Mrs. John Miller. The Circle decided to continue the sale of "The Dishcloth" which has been proving very successful. The next school lunch will be served on Wednesday, Dec. 7th. The committees and arrangements will be in charge of Mrs. Mehler. After the business meeting interesting games were played and then the hostess served dainty refreshments at small tables. The place for the meeting on December 8th will be announced later.

Mr. and Mrs. Henry Mehlerberg opened their home on Saturday evening for the pleasure of a group of their friends, some of whom they had not seen for a number of years. There were seventeen enjoyed an evening of music and visiting. At the close of a delightful evening dainty refreshments were served. The guests included Mrs. Robert Graham and daughter, Barbara, and son, Robert Jr., of Grand Rapids; Mrs. Ivy Bird of Ypsilanti; Mrs. Elma Reid of Drayton Woods; Mr. and Mrs. Edward Fagg and sons, David and Charles, of Pontiac, and Mr. and Mrs. Russell Maybee and daughter, Charlotte Ann, of near Waterford.

Mr. and Mrs. A. D. Smith of Mill Street have gone to New York to reside.

Mr. and Mrs. Rout of Garden Place are on a hunting trip in the north. According to the hunting license records they are two among thousands. It has been reported that the deer are plentiful.

Mr. and Mrs. E. D. Spooner had as their guests on Friday evening Mr. and Mrs. Robert McDonald and Mr. and Mrs. Carr of Pontiac. Sunday dinner guests at the Spooner home were Mr. and Mrs. Alfred Austin of near Pontiac.

With election just over a great many have turned their interest toward the north woods. A great many from this vicinity have already gone north and some are planning to go over the week-end. Among those who left from here are: Ferris King, Mr. and Mrs. P. L. McLaughlin, Howard T. Burt, Mr. and Mrs. Rout and Mr. Nickols.

The Good Will Club will be entertained on Friday (today) at the home of Mrs. Henry Mehlerberg. The hostess will serve a one o'clock luncheon. The business meeting will be in charge of the President, Mrs. Mehlerberg and this will be followed by the program which is being arranged by Mrs. Henri Buck. Response to Roll Call will be a Thanksgiving verse. The members are asked to bring contributions for the Thanksgiving basket. Plans will be made for a Christmas party.

Waterford School News

High School News

by June Batchelor
The Seventh Grade with the fifth and sixth grade boys played Drayton Plains two weeks ago. We heard that they lost. Well, better luck next time, boys!

The 8th grade had a general science test on "Our Water Supply". Monday educational pictures on "Water Power and Dams" were shown to them.

We are sorry to hear that Bernard and Raymond Blain, eighth graders, have left us and moved to Clarkston.

November 4th a Thanksgiving Festival was held at Waterford School. Everybody had a good time and we heard they cleared over eighty-five dollars.

The annual Cranbrook conference was held at Cranbrook, Saturday, November 5th. Five delegates were sent from Waterford. These were: June Batchelor, Katherine Roehm and Dorothy Dorman from the tenth grade, Mary Buck and Barbara Roehm from the ninth grade. The conference was very inspiring. The theme was: "The World We Are to Live In". Armistice Day these five girls gave reports before the high school room. June spoke upon the themes and both the morning and evening worship. Mary Buck told about the trip through the Institute of Science and Dr. Robert Hat's talk. Barbara told about the trip through the tower, the grounds and carillon. Perhaps some of you would be interested to know that Brahms' "Lullaby" and the "Bells of St. Mary" were played on the carillon. Katherine described the church and Dorothy told about the meals. This was a very interesting topic. The one thing she omitted that I thought perhaps you might like to know is his. Dr. Sonquist reported that table No. 3, the table at which our delegates sat, ate pie for ten minutes! We all had to stand up and it was found out that there was only one boy at the table!

The tenth grade has decided to sell magic slates. They will be sold for the small sum of 15c in two weeks. Don't mob the tenth graders—folks! Our library has several new books.

Among them are:
"Circular Staircase" by Mary Roberts Rhinehart.
"Mother" by Kathleen Norris.
"Showboat" by Edna Ferber.
"Around the World in Eleven Years" by John, Richard and Patience Abbe.
"Seven League Boots" by Haliburton.
"Buried Alive" by Arnold Bennett.
"How to Win Friends and Influence People" by Dale Carnegie.

Some of the ninth and tenth grade students have received letters from their foreign correspondents. They are very interesting, and in almost every one the person says he or she is studying English. Some of the countries that the boys and girls are hearing from are: Scotland, Ireland, England, Australia, South America and Africa. Bob Mehlerberg wrote to a boy in France. The first letter he received was written in French. After several months he found someone to translate it and wrote back. The second letter was in German, and he had no better luck, for the German was very difficult to read. We wonder what the next letter will be written in. We enjoy hearing from these people in foreign countries very much.

The tenth grade is planning a Thanksgiving hay-ride party scheduled for November 23. Fortunately there will be a moon. Plans are now in order and we hope to have a good time.

by Evelyn Chase
Fifth and Sixth Grades:

The fifth graders are keeping paper milk bottles and recording the glasses of milk they drink a week.

Theasel Stevens has moved to Detroit and is missed greatly by her classmates.

Plays are being made from stories that have been read in class.

The fifth and sixth grade girls have organized speedball teams that play every morning before school.

These girls have been outstanding in history: Dorothy Maroon, Patrick Stites and Myra Rowley.

In a geography test Donald McIn-

tyre and Patricia Stites had the outstanding marks.

Drayton Plains

Mrs. Eugene Becker entertained the Mothers' Chorus at a cooperative luncheon at her home on Thursday.

Mr. and Mrs. Paul Sanzo of Detroit were guests of Mr. and Mrs. Earl Grahl on Sunday.

A guest at the Roy Dancye home on Sunday was Mrs. Dancye's brother, Gerald Robinson of Ontario.

The Home Extension Club met in the Church parlor on Wednesday. The lesson was on "Antique and Refinishing Furniture".

The Girl Reserves are interested at the present time in a very worth while project. They are putting on a drive for funds to furnish milk for the undernourished children in the kindergarten and first grade.

Among the many hunters from Drayton Plains who are in the north woods are Mr. and Mrs. George Graves, Mr. and Mrs. Kirby Milleur, John Carroll, Fred Herman, Hazen Smart, and Lawrence Au Clair.

The November meeting of the P. T. A. was held in the school auditorium on Monday. A very interesting panel discussion was held on the subject: "Creating a good citizen for a changing world". A membership kit was presented and was greatly appreciated.

For Homemakers

Better living at home through better homemaking practices attracted 68,734 homemakers in Michigan during the past year. A total savings of more than \$16,000 was reported as the result of better use of things at hand by the women who comprised community groups.

A cross section of rural homes in the 81 counties reveals many differences, but the likenesses of problems in clothing, shelter and food are most important from the standpoint of the home economics extension staff at Michigan State College.

The 275 local leaders, who helped

carry the ideas of better homemaking back into their home communities report a variety of activities.

Parents of children of all ages met to talk over the problems they meet as modern fathers and mothers. A total of 3,679 were reached in 27 counties during 1936-37. The importance of the projects has attracted parents in nearly every section of the state. Some phase of these meetings has been held in 78 counties since it was established in 1929.

Clothing reached 20,542 women with information on how to buy textiles and adapt style features. Garments ranged from play suits for the children to tailored coats and suits for adults.

The refinishing of old pieces of furniture as the foundation for a more attractive home vied with a study of color, the making of curtains and slip covers which reached 20,799 women. Braided rugs as useful additions to many rooms are made from old clothing, both wool and cotton, and others from dyed feed sacks found in most farm homes. Savings of \$26,000 were reported as a result of the home furnishings.

Home economics extension is under the direction of Edna V. Smith, state leader, who with her staff, brings better homemaking practices to well settled sections and also to the crossroads in all sections of Michigan.

CLASSROOM NEWS

Miss Wellington:
Her 7th grade English is not making very good progress on Miles Standish. In her 8th grade English several children are having difficulty

with Evangeline. The 7th and 8th grade class has begun its spelling in units of a marking period each.

Mr. Thayer:
The bookkeeping class has finished set number one and orders have gone in for set number 2 which should cheer up the class considerably. Mr. Thayer is planning to have scheduled tests in type every Tuesday and Thursday.

Mr. Waters:
The algebra class is now studying

the addition, multiplication, division, and subtraction of monomials and polynomials. The biology class has now finished the study of invertebrates and are now on vertebrates. The physics class has recently completed unit 2 and now is well along in unit 3.

Miss Cohen:
The 7th and 8th grade extends a hearty welcome to five new pupils. They are Raymond, Bernard, and Dolores Blane, June Rockwell, Edna Devaney and Eugene Hochey. The Latin class is planning a project of a Roman house—completely furnished and with 2 dolls in Roman dress. The 9th and 10th grade English classes are now studying only grammar. Miss Cohen's Public Speaking classes are now on pronunciation of various words.

Mr. Winn:
The geometry class is now studying quadrilaterals.

Mrs. Walter:
The 8th grade history class came out well in their recent tests. They are now on the Revolutionary war. The American Literature class has finished the study of Emerson, Hawthorne, Poe, Melville and Simms. The 11th grade history class is now on the Revolutionary war.

Mrs. Strait:
The Senior civics class had a guest speaker on Wednesday. Mr. Fred Beckman, whose daughter, Harriet, is a member of the class, explained the work of the Production Credit Association, with which he is connected, and of the Soil Conservation Agency. During his talk he answered many questions. The class enjoyed his visit very much.

Home Ec. 1:
The girls in the class have been planning and serving luncheons. They have been planned on different cost levels and served in different styles.

Home Ec. 2:
We are on the finishing touches of our wool garments. As soon as these are done, we expect to make curtains for our Home Ec. room.

Home Ec. 8th:
The members of the class have been making different salads for the meal and have been learning new ideas from each other.

Features:
I bet Owen Payne enjoyed the trip to Ann Arbor as he rode with four girls. Lucky girls...

It seems as though Betty Ash gets teased about Stanwood Radoye quite often. I think she likes it too.

What has a Junior girl got on Oliver Johnson and LaVerne Webber? Why was Irene so interested when Mr. Willoughby mentioned Highland in chorus Monday?

Isn't it a coincidence that Galligan goes Wade-ing and that Howard likes Pud-ding.

Why was Maxine Boadway surrounded by three senior boys Monday morning? Come on let us in on it.

Ken Milleur seems to think quite a lot of Betty Persinger but he isn't getting very far with a certain eighth-grade boy in the way.

The Pajama Party up to Alice Williams' Monday night is a closed book as far as the girls are concerned. We had a good time, didn't we girls???

Cook your Thanksgiving turkey electrically!

DUTCH SUSAN
Electric Cooker
If you want this year's Thanksgiving meal to be a special treat, surprise your family by cooking the holiday turkey electrically. Women are enthusiastic about this appliance. They say—"Everything tastes better". "Wonderful the way it cooks". "Perfect in every respect." There's a reason for such comments. Electric cooking has a wholly different flavor—a natural flavor unequalled by any other cooking method. Roasts are done to perfection, with little or no water. Meats and vegetables cook to melting tenderness in their own juices, with all their natural goodness sealed-in.
Dutch Susan cookers plug into any electric outlet, and their cost of operation is about 2c an hour. They are available in several styles and sizes, one to fit your needs exactly, up to 18-quart capacity.
The Cooker will easily accommodate a 15½-pound turkey or a large leg of lamb
See these electric cookers on display at hardware stores, furniture and department stores, electric appliance dealers and at all Detroit Edison offices

HOLLY THEATRE

There's so much to laugh at, so much to love, so many things to take away and remember in Shirley Temple's new picture, "Just Around The Corner", which opens Sunday at the Holly Theatre, that even the most glowing comment can hardly do justice either to Shirley or to the delightful show which 20th Century-Fox has fashioned around its Number One star.

For "Just Around The Corner" is not only the best picture Shirley Temple has ever appeared in, but also one of the most entertaining hits ever produced by the studio that has given us so many great pictures in the past. And it finds Shirley in her laziest role, one which allows her an occasional outburst of that mischievous humor which is said to be so characteristic of her irrepressible spirit outside the studio.

You'll simply have to go see it for yourself!

Among those who share in all this fun are Charles Farrell, as Shirley's dad; Joan Davis, as lady-in-waiting to a kennel-full of Park Avenue pooches; Amanda Duff (a promising young newcomer to films) as the girl with whom Farrell is in love; Bert Lahr as Joan's chauffeur-sweetheart; and the inimitable Bill Robinson, who does a new dance routine with Shirley that surpasses even their sensational "Toy Trumpet" number in "Rebecca".

The picture opens with Shirley returning home from boarding school to find her architect dad down on his luck. Having invested all his money in a great slum clearance project,

work on which has been suspended for lack of additional capital, Farrell has given up his penthouse and taken a basement room in the same apartment building. Once the biggest paying tenant in the building, he is now one of its humblest employees.

The reason, he explains to Shirley, is because of what is happening to Uncle Sam. Uncle Sam could fix everything—if only people would help him.

Shirley naturally assumes that her dad is referring to the fabulously wealthy Samuel Henshaw—who is "Uncle Sam" to her playmate, Benjie Bartlett, and to the lovely Amanda. So she conspired with Bert Lahr, Joan Davis and Bill Robinson to put on a big benefit show in the basement of the apartment house—and "Uncle Sam" (Henshaw) is to be the beneficiary!

The newspapers get wind of Shirley's show, which is a tremendous success, and what follows provides a thrilling and complete satisfactory climax for everyone concerned.

South Lyon Girl Wins High Honor

Faith J. McCrory, of South Lyon, has been awarded a handsome gold medal for the record she submitted in the National 4-H Canning Contest. She was designated for the award by the County Agent and State Club Leader as 1938 canning champion of Oakland county. The medal is in the form of a shield nearly one inch deep on which is embossed a horn of plenty, laurel branch and 4-leaf clover. It is provided by the Kerr Glass corporation to promote 4-H canning and better living, together with trips for state winners to the National 4-H Club Congress where \$1,000 in college scholarships will be awarded sectional and national winners.

Origin of Ventriloquism
Ventriloquism is of ancient origin. Traces of the art are found in Egyptian and Hebrew archeology. Eurycles of Athens was the most celebrated Greek ventriloquist, and his followers were called Eurycleides, after him. The art is well known in Hindustan and China.

Do not clean a gun until you have made positive inspection of chamber and barrel. Never point a gun at anybody. It's a foolish and senseless action.

Deer hunting season is now open. Here are a few things to remember when you go on that hunting trip:
Be careful when you climb under or over fences. Pulling a loaded gun through a fence by taking hold of the barrel is a dangerous stunt.
Never leave a loaded gun leaning against a tree or rock, or lying on the ground or the bottom of a boat.
A loaded gun should not be taken into a house, hunting shack, or car. Many times some other person treads on the "sight", pulls the trigger, and a fatality is the result.

Trover, an Action to Recover
Trover is an action to recover the value of goods unlawfully converted by another. Originally this was an action on the case for damages against one who had found goods belonging to another and refused to give them up on demand of their owner.

WE EVER OFFERED!

Here are the latest models from two famous makers; A-B and Detroit Jewel. Each is outstanding for value, for looks and for improvements. Automatic lighting; new type speed and simmer burners, and the cleanest you ever saw. Big roomy oven. Smokeless broiler, pull-out type. Fully insulated walls for coolness. Oven heat control simple as dialing your radio.

VALUES UP—PRICES DOWN!

We asked hundreds of women what they like most in a range. We asked the makers to put such features in. Here they are — at prices never so low for so many values. And new terms that say "Wait no longer, here is your range."
