Graduates Urged to Join "Grown-ups"

The graduates and their friends joined in the annual Baccalaureate Service last Sunday evening in the High School, in which Rev. Dwight Large, minister of the Clarkston Methodist Church, gave the sermon. Rev. Walter Ballagh, Clarkston Baptist minister, took part in the service. The Methodist Youth Vested Choir, directed by Mr. T. S. Boyns, sang two anthems. One was selected for the event by the choir, entitled "Light My Way".

Rev. Large took his text from the familiar 13th chapter of I Corinthians. "Why not grown-up?" the minister asked the class. "You do not have to live long before you face the question of joining those adults who have not yet put away childish things!"

The sermon suggested three ways of becoming grown-up, in the sense of Paul's letter. First, to be grown-up, one must accept the whole of life, joy and sorrow, success and failure, and hold them in the same herd. Here Rev. Large illustrated his thoughts by the poem "Childhood Is the Kingdom Where Nobody Dies" by Edna St. Vincent Millay. Secondly, to be grown-up one must ask "Why". Third, to be grown-up, one must "belong to something, some great cause or movement".

"You graduates may live forty years and belong to nothing greater than your own back yards, or you can live by the Key to Life, and relate yourselves to God's Plan" said the speaker. "Every man and woman looks at you with envy tonight. Not because the world gives you an easy welcome, but because you have one possession no middle-aged person has. You have forty or fifty years ahead and you can invest it as a Gooney-bird or you can lift life higher by the ideals of Jesus".

The class marched into the High School Gym, with music by the High School Orchestra, directed by Mr. Orlo Willoughby.

Red Cross Furnishes Swimming Lessons

First Lesson to Be Given at Deer Lake Beach Next Tuesday Afternoon from 4:30 until 6:00

Again young and old in this vicinity will have the great privilege of getting free swimming instructions from one of the best instructors in the County. The County Red Cross has gone to a great deal of work and expense to plan this program for everyone in the County interested in swimming. The classes are for beginners as well as those who do swim a little and those who wish to take the life-saving courses. There are eight lessons in the course and at the end of the season tests will be given and awards will be made. Miss Lawrence, the instructor, will have a very capable assistant.

In the past years the classes have been fairly well attended and this year a larger attendance is anticipated. This community service is extended to the County on account of so many lakes where drownings are sure to happen if the bathers have no knowledge of swimming. The County Red Cross is to be complimented for this safety measure and every person who can should take advantage of it.

Remember the place and the time—next Tuesday afternoon from 4:30 until 6:00 at the Deer Lake Beach. There is no age limit.

Red Cross to Aid Tornado Victims

Independence Township to Raise \$200

In the next few days the County Red Cross will strive to raise \$10,000 to aid those who lost all their possessions last Saturday night when a tornado ripped through a part of the County at a rate of from 40 to 50 miles an hour. This is the first real disaster that has occurred in the County since the organization of the Red Cross.

This Township has been asked to help other grief stricken areas and the response has been wonderful but now the grief comes home and we are asked to do our part to help those people who have lost everything they possessed in a few minutes. Many are homeless and penniless. The storm passed through an area where worth-while folks were making an effort to own their own homes and farms and be independent. Today, many are destitute and now is the time to render assistance where it is needed badly. The quota for Independence Township has been set at \$200.00. It seems like a large sum to raise in a few days but if everyone will donate a little and do so as quickly as possible the amount will be raised without a great deal of work on the part of the chairman, Mrs. H. W. Huttenlocher. There will be coin boxes placed in the G. A. Walter Store and O'Dell's Drug Store. You may be contacted by some worker but time will not permit a committee to approach every individual so this time the appeal is for you to give what you can and as soon as you can.

Prospective Bride Honored at Showers

Marguerite Andrews Will Wed Roderick Muma This Month

Honoring Miss Marguerite Andrews whose marriage to Roderick Muma will take place this month Mr. and Mrs. R. L. Jones entertained at miscellaneous shower at their home on Robertson Co. last Saturday night.

There were sixteen guests spent a pleasant evening. While the men busied themselves in one part of the house the girls presented Miss Andrews with many lovely and useful gifts.

Delicious refreshments were served at the close of the evening.

Another delightful affair was given in Miss Andrews' honor by Miss Jeanette Miller and Miss Martha Miller at Miss Jeanette's home on Wednesday night when sixteen guests were entertained at a linen shower.

The house was prettily decorated with roses and peonies. To add to the beauty of the scene colored balloons were hanging from the electric fixtures, from the curtains, in the arches and just everywhere. In these balloons were notes to the bride-to-be telling her where to find her gifts. One balloon at a time was opened and one gift at a time was looked for so for a while Miss Andrews was kept running from the basement to the attic. She received many beautiful pieces of linen. During the evening brain teasers afforded plenty of amusement and the lovely prizes were presented to the honor guest.

As a fitting climax to a lovely evening dainty refreshments were served at small tables.

Stranger Things Might Have Happened

This story would be a good one for Ripley's "Believe it or not" column. Floyd Hubble has a turkey gobbler that has tried to prove that the male side of the house has plenty of patience. He has been setting on turkey eggs. Now the eggs have hatched and there are seven little turkeys. But the old fellow is not quite satisfied with a family of seven and he takes the other little turkeys away from the hens.

Anyone who doubts this strange tale is invited to visit Floyd Hubble's farm and, well, seeing is believing.

Commencement Exercises Graduate 32 Thursday

Another Senior Class has come and gone. Yesterday an excited group of young people were looking forward to a very happy occasion, their graduation night; this morning the same group realizes that they are now starting out on a journey where they most likely will have to solve problems much greater than those that were solved during their Senior year in High School. The Commencement Program last night was proof that the graduates are starting on their journey with confidence in their ability to do things; a confidence that has been instilled in them during their years in the Clarkston School. This was evidenced by the way each one took his or her part. Those who spoke, did so clearly. The setting for the program and the thought it conveyed was beautiful indeed. The stage was an airport, with an airplane all ready to take off with a group of seniors on their journey of life. The Juniors were the ground crew and of course they arrived at the airport with the school band to bid farewell to the

seniors. It certainly was a grand picture. And then when the passports were handed out to the plane passengers and the plane crew. Lee M. Clark, who has been secretary of the Clarkston School Board for a number of years and whose son, Arthur Clark was among the graduates, acted as the Airliners Agent and presented the passports, graduation certificates, to the smiling graduates. The group then entered the plane and started out on their long trip. The seniors looked dignified in their caps and gowns.

The class colors, Royal Blue and Silver were used on the platform and roses and peonies were used in profusion to make the setting even more attractive.

The High School Band under the direction of Orlo Willoughby excelled themselves and not only the school but the whole audience was proud of them.

After the exercises the graduates formed a reception line in the auditorium and congratulations and best wishes were extended.

Waterford

A recent interview with Mrs. Russell Maybee, president of the Waterford P. T. A. for the coming year and who went as a delegate to the State P. T. A. convention held in Sault Ste. The newly elected State president of the Michigan Congress of Parents and Teachers, Mrs. Thompson of Highland Park, a former teacher in the Detroit school system, summers in Clarkston, having for years spent the summer at Green Acres. Mrs. Maybee says every part of Michigan was well represented at this gathering. Representatives came from every section and the majority travelled by bus. "It was such a friendly crowd", exclaimed Mrs. Maybee, "Such an informal spirit existed. We all visited going up on the bus and when we got tired talking we sang. We sang quite often after we reached our destination. Walter Kraus of Pontiac, whom we know is connected with the juvenile delinquency program was present and he often led us in group singing while we were waiting for things to start. The outstanding feature of the convention was the program following the banquet on Thursday evening. 1200 people seated in the High School gymnasium were served. An unusually impressive as well as beautiful pageant on Democracy was presented. The theme of the entire program was "Democracy". After the pageant we were privileged to hear the noted minister, Dr. Preston Bradley, Pastor of the People's Church of Chicago. We heard many noted speakers and they all had a worthwhile message for us to bring home to our local organizations. Among the speakers was Howard McClusky of Ann Arbor." The State Convention will be held in Lansing in 1940 and Mrs. Maybee hopes many of our local people interested in P. T. A. work will make an effort to attend.

FULL ACTIVITIES OF PROBATE COURT

Presented in First Report of Judge Arthur E. Moore

It is my belief that periodical reports should be made public showing the condition of affairs and the doings of the Probate Court and the Juvenile Division of that Court. Such information is important to the general public not only as a form of accounting as to expenditures of public funds, but perhaps even more important, as a definite method of graphically presenting these matters of human

interest and concern, over which this Court exercises jurisdiction.

It is my plan that from time to time reports will be made public concerning the Juvenile Court, the Juvenile Home, Mother Pension Cases, Probation and Supervisory work of the Probation Officers, the volume, condition, etc., of the probating of estates, guardianship of minors and incompetents, insane and feeble minded commitments, support of impoverished relatives, petitions for sterilization, adoption of children, and such miscellaneous matters as birth registrations and changes of names.

All of these matters deal to a large degree with individuals' human problems and affairs, and being matters of human relationships, necessarily effect every community of this large county. Public knowledge concerning these matters, their volume, importance and specific conditions, should tend to make not only for better government, but also for a more intelligent living.

The first of these reports is herewith presented concerning the Juvenile Division of the Probate Court. Mr. Kenneth McVittie, Referee of the Juvenile Court, has been responsible for a large portion of the work involved in this report, and a word of congratulation to him for his splendid service should be mentioned. This report covers the period between January 1, 1939 and May 1, 1939, namely the first quarter of the present calendar year.

Petitions were filed against 48 boys under seventeen years of age and 17 girls of like age, as delinquents. It should be commented upon that many difficulties of girls under seventeen years of age were ably handled by Mrs. Bailey of the Probate Court and the Girls' Protective League, together with her able assistant Mrs. Alice Novack, without the necessity of bringing these children before the Court. Further, many of the Community Fund Agencies rendered splendid services with homes, parents and children in such a manner as to prevent and make it unnecessary for those children to be formally summoned before the Juvenile Court.

Of the 65 "delinquent" petitioned cases, disposition was made as follows: 20 boys were committed to the Boys' Vocational School at Lansing, 5 boys were committed to the Ford Republic at Farmington, and 4 girls were committed to the Girls' Training School at Adrian. 21 boys were placed on probation as were 13 girls, such probation being to various individuals who were so far as possible peculiarly suited to helping that individual boy or girl overcome his problem and make good. In addition, 58 pending cases were dismissed, generally for the reason that the child could be trusted to make good. 12 old cases were continued for the purpose of allowing the Court and its Probation Officers to have further opportunity to work out the problems involved.

Several cases were referred to the Michigan Child Guidance Institute of Ann Arbor for investigation of mental, physical, and sociological maladjustment, and valuable reports and recommendations were received from that Institute.

In all, 304 Court hearings and re-hearings were held. 17 cases of neglected and dependent children were brought before the Court by proper petitions and in these cases an attempt was made to secure a proper home for the children or to place the children with the proper society for their care.

This Court had on an average, 46 children in boarding homes, this number including 5 who were placed with the Michigan Children's Institute of Ann Arbor, in addition, 3 children were placed in the custody

of the Michigan Children's Aid Society.

During this time the County paid the sum of \$3,535.72 for children's board and the sum of \$102.21 for clothing for such children. In return the County collected from parents of others obligated to support such children in part a total of \$519.01 which was credited \$183.87 for Juvenile Home care and \$335.14 for the Juvenile Court proper. This boarding cost covered the 46 children mentioned heretofore in boarding homes, also the 5 children at Ford Republic in Farmington and 4 children who were previously committed to Star Commonwealth at Albion.

In summary it should be said that the volume of work embodied in the foregoing report cannot be adequately expressed in figures. Each individual boy or girl represents a definite problem which can only be understood and solved by a thorough investigation of his school situation, home, personal characteristics, past habits, and mental and physical condition and make up.

It is our belief that these investigations and probation reports have been carefully made with a definite object of doing the best thing for the child involved and at the same time protecting the community from further trouble so far as possible.

I can not urge any too strongly the necessity of an active interest of the people at large in and concerning the boys and girls of every community. While the home is the first stronghold in protecting and rearing boys and girls, the interest of the good people in that neighborhood, the character of the other children, the activities of the school functions, Boy Scout, Girl Scout, Campfire Girl and many other similar organizations, the proper influences cast by the churches and

HOLLY THEATRE

Bringing a sensational new romantic-comedy team to the screen, "Lucky Night", co-starring Myrna Loy and Robert Taylor, is the outstanding attraction coming Sunday to the Holly Theatre.

Taylor portrays the role of an out-of-luck playboy who meets Miss Loy on a park bench while both are looking for jobs. Myrna has fled from a fourth engagement to a man she didn't want to marry. The pair team forces, panhandle fifty cents, pyramid it into thousands by lucky playing, hit the night spots and find, after their wild and "lucky night", that they've been married. Thereafter they face the serious business of life, leading to further hilarious complications, separation, and eventual reconciliation.

In the supporting cast is a picked list of funmakers, among whom are Joseph Allen, Henry O'Neill, Douglas Fowley, Bernard Nedell, Charles Lane, Bernadine Hayes, Gladys Blake, Marjorie Main, Edward Gargan, Irving Bacon and Oscar O'Shea.

Twenty-four major settings have been included in the filming of "Lucky Night". These include the beautiful home of the runaway debutante, Central Park, numerous street settings, a play palace, beer garden, police station, night clubs, gambling salons, a fashionable hotel and the paint store where Taylor finally finds a job. Miss Loy's costumes, by Dolly Tree, consist of conservative new fashions that are said to promise the establishment of new 1939 styles.

Of further interest is the fact that the picture reunites one of the most successful producer-director combinations in motion pictures. Louis D. Lighton is the producer and Norman Taurog the director. Lighton produced and Taurog directed "Skippy", the picture that discovered Jackie Cooper as a boy star, and which won for Taurog the Academy Award. Together, they also brought "Sooky" to the screen. Since joining M-G-M Lighton has produced "Captains Courageous" and "Test Pilot".

The tree trimmer who sat on the end of a limb and then sawed off the limb has nothing on certain automobile drivers.

Is there any difference as far as results are concerned between the man sitting on the end of the limb and the man who drives an automobile recklessly by passing people on hills and curves and at intersections?

The man in the tree we would call a "fool". Much stronger language has been used by drivers who have been passed on a hill by a reckless driver. Innocent people become victims of such careless acts, serious accidents result.

It's stupid to take a chance smart to drive carefully.

A severe electrical storm visited southeastern Michigan Saturday night, Oakland county sharing in devastation wrought, estimated several hundred thousand dollars in this section, however, little damage was done.

Please Summer Appetites With An All Salad Meal

By BETTY BARCLAY

An all salad meal answers the problem of something different for summer menus. This three-in-one service is easy and simple to prepare, and will prove popular with family and guests. The salads chosen offer a variety of foods and flavors and are well-balanced in food value.

In the combination pictured, Macaroni Salad supplies calories, Tuna Fish Salad takes care of the protein requirements, and Orange Dessert Salad adds important and necessary health factors in minerals and vitamins as well as juicy refreshment. Potato salad may be substituted for the macaroni, veal or chicken for the tuna.

Lemon juice in the salad dressings gives a freshness of flavor and further health value. Some will like more of the tart lemon flavor for the fish and macaroni salads and for these a dish of lemon quarters is provided.

The three-compartment salad bowl is new and smart. If desired, salads may be served in separate bowls. Crisp salad greens are placed on the service plates, which should be large enough to hold good-sized portions of each salad. Salad recipes which follow are planned to serve 4 to 6.

Macaroni Salad
2 cups cooked salad macaroni
1 cup cooked peas
1/2 cup shredded raw carrot
2 tablespoons minced bell pepper
2 tablespoons minced pimiento
Lemon mayonnaise
Combine ingredients with mayonnaise to blend. Garnish with a pepper ring and pimiento strips.

Tuna Fish Salad
2 hard cooked eggs, sliced
2 7-ounce cans tuna

1/2 cup chopped cabbage
1 1/2 cups chopped celery
Lemon mayonnaise
Combine ingredients with mayonnaise to blend. Top with egg slices and parsley sprigs.

Orange Dessert Salad
2 cups slices cut from California oranges
1 1/2 cups strawberries, raspberries or halved cherries
Lemon French dressing

Reserve enough of orange slices to garnish top of salad. Cut remaining slices in halves. Combine fruit with Lemon French dressing to moisten well. Top salad with whole orange slices, several berries or cherries, and mint sprig. California oranges are chosen for these slices because they are firm-meated and practically seedless. Peel with a sharp knife, removing all outer skin and inner membrane down to juicy meat. Cut in thin even slices.

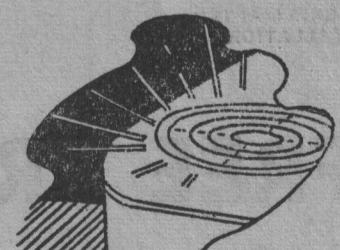

Lemon Mayonnaise
1 egg
1/2 cup lemon juice
1 teaspoon mustard
1 teaspoon salt
1 tablespoon sugar
Dash of pepper or paprika
1 pint salad oil

Combine egg, lemon juice and seasonings. Beat oil in slowly, using whirl type beater. Continue beating until dressing is thick. (Makes about 2 1/2 cups.)

Lemon French Dressing
1/2 cup lemon juice
1/2 cup salad oil
1 teaspoon salt
1 teaspoon paprika
2 tablespoons sugar or honey
Shake well before serving. (Makes 1 cup.)

Jesse left England when he was 19 years old and Isaac was only three or four years old. Jesse says, "It was sixty-seven years since I came to Pontiac and soon after that I lost trace of my family. Later I learned that they crossed to Canada and settled in Manitoba. Now Isaac tells me that he left home and sought adventure in the life of a cowboy, eventually building up his own herd and becoming a rancher. It was certainly a surprise to locate him and this is one of the happiest days of my life, to be able to shake the hand of my long lost brother".

Isaac in turn radiates happiness at the reunion and also expresses admiration for the country of his brothers' adoption. He says "These trees look great after our barren plains".

Better than an average production of all tree fruits is indicated by the June 1 reports to the Michigan Co-operative Crop Reporting Service. While a late freeze in May reduced the setting and is causing considerable dropping of fruit in some areas, an ample supply of all kinds of fruit seems reasonably assured. This is in marked contrast to the light fruit crop in 1938 due to the occurrence of severe freezing in May of that year.

Brothers Reunited In Drayton Plains

Two brothers separated nearly the Biblical life span, three score years and ten, the whereabouts of each lost to the other all these intervening years, were reunited one day last week in the home of Mr. and Mrs. Frank Jeffery, 3004 Seelye St., Drayton Plains.

It is a long way from the docks of old Liverpool, England, to Drayton Plains, Michigan, and it is a long look back through those nearly seventy years, but that is the popular pastime just now as Jesse Cooper and his brother, Isaac, talk about their travels down the road of life since that parting so many years ago.

Isaac was "discovered" ranching out in Montana last summer by his grandniece, Miss Lela Jeffery, a teacher in the Juvenile Home in Pontiac. Clues received from relatives in Canada led Miss Jeffery to the woolly west home and an invitation to her great-uncle to come east and meet his brother. This grand reunion resulted.
