CLARKSTON, MICHIGAN, FRIDAY, APRIL 7, 1939

NUMBER 31

Odds and Ends

The Clarkston fire department maintained its reputation in the two fires in this community which occurred this week. In the fire at Waterford it was found that the local department would get to the water supply better than the Pontiac department and so was able to furnish water for the use of the able Pontiac fire fighters. Locally the telephone exchange fire was quickly under control through their efforts.

Sunday is Easter Sunday. Need we say attend church services if possible.

And there was a time a republican was foolish to run for any political office. . . and, as the sun goes round and round, that time may and probably will come again.

Business places in this community will close for three hours on Good Friday.

One advantage of a large company is that in time of trouble immediate help is almost always available. A small company would be forced to interrupt service. In the case of the local phone office fire help from the nearby offices was rushed to the scene and service was disrupted for only a short period. It is somewhat a satisfaction to be able to say that the show went on in spite of the fire.

Tre Ore and Easter Cranbrook Services

On Friday, April 7, the annual Three Hour Service will be held in Christ Church Cranbrook from 12 noon until 3 p. m. This service will consist of three addresses by the Rev. Thomas L. Harris, music by the choir from Bach's St. Matthew Passion, interspersed with prayers and congregational hymns.

The service on Easter Day which attracts considerable attention is the Sunrise Service at seven o'clock in the morning. This service of Holy Communion is held in the main church with the full adult choir singing.

The Resurrection Festival which is at nine o'clock is a brief service for children and their parents. This includes a story for the children, our traditional pageant, and music by the Boy choir and the Red and Blue choirs. At this service the pageant interprets the Easter theme with emphasis upon a congregational pilgrimage to the tomb, where a fresh cut flower, symbolizing life growing out of the tomb, is given to each boy and girl present. At eleven there will be another celebration of the Holy Communion, the Easter sermon and special music.

Easter Vespers in the afternoon at four o'clock is largely a musical service, the Easter theme being presented by the choir as they sing Bach's Crucifixus and selections from Brahms' Requiem. A carillon recital by August Maekelberghe follows vespers immediately.

HOPPER CONTROL IS MAPPED OUT

Grasshopper control campaigns in 45 Michigan counties are being mapped out by cooperating agencies to insure efficient use of funds, materials and labor.

Hoppers may not be as numerous this year as in 1938, says C. B. Dibble, extension specialist in insect control at Michigan State College. Yet he believes an efficient poison baiting program will be necessary to save crops and cut down numbers of the pests so that the effects will be apparent this summer and in successive cropping seasons.

In Oakland county it is planned to hold meetings of agricultural committees and township supervisors to study participation. Subsequently there will be farmers' meetings for lectures and movies. Plans provide for safety posters to be displayed at mixing and distributing points. A square mile demonstration of control of hoppers may be set up in Oakland.

The greatest damage for several years has been inflicted on crops in the upper half of the Lower Peninsula and in several counties in the Upper Peninsula.

The effects of the baiting have led to estimates that approximately \$1,118,000 in crops were saved from hopper loss in Michigan last year. Baiting materials in 1938 cost a total of \$34,000, shared by counties and the federal government.

Telephone Exchange Damaged by Fire

Operator Maintains Service Till Ordered to Leave Building

Tuesday afternoon, about 2:30, fire was discovered in the building housing the Clarkston Exchange of the Michigan Bell Telephone Company, on East Washington Street.

Mrs. Idell Skarritt, who was in charge of the board at the time maintained service until the plaster began falling from the ceiling when she was ordered from the building. A canvas ceiling was quickly erected over the equipment and operator. Service was cut off for about thirty minutes.

While damage will probably amount to around \$1,500 to the building and equipment, damages to the property of Mrs. Addie Badgero and her son James, who live in the building, could not be estimated when the News went to press.

When the fire was discovered the Pontiac office of the company was notified and they called the Pontiac Fire Department to assist. In addition to the fire truck a company truck was dispatched to try and maintain service.

The local fire department under direction of the fire Chief Jeff Hubble responded and had the fire under control when the Pontiac fire department arrived. High school boys removed the furniture.

The building was leased from L. R. McFarland and was insured. Damages from the fire and water were sustained by Roy Addis who lives next to the telephone office. The building is being repaired as we go to press.

Memorial Plants To Decorate Church Easter Sunday Morning

According to the plans of previous years, the Church Decoration Committee for the Clarkston Methodist Church invites members and friends of the church to place Memorial Plants in the church for the two services Sunday Morning. The church will be opened Saturday afternoon and evening, so that people can bring their plants early. The chairman of this committee is Mrs. Warren Strait.

During Lent, a beautiful deep purple hanging was placed in the church, with a simple gold cross as the symbol for Lent. For Palm Sunday, the committee decorated the church with crosses, outlined in white, with four large palms, furnished by Mr. Durand Ogden. As the Cross for Easter is a white cross, a newly built electric cross will be placed in the church for the Sunday services.

Mr. and Mrs. Fred Kennedy and family expect to move from Holcomb Street to the Dr. Herman farm on Orion Road some time during the next two weeks.

Judson P. Grow Burnt to Death In His Home

Funeral Service Was Held Tuesday with Burial in Drayton Plains Cemetery

Early Sunday morning fire broke out in the home of Judson P. Grow on Andersonville Road in Waterford. A passerby noticed the blaze and notified Kenneth McVittie, Oakland County Circuit Court probation officer who lived next door. Before fire apparatus arrived from Clarkston and Pontiac the rear of the Grow home was a raging mass of flames. All the fire departments could do was to save the front part of the two story frame structure. The fire seemed to have started from an overheated stove.

Mr. Grow, 74 years old, lived alone. It appeared that he had tried to go from his bed to the window and had been overcome by smoke. No one knew that Mr. Grow was in the building until the body was found when the debris had cooled and a search was made.

Mr. Grow formerly operated a farm in Waterford Township. About twenty years ago he moved to the house in which he died. He was the son of Mr. and Mrs. Waterman P. Grow and was born in the Walter Whitfield house on the Williams Lake Road.

He is survived by nine nieces and nephews. The funeral service was held in Pontiac on Tuesday afternoon with Rev. Howard Jewell of the Waterford Church officiating. Interment was in the Drayton Plains cemetery.

HOLLY THEATRE

Fifteen million dollars worth of airplanes, all of one model, appear in stirring scenes of "Wings of the Navy", the Warner Bros.-Cosmopolitan picture opening Sunday at the Holly Theatre, and that represents probably the greatest fortune ever tied up in one kind of "properties" for a motion picture.

These planes are the proud, new, well-armed, giant twin-motored PBY-2 patrol bombing planes. In "Wings of the Navy" the giant PBY-2's thunder into the air from the surface of San Diego Bay, just off the navy's North Island air base, where a large portion of the exciting film story was screened. In other scenes they swoop gracefully down out of the sky to deposit their fourteen tons lightly on the twisting currents of the bay.

In one scene, forty-four of the big twin-motored patrol bombers tilted and swerved in graceful formations overhead, as they came in, in a super massed flight, to alight in home waters after completing their share in the U. S. Navy's annual summer maneuvers above the foggy waters of southern Alaska. These forty-four planes hopped down from Seattle, Wash., in one long, successful massed flight. Their landing at San Diego furnished a dramatic sequence for the picture.

Each of the sixty vast PBY-2's which made its motion picture bow in "Wings of the Navy" is valued at \$260,000, when completely equipped with the navy's well protected secret devices that render them such potent instruments of might for war purposes.

Altogether there are two hundred and sixty of these big planes, built and building, which give the United States Navy a voice of real authority in the sky, "Wings of the Navy" features George Brent, Olivia de Havilland and John Payne.

panied him as mascot. There was no kitten, of course, but just the same a mythical black kitten occupies a portion of the design on the Spanish postage stamp that marked the occasion along with the famous flier himself, the Spirit of St. Louis and the Statue of Liberty. This is the only stamp on record on which a picture of a domestic cat appears.
 The next stamp of importance will be the baseball stamp issued according to present plans on June 12. The stamp will bear a replica of a baseball diamond with nine miniature players at their positions. With so much argument as to what individual should adorn the stamp, it was considered advisable to take an impartial stand. Since the stamps will be of regulation size this will entail some very careful designing.

FIRE! SUDDEN ILLNESS! BURGLARY!

An extension telephone at your bedside provides the quickest means of summoning help in emergencies... fire, sudden illness, burglary.
 It affords privacy, for yourself or guests, both in making and receiving calls. A convenience to every one, it is a real boon to convalescents. And it is of special value to the busy housewife, for it saves her the time and trouble of many tiring trips up and down the stairs.
 You can have an extension telephone in any part of your home for less than 3 cents a day. To order an extension telephone, call, visit or write the Telephone Business Office.

Sacred Concert Sunday at Davisburg Church

The Davisburg Methodist Choir consisting of forty voices will give a sacred concert at the Davisburg church next Sunday evening at 7:45 o'clock. The choir will sing under the direction of Robert Percival. Those assisting in the concert will be Mrs. Fogle, contralto; Mrs. Collins, alto; Dr. A. E. Buss, cornetist; Mrs. Montgomery, pianist, and Mrs. Ganther, organist.
 Dr. Buss has achieved fame throughout the country as a cornetist. At the age of fourteen he played before the King and Queen of England. For several years he has been the cornetist at the Lenten services carried on by the Detroit Council of Churches.
 There is no admission charge and the public is cordially invited.

Space in this column will not permit me to conduct a long quiz program, but I am going to ask one question here and wish that readers would try and answer it honestly before looking at the answer. Here is the question:
 What is the common reason that some cars veer to one side when the brakes are applied?
 (a) Something is wrong with the steering mechanism.
 (b) Brakes are not equalized.
 (c) Rear axles are loose.
 What do you think is the answer?
 This is it:
 If the brake lining grips more firmly on one wheel than on another, the car is apt to veer to one side when the brakes are applied. The car should be taken to a competent service man to have the brakes equalized.
 And here is one from "The Sunday Star". A stamp collector went to a post office, gave the clerk a dollar and said: "I want twice as many two cent stamps as one cent stamps and the remainder in three cent stamps." How many of each denomination did the collector receive?

JUNIOR PLAY NEWS!

On the night of April 14 at 8 o'clock at the C. H. S. Auditorium, the Junior Class will present the funniest of funny plays "Aunt Abby Answers an Ad". You will enjoy seeing Aunt Abby run her "Toonerville Trolley Tourist Camp" where she is both motorman and conductor and everybody pays full fare.

Those who have been privileged to see some of the rehearsals whisper that Beverly Payne is a "scream" in the part of the man-hating old maid, who suddenly, late in life, gets bitten by the "Love-bug" and is more kittenish and jubilant than a 16-year old over her new found joy.

Although the part of Aunt Abby is a riot of laughter, it is not the only funny role in the play. The part of Lucindy Lovejoy, a sour-faced spinster, who has been Aunt Abby's housekeeper for years, is another screamingly funny part. She has been reared with Aunt Abby's idea against men, but she, too, suddenly turns when Aunt Abby does, and to which the two of them suddenly come under the spell of love is a sure cure for the greatest grouch in the world. The part of Lucindy Lovejoy has been entrusted to Irene Walz.

Frank Russell, the "derndest, stubbornest, rural Romeo", who is always giving Aunt Abby one more chance is "tops" and would you believe it—the love interest in the play will be supplied by Dick Lowrie and Eugene Hubbard. The moon-struck, giggling, Essie Ebbersole, played by Maxine Boadway will amuse you as well as the romantic tourist, Jackie Parrish. Thomas Boothby, the lonely widower from Strawberry Center, Pennsylvania, complicates the plot started by Anna and Lillian (Vivian Dean and Betty Bradford). Don't miss this big fun festival. The first act is a laugh, the second act is a scream, and the final act is a howl!!

CLASSROOM NEWS Miss Wellington—Last Friday afternoon, Inez May Miller outlasted 39 other spellers to become our 1939 spelling champion. Inez Mae is a former grade champion and should do us credit in the district meet, which will be held at Clarkston on April 21.

The surprise came when Frank Blaine emerged as the runner-up. Frank is a fifth-grader, and it is most unusual for a fifth-grader to be runner-up to the champion. Frank won the place the hard way, spelling for one hour and fifteen minutes before he eliminated Billy Radoye, of the seventh grade. It looked several times as if Frank would win, but he finally formed the plural of "enemy" with a "ys". Frank deserves a cheer, we think, as a real contender. Congratulations, Frank!

We regret the absence of Wilbur Adams, twice a grade champion. Wilbur is ill at home, and it seemed a shame that he was unable to compete.

Mr. Waters—Any old newspapers and magazines will be collected by the 9th grade Biology class on Saturday, April 15, 1939. Please have them on your porch by 9:00 Saturday. We will use the proceeds for a terrarium and aquarium and other materials to be used in experiments for Biology. Everyone please cooperate. Thank you, The Biology Class.

Mrs. Strait—H. Ec. I—The girls are finishing up the construction of their first garment—a cotton dress or active sport outfit. They have learned some new processes such as making flat fell seams, plaquettes, and bound buttonholes.

Home Ec. II—Last Friday the members of this class took a field trip to the woolen mills at Columbiaville, Mich. to see how wool is transformed into materials for coats and snow suits. The mill was in full operations so that the manufacturing processes could be followed through, step by step. The materials in the making were the new materials and patterns for the winter of 1939 and 1940. Now the girls are charting the trip through the mill.

Hygiene 7—The boys and girls are working on the structure of the eye and ear.

Miss Cohen—English 10—They have been reading Stephen Leacock's essay on "Humor as I see it." An interesting discussion took place on what each member of the class considered humorous. The next unit will be on One Act Plays about contemporary society. The first one to be read is "Sham" a play which several weeks ago was presented on the Lux Radio Theatre. English 9—are studying adjectives and adverbs.

Latin I has finished reading the story of "Romulus and Remus". Speech I are making nomination and campaign speeches to be followed by toasts and after-dinner speeches.

JUNIOR NEWS by the Walter Winchell of the Junior Class, Jackie Parrish The Juniors have all been very busy for the past week, selling tickets, gathering properties and all the other little odd jobs that are necessary to make their play a success. And folks it really is going to be a success. In our advertisements we said that the play would be a three act comedy but folks it really is a riot! Frank Russell does his little bit to making the play a real comedy

with a straw hat and an ancient pipe that looks like a relic of the Seventeenth Century. Beverly Payne (who is the lead) helps things along with her tourist camp. The rest of the cast are all doing their best and with that I can assure you that you will get your money's worth when you come to see "AUNT ABBY ANSWERS AN AD" on April 14th.

JUST AROUND THE CORNER—Why was Mis Cohen so flabbergasted Tues. morning in Literature class when she said feans for fiancé?

Where did Bill Wilson get those lovely red roses that he has been sporting on his sweater? He said he found them. We wonder

Dear Me! What has happened to our magnificent romance in Geometry Class. And it's spring too!

What's this we hear about a certain senior usurping Gerry Weston's girl? Too bad Gerry you have our sympathies but there's still plenty of fish in the sea.

We heard that a girl is just like a streetcar, you leave one and another will soon be along. Some philosophy!

Is everyone dating everyone else up for the roller-skating party? Times a wastin'!

Ruth B. went way over to Oxford to pick him, but . . . she can pick ours too.

What did Evelyn Davies, Phyllis B., Eleanor Day, and Pearl Olson see in the drug store at Oxford the other day that made them go mmmmm?? It wasn't the sodas. . . .

Mr. Waters certainly pulled a boner as far as the Junior class is concerned. And did he get told!

What is there about school teaching that makes teachers so absent-minded?

Wanted—one straw hat—to fit one empty medium sized head! Inquire English room.

How did it happen that Play Practice started on time last Thursday evening???? Could it have been a bet on between said actors and Miss Cohen??

Why is it Irene Walz is dizzy during most of Act II of the play??? Could it be playing ring-around the Rosie with Dick Lowrie??

"Be it ever so humble, there's no place like home"—some homes will be humble in Clarkston after those plundering bullies of Juniors get thru gathering equipment for the play.
