Among the Waterford people to enjoy motor trips to distant points this summer is Howard Burt Jr., oldest son of Supt. Howard T. Burt. Howard has just returned with his grandparents, Mr. and Mrs. F. W. Burt and uncle, Leon Burt of Ortonville, from a trip to Longmont, Colorado, 30 miles northwest of Denver.

While in Longmont they were the guests of Mr. and Mrs. Frank Johnson and family. Twenty-five years ago Mr. and Mrs. Johnson were residents of Ortonville, Michigan. From there they moved to Colorado where they lived on a large cattle ranch and their family of girls and boys grew up. Two years ago they moved to the city of Longmont.

Going by way of Chicago and following Route 6—Lincoln Highway—out of the Windy City the travelers made good time and reached Longmont just 46 hours after leaving Ortonville. After reaching their destination many side trips of interest were taken. The outstanding one being a drive to the top of the Famous Pike's Peak. Young Burt was interested in the cars they met descending the mountain road from the peak, for they were covered with an inch of snow. It was snowing on top of the mountain. Snow the last of June looked a bit unusual to this Michigan boy. On another side trip out from Longmont the travelers again encountered snow. A 10 foot snow bank served as a cooling unit for the bottle of milk, which was part of the noon-day lunch packed for the sightseers.

A striking contrast to the white snow bank were the large, colorful, wild columbines growing only a few feet away.

Howard says the high light of his trip was the sight of the Rocky Mountains. He visited the Rocky Mountain National Park, Colorado Springs, and Steamboat Springs which is located out 200 miles from

Denver. Huge bands of sheep and great herds of white-faced Hereford cattle were seen throughout the cattle country of Colorado, and wild buffalo, a band of 30 or more elk and a few antelope were seen. Howard was fortunate in getting a good view of two wild mountain sheep, the rare and almost extinct, picturesque old fellows with the long horns.

On the return northern route through the Black Hills and Bad Lands of South Dakota the party stopped to see the impressive Mt. Rushmore Memorial in the Black Hills, with the giant figures of Lincoln and Jefferson carved right in the side of the mountain and work on the figure of Roosevelt underway. From one crop belt into another the party passed, through Illinois, Iowa and Nebraska with their corn, wheat, oats and sugarbeets. Lots of small grain.

Minnesota came in for its share of interesting sights to offer this Waterford boy. The Sky Line Drive near Duluth and the largest open gold mine in the world which is located in northern Minnesota. Home looked good to Howard after his jaunt that took him over 4000 miles and through nine states but he realizes it was all worth while. An enjoyable, educational trip affording him the pleasure and privilege of seeing places and things first handed that he has spent years studying about in school.

Last week we spoke of the many Waterford rose gardens and their owners. After all many home-lovers do not grow roses but can boast of well kept yards and beautiful lawns and can't we give a bit of credit for well kept yards to the man of the house? When you are out for an afternoon drive take note of the pretty lawns and we believe you will agree that none you see will look any nicer than the ones belonging to Percy King, John C. Myers, Roy Blakeslee, E. D. Spooner, Glenn Campbell, Phillip Heineke, Kenneth McVittie, George Whitfield, L. G. Rowley, Walter Kuhn, John Bozack, Thomas J. Foley and we must let one of the feminine residents in for a bit of praise for her nice lawn, and that is Mrs. Eva Reid.

Fine spring gardens are the attraction at some of the homes. Unusually fine for the time of year are the Laney, Briggs and Maxwell gardens near Williams Lake and the Doyle garden in Waterford. Fine tomatoes almost ready for the table will be found in the James Doyle garden. Bountiful strawberry crops were grown by Frank Schenck and W. L. Asher of Maceday Gardens, Forrest Laney of Williams Lake and Ralph Secord and George Leschoier of Waterford.

The Waterford Bible Class meeting for this month was in the form of a picnic supper and was held in the church parlors Tuesday evening with forty guests present. Long ta-

bles were set for the tempting cooperative meal. Beautiful flowers for the occasion were sent from the garden of Mrs. A. W. Mertens.

After the eats were dispensed with the roll call was answered with a Bible verse containing the word Rejoice. A short business meeting followed which was conducted by Mrs. Henry Mehler in the absence of the class president, Rev. Howard Jewell. A social hour followed when the group enjoyed a Prof. Quiz contest with Mrs. Angus McCaffrey acting as a feminine Professor.

There will be no August meeting of the class but the next meeting will be in September and will be the annual business meeting of the year, with election of officers.

Out-of-towners at the picnic supper were Mr. and Mrs. Carl Terry and children of Pontiac who are former residents of Waterford. Mr. and Mrs. Terry have kept up their membership in the Bible class and from time to time have the group come to their home for a meeting. Mrs. Henry Mehler and Mrs. Jas. C. Sutton were hostesses at the picnic supper.

Rev. Ernest Davis of Pioneer, Ohio, brought the morning message at the Waterford Community Church Sunday. A vocal duet, "Ivory Palaces", was sung by Mary Louise Buck and Eleanor Mehler with Mrs. Frank Martin playing the accompaniment. Rev. Davis then gave a special number. He sang, "He Was Nailed to the Cross", playing his guitar as he sang, with his daughter, Mrs. Robert E. Lougheed at the piano. The sermon followed, taken from the text, "And Thomas answered and said unto him, My Lord and My-God", found in John 20-28. Rev. Davis was accompanied by his family, which consists of Mrs. Davis, two sons, Chester and Taylor and his daughter and son-in-law, Mr. and Mrs. Robert E. Lougheed who were recently married. Mrs. Lougheed will be remembered as Nell Davis who appeared on the program at the Ladies' Auxiliary Birthday party given in the church parlors in May. She is an accomplished pianist. After the services the Ohio visitors were entertained by Mr. and Mrs. Henry Mehler in their home for Sunday dinner.

Arthur McEvers of Williams Lake is ill at his home.

John Schweitzer of Hatfield Drive is confined to the Marine Hospital in Detroit at this time.

Dale Sutphen has as his guests for this week his cousins, Billy and Ronald Hulslander of Keego Harbor.

Mr. and Mrs. Forrest Laney returned from Ohio Monday night where they were called to attend the funeral of an uncle of Mrs. Laney's.

Charles Harris who is employed in Jackson for the summer spent the weekend with his home folks, the Henri Buck family.

Carol Lou is the name of the

daughter born to Mr. and Mrs. Ralph Secord Thursday morning July 6th. Nurse Phelps of Drayton Plains is in charge.

Rev. David Ewart of Detroit will be the visiting minister to occupy the pulpit at the Waterford Community Church Sunday morning for the 11:15 service.

Miss Gladys Johnson of Longmont, Colorado returned to Michigan with the Burt family, who recently motored to Colorado for a short visit in the Johnson home.

Dale Sutphen, accompanied by his parents, Mr. and Mrs. George J. Sutphen, entertained Billy Hulslander and Joe K. Sutton at a swimming party at his Grandmother Coffron's home in Clarkston, Tuesday evening.

Sunday guests entertained in the A. W. Mertens home, all from Detroit, were, Mr. and Mrs. Lawrence Kennel, Mr. and Mrs. Ernest Renaud, Mrs. John Friesma, Mrs. Edna Becker, Mrs. Anna Smith, and William Reamer.

Mr. and Mrs. Albert Kray of Andersonville road are entertaining the latter's father, brother and nephew, Oliver Wescott, Lester (Bud) Wescott and Donald Wescott, all of Old Hickory, Tenn. They will remain as guests in the Kray home for ten days.

The Waterford friends of Editor and Mrs. Stamp of the Clarkston News extend their sympathy to them in the death of the former's mother, Mrs. Emma Grover Stamp, which occurred in the Booth Community Hospital in Romeo, Sunday evening, after an illness of three months.

The friends of Charles Calhoun of Flint will regret to hear that he will be required to remain in the St. Joseph Hospital in that city for at least two weeks longer. Over a month ago Mr. Calhoun was seriously injured in a fall from a tall ladder. He struck a cement floor and received head as well as body injuries.

Supt. Howard T. Burt suffered a painful injury to his left knee last week while playing soft ball. He was taken to the Pontiac General Hospital where he received first aid and then removed to his home where he remained in bed for several days. His knee is much better but he is still

confined to his home and is unable to walk.

Mr. and Mrs. Lovell Spalding of Maceday Lake entertained friends from Bay City and Birmingham recently. Those from Bay City were, Mr. and Mrs. John Walton and sons Tom and Bobby, Mr. and Mrs. Harvey Dunham and daughters Patricia and Delores and Mr. and Mrs. Harry Janke and children. Those from Birmingham were Mr. and Mrs. Bert McDonnell and two daughters.

Fifty-four voters attended the annual school meeting in the school building Monday evening. Mr. Kenneth McVittie Sr., and Mr. Henry Mehler were re-elected to the school board. The Waterford school board consists of Kenneth McVittie Sr., pres., Henri Buck, Sec., Henry Mehler, Treas., Clifford Wood and Frank Peebles. The election was conducted by Kenneth McVittie, Sr., with Mrs. L. G. Rowley and Glenn Campbell acting as tellers. It was voted to retain the school bus service for another year.

**For Homemakers**

Kitchen comfort in the hot months is not only a matter of reducing the number of hot foods and the prolonged use of the oven, but improving the arrangement of the kitchen to cut down the necessary steps and movements may result in cooler and less tired housewives.

Studies in timesaving have provided members of the staff of the home economics department at Michigan State College with some of the secrets of what to do and what not to do to keep cool in the kitchen in summer.

A good housekeeper moves in orderly sequence from the refrigerator to the work table and sink, to the range, and to the dining table without crisscrossing of paths. Food is prepared chiefly at the sink and work table. Where is it stored before work is begun? Does the homemaker have to cross the room continually to get her materials, or are they kept within easy reach, in the food-storage cupboard, the refrigerator, and possibly the vegetable bin? How near is the refrigerator to the food-preparation table? Could it be nearer?

When the food is ready to cook, how near is the stove? If the various pots and pans have to be filled with water, are they handy to the sink? Are most of the small implements and pans hung up, or does one have to rummage around in drawers or closets to get them out?

What distance is walked in setting the table, from the place where the china, glass and silverware are kept? Could these things be stored more conveniently? A dish cupboard within arm's reach of the sink is a great step-saver, especially if it runs through the partition to the dining-room side.

**BIT OF FENCING UNLOADS TRUCK**

Simple but effective is this device for unloading grass at the side of an ensilage cutter so that the truck can go back out into the field for another load while men fork the material over to the cutter. S. T. Dexter in the farm crops department at Michigan State College figured out this one. He took a strip of woven wire fencing linked to a two-by-four on one end. This is laid in the bottom of the empty truck. When a load comes up, a rope is attached to the two-by-four over the top of the load, the truck is driven slowly forward, sliding and rolling the load onto the ground. The wire is picked up and put back in the bottom of the truck body. The device is particularly useful if the silo filler is set low enough to eliminate high pitching.

**ENJOYING PICNIC LUNCH AT N. Y. WORLD'S FAIR**

NEW YORK (Special)—Picnickers are made to feel at home at the New York World's Fair. Pictured here is a happy group enjoying box lunches beneath brilliantly striped umbrellas which shade the picnic areas at the Fair grounds. They find luncheon at fresco a pleasant interlude of rest during their tour of the hundreds of fascinating exhibits. And they find that the best things at the Fair are free. During the first month of the exposition the average per capita expenditure within the fair was \$1.17 and this included restaurant meals for most of the visitors.

**PONTIAC WILL BE HOST TO INDIANS**  
Chippewa Tribe Encampment  
Event of Next Week

Beginning July 17 and lasting all through the week a Chippewa Indian Encampment will be held in Murphy Park, Pontiac. The occasion is the coronation of the successor to Chief Little Elk, which will take place on Monday at 2 p. m.

Already assurance has been given that there will be more than 2,000 in attendance from Indian Nations, some of them coming from as far away as Oklahoma and Nebraska. All of these will live in typical Indian Villages—set up in the park, and all Indians present will, during the entire week, wear Indian costumes.

Immediately after the coronation the new chief will take charge of the events of the week, which will follow from day to day in proper progressive succession, and will include such events as:

Indian Wedding (authentic), Archery Contest (in which the public will participate), Braves in Eagle Dances, Tomahawk Drill (by twelve members of the Chippewa Tribe), Ceremonial Dances, Indian Traditional Wrestling Matches.

The grand finale will be held the last day of the encampment, Sunday, July 23, which will be known as the Happy Dance and participated in by the whole encampment.

Referring to the Archery contest mentioned above, emphasis is placed on the fact that no Indians will participate in this contest. It is for the public entirely, and to the best scorer will be given a prize consisting of one pair of hand embroidered pillows. This event will be held on Wednesday.

In charge of all local arrangements is Silver Star, representing the Chippewa Indian Tribe of this territory. She is of French Indian blood and her ancestors date back to Chief Ojigwa and Chief Waishka. Chief Black Cloud, now acting Chief of the Chippewas, is her uncle.

On Monday there will be a preview of the Encampment at which a number of distinguished guests will be

ELECTRIC cooking has won high regard among connoisseurs of good food... yet it is not expensive. Even in homes of modest means, the electric range today produces delicious meals with an ease and simplicity that make brides rejoice! Thanks to accurate oven temperature control and exact heats on all surface units, guess-work is entirely eliminated: You can secure the same perfect results time after time. Simply set the dial for the amount of heat called for in the recipe, and the electric oven does the rest. Electric cooking is well within reach of even the young couple who must "watch expenses." The average cost for a family of 3 is only \$1.55 a month. See the new ranges on display at your electrical dealer's or any Detroit Edison office.
