Clarkston High Is Accredited

University of Michigan Inspects and Approves Local School

Word has recently been received from the University of Michigan that the accrediting period of the Clarkston High School has been extended for two more years.

The following letter was received from the inspector after his visit to the school:

Mr. D. M. Winn, Superintendent
Clarkston High School
Clarkston, Michigan

Dear Mr. Winn:

In accordance with the instructions of the proper authorities of the University of Michigan, I visited your school. I spent a full day there, visiting one class of each teacher, including those of the grades, the library, laboratory and the shop. I am glad to report the following:

1. I found your administration enlightened, progressive and efficient.
2. Your teachers were neatly dressed, healthy, pleasant, competent and with good control over their pupils.
3. The pupils, with few exceptions, impressed me as being orderly, attentive, cooperative.
4. The rooms are all large, cheerful, well ventilated, lighted and heated.
5. The janitor service was highly satisfactory.

I therefore take pleasure in commending you and the members of your Board for doing so well with the small budget you have at your disposal. I wish, however, to express two hopes: One is that you may be able to spend more money on books, periodicals and laboratory equipment; the second is that in the future, if a vacancy should occur in your school, that you will keep in mind that, for the salary you offer, you can secure the services of men and women with degrees, and not necessarily without experience.

Very truly yours,
M. S. Pargment, Visitor

All of the high school and part of the grade school teachers have four year degrees.

TRYING TO EXPAND ADULT EDUCATION

U. of M. Project Is Headed by Dr. James D. Bruce

Additional facilities to expand the University's program of co-operation with Michigan communities in developing effective adult education are requested in the annual report of Dr. James D. Bruce, vice-president in charge of University relations, a part of the University of Michigan President's Report for 1937-38.

Advice, guidance, and assistance in developing adult education programs in local communities falls within the duties of Dr. Bruce as Chairman of the University's Division of Extramural Services. The University's function in furthering educational opportunities on a broader front throughout the State, he believes, should be that of providing assistance and, when needed, personnel not available in the communities. Initiation of the programs and most of the direction, he says, should center in the communities.

Citing a study of adult education in Michigan, Dr. Bruce says that the most important needs observed are: first, co-operation in the utilization and correlation of the various educational agencies now functioning in many communities; and, second, aid in what is known as "the field of family relations."

Dr. Bruce urges larger staffs in the University's School of Education and Extension Service to expand the training and research program in the former and an increased consultation and field service in the latter to fulfill these needs.

The Campbell Richmond Post of the American Legion of Clarkston has been invited by Vernon Ridgeway, a Legionnaire of Ortonville, to attend a veterans' meeting at the Hotel Miles in Ortonville, tonight at 8:30. There will be cards and refreshments.

Village Election To Be Held Monday

All Candidates Up for Re-Election

On Monday, the Village of Clarkston will hold its annual Village election. All of the candidates are present office-holders. It is presumed that voting will be light as there is only one ticket, but both because it is a good habit to vote and because the citizens should give a vote of confidence to the Council, every voter should cast a ballot.

Lenten Play Last Sunday Well Presented by Methodist Youth

A large congregation crowded the Methodist Church of Clarkston last Sunday evening to witness the Lenten Play "Release" by Dorothy Clarke Wilson. The unusual scenery and the fine work of the cast was appreciated by the audience. Many guests from outside Clarkston were present for the play, which is the first dramatic program to be directed by Rev. Dwight Large.

The cast presented their parts with a finish and sincerity unusual for amateur productions. They were so well cast that it was impossible for one to excel over another. Special credit was given to Betty Clark who accepted the part of her sister, Carmen Clark, the day before the play was given. Carmen was ill at home and unable to be out of bed. Milton Fiske, George Beardslee and Kenneth Grate, the three robbers, used excellent voice inflections. Betty Clark and Eleanor Baynes were the two women of the story. Dan Addis was the robber who offered to free Bar Abbas. Bill Parker and Dick Craven were efficient Roman soldiers.

The entire cast used many unusual bits of stage action, and the struggling of the prisoners in heavy chains was realistic and convincing. After the play, Rev. Large took pictures of all the cast.

The scenery was erected by the members of the cast, with the help of Winifred Miller, Caroline Walter, Dick Tee and Mrs. Dwight Large. Heavy posts for the dungeon were furnished by Mr. Baynes.

Special guests for the production were the Young People's Group of the Central Methodist Church, Pontiac. Veri Ballard and Sanford Tucker, who were in the same play at Flint last year, also attended the service.

The play was the fourth service in the series of ten special events planned for Lent 1939. The fifth service will be Sunday morning worship with the special music by the Youth Vested Choir. Rev. Large will continue his Lenten series of sermons on the theme "What Can We Believe?" The subject for Sunday is "What Can We Believe About Life."

FARMERS JOIN TO DIRECT TRESPASS

Plan Is Now Growing in Favor Throughout Michigan

More than 6,000 farmers in Michigan participated in 1938 in cooperative game management activities on their farms.

Projects in which the farmers operated were sponsored through service of the agricultural extension service division of the Michigan State Department of Conservation.

Cooperatives of farmers were organized under the "Williamston Plan" which has been in operation in the vicinity of that town since 1931.

In the 20 counties which found farmers using the plan last year, there were 450,000 acres of farm lands involved.

Primary reason for organization was to control trespass, but other wild life aids are being followed by the farmer cooperators.

These include curtailing unnecessary burning and draining of lands that offer cover and feed for game, and the protection of natural growth on unused or eroded areas. In exchange for these activities, members of the groups are furnished necessary signs for posting lands, and tickets which may be issued to desirable hunters.

Advice on proper administration by farmers of these hunting areas also is furnished by the college and the cooperating state conservation department. R. G. Hill, college specialist in game management, is aiding in the wider distribution of use of this plan.

Story of Operetta

"The Gypsy Rover" is in three acts and is built around the character of Rob, later known as Sir Gilbert Howe, of English Nobility. Rob is stolen when an infant, by his nurse, Meg, who later becomes the wife of Marto, a Gypsy. Rob grows to manhood among the Gypsies believing Meg and Marto to be his parents.

It happens one day, while riding with her fiancée, Lord Craven, Lady Constance Martendale becomes lost in the woods. They wander to a gypsy camp where Constance and Rob meet and fall in love at first sight. Craven objects to Rob's attitude, but in a very funny comedy scene with Marto and Sinfo, he is made to tell Sir George, who later comes in search of Constance, that Rob is a charming fellow. In act two Rob goes to the home of Constance and serenades her. They plan to elope but are overheard by Craven who informs Sir George, and plans are made to capture Rob. This is successfully accomplished and Rob is thrown into prison, but later escapes.

Two years elapse and Rob has come into his estates, his identity having been proven by Meg. He becomes a successful composer, friend of the Prince, and social lion. Constance has remained true to her love for Rob and on his return to England, he woos and wins her for his wife.

GRADE NEWS

Kindergarten and first grade—Miss Wade

This week we are starting a Good Health Project. Each child has a large paper clock with the habits of cleanliness printed on the face. Every morning before school begins each child, with the assistance of an inspector chosen each week, moves the hand on his clock as far as his cleanliness permits. We aim, of course, to get the black hand completely around the clock.

Our large, colorful Humpty Dumpty with arms and legs that move are "having a great fall" on the back bulletin board.

We told stories about each of our March pictures that we have in our room. It was fun to tell an imaginary story and name the boys and girls in the pictures.

Since we have had the victrola in our room we have enjoyed many music appreciation lessons. And speaking of good music we certainly enjoyed the songs that Mrs. Beardslee's boys and girls sang to us.

First and Second Grades—Mrs. Dunham

We made some very amusing walking ducks during our art class Tuesday afternoon. We have learned a new song "Welcome Sweet Springtime" and a new piece in rhythm band "The Ace of Diamonds" which is a Danish Folk Dance. We had the white rats from Mrs. Strait's room in our room one day and we enjoyed watching them eat and get their cod liver oil. Mrs. Strait permitted us to take them from the cage and hold them in our hands.

Third and Fourth—Mrs. Beardslee

The project which we are working on during the month of March is a "Study of Holland". We are constructing a large windmill which is

large enough for a child to get inside. We plan to represent a Dutch scene on our sand table. We have collected many interesting pictures and books concerning the Dutch people. We are enjoying the story of "The Dutch Twins" by Lucy Fitch Perkins, during our Story Hour. A new song we are learning this week is "Little Toy Land of the Dutch", by Katharine Conley Smith.

Our boys and girls visited Miss Wade's room Tuesday morning and sang a group of songs for the kindergarten.

Franklin Watkins won in the 3rd grade spelldown and Judy Bevar in the 4th grade on Friday.

We watched the 5th and 6th grade boys and girls play basket ball in the gymnasium Friday afternoon.

THE JUNIOR PLAY ANNOUNCEMENTS

By the Walter Winchell of the Junior Class—Jackie Parrish

After a some what difficult time Miss Cohen, our director, decided on the cast for the play.

As I told you before the play chosen by the Juniors is "Aunt Abby Answers An Ad".

The cast is as follows:
Abby Ainsley—A very funny old maid; and the only thing that she hates worse than a man, is more men. Who will be played by the old maid of the Junior class—Beverly Payne

Lucindy Lovejoy—Aunt Abby's maid of all work, will be portrayed by that very lovable young lady—Irene Walz

Horace Harter—Aunt Abby's very unwelcome suitor (or so she says). Will be played by the funny man of the Junior class—Frank Russell

Anna Ainsley—the pretty little niece of Abby's who will be played by sweet little—Vivian Dean

Lillian Lorraine—A girl friend of Anna's, who thinks Aunt Abby a scream (and you will too), will be played by—Betty Bradford

Billy Barberton—a handsome young man who is engaged to Lillian. Will be played by—Eugene Hubbard

Bobby Barrington—Anna's very ardent admirer and boy friend will be played by the cutey of the Junior Class—Dick Lowrie

Mrs. Purviance—a well dressed tourist who spends a few days in Aunt Abby's tourist camp will be played by your W. W. of Junior Class—Jackie Parrish

Horace Harkwell—a very lonely wid-

ower from Strawberry Center who thinks Aunt Abby a huckleberry will be played by "lover" of the Junior Class—

Tom Boothby
Essie Ebberson—a little tattler tale who spills the beans will be played by—

Maxine Broadway
Now after seeing the cast don't you agree with me that Miss Cohen will really have something serious to contend with?

HERE AND THERE

What Junior girl thinks Tom Boothby would make the world's best lover!

It seems that Jack Skarrit got his face slapped Friday night.

Now we know why Maxine is so small. Don't we Maxine?

We wonder why Susy Miller, Frank Russell, Dick Lowrie, and Tom Boothby were seen violently laughing in Public speaking when Miss Cohen proposed the subject of Cats and Headaches as a suitable topic for a speech. Ask Leda Miller and watch her blush.

This is strictly confidential, but a certain Senior girl has been seen with a certain member of the Alumni. My!

Speaking of spring being in the very near future, we must also mention that the Junior play "Aunt Abby answers an Ad" will soon be here. Practices are starting and it won't be long folks, before you will see the Juniors on Parade.

If East is East and West is West, can anyone tell a certain member of the Junior class where twain is!

So Owen Payne's nickname is Steamboat Payne. If anyone wishes to know how he happens to have that "Handle" ask some member of the public speaking class.

CLASS ROOM NEWS

Mrs. Strait
The classes have been interested in watching the progress of the white rats. The rats on the adequate diet have gained half as much as their original weight while the ones on the inadequate diet have lost some weight. Also there is a noticeable difference in the color of their skin and the texture of their fur.

In Home Ec. 2 the members of the class went to the meat market on Tuesday to learn the different kinds of meat, the cuts of the different meats and the prices of each.

The average price of electricity really toboggans as you add appliances! The more electricity you use, the cheaper it becomes. Suppose, for example, you are now using 10 units per month at the regular residence rate:

| | |
|---|--------|
| 10 units per month cost | 81c |
| But the next 10 cost only | 36c |
| If you are now using 50 units per month— | |
| 50 units per month cost | \$2.25 |
| But the next 50 cost only | 1.12½ |
| If you are now using 100 units per month— | |
| 100 units per month cost | \$3.38 |
| But the next 100 cost only | 2.25 |

This "sliding scale" of electric costs means that you can make free and unstinted use of lighting and household appliances and not add much to your bill. Prices average down rapidly as use goes up.

Electricity is cheap! The liberal use of electric appliances is wise economy. Prove this to yourself by using all the electricity you need.

Clarkston Locals
 Mr. and Mrs. John S. Keith (Betty Chamberlain) are receiving congratulations on the birth of a 7 lb. 7 oz. daughter, Janice Shepard, born Mar. 2nd at the St. Joseph Mercy Hospital in Pontiac.
 Mrs. Ida Beattie and her cousin Mrs. Theodosia Hartung of Pontiac are certainly enjoying a fine southern trip and seeing many beautiful sights. Cards were received by Mrs. Beattie's daughter in Waterford from Monterey, Mexico where they were sight-seeing for two or three days. From there they were going to Saltillo, Mexico and then back to Texas. The cards showed the Mexicans in their native dress walking along in their bare feet on pebbly roads. Then too there were some four-wheel carts being drawn by oxen. Mrs. Beattie told of going on a wonderful mountain trip. She will no doubt have some interesting stories to tell when she returns. A card from the Robert Beatties showed a picture of the six mile long bridge between Tampa and St. Petersburg, Fla. They have been enjoying some fishing trips.

Clarkston Locals
 The C. G. Waterburys have returned home after enjoying a few weeks of southern sunshine.

 The George D. Kings returned home last week after enjoying their usual stay in Florida.
 Mrs. David Newlands of Highland Park and Clarkston has gone South to enjoy a few weeks of summer weather.
