## 8-cylinder/ ENTHUSIASM

• "The quality, service and economy of the De Luxe Ford V-8 are without parallel in any car on the market in the lowprice field today."

JOHN W. JACKSON

 "This is the sixth V-8 that I have purchased. I buy one each year and want to congratulate you on the fact that each one has been an improvement."

"For the past ten years I

have been driving more expensive cars. I did not know how I would like a lower priced car, but am very pleased at my decision. There is, in my opinion, no car on the market that equals the 1938 De Luxe Ford V-8, either in beauty or comfort, and every one knows of its power." FRANK CALDER

The De Luxe Ford V-8 is a big, stylish and roomy car - with a large, convenient luggage compartment. Its economy is in keeping with the Ford tradition. In short, everything about this car is as luxurious as its famous V-type 8-cylinder engine. That's why the De Luxe Ford V-8 sets an entirely new standard of quality in the low-price field.
