VOLUME TEN

CLARKSTON, MICHIGAN, FRIDAY, NOVEMBER 4, 1938

Odds and Ends

We present, in this issue, leading candidates that you will be called upon at Tuesday's election to elect. Read their qualifications and hope you vote wisely.

Vote Tuesday and go to the Legion's twentieth Armistice Dance, Friday with the feeling of duties well done.

About the amendments you will vote upon next Tuesday: We suggest that you vote No on No. 1. If we are not satisfied after two years, we can call it quits, but if we are satisfied we still have time to re-elect the officer. Amendment No. 2 concerns the question of whether we appoint or elect supreme court judges. Also there are many in favor of appointing judges, there is still a faint memory about an appointment to the U. S. Supreme Court that did not seem to go well. Perhaps we should vote No again. And let's use at least one more No on the amendment about using gas taxes for good roads. Quite a little money has been spent to get this through but we still have failed to hear that any of the money will be used to pay past road debts like Covert Road taxes. Who is spending money to get this amendment through and WHY? The fourth amendment concerns welfare and because this question is largely a political question and because we never enter into suggestions of a political nature, we leave the disposition of this amendment to you. Vote the way you KNOW is right and if in doubt . . . skip it.

Latest war news: Passed our ninth wedding anniversary this week. Took the hurdle in high.

Armistice day: There will be no rural free delivery (or any other kind to take its place) on Nov. 11th and of course the force in the bank will take a holiday. So come to the Legion dance in the evening. You can get the latest news if not your mail and let them close the bank it will not cost much to buy tickets for a happy evening. Note to the Legion: Try and get any more notice this week in this paper and time marching by leaves us the election first. Incidentally election day is a legal holiday (seems to be legal holiday week) and the bank will be closed.

Vote Tuesday and vote early. It's going to take a long time to read the ballots. If you have been looking for paper to put under the carpet put a couple of instruction ballots, you should have paper to spare.

If you get a sample copy of this issue, it is because we believe that as residents of a good community you would enjoy reading a good community paper, such as ours. Nearly broke my arm that time patting myself on the back!

Clarkston Locals

In connection with the presentation of the new Ford line for 1939, Beattie Brothers Motor Sales invite each adult entering their showroom on Friday, Nov. 4th to Saturday, Nov. 12th inclusive, to register and compete in the drawing of a valuable and useful door prize to be given away on Saturday, Nov. 12th at 8:00 P. M. Contestants do not have to be present at the drawing to win the prize.—adv.

A picture card from the J. Thompson Millers who have arrived at their home in Miami shows lovely green tropical foliage and a beautiful hedge of flame vine. It is grand to be able to enjoy this scene at this time of the year but the lovely weather we have been favored with this last week makes us believe that the Florida scene would be even more enticing next January.

Choir Completes Plans For Peace Lecture

The Methodist Choir completed their plans for the public lecture by Rev. Large to be given in the church on Thursday, Nov. 10th, at 8:00. Milton Fiske was elected chairman for the evening. In addition to the two special solos, the choir will sing two anthems, "O Light Eternal" and "All Hail the Power of Jesus' Name". Tickets are being sold to students and adults by choir members.

Rev. Large will speak on the theme "The Theatre Looks at War" which consists of a dramatic review of four recent Broadway plays concerning past or future wars. The most unusual of these four is "Bury the Dead" which is the fantastic account of six dead soldiers who refuse to lie down and be buried. "Idiot's Delight" appeared at the Cass Theatre in Detroit, and is now being made into a motion picture, featuring Fred Allen, as the "American Traveler in Europe". "Johnny Johnson" is the one most enjoyed by Rev. Large and the fourth play, "Paths of Glory" was based on the famous novel by Humphrey Cobb. Rev. Large was permitted to see this play at its first public presentation, immediately preceding its Broadway opening.

The study of American Drama has been a special hobby of the Clarkston Methodist minister during the past four years, and his reviews of current plays have been popular at noon-day luncheon clubs and youth groups during his recent pastorate at Court Street Church, Flint. The income from this lecture will be used to purchase new choir robes and special music for the church choir.

The four choir teams are busy in their contest to sell tickets. George Beardslee's team is far in the lead, with Eleanor Day's team and Carmen Clark's team tied for second place. Dan Addis' team is not far behind.

This program will enable all the citizens of the community to participate in a public recognition of the Twentieth Anniversary of the Armistice.

Eighth Grade Girls Entertained on Friday

On Friday evening of last week Miss Mary Womple entertained the girls who are her classmates in the eighth grade at a Halloween Party at her home.

At 7:30 the guests arrived at the Womple home and as they entered the hallway they were thrilled with the true spirit of Halloween because before them was a large lighted pumpkin face and all about were cornstalks, colored leaves and decorations of orange and black. It was an ideal setting for spooks and witches. However when all the guests had arrived the idea of the ghost walking was entirely forgotten and the fun began. Many amusing games were played. Barbara Andrews won the prize for eating a suspended doughnut, hole and all, before the rest of the crowd could get a good start. A scavenger hunt kept everyone busy for a time and Dorothy Pacer won the prize. Of course Dorothy did not have to travel as far as the rest of the group. Ann Russell was the prize winner for pinning the tail on the donkey. Several other snappy games were played and all had a wonderful time.

At the close of an evening of fun, dainty refreshments were served in real Halloween style. Squash, pumpkin and apples on leaves centered the dining-table which was covered with a Halloween table cover. The small tables were similarly decorated.

Mrs. Ronald Walter assisted Mazy with the evening's entertainment.

Large Crowd Attends Annual O. E. S. Meeting

The annual meeting of the Oakland County Association of the Order of the Eastern Star was held in Clarkston on Friday of last week. An exceptionally large crowd attended.

When the business session opened at 10:00 o'clock in the morning Mrs. Rio Sanderson, past president of the Oakland County Association presided. Mrs. Elizabeth Petty, worthy matron of the local chapter then presented the Florence Ryckman Traveling Gavel to Mrs. Glenna Hagle of Pontiac, president of the County organization. After a very pretty Flag Drill by the Joseph C. Bird Chapter, the American Flag was presented by Mrs. Mathias of Clawson and Miss Marguerite Andrews, marshal of the local chapter, presented the flag of the Order. A brief but sincere address of welcome was given by Mrs. Petty and Mrs. Selma Brown, past grand matron of Birmingham, gave the response. Two vocal solos by Mrs. Thelma LeRoy of Royal Oak were appreciated during the morning.

During the business session election of officers took place with the following results: president, Mrs. Helen Stephens of Oxford; 1st vice-president, Mrs. Joy Freeman of Holly; 2nd vice president, Henry Homyer; secretary and treasurer, Mrs. May Mathias; marshal, Mrs. Helen Beckman of Ortonville; chaplain, Mrs. Mabel Vaughn of Birmingham; organist, Mrs. Ethel Voorhees of Pontiac.

At the installation ceremony in the afternoon Mrs. Mary Johnson of Farmington, junior past president of the Association, was the presiding officer and she was assisted by Mrs. Martha Pearce of Pontiac as marshal; Mrs. Lola Mann of Clarkston as chaplain and Mrs. Mabel Wells of Berkley as organist.

After the installation of the officers the Joseph C. Bird Chapter took charge of the program. Mrs. Elizabeth Furbush of Holly favored the group with a vocal solo. Miss Queenie Harding of Royal Oak gave a reading and Rev. Dwight Large, Pastor of the Clarkston M. E. Church, gave an inspiring address.

To say the least it was a busy day in Clarkston for all Eastern Star members especially Mrs. Robert Jones and Miss Marguerite Andrews who acted as pages during the day.

The committee who built the display consisted of Milton Fiske, Dan Addis, Phyllis Boyns, George Beardslee and Mrs. Large.

while the play is being selected and the cast announced. So the class and the school have been eagerly awaiting the announcement of the cast for "Growing Pains" by Auran Rouveral, the play which the class of '39 has chosen for its Senior play. Yesterday Mrs. Walter, the director, made public the cast which she with the assistance of Miss Cohen and Mrs. Waters had chosen after hearing the tryouts. Since the play centers about the McIntyre family those parts are among the most important in the play. Arlene McCann has been chosen to play the part of Terry, the fifteen year old daughter, while Dick Ganther has been cast in the role of her slightly older brother. Evelyn Jencks as Mrs. McIntyre and Milton Fiske as Professor McIntyre portray the parents of Terry and George. Most important in the group of friends of the McIntyre youngsters are Betty Clark and Howard Boyns who as Prudence and Brain have to supply the heart interest. Other girls among Terry's friends are Mary Gulick as Patty, Mary Stadler as Jane, Eleanor Day as Miriam and Betty Cole as Vivian. Just outside the group though of the same age is Elsie Patterson, played by Bessie Williamson who has been too much mothered by Mrs. Patterson—Susan Lowrie.

Among George's friends are Dutch—Roger Galligan, the statering Omar, played by Dick Tee, and Hakand Pete who will be portrayed by Oliver Johnson and Dick Craven respectively. Kenneth Grate has been cast as the Traffic Officer and Doris Jencks has been assigned the role of Sophie, the maid. All members of the class will be used as extras during one scene of the play. Marion Beemer has been selected for one of the most important "parts" in any play for he will be the stage manager and will have charge of the construction of an unusual stage set. Rehearsals for the play will begin immediately. The play will be presented on Friday evening, December 2 in the school auditorium.

Mrs. Burt gave her eighth grade arithmetic class a test on locating land on township maps. It is reported that they did very well on this test.

The ninth grade had a test in World history Monday. Judging from the marks we think they ought to begin studying. It is with deep sorrow we record the lowest mark—7%. When our World history teacher (Mr. Dean) asked the pupil that received this scandalous mark when she would begin studying, she nonchalantly replied that she had studied two hours the night before!

The ninth grade also held a Halloween party at the school Friday evening at eight o'clock. We heard that they had a marvelous time. We ought to have more Scavenger hunts, eh ninth graders?

The Girl Scouts are going to sell Candy all this year! The first order has already arrived. Some of the

girls are going to earn their uniforms this way.

The tenth grade class has decided to buy class pins. They are very new and the graduating class will be the first to have them.

Our many thanks to Mr. Dean and the boys that won the speedball trophy this year. We hope they have as much luck next year as they've had this year!

We wish to express our thanks to Mr. and Mrs. Maurice Shaver of Williams Lake who donated the use of their piano for the Halloween party at the school Monday evening.

The prettiest costume was Dorothy Bunker's and she was dressed as a bride; the funniest, Robert Smith, was dressed as a little colored boy, and the cleverest was Kenneth Craft, dressed as an old man.

The children brought refreshments which were apples, popcorn balls, Halloween candy and fudge. They played games and paraded around the block while the first and second grades played their band.

A GOOD RECORD IN PUBLIC SERVICE

IS MICHIGAN HEADED for BANKRUPTCY?

LET'S CONSIDER THE FACTS

(1) State payrolls increased more than \$9,000,000 in 18 months—the greatest boost of tax-supported wages in Michigan history. Lack of building space at Lansing for Murphy's job army has even forced several agencies to move to Detroit.

(2) Steadily mounting deficit in the state treasury. On January 1, 1937, the treasury had a cash balance of \$8,775,000. On June 30, 1938—18 months later, the officially admitted deficit was \$8,741,487—making a red ink total on June 30, of \$17,000,000 UPWARD. And this does not include, in any way, the millions appropriated by the legislature at the special session in August for welfare needs. TODAY the Murphy deficit is somewhere between \$20,000,000 and \$30,000,000, and mounting every day!

What are YOU going to do about it? Old Age pensions have been reduced because tax money has been squandered! Wouldn't it be better for the unemployed to have adequate state funds for their needs, and what is more important, honest-to-goodness jobs in industry and business?

Restore Sound Government to Michigan! Restore business confidence by the American way! Michigan workers are not satisfied with only the Dole; they are entitled to real jobs.

**Two New Fords
For 1939 Shown**

The two finest Ford cars in the 35 years of the company's history will be given their first public showing today (Friday, Nov. 4) in dealerships throughout the country. The cars are the 1939 Ford V-8 and the 1939 DeLuxe Ford V-8. They are individually styled. Both are of compelling beauty. Both have hydraulic brakes.

Introduction of the new Fords climaxes a year of activity which saw the company embark on its current plant expansion program, bring out its entirely new Mercury 8, and establish the Lincoln-Zephyr still more firmly as the acknowledged style leader in the automobile industry.

The DeLuxe Ford V-8, with wholly new streamlines, has a distinctive appearance of its own. At the same time, both it and the Ford V-8 share a family likeness with the Lincoln-Zephyr and the new Mercury 8.

The DeLuxe has a deep hood with long lines unbroken by louvers, low radiator grille in bright metal, and wide-spaced headlamps set into the fenders. The words Ford DeLuxe, in script letters of chrome, are divided at the front of the hood. The hood handle is concealed in a vertical extension of the radiator ornament.

The 1939 DeLuxe is powered by an 85 horsepower V-8 engine of even more rugged construction than the 5,000,000 already in use. The Ford V-8 is offered with the same engine as the DeLuxe or with the economy 60 horsepower V-8 engine.

All Ford cars are now equipped with hydraulic brakes. Pedal action is exceptionally easy, and the brake shoes work in 12-inch cast iron drums with a total of 162 square inches of braking lining for quick stopping and

long life. A feature of the bodies of both cars is their silence, achieved as a result of exhaustive road and laboratory research into the cause and correction of car noises. By minor changes in design and by use of newly-developed insulating materials, engine and road noises are effectively kept out of the car.

The bodies are of all-welded steel construction, and are fitted with safety glass throughout. They have clear vision ventilation and ventilating windshield. All body types have large luggage compartments. In fact, the coupes in both lines have two luggage compartments and large shelves for parcels as well.

The interiors of the DeLuxe car are luxuriously appointed. Cushions in all body types are of entirely new construction to allow freer spring action. They are notably deeper, and the paneled effect in the tailoring gives them added smartness.

The attractive interiors of the Ford V-8 bodies show careful consideration for the convenience and comfort of driver and passengers. The cushions are deep, and are wide enough for three people. There are well-placed arm rests, pillar lights, ash trays and other conveniences.

The Ford V-8 for 1939 has a full grille and unobtrusive louvers at the rear of the hood sides. Headlamps are recessed into the fenders. Decorative touches include a radiator grille ornament which incorporates a compact hood latch and handle.

Both the new Fords have the modern gauges, glove compartment, grille for radio speaker installation, cigarette lighter, ash tray, choke, throttle and other controls well grouped on newly-designed instrument panels. Both have headlight beam control operated by the touch of a toe, and a beam indicator on the panel. The DeLuxe also has a new instrument, that shows

at a glance the strength of the battery. The parking brake lever, which actuates the brake shoes in the rear wheels by means of steel cables, is under the instrument panel to the left. Drivers seats are adjustable in all body types. All are equipped with sun visors and dual windshield wipers with a single control. There are dual electric horns on the Ford V-8 and twin electric air horns on the DeLuxe.

Proved Ford engineering features are continued in the new models. These include the centerpoise ride which allows passengers to ride between instead of over the axles. The springs are of chrome-alloy steel, and are of the transverse cantilever type. All Fords also have four double-acting adjustable shock absorbers. They have rigid deeply-channeled frames reinforced with an X-member. Wheelbase for both Ford V-8 and the DeLuxe Ford V-8 is 112 inches.

The DeLuxe Ford V-8 is available in seven attractive colors. There are five body types: Tudor and Fordor sedans, coupe, convertible sedan and convertible coupe. The Ford V-8 is available with three color options and in three body types, Tudor and Fordor sedans, and coupe.

The Fords Tell Their Plans for 1939

IF WE KNEW anything better we could do for the country than make good motor cars, we would do it.

By every one doing his best in the job he thinks most useful, this country is going to regain its momentum. We have tried to do our best in our job.

When business was suddenly halted in its recovery more than a year ago, we determined that we should keep going anyway, if not at full-volume motor car production, then at getting ready for greater motor car values that would help future production.

EXPANDING FOR THE FUTURE

We began to build 34 million dollars' worth of new plants and equipment. We felt that if we could not employ all our men building motor cars, we would employ as many as we could building better production facilities.

We were told, of course, that this was no time for expansion, that a wiser business policy would be to "hold everything"—which means, stop everything. But no one ever got anywhere standing still.

Besides, we are not defeatists. We do not believe this country has seen its best days. We believe this country is yet in the infancy of its growth. We believe that every atom of faith invested in our Country and our People will be amply justified by the future. We believe America is just beginning. Never yet have our People seen real Prosperity. Never yet have we seen adequate Production. But we shall see it! That is the assurance in which we have built.

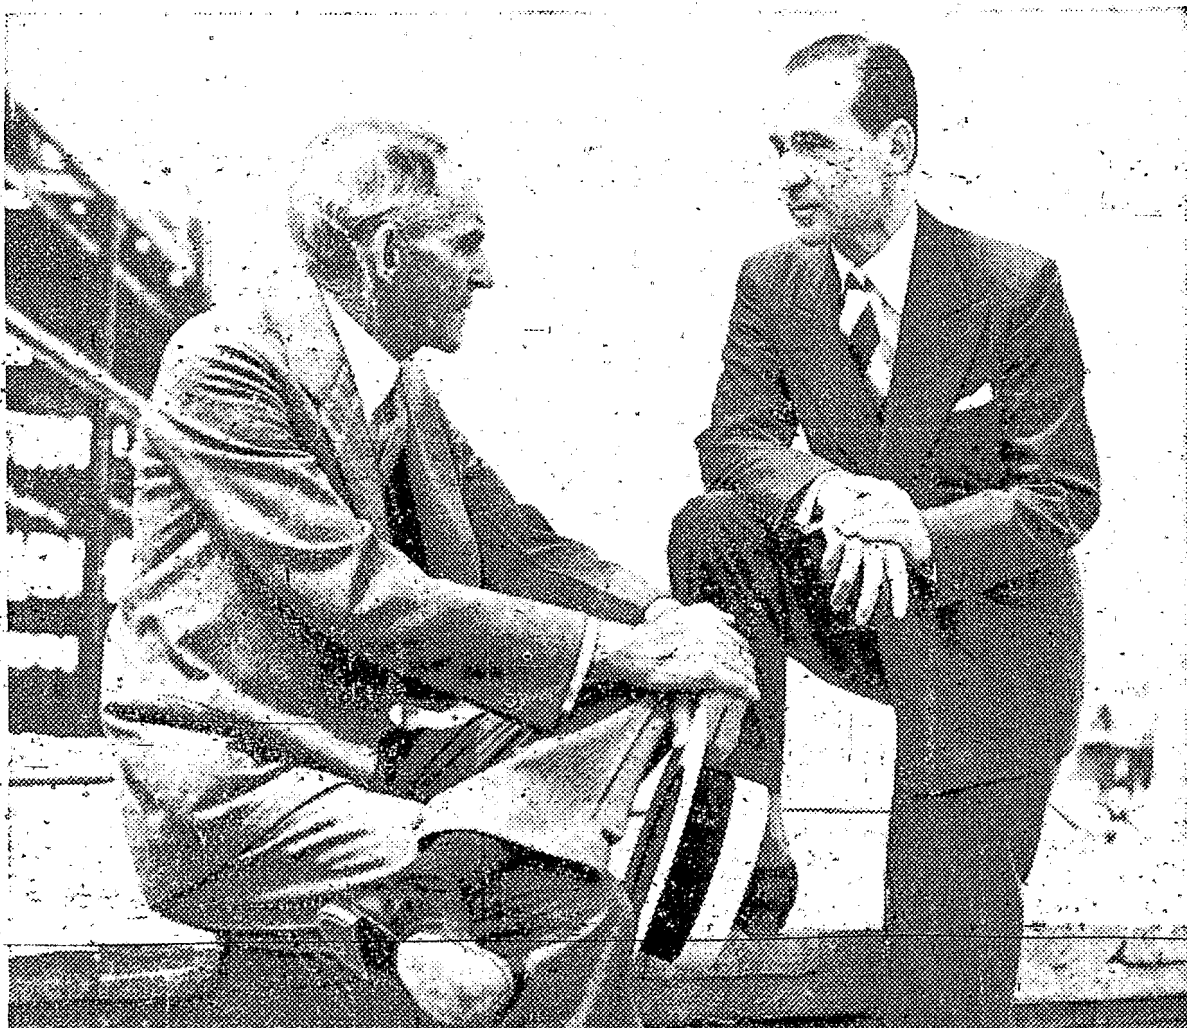

Business is not just coming back. It will have to be brought back. That is now becoming well understood in this country; for that reason 1939 will be a co-operative year. Manufacturers, sellers and buyers will co-operate to bring back the business that is waiting to be brought back.

This construction program is almost completed. It has increased activity and payrolls in a number of related industries. It has given us better facilities for building better cars and trucks, and eventually our new tractor which is being perfected.

THIS MEANS MORE VALUE

The current program has provided a new tire plant, which will turn out a part of our tire requirements... a new tool and die plant that will help us cut the cost of dies... and a steel-press plant that will enable us to make more of our own automobile bodies. These are in addition to the plants we already had for producing glass, iron, steel, plastics, and many other things.

We don't supply all our own needs, of course, and never expect to. The Ford engine is one thing

Henry and Edsel Ford, on the occasion of the 35th anniversary of the founding of the Ford Motor Company, June 16, 1938

that no one's hand touches but ours. Of nearly everything else we use we build some quantity ourselves, to find, if possible, better and more economical ways of doing it. The experience and knowledge we gain are freely shared with our suppliers, and with other industries.

We take no profit on anything we make for ourselves and sell to ourselves. Every operation, from the Ford ships which first bring iron ore to the Rouge, is figured at accurate cost. The only profit is on the finished result—the car or truck as it comes off the line. Some years, there is no profit for us. But we see to it that our customers always profit. A basic article of our business creed is that no sale is economically constructive unless it profits the buyer as much as or more than the seller.

Our new plants have helped us build more value into all our cars for 1939. That means more profit on the purchase to the purchaser.

We have not cut quality to reduce costs. We simply will not build anything inferior.

NEW TESTING EQUIPMENT

While we were putting up new plants to produce cars, we constructed new equipment to test them. The first weather tunnel of its kind ever built for automobile research went into operation at our laboratories this year.

It makes any kind of weather to order. The weather it delivers every day would take months to find in Nature. Our cars are weather-tested to give you good service in any climate anywhere.

In other tests, every part of the car is punished unmercifully. Then our engineers tear it down to see if they can find abnormal wear or any sign of weakness.

The money we spend on tests saves you money on repairs. And your family car is safer and more dependable when we put it in your hands.

THE NEW CARS

We have two new Ford cars for 1939—better cars and better looking—but we also have an entirely new car.

It's called the Mercury 8. It fits into our line between the De Luxe Ford and the Lincoln-Zephyr. It is larger than the Ford, with 116-inch wheelbase, hydraulic brakes, and a new 95-horsepower V-type 8-cylinder engine.

We know that our 1939 cars are cars of good quality. We think they're fine values in their price classes.

With new cars, new plants, new equipment, the whole Ford organization is geared to go forward.

FORD MOTOR COMPANY, Dearborn, Michigan

BIRD SEASON IS NOW ENDED

Rabbits Still Legal Game; Trapping Dates for Season

Although the upland game bird season came to a close in the lower peninsula Monday, small game hunters are reminded that they still have need of their 1938 licenses if they expect to hunt rabbits.

The game division of the department of conservation has already received a number of small game licenses sent in by hunters along with their reports which are required by law. Although workers in the game division are anxious to receive the reports as early as possible, the rabbit season continues through Jan. 31 in the upper peninsula and through Dec. 31 in the lower peninsula.

Hunting and trapping seasons on other species are:

Muskrat (may be trapped but not hunted)—Nov. 1 through Nov. 30 in the upper peninsula; Nov. 15 through Dec. 15 in north half of the lower peninsula; Dec. 1 through Dec. 31 in the south half of the lower peninsula. Opossum and badger—Nov. 1 through Jan. 31, for entire state.

Raccoon (hunting and trapping seasons have different dates)—Hunting: Nov. 1 through Dec. 15 in lower peninsula; no season in the upper peninsula. Trapping: No open season in the upper peninsula; Nov. 15 through Dec. 15 in north half of lower peninsula; Dec. 1 through Dec. 15 in south half of lower peninsula.

Mink—Nov. 1 through Jan. 31. Most of the above species which may be both hunted and trapped are taken by trapping rather than by hunting.

The deadline by which time all hunters are required to make their

reports to the game division is Feb. 15. Information tabulated from the report cards is assembled by the game division to give an accurate summary of hunting and game conditions in the state, upon which proper game management practices may be based. The same law, which was enacted by the last state legislature, also applies to deer and bear hunters, and to all trappers.

Tied to Horses

The Cossacks of Russia were at one time believed to be kept tied to their horses and only let loose on the day of battle.

STATE FURNISHES MANY SMALL TREES

Plantings Available to Landowners at Small Cost

More than 400,000 small trees including adaptable for use in Oakland county already have been shipped out of the federal state nursery on the campus of Michigan State College as the 1938 fall shipping season nears an end. Workers scanning the supplies left contemplate shipping many thousands of young trees next spring as they are ordered by farmers.

One landowner, obtaining 4,000 tulip trees at cost, revealed that he had been raising 6,000 of his own for future use on his farm.

The pines are most popular, says P. W. Robbins, nursery superintendent. Red, white and Scotch pine and Norway spruce have been sold in quantity.

Trees are available at cost of production except that no requests are filled if the intention is to plant the seedlings and young transplants within corporate limits of cities or villages or for ornamental planting

or resale with roots attached. County agricultural agents are cooperating in stimulating the use of the nursery trees. In southern counties of the state late fall planting is not encouraged because of heaving during winter. But next spring the shipments again will flow out of East Lansing.

Handel's First English Songs

Handel's first English songs, including "Dear Adonis" and "Transporting Joy," were discovered in a heap of manuscripts in the British museum and published for the first time.

Waterford

The Waterford P. T. A. held an interesting meeting at the School on Thursday evening of last week. There was a splendid attendance. All the committee chairmen appointed by the president, Mrs. Clifford Wood were present and prepared to start their work. The meeting opened with songs with Mrs. Ludwig at the piano. The Scripture was read by Forrest Laney and this was followed with the Lord's Prayer in unison. The reports of committees were heard. A motion to purchase the P. T. A. magazine for a year carried. Mrs. J. R. Maybee had charge of the program which opened with a piano selection from Bach played by Miss Pelican, the primary teacher. A skit "No-Callers Wanted" was presented by Mrs. Forrest Laney, Mrs. Stevens and Mrs. Goshen from the Williams Lake group. Mrs. Maybee gave a talk on "What the P. T. A. does for the Parents" and she stressed the need for cooperation. A short time was devoted to the amendments to be voted on, on Nov. 8th. Mr. Burt gave a talk on the need of a recreational program. There were four projects suggested that the P. T. A. might sponsor—the purchase of ping-pong tables; a Hallowe'en evening; music and a health program. The Hallowe'en evening was thrown in the discard as a grand evening had been planned for the young people. At the close of the program the Williams Lake group served refreshments.

**KEEP
FRANKLIN E. MORRIS
as your PROSECUTOR**
(Democrat)

HE PLEDGES:

- Vigorous and strenuous prosecution of sex offenders.
- A continued fight against organized vice and racketeering.
- Prompt and certain prosecution of drunk and reckless drivers.
- Friendly co-operation with every law enforcement body, and every citizen.

On his record for honest, conscientious and fearless law enforcement.

After all, performance, not promises, is what counts.

For the Election, November 8

To My Employers - the People:
I beg leave to report on the work of the Probate and Juvenile Courts for the past 16 months.

As to all my aides in both courts who had years of experience before my coming and who continued in their work. I have been honored, yes, blessed, by a spirit of co-operation, of loyalty, of devotion which was not only flattering to me but spurred me on to do my best.

In this, the People's Court, drawing upon our legal knowledge and years of experience, we have tried to be both judge and advisor and have endeavored to dispense even-handed justice to those who came to our courtroom with or without a lawyer.

We have handled estates of fabulous amounts and have considered the problems of juveniles whom we have tried to aid, to check and encourage for the public good and better manhood and womanhood.

All these problems we have met and tried to solve without regard to wealth, race, color or creed.

We flatter ourselves that we have had some degree of success and respectfully ask that we be permitted to continue the work for the next two years.

There is no substitute for experience.
JAMES H. LYNCH
Judge of the Probate and Juvenile Courts.

**Open the Doors
of the Sheriff's Office**

From my recent contacts I learn that the rural resident is the forgotten man in law enforcement and protection.

This is caused by the deputies congregating in the metropolitan areas such as Pontiac where police protection is already provided.

SERVICE—Remove the deputies from these centers, place them on a planned district patrol that will bring them to you when you need them, not hours or days later.

ECONOMY—I have plans for an economical administration if you elect me.

Clean up and reorganize the sheriff's department, make it of vital service to ALL of Oakland County. Have WORKING DEPUTIES, NOT politicians, and return to you in service what you, as taxpayers, pay for.

STATE POLICE—Return the State Police to Oakland County for added protection. Establish convenient points where drivers licenses may be obtained.

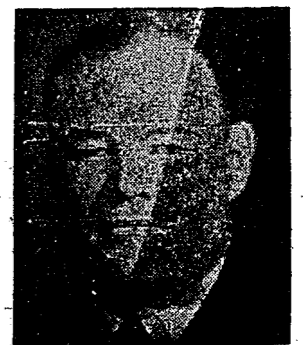

Special attention will be given traffic hazards in rural school zones.

With my 16 years of actual experience as a law enforcement officer (5½ years as Chief Deputy Sheriff), and good management, I can give you more protection with less deputies. Personal supervision of vital cases and consideration to all.

If these proposals appeal to you and you feel that the rural resident is entitled to the protection he is paying for, then I ask your support for this program Nov. 8th.

For a clean, wholesome administration.

BERNARD F. SCHRADER
Democratic Candidate for Sheriff

GOOD ROADS mean everything to all of us. Michigan's top-ranking automotive industry depends upon good roads. Our second most important industry—the tourist business—could not exist without them. Agriculture thrives only when farm products can be rushed to markets over good roads. Business prospers as these basic industries prosper.

On election day you will vote on Amendment No. 3, the Good Roads Amendment. Here's what a "yes" vote means to you: As a wage earner "yes" means more jobs; as a farmer "yes" means good farm-to-market roads; as a business man "yes" means more business; and as a taxpayer "yes" means a brake on your property taxes. To your family, Amendment 3 opens up new fields of safe and healthful recreation.
