to match. She wore a corsage of white roses and white sweet peas. Mrs. Raymond Jarvis, the bride's sister, was matron of honor and she was gowned in rose crepe with brown trimmings and wore brown accessories and a corsage of mixed colors. Miss Mildred Butters as bridesmaid wore rose crepe with navy trimmings and navy accessories and she wore a corsage of mixed colors. Lester Axford assisted his brother as best man.

Following the ceremony a lovely buffet supper was served to twenty-four guests at the home of Mr. and Mrs. Raymond Jarvis. The bride's cake adorned the table.

Mr. and Mrs. Axford spent the week-end in Detroit and intend to enjoy an extended trip later when he gets his vacation. The young couple will reside at 42 Blaine St., in Pontiac.

Trout Well Fed at This Season

Lansing—Let no crafty trout fisherman think, when he casts his bait or fly out onto the water, beginning a week from Saturday, that he is necessarily offering quick and welcome temptation to starving fish.

Ordinarily the trout are apt to be fairly well fed at the time of the opening of the season.

Observations in trout feeding habits, by fish culturists of the department of conservation, have indicated that there is more food in the water during the winter than in the summer and except during short spells of extreme cold the trout continue feeding with less interruption than many other species such as bass. Apparently trout enter periods of low temperature with full stomachs and may carry some of the food without digestive action until the weather moderates.

So, the mere offering of something that is supposed to resemble food does not necessarily get the same response as offering a starving man a roast beef sandwich.

Clarkston Locals

FARM SURVEY IS NOW IN PROGRESS

All But Four Michigan Counties Are Included

Picturing Michigan agriculture as it would look in an ideal has been and is the work of hundreds of key farmers in 79 of the 83 counties in the state.

Heading up the survey of farming as it is and as it should be is H. A. Berg, extension specialist in farm management, Michigan State College. He started the work by summing up Michigan's rank nationally in leading farm crops for acreage and production.

Such national records as being first in acreage of potatoes, field beans, peppermint and spearmint, cucumbers for pickles and alfalfa were reckoned in the preliminary work. Second place production rankings are apparent in clover seed, late cantaloupes, celery, late market cucumbers and late onions.

Of the 79 counties, Oakland county is aiding in the work and at present is preparing through a committee of representative farmers, a mapped picture of the county as its farmers think it should be. Changes in land usage are leading goals in many counties.

For the state as a whole, totals indicate 50.2 per cent of the land is in farms, while the county surveys point to a more desirable goal of 49.2 per cent. This is a reduction over the state of but 1.9 per cent, but a total of 357,855 acres.

Tillable acreage should increase 51,837 acres, summer sown. There could be 4,098 fewer farms from the 196,517 total, yet the farm population could increase by 24,515 persons from the present total of 840,514.

Corn could occupy 81,616 more acres; the state should grow 167,559 fewer acres of beans, but could add 1,810 acres of potatoes, 28,203 more acres of sugar beets, 158,386 more acres of barley, 475,205 more acres of all hay and 756,829 more acres of alfalfa for hay.

Clarkston P. T. A. Met Wednesday

Dr. John Monroe Was the Speaker

On Wednesday evening the Clarkston P. T. A. held its regular meeting at the school. There was a small attendance which was very noticeable when the grade Roll Call was answered. The meeting was conducted by the president, James Bennett. The committee on curtains for the auditorium gave a report but it was decided to leave the committee act until the next meeting and by then they will have prices from at least two more concerns. Ten girls, directed by Orlo Willoughby, sang two beautiful numbers. On account of Mrs. Shotka leaving town the president appointed Mrs. Joseph Skinner to take her place on the finance committee as co-chairman. The parents then responded to the grade Roll Call and the results will be announced at the next meeting. Mrs. Beardsley's room won the prize for March. Dr. John Monroe was then introduced and he gave a brief talk on "Common Communicable Diseases". He explained that caution on the part of the parents would do more to prevent the spread of the common diseases quicker than anything else. Delay in treatment might lead to seriousness therefore care should be taken from the first sign of illness. No disease should be treated lightly. Dr. Monroe then answered questions and thanked the parents and the school for their cooperation. He said that the County Health department is glad to render service whenever and wherever possible.

The parents are asked to remember that the next meeting will be on Wednesday evening, May 18th. Make an effort to reserve that date and be present ready to answer the Grade Roll Call.

HOLLY THEATRE

Irene Dunne will be seen in an all-comedy role in Columbia's "The Awful Truth", which opens Sunday at the Holly Theatre. Cary Grant this time serves as Miss Dunne's screen cohort with such favorites in support as Ralph Bellamy, Cecil Cunningham, Alexander D'Arcy, Robert Allen, Joyce Compton and Esther Dale.

Leo McCarey, best remembered for his "Ruggles of Red Gap", directed "The Awful Truth", which Vina Delmar, author of "Bad Girl", adapted to the screen from the original stage play by Arthur Richman.

Prior to her memorable performance in "Theodora Goes Wild", which won for her an ad man's Winchell-esque appellation as "the screen's Theodorable sweetheart", Miss Dunne was the screen's premier dramatic star. During the transition from drama to comedy parts she expressed her versatility in such singing roles as "Roberta" and "Sweet Adeline".

In "The Awful Truth" Miss Dunne is seen as the prim, staid wife of Cary Grant, a bundle of sorts who simply can't get used to marriage ties. He takes an innocent vacation in the guise of a business trip and returns to find his wife has been out all night with a romantic foreign vocal teacher. The car, she explains, broke down and they were forced to spend a night at an inn. Accusations and recriminations fill the air before Mr. and Mrs. decide to separate. In court the only bone of contention proves to be Mr. Smith, the prolific wire-hair terrier, Asta, of "The Thin Man" series. Irene wins custody of the pup but the court allows Cary to visit the dog once a month.

Affairs take their merry course until Cary expresses his intentions of marrying a pretty young thing with a social register background as soon as the divorce is final. Irene then puts Theodora's wild forays to shame when her actions in the climactic scene wherein she tries to impress on Park Avenue that young Cary is not the sort to be marrying wealthy, pretty young things.

Ralph Bellamy enters the scene as an Oklahoma oil tycoon with a yen for Irene. Alexander D'Arcy is the innocent vocal instructor who suffers no little at the hands of the irate Cary while Cecil Cunningham plays the tartar-tongued, sophisticated Aunt Patsy.

Clarkston Locals

Mrs. C. W. Russell was hostess to her Bridge Club on Tuesday afternoon. At one o'clock a delicious luncheon was served and this was followed by the usual number of bridge games with the awards going to Miss Viola Alger and Mrs. George King.

Large crowds attended the Easter services at both Churches in Clarkston on Sunday morning. The Pastors' messages and the special music were inspiring. The music by the Junior Choir at the M. E. Church was a pleasing feature of the service and those in charge are to be complimented.

Emery Smith who has been a patient in the Ford Hospital in Detroit for several weeks returned to his home last week. His health has improved. Mrs. Smith who spent the last few weeks with her daughters in Birmingham and Pontiac has returned also.

Many in Waterford mourned the passing of Mrs. Grace Burton Grow at the home of her sister, Miss Ethel Purton, in Lansing this past week. Burial was in Woodmere cemetery in Detroit. Mrs. Grow was a kind, cheerful and sympathetic person who was dearly loved by all who knew her. She had just returned from Mt. Dora, Fla., where she had spent a pleasant winter.

The P. T. A. committee appointed to select the dishes for the school dining-room met at the home of the chairman, Mrs. H. B. Mehlberg, on Wednesday evening. The members of the committee are: the P. T. A. president, Mrs. C. R. Wood; the corresponding secretary, Mrs. Kenneth McVittie; Mrs. Earl Schwalm; Mrs. Otto Lang; Mrs. Ainsworth Wyckoff and Mrs. Joseph Helman.

Dora and returned to their home on Wednesday of last week. Mr. and Mrs. E. D. Spooner who went to Eustis in January returned to their home last Thursday. Both of them have a good healthy coat of tan and are in good health.

Nature Chats

By Mona L. Hungerford

Late in April the most casual observer cannot fail to see great activities in the vegetable and flower world and more noticeable activities in the world of birds. The appearance of the skunk cabbage, the blossoming of the pussywillow and the flowering of the hepatica soon denote to us that nature is awake and the feathered world is alive. The arrival of the vesper, field, and chipping sparrow, the myrtle warbler, the hermit thrush and the martin is noted with pleasure and daily new comers migrating from the south are observed. Edgar Guest in his poem in the Detroit Free Press, Easter Sunday stated:

Breezes that were harsh and cold
Now are mild and fragrant,
Every tree that we behold
Homes some feathered vagrant.
Mornings now are sweet with song
And with childlike laughter.
Though the winter days were long,
Joy has followed after."

**Martins
Progne-Subis**

The purple martin, house martin or black martin belongs to the swallow family. The Martin is somewhat larger than the barn swallow. The

male is steel-blue, and looks almost black in the air. The female is grayish-tinged with steel blue above. The breast is gray and the lower part white.

The diet of the bird consists of wasps, beetles and injurious garden insects. The Indians have called it "the bird that never rests". The red-man made homes for the martins out of gourds and fastened them to their tent poles. The negroes of the south hollowed out long necked squashes and placed them on poles to house the martins. We northerners make lovely symmetrical houses with numerous rooms as we have discovered that martins love to live in colonies and the more the merrier.

The English sparrow is an enemy of the martins and along the last of April, when the martins return, they can be found occupying the man made martin houses and several weeks of fighting occurs until the sparrows are driven out. Assistance by man in driving away the sparrows can be given and will encourage the martins to live near the dwellings.

Martins like the nighthawks, whip-poor-wills, and swallows, obtain their food while on the wing. A clearing away from trees is preferable for the martin house so the birds can have a wide swoop in obtaining their

food. It is declared the swiftest bird of the swallow family excelling the barn-ow-chipper, swallow.

The martins migrate from the south the middle of April but do not nest until the last of May. The nest consists of leaves, grasses, soft material and sometimes mud. The eggs are pure white and are from three to five in number and about the size of robin eggs.

"So You Can't Be Swindled—Eh?"

An article in The American Weekly, the great weekly magazine with the April 24 issue of The Detroit Sunday Times, discloses many startling facts that may save you from wasting your money on the hundreds of up-to-date worthless equivalents of the gold brick that was offered for sale in days gone by.

ALL SCHOOL PARTY TO BE HELD TONIGHT

Tonight the Senior-sponsored all school party will be held in the C. H. S. gym at 7:30. It's the first party of its kind ever to be held at Clarkston and the Seniors hope that it will set a precedent to be followed in the future.

FEATURES

On inquiring how the students enjoyed the puppet show, it was found to be enjoyed most by the high school students who appreciated the nonsense but the grade children sat through it all with open eyes. Mr. Place showed the students how to make a puppet out of a handkerchief.

At a party Monday night Bill Wilson (the belle of the party) had the pleasure of being kissed by a dog. What next?

Tod Vliet has, seemingly, the Walter Winchell ability to create new words, such as cons and truthquence, or were you stuttering, Les?

We were all surprised to hear who that Young Junior, boy's big number was. And we do mean all of us.

By the time you're a senior and sponsor all school dances or parties you should learn how to dance. It's surprising how bashful the senior boys are. Charlie Perry says there are too many girls on the floor but the boys won't dance.

The seniors were surprised to find one of their former classmates in our midst on Wednesday. He stayed to watch the interclass track meet. It was Hammy Newman in person.

You and the American Legion

The Legion is militantly opposed to Communism and other subversive activities. The Legion does not attempt to take the law into its own hands. To do so would be equivalent to descending to the level of Communism. The right of any country, including Russia, to maintain any form of government it wishes, cannot be denied. Your interest and that of the American Legion centers in blocking any attempt of any foreign government or scheming group to force their principles and form of government on these, our United States.

The Legion believes in the progress of government and that the Constitution of the United States, our basic law, provides the peaceful, orderly and American way for such progress. To you, under the Constitution, is reserved the right to change our basic law as you decide is necessary. The American people constitute the government and can, by thoughtful use of the ballot, incorporate into law and practice any necessary changes. The communists would have us be-

They can best be dealt with by constituted authority, which can call on you and all other loyal citizens to carry out its mandates.

The American Legion believes that education and particularly information about conditions in these communistic and ism countries will successfully combat the subversive forces. Have You Sent Yours?

Lansing—There is no doubt about the way the law reads. It says that all persons who bought hunting licenses in Michigan in 1937 are required to report to the state on their luck, whether they got their limit of small game, deer and bear, or killed nothing.

The law stipulated Feb. 15 as the deadline for sending in the reports to the department of conservation. That was more than two months ago and there still are hundreds of hunters who have not reported. They are liable to prosecution on the charge of committing a misdemeanor.

There is still time to send in the reports. But not much.

"I'm glad we've got a Telephone"

WORRY... grandmothers, mothers and wives are especially subject to it. But they have fewer causes for worry when there's a telephone in the house!

For the telephone can cheer an anxious heart and fill a day with happiness. It can send warning of a tardy arrival . . . make a last-minute change in plans. It protects in emergencies as nothing else can. It lightens housework . . . increases social pleasures . . . often saves care-fare or traveling expense. It enables employers to reach you easily and without delay.

And the telephone does all this so economically that it pays its way in service rendered daily.

Light is Cheap!

You can operate this 200-watt lamp 1 hour 23 minutes for 1 cent (at average residence rates)

a penny provides 1 1/3 hours of good light FOR READING A NEWSPAPER

NOTHING contributes more to your enjoyment of the evening paper than comfortable relaxation in your favorite easy chair and good light with which to see. Your eyes require a better quality of light for reading fine print in a newspaper than they do for the larger type of a well-printed book, or the clean white pages of a magazine. Yet reading a newspaper is such a commonplace, everyday occurrence that we are likely to forget it is really a difficult seeing task. We are liable to have poor light which is inadequate for the job.

Good lighting is a comfort that costs little money. Your newspaper costs three cents . . . but a penny will purchase the excellent illumination of a 200-WATT LAMP for 1 1/3 hours, and add immeasurably to your enjoyment of your newspaper. When light is so cheap, why stint on it? You can afford to give your eyes good lighting for every seeing task!
