CLARKSTON, MICHIGAN, FRIDAY, NOVEMBER 11, 1938

Odds and Ends

Twenty years after: Tonight, at the school, the Campbell Richmond Post No. 63 of the American Legion will give an Armistice Dance. You are invited, even requested, to attend and celebrate the twentieth anniversary of the signing of the Armistice.

The election is over. Election promises will be forgotten before the candidates take office in January from now on you're on your own.

To you who accepted our invitation to subscribe to the News, Greetings!

The 19th is the date set for the Legion Feather party. It will be held in the Township hall this year. There will be room for everyone.

The bank will be closed today—and there will be no rural delivery... all because of this Friday being Armistice day.

Legion Commander Appoints Committeemen

Ben F. Comstock, Commander of the Campbell-Richmond Post of the American Legion, has appointed the following committee chairmen to act for the new year: Child Welfare, Elmer Collins; Service and Welfare, Percy Craven; Americanism, William Goulet; Boy Scout, Junior Baseball, S. O. T. A. L., and Bowling, John Alander; Scout Master, James Badgero; Employment, Ed. O'Roark; Membership, Ray Ansley; Publicity, W. H. Stamp; national defense, Henri Buck; graves registration, Charles Roehm.

Local Couple Celebrates 61st Wedding Anniver.

On Wednesday, Nov. 9th, Mr. and Mrs. Charles Perry of South Main Street quietly celebrated their sixty-first wedding anniversary at their home. Several of their children were home during the day and had a good time visiting.

Mr. and Mrs. Perry have enjoyed fairly good health. Mr. Perry is 86 years old and Mrs. Perry is 77.

Symphony Orchestra Coming to A. Arbor

The Cleveland Symphony Orchestra, directed by Artur Rodzinski, will give the second program in the Sixtieth Annual Choral Union Concert Series, Monday evening, November 7, Hill Auditorium, Ann Arbor.

This organization, now in its twenty-first year, has a long line of outstanding musical achievements, not only by reason of its extraordinary series of concerts in its home city, but on its widespread tours which have included nearly a thousand programs in twenty-six states, Cuba and Canada.

WHEAT PREMIUMS DUE ON NOV. 19

Unless Paid Then Farmer Will Lose Protection

Farmers who have applied for insurance on their wheat crops have until November 19 to pay for their premiums, Howard L. Musolf, Oakland County Crop Insurance Supervisor, announced this week. This is the final extension of time for payment.

In making the announcement, Mr. Musolf added that according to the terms of the policy a farmer has no protection against early crop losses from dry weather, wire worms, fall winds or early frost until his premiums are paid.

Reports of the present condition of the 1938 wheat crop indicate that there are possibilities of damage due to excessively dry weather this fall.

Those farmers who have made application for insurance will be protected from loss up to 75 percent of their normal yields providing they have paid their insurance premiums. Those farmers who have made application for insurance but have not paid their premiums, as yet, are not realizing the full advantage and protection of their policies, Mr. Musolf said, for any damage that occurs to their crops before premiums are paid will not be covered by the policy.

Reckless Driving

By Betty Taylor
Daily we read about someone young or old being arrested for reckless driving, in spite of all that is said about carefulness. How many times have you seen a driver pull away from the curb without the proper hand signal or even without looking behind—possibly causing a collision with a car from the rear or one approaching. The law demands a signal. Crossing the centerline with a car approaching from the opposite direction causes more fatal collisions than any thing else, because usually both cars are traveling at a rapid rate of speed.

The most detestable driver on the highway is the road hog. This driver will stay on the inside lane of a four lane highway, seldom traveling faster than 30 miles an hour. He won't move even upon a signal from the car coming up behind. This type of driver should be arrested upon complaint. The inside lane is for passing cars only.

The drunken driver is another dangerous person to have on the road. A driver must have his senses about him and keep his mind and eyes on the road at all times. Everyone should try to protect the lives of our citizens, young and old, and be more careful all the time. A good slogan to follow is "Stop to think and you'll think to stop."

Football Game

South Lyon at Clarkston. Friday Clarkston wholoped South Lyon to the score of 26-0. The first touchdown was made in the second quarter by Art Clark, but we failed to make the extra point.

During the half the band marched and the cheer leaders certainly did their part with new cheers.
In the third quarter Frank Russell caught a pass and came very close to a touchdown. Then Art Clark charged through for the touchdown, but again they failed to make the extra point. Due to good blocking and tackling we pushed them back for a safety to make 2 more points.

In the last quarter Frank Russell caught a pass and made a touchdown, but we failed to make the extra point.
Don Smith, a husky freshman, charged through for another touchdown.

However, we had one disaster. Phil Baker broke his shoulder in the last play. He is in Pontiac General Hospital.

ELECTION

Republicans Return to Near Old Form

MICHIGAN REJOINS G. O. P.

Independence Township leaned heavily to the Republican State and County ticket at Tuesday's election. Clark Adams was the only Democratic candidate, with a contest, who was elected.

For the national line-up there were inroads on the Democratic control both in governorships and in congress.

STATE

Michigan returned to the Republican fold by the election of the whole G. O. P. ticket. Fitzgerald's majority is estimated at approximately 90,000, with the lesser candidates trailing. The Legislature will be Republican in both branches.

The first two Amendments were defeated, and the third adopted. The Welfare Act failed of approval, according to present indications.

The vote in Independence township was as follows:

Governor: Murphy 275; Fitzgerald 509
Lt. Governor: Nowicki 276; Dickinson 496
Sec'y of State: Case 307; Kelly 466
Att'y General: Starr 285; Reed 485
Treasurer: Fry 295; Duncel 478
Aud. General: Gundry 286; Brown 489
Congress: Backus 272; Dondero 498
St. Senator: Brown 279; McCallum 489
St. Rep.: Adams 325; Blackwood 446
Judge of Probate: Lynch 338; Moore 436
Pros. Att'y: Morris 308; Wilson 460
Sheriff: Schrader 255; Howarth 514
Clerk: Jewell 259; Sparks 511
Register of Deeds: McLaughan 301; McQuaid 464
CC. Commissioner: Bogue 283; Holman 268; Cole 481, Hampton 498
Drain Commissioner: Wedge 274; Clark 491
Coroners: Kling 261; McLean 257; Bell 498; Voorhees 513
Surveyor: Siver 294

OAKLAND COUNTY

The entire Republican ticket was elected in Oakland County by impressive majorities. Democrats will thus lose Judge of Probate, Register of Deeds, Prosecuting Attorney, Drain Commissioner and one Circuit Court Commissioner, offices which they now hold. Clark J. Adams, Democrat, state representative from this district, made a fine run but apparently lost. G. Glen Siver, Democrat, for surveyor, was salvaged from the wreck, due to the fact that he had no Republican opponent.

LATER—Nearer complete returns show the re-election of Clark J. Adams, Democrat, as State Representative from this district.

SPRINGFIELD

Republican majorities in the township ranged from 182 for Sparks for Treasurer to 67 for Moore for Probate Judge. Fitzgerald's majority was 157. The total vote was slightly in excess of 400. Amendment No. 1 lost 93 to 256; No. 2, 108 to 226. No. 3 was carried 241 to 122; and the referendum vote was 94 "Yes" and 193 "No".

Clarkston Locals

Mrs. Roy Gundry entertained the Past Matrons Club at a one o'clock luncheon at her home on Thursday.

Callers at the Albert Lawson home on Sunday were Mr. and Mrs. Joe Blake of Detroit and Mr. and Mrs. Will Emery of South Lyon.

Jeanne Foster, of Clarkston, has been named a member of the Publicity Committee of the Women's League at the University of Michigan.

Mr. and Mrs. Glenn Jones and children spent Sunday at the home of the latter's parents Mr. and Mrs. Arthur Kelly of Oak Hill.

Mr. and Mrs. B. F. Comstock will leave on Sunday evening for Canada Creek where they will make their headquarters while Mr. Comstock enjoys hunting.

That the dinner was the best that the Aid has ever served and that is saying a great deal and we wonder from past dinners how that could be possible.

Children Should Have Parties

Did you ever pay close attention to the actions of the children in the home when an adult party was in full swing?

Tiny Grace in mules and pajamas peeks down from the top of the stairs. Older George must be bundled out of the way half a dozen times.

Give your children a real party of their own occasionally — the kind that will teach table manners, give them poise, train them for their teen age parties later on.

Tea For Two or Twenty

Watch the faces of your guests—both male and female—as the tea tray is brought into the room. The expressions will assure you that your reputation as a hostess is safe.

The tray may contain a couple of glasses of iced tea, as well as the hot beverage—for men especially refuse to neglect their summer iced tea until hot cold weather appears.

Perhaps you do not serve your afternoon bite in this "grand manner." But no matter how simple your lunch may be, you'll find a popular demand for lemon with today's tea.

Lemon Tea Biscuits (30 medium sized biscuits) 3 cups flour 6 tablespoons shortening 1 teaspoon salt 4 teaspoons baking powder 1/2 teaspoon soda 1 teaspoon grated lemon rind

Mix thoroughly and moisten with 1 cup milk (fresh or evaporated) soured with 1/4 cup lemon juice. Pat out on floured board. Cut out biscuits, brush with melted butter and bake in hot oven (400°-450° F.) 10 to 12 minutes. Lemon soured milk may be used in many recipes.

Cream Cheese and chopped olives (or any cheese base filling).

Kindergarten and First Grade
We want to thank Mr. and Mrs. Ogden for the candy that they gave to all of our boys and girls.

Mary Lou Diggs has moved to Flint. Jeanne McCaren is a new girl in our room.

The orange team is still in the lead in our "Good Health Air Race".

Many of the boys and girls have been absent because of colds. We hope that they will all be able to return soon.

In Art we are making pictures of turkeys and silhouettes of Pilgrims to decorate our room for Thanksgiving.

Features!
Arlene has personal reasons for office work 1st period. Russ does have a phone, you know.

Whom did we see Harriet Beckman with the other night????

Whom did we see Dan Addis with the other night????

We notice Dick Tee is giving Eileen See, a new girl from Waterford, quite a rush these days. (Isn't it a coincidence—Tee and See?)

Anne Russell picked herself up an Orion letter man when roller skating a short week ago. Good for you Anne.

We hear Byron Miller has promised to reform. UNDER PRESSURE!

It seems that Jimmy Young has lost his bet—And he was that so—strong willed woman-hater!

Halloween is over and as usual there are a few of the masculine members of the High School who came forth to School Tuesday morning (or didn't come at all) with headaches, circles under their eyes, etc. Howard Smith, it appears had considerable difficulty in persuading his eyes to stay open and Jerry Davies couldn't even do that!

If you catch Miss Cohen 2nd hour, you will see her sporting a pinch nez—pretty ritzy, I'd say.

At the Epworth League Party, Bill Parker, captain of the winning team in the scavenger hunt, secured giant rubber bands and phonograph needles in a way he stated to be absolutely true. Quote: "One day as I was visiting the school I happened by the session room door and what should I see but Mrs. Walters shooting rubber bands to pass away the time. As I passed from the session room door I strolled down towards Miss Wellington's room where a strange sight unfolded before me. Mr. Walters was faintly poisoning a phonograph needle over Miss Wellington's chair as that unfortunate lady was about to descend."

Since the report cards have been passed out we have noticed a distinct downward trend in the amount of shiny red apples, wrapped in green cellophane and such other pretties,

deposited on certain teachers' desks.

How about it, Oly??

Due to alphabetical order, Susy Miller and Ken Milleur "the Romeo of Clarkston High" sit side by side in the majority of their classes. Does Charlotte Sue thank her lucky stars!

Specks of Dirt!

Question—Why doesn't someone give Owen Payne a hint that a certain Sophomore girl thinks quite a lot of him??

Answer—Because certain Junior girls think a lot of him too.

Question—Who were the two couples stranded in a Model A on Halloween night???

Answer—Ask Elaine.

Question—Why was Pud so amused when Howard came up to see her last Saturday night???

Answer—He read her Micky Mouse stories.

Question—Why is the Lake Orion skating rink so popular with some Clarkston "kids" on Friday nights?

Answer—Go, and find out.

Question—Why are Arlene and Russ being seen together so frequently???

Answer—Because "Love is Grand" enough said.

Question—Why is Beverly Payne so pleased about the leading male character in the Senior Play???

Answer—Just because.....

Question—Why does Charlotte Sue run every time she sees a Senior Boy???

Answer—The old "meanies".

Question—Why is Frank Russell called "Scatterbrain Russell"???

Answer—Latin.

Question—Why do Vivian Dean and Janet Putnam giggle so when they see the "Cowboy from Brooklyn"???

Answer—He isn't really from Brooklyn.

Question—Why was Jimmy Young so dressed up at the Dance at Waterford last Friday???

Answer—He may be holding out on us.

Question—Why is Betty T. so happy lately???

Answer—She's making a hit with Jack C. It's about time!

Question—We wonder if the Senior Play will by any chance, break up any steady couples???

Answer—Maybe.

Leaguers Give Albion Reports!

by Tom Boothby

Sunday evening, the boys and girls who attended Albion last summer gave their reports in form of a court. We chose a jury, or rather Mr. Large chose the jury. Those who were in the jury were, Bill Parker, Marion Chamberlain, Leda Miller, Clinton Russell, Roy Spenter, Winfred Miller. Charles Perry was chosen as clerk (we must say he acted up enough). Phyllis Boyens acted as Lawyer, and asked us questions not only on the classes but other ques-

tions that some were quite embarrassed about. We had a lot of fun and hope that more can go the next time. The jury was in favor of going again next year. Dan Addis led us in choruses and then we all went home (we were supposed to go home).

Please don't miss our Meeting next Sunday. Mrs. Walter will be our speaker and you all know that she will entertain us with something very interesting. Please come and bring your pals!

Nature Chats

By Mona L. Hungerford

The migration of birds is a thing of wonder and it seems sometimes it is something Divine that guides them. William Cullen Bryant, our American poet, has said in his poem "To a Waterfowl":

There is a Power whose care
Teaches thy way along that pathless coast,

The desert and illimitable air,
Lone wandering but not lost.
He who guides from zone to zone,
Guides, through the boundless sky

the certain flight,
In the long way that I must tread
alone,

Will guide my steps aright.

The Wild Goose
Branta Canadensis

The gray goose, or Canadian goose, is a large bird, his length being from 35 to 43 inches. His head and neck are black, while a broad white band runs from eye to eye under the head. Over the back of the wings is grayish brown and the edge of the wing feathers are light brown. The breast is gray, fading to nearly white lower down. They nest in northern Canada and winter in Texas and Mexico. They lay from four to six pale buff eggs in some secluded spot far remote from civilization and usually in a marsh or along a stream.

The term "silly as a goose" is not to be given very much credit for its truthfulness. I heard Jack Miner, who has a bird sanctuary in Canada, state that "the Canadian wild goose is a very intelligent bird". There is no bird with keener, more suspicious eyes, no sentinel of a flock more alert, no game bird more wary when the sportsman tries to get them and if anyone has tried to hunt them they can indeed put up "a wild goose chase".

The fall migratory season starts in October and our forefathers predicted when we see wild geese flying high over us toward the south, that it was the sign of cold weather. They were always right because they knew cold weather was just ahead.

Jack Miner's Sanctuary in Ontario is a haven of rest for the migrating geese. Thousands break their journey and rest at his bird farm. A great many birds are banded there every year. Many geese stay there and every year more arrive. The Canadian government is assisting this bird lover to protect, feed and welcome the wild geese and they are destroying all animals that seek the protected bird life as their prey.

New Mercury 8 Town-Sedan

THIS Mercury 8 town-sedan is one of the four body types of the newest car in motordom. It is a big car, with 116-inch wheelbase and measuring more than 16 feet from bumper to bumper. Its V-8 engine develops 95 horsepower. Brakes are hydraulic enabling the driver to slow down or stop quickly with light pedal pressure. The town-sedan is the "flagship of the Mercury fleet." Both seats hold three passengers comfortably. Interior appointments are luxurious. There is an exceptionally large luggage compartment. White sidewall tires are extra.

Great International Live Stock Show

Stockmen from 25 states and three Canadian provinces have sent entries, to date, for the 1938 International Live Stock Exposition.

This largest annual showing of purebred and market stock will be held November 26 to December 3 in the new International Amphitheatre at the Chicago Stock Yards. It will be the exposition's 39th anniversary. By the entry closing date, November 1, the management predicts that stock will be listed from at least 30 states and four provinces of Canada. Preparations are being made to receive 14,000 head, equalling, and possibly surpassing, the record showing of 1936.

A new feature of the exposition this year will be a sheep shearing contest in which state champion shearers will compete for a national title. The country's largest wool show, sheep dog trials, and exhibitions of the eleven breeds of sheep that supply the country's needs for lamb and wool, make the International sheep show the country's largest and most complete exhibition of its kind.

PHEASANT SEASON WAS GOOD AND BAD

There Were Lots of Birds but Weather Was Unfavorable

Local bird hunters coincide with the opinion generally expressed elsewhere in the state, that while the pheasant season just closed was the best in years, paradoxically it was a poor season for many pheasant hunters.

Although there were more pheasants than in several years and although the birds were more fully plumed than for the 1937 season, making it easier to distinguish cocks from hens, weather conditions were against the hunter during most of the recent season.

The abnormal heat and dryness of ground conditions were a handicap on dogs as well as hunters. Game investigators of the department of conservation believe that because the weather which prevailed, especially during the first few days, the birds received an early "education" on the meaning of the shooting, without as heavy a

kill as would have been scored had hunting conditions been more favorable. The game men point out that hunters did not find the weather conducive to covering a great deal of territory, while the dogs were not only slowed down physically also, but the dry ground conditions made it more difficult for them to pick up the birds' scent than when there is moisture.

However, hunters who didn't have much luck and who didn't find hunting in mid-summer temperatures very comfortable may take some consolation from the fact that a large crop of birds will be carried over. A severe winter, of course, might reduce the carry-over, but game investigators have discovered that pheasants ordinarily are not seriously affected, unless heavy and prolonged snow buries their customary feeding areas. It is known that they will travel considerable distances to find feed and will congregate in bunches on finding it. When the grain in farm fields is covered, the pheasants often will seek plant seeds to be found in the marshes.

How are your brakes? If you were to drive an unfamiliar car you would probably immediately ask about the condition of the brakes. Yet we often step into our own cars knowing that the brakes are not up to standard, and we drive at unusual speeds.

Where standards have been set the results of investigations are usually surprising. Often 50% of the vehicles are not able to make a stop from 20 miles per hour in 37 feet.

Grease on brake drums, delayed action on all brakes, and other causes are responsible for poor brake action.

Have your brakes checked regularly. They should be up to standard at all times. When an emergency arises you want to be prepared, and you can not be prepared with poor brakes.

Rupert's Land
Rupert's Land was a former district of Canada named for Prince Rupert, first governor of the Hudson's Bay company. It was transferred to Canada by the imperial government in 1870 and ceased to exist as a political name. The name is used, however, as the title of the Episcopal diocese, which is in the main coincident with the province of Manitoba.

"The Terror in the Dark", Thrilling Detective Mystery

H. Ashton-Wolfe, celebrated agent of the Flint Secret Police, tells in the American Weekly, the great weekly magazine with the November 13 issue of The Detroit Sunday Times, a stirring tale of blackmail and charity, involving an American medium stabbed to death during a seance at the home of a wealthy patron of the occult. Be sure to get Sunday's Detroit Times.

Engineering Honor Is Awarded to Head of Telephone Laboratories

Dr. Frank B. Jewett, center, holding the Award. Inset: the Washington Award.

Frank B. Jewett, Vice-President of the American Telephone and Telegraph Company and President of the Bell Telephone Laboratories, was the recipient of the "Washington Award" for 1938 at a meeting of combined engineering societies held recently in Chicago.

This honor is granted annually by a committee representing the American Society of Civil Engineers, the American Institute of Mining and Metallurgical Engineers, the American Society of Mechanical Engineers, the American Institute of Electrical Engineers, and the Western Society of Engineers. The award was instituted in 1916

by Dr. John Watson Alvord, a Past-President of the Western Society of Engineers and a distinguished consulting engineer of Chicago, whose letter to the governing body of that Society included the following: "Being desirous of promoting a better appreciation by the public of able work accomplished by engineers for the public welfare... I desire to see established an honor award, by medal or other tribute—to be annually presented to that engineer whose particular work in some special instance or whose services in general have been noteworthy for their merit in promoting the public good."

Mrs. Carl Lowes, Mrs. Irene Hawker and children Irene and Demar, Mrs. Edwin Stitt and daughter Hazel of Ypsilanti spent Saturday at the home of Mr. and Mrs. Albert Lawson.

Clarkston was well represented at the chicken dinner at Seymour Lake on Wednesday. The Community House was crowded several times and each time the tables just groaned with the best of food. The report is

Mrs. Milton Clark entertained twelve of her friends at a one o'clock luncheon and bridge at Devon Gables on Wednesday. Mrs. Vern Markley of Pontiac was among the guests. The awards for the afternoon went to Mrs. Milan Vliet, Mrs. John DeLind and Mrs. Guy Walter.

On Saturday evening Mr. and Mrs. Glenn Jones entertained his mother, Mrs. Bertha Jones and the following brothers and sisters and their families, Mr. and Mrs. Kermit Jones, Mr. and Mrs. Forest Jones, Mrs. Carrie Walter, Mr. and Mrs. Edward Lee Porritt. After a co-operative dinner which was enjoyed by all, the evening was spent in playing games.

Last Sunday a family dinner was enjoyed at the William Belitz home honoring the birthdays of Mrs. William Belitz, Mrs. Albert Kent of De-

troit and Russell Belitz also of Detroit. A delicious chicken dinner was served. Mr. and Mrs. Belitz and daughter, Ruth, went to Detroit on Tuesday evening and enjoyed a birthday dinner with their son-in-law and daughter, Mr. and Mrs. Albert Kent.

Bicyclists Here May Join Safety Club

Boy and girl bicyclists in Michigan are being invited to join a new Bicycle Safety Club, according to William A. Brush, president of the Automobile Club of Michigan, which is sponsoring the movement in an effort to reduce bicycle accidents throughout the State.

"The number of bicycles has increased to almost double what it was five years ago and as a result accidents to riders have doubled," Brush said. "Bicycles definitely are a major problem in present-day traffic. More than 700 deaths resulted from accidents involving bicycles last year in the United States. There were 19 deaths and 374 injuries in the first six months of this year in Michigan alone. Nine persons were killed and 504 persons were injured in the city of Detroit in the first nine months of 1938. Last year more than 1000 children in the State, most of them be-

tween the ages of five and 14 years, were injured in accidents.

"The Automobile Club of Michigan believes that most of the accidents, injuries and fatalities were due to a lack of knowledge on the part of the youngsters, who are given no training or information on the motor vehicle traffic laws which bicycle riders are required to observe.

"Following the decision to form a bicycle club, six months of investigation, including interviews with bicyclists and their parents, were spent in working out the details. There is no membership fee in connection with the new organization," Brush said. "An agreement to observe a few fundamental rules of the road is all required of the children. For their protection, in addition to a membership card, the youngsters receive a reflector which they are asked to put on the rear mudguard of their bikes. Members of the group will be notified of any new ordinances or changes in existing ordinances regulating the use of bicycles. A listing of the serial number of members' bicycles will be kept at club headquarters in case their own records are lost.

"H. O. Rounds, director of the Safety and Traffic Division of the automobile club, whose work in connection with the school safety patrols has been largely responsible for the tremendous reduction in traffic accidents to children of school age, will be in charge of the new club."

HOLLY THEATRE

Fine, great dramatic situations interspersed with hilarious comedy moments march grandly across the screen of Universal's John M. Stahl production, "A Letter of Introduction" which opens next Sunday at the Holly Theatre.

Adolphe Menjou, Andrea Leeds and George Murphy provide the drama. The comedy is excellently taken care of by that remarkable pair, Edgar Bergen and Charlie McCarthy.

Stahl, the producer-director, known for his intensely powerful and tragic creations, shows he is also master of the art of creating high comedy rapidly and effectively. A succession of vividly contrasting emotional scenes, forceful direction, superlative acting and a powerful and dramatic story, the picture stands as John M. Stahl's finest to date.

Andrea Leeds and Adolphe Menjou carry the story of an aging actor who discovers, through a letter of introduction, that he is the father of a grown daughter, the role played by Miss Leeds. The actor's ego, couple

with the fear of losing his screen-idol popularity, prompts him to conceal their true relationship from the world and to extract from his daughter a promise of secrecy.

Through this deception comes a succession of events, some tragic, some dramatic, some hilarious. Enhanced by the extraordinary acting abilities of Miss Leeds and Mr. Menjou, they merge to form a truly great screen offering.

George Murphy reveals unsuspected qualities as Miss Leeds' suspicious fiancé. Rita Johnson as George's dancing partner, Ann Sheridan as Menjou's society-fiancee, and Eve Arden as a sophisticated showgirl are excellently cast.

McCarthy, however, emerges as tops in the comedy line, although he has an unexpected rival in Mortimer Snerd, a rural dummy who makes his screen debut in "Letter of Introduction". Mortimer nearly steals the show from Charlie in spots.

Deer Hunters Are Preparing to Leave

Local deer hunters will begin trooping to the north woods soon with the deer season opening on Tuesday, Nov. 15. The great majority of them will be veterans or others who have had some experience in deer hunting, but there will be a few novices among the number. To them the advice is given by the Conservation department to avoid wearing heavy clothing. Warmth can be secured with light clothing of the proper kind. Also, do not wear clothing that binds, and see that your boots are not tight and have arch supports. Caps that have ear flaps that tie up over the top of the head are continually getting caught in tree and brush branches. Avoid them.
