Many in this vicinity will be interested in knowing that Mrs. Hazel Caves, daughter of William Ruch Sr., of Ottawa, Ohio, has accepted a position as teacher of history in the junior high school at Sycamore, Ohio. She will make her home in Sycamore and her little daughter will enter school there this fall. Mrs. Caves was a former resident of Clarkston.

Mrs. Ada Mills returned to her home on Wednesday afternoon after spending a most delightful week motoring in the east with a friend from Detroit. They made many stops in New York State and enjoyed the mountains. They called on some relatives and friends but just long enough to say "hello" and "goodbye" because their main idea was to sightsee and this they did. They were gone just a week and travelled in four states. When they were a short distance from Buffalo on their way west and homeward bound a heavy rain forced them to stop alongside of an oil station where they remained for over half an hour. It was a real cloudburst. In fact it rained so heavily that many cabins along the way in that area were flooded.

#### SOCIAL SECURITY CHANGED SETUP

#### Pontiac Manager Explains the New Legislation

With the signing of the new social security legislation by President Roosevelt, plans for putting into operation the new old age insurance regram were going forward today in the Pontiac field office of that federal agency.

"The President's signature makes the amendments adopted by the Congress the law of the land," said Walter B. Redman, manager of the Pontiac field office of the social security board.

"Effect of the amendments is far study of the new law and to work out

"Immediate effect of the new legislation so far as our local office is concerned is to put an end to the payment of lump sum benefits which heretofore have been available to those reaching the age 65 after having worked in employment covered by the social security act. Monthly benefits will replace these single money benetfis after January 1, 1940. We shall continue to pay single money benefits after January 1, 1940. We shall continue to pay single money benefits to the legal heirs of deceased workers who have died after serving in employment covered by old age insurance.

"The new benefit schedules are based on a formula which uses average wages rather than total wages, so far as the payment of monthly annuities is concerned. This schedule is Mrs. Charles Chamberlain in Royat now being worked out and will be an- Oak. nounced later.

"Starting next January there will be expanded benefits for workers who have aged wives and who retire from employment covered by old age insurance after having served in such jobs since the social security act was adopted in August 1935. There also are certain supplementary benefits for dependent children and dependent parents of such workers.

"Much thought must be given to the new legislation and procedure for payment of the benefits will require a great deal of study. We hope the holders of social security numbers in our service area will bear with us while we are working out methods which will enable us to do all the things contained in the new law. 'We suggest that any one who de-

sires information regarding the new legislation write or call our office, giving his name and address. In a few weeks we shall have literature which explains the new old age insurance system in detail. This literature will be sent to all who request it.

Requests may be made through a personal or telephone call or a postcard will do," Mr. Redman concluded. Starting after Labor Day he is planning a broad program of informand duties under the amendments.

### as a cucumber!

How cool a cucumber really is on a warm day is a matter for conjecture. Perhaps if depends on how recently he left the refrigerator. But in the matter of room temperatures, one fact stands out: You can be sure of comfortable cooking in warm weather if you have an electric range. Tests show that baking or reasting in an electric oven will not raise the kitchen isoperature one degree: All of the heat is kept inside. This is a boon in hot weather. Mrs. Leroy Addis, Mrs. William Dunston and son, Billy and Mrs. Elizabeth Ronk and sons, John and Frank attended the family reunion at the Frank Lessiter home last Saturday.

Miss Margaret Harris who underwent an appendectomy at the Pontiac General Hospital last week is recovering nicely and is looking forward to being home some time the beginning of next week.

Several from Clarkston went to Lapeer on Thursday evening to hear the American Legion Drum and Bugle Corps. Each year a contest is held at the Lapeer 4H exposition and is usually one of the highlights of the affair.

Mrs. C. I. Lambert entertained at a luncheon and bridge at her home on North Main Street on Wednesday afternoon. A lovely luncheon was served at one o'clock and during the afternoon the usual bridge games were played with the awards going to Mrs. Milan Vliet and Mrs. F. M. Thompson of Waterford.

Mf. and Mrs. K. G. Hempstead and son, Kenneth, have returned to their home after a delightful trip through the eastern states. They enjoyed the trip through the mountains but found the weather very cool. However when they visited Plymouth, Cade Cod and Cape Ann they found the weather just about as it has been here very warm and exceptionally dry.
