NUMBER 1

Odds and Ends

Rumor has it that there is a new organization within the city limits. It is known as the Clarkston Gas & Oil Co., and we hear that the big shots will be Orson Coe and Edw. Whipple. To a certain extent the business will be like a co-operative in that the regular customers will receive a certain discount. The above is the result of a little keyhole peeping but we will probably hear more from the organization shortly.

The Brandon Grange is going to put on a Hillbilly wedding that has the enthusiastic support of the Grange and the surrounding locality. This group always goes into everything in a big way and the show should be worth seeing. No joking we hear that Fred Beckman does a dance in a grass skirt, as a member of the "Beef Trust".

Our dictionary offer will soon be withdrawn so if you want your copy, better let us know at once.

Old Time Charivari Held Last Thursday

Mr. and Mrs. William Herke Are Welcomed to District

On Thursday night of last week a warm welcome in the form of an old time charivari was extended to Mr. and Mrs. William Herke who recently bought the Gard Wallace place on Reese Road.

Quite a crowd gathered and a real tin pan band blasted forth to announce to the Herkes that they were to have friends in the neighborhood. Every conceivable gadget that would make a noise was used.

Shortly after nine o'clock D. J. Levitt introduced Mr. and Mrs. Herke to the crowd. Open house was then held and dancing, visiting and refreshments were enjoyed.

Mr. and Mrs. Herke are former Pontiac residents.

Oldsmobile 1940 Cars Ready for Appearance

Following close upon a preparatory program that is reported to be far more extensive than any similar activity in the past five or six years, Oldsmobile's production of 1940 models is officially on the way, according to a statement issued by C. L. McCuen, general manager of Oldsmobile.

"125 new Oldsmobiles came off the assembly lines the first day," said McCuen, "and daily increases have been scheduled that will bring the Oldsmobile plant to peak production by the first week in October," he added.

"Production of our 1940 cars is approximately three weeks ahead of last year's program. It is our plan to increase production schedules to a volume of 600 cars per day at the Lansing plant with an additional 150 new cars daily at the Southgate, Cal., and Linden, N. J., plants. This volume should be reached in a few days and it is planned to maintain production at this pace throughout the balance of the year."

McCuen added that during the change-over period Oldsmobile spent more than two million dollars in the Lansing plant alone preparing for the 1940 line of cars.

New Parking Law Not Possible Everywhere

Enforcement of the new parallel parking law scheduled to become effective on safe highways September 29 will be impossible in certain cases it has been decided.

The law specifically provides that cars on trunkline streets must be parked with right wheels parallel to and not more than 12 inches from curbs, but there are instances in which enforcement is precluded by physical difficulties. Fenton is an example, where curbs are so high car doors can not be opened when automobiles are parked parallel.

Each case will be given separate consideration.

HOLLY THEATRE

"Our Leading Citizen", Paramount's colorful, honest screen treatment of a vital contemporary American problem, will bring Bob Burns back to town in a role which is being hailed as the best of his career. When the picture is presented locally for the first time on Sunday at the Holly Theatre, Bob will be seen as a man who is a lawyer by profession, a philosopher by instinct, a real dyed-in-the-wool, down-to-earth, 100% American character who believes in the principles of democracy, of square dealing with his fellow men.

As in his other starring successes, Bob is once more aided by a grand supporting cast. Numbered among them are Susan Hayward and Joseph Allen, Jr., members of the "Golden Circle", select group of young Paramount players slated for stardom, cast as Bob's daughter and his junior law partner, respectively. The supporting cast also includes Elizabeth Patterson, Gene Lockhart, as an industrialist, and Charles Bickford as the chief of a gang of strike breakers.

The Irvin S. Cobb story is concerned with Bob's efforts to restore law and order in a thriving American city when an industrialist puts through a ten percent pay cut at one of his mills despite the fact that business is good. Bob and his junior partner have been retained as counsel for Lockhart, and when the latter refuses to reconsider, Bob resigns as his counsel.

Lockhart's next move is to call in strike breakers. Then agitators arrive in town to urge the workers to meet force with force. To cap all, the mill is bombed, and two of the workers' leaders are killed.

A Citizen's Meeting is called by responsible members of the community. Bob speaks in behalf of dispensing with "isms", with all outside influences which are causing more trouble in the dispute. Lockhart turns the meeting into a political rally by revoking the pay cut, and announcing that he will nominate Allen for Junior Senator at the forthcoming State Convention.

It would be giving away too much of the story to tell how Bob goes into action, deals with the leader of the strike breakers, Bickford, in a thrilling fist fight, and finally is nominated to run for the Senate in place of Allen!

Of course, there are grand romantic moments in the picture, involving Miss Hayward and Allen. In the course of the story, Bob has plenty of trouble keeping them together, but he deals with their difficulties in stride.

Local Horses Make Fine Showing

Two locally owned horses made a fine showing at Tam Acre Show on Sunday, August 27th. This show is supposed to be the second largest amateur horse show in the United States and it is reported that this one lacked only 200 people of being the largest ever held.

"Kentucky King" owned and ridden by Edw. J. Fallon, a newcomer to Clarkston not only took the blue ribbon but also holds the 5 gaited class trophy for a period of 1 year. Mr. Fallon must defend the trophy for a period of two more years to hold it permanently.

"Major Rhythm" owned by Edw. D. Whipple also made a fine showing by having first pinned on him in the Ladies' Horsemanship class. The Major, ridden by Esther Franklin, also took second in the Ladies' 3 gaited class. The Major came through again with a second in the Gentlemen's 3 gaited class and ridden this time by Mr. Fallon.

Great expectations are being held for this pair of horses in future showings and it is understood that these local gentlemen have some youngsters coming up that look like fine prospects.

Floyd Burt will be on deck as Master of Ceremonies and Miriam Howell, as the colored porter, will have a big bag of tricks. Waterford

Mr. and Mrs. Percy C. King returned Friday from a three-day motor trip to points in northern Michigan, that included a visit to Lake City, where they attended Potato Field Day at the Michigan State College Experimental and Demonstration Farm. Every two years this affair attracts potato growers from Michigan, Ohio, Pennsylvania and other potato-growing states, and the attendance this year was estimated at 3,000 people.

On this 640 acre farm many experiments are under way that appeal to the potato grower, poultry raiser, sheep raiser, dairyman and others.

Naturally Mr. King is vitally interested in the potato and he and Mrs. King enjoyed making a tour of the potato experimental plots, the Certified seed plots where 50-pound samples of certified seed representing all lots under certification in Michigan are planted, each grower having his own row that is watched by the college potato experts and at a certain stage in the growth of the potato plant a disease count is taken. While looking over the different rows bearing the producer's name, they found potatoes from home, as Ferris King, their son, was a contributor and Mr. and Mrs. King were pleased at the low disease count rating the potatoes in this row had received, which was three-fourths of one percent.

Growing in these rows were different varieties. Among the early varieties were the Irish Cobbler, Chippewa and Bliss Triumph. The late varieties consisted of the White Rural, Russel Rural, Katahdin and the Pontiac, a new variety.

In part Mr. King said, as we talked to him and Mrs. King about their trip, "Potatoes in these experimental plots are undergoing irrigation tests, spray tests, treatment for different diseases, fertilizer tests, rotation experiments and varieties are undergoing tests for yield, market and cooking quality. Many different kinds of irrigation are being tried out for the potato on this huge farm and the fertilizer experiment is on a broad scale. Soil is now being treated in an effort to find just the cause and the cure for the diseases that are a terror to the potato grower."

Your writer can vouch for the fact that Mrs. King knows her potatoes

too. She contributed the following fact toward our "potato conversation" that we think indeed interesting. Said Mrs. King, "Of interest to many who only know the potato as a dish for the table might be this fact that the small potato-like ball found on the potato plant is the real seed. When this miniature potato is cut open it contains small seeds very similar to tomato seeds. These balls or seeds are now being planted in hot houses to start them growing and from then on it often takes years and years to perfect a new variety or produce a marked improvement over the original plant."

"Such a delightful trip," says Mr. King, "the hours weren't nearly long enough. There were so many things of interest. There were experts on hand, the best the State of Michigan can produce, to give you all the information you would want and the many different lectures are wonderful. The very able Mr. H. C. Moore, head of the potato department at the State College, was on hand as well as many other proficient men who have made the study of the potato their life's work. It is too bad every potato grower in the whole country couldn't have attended this Field Day."

There were farm machinery demonstrations and any numbers of late implements for cultivating, spraying, harvesting and grading the potato.

After the visit to Lake City the Kings attended the annual gathering of old-timers at Edenville, Michigan, where Frank L. Wixom, known as Edenville's Grand Old Man, plays host each year to thousands of Michigan folk who flock to this small village to pay tribute to the memory of the hardy race of lumberjacks and rivermen who for two generations ruled the pine forests of Michigan. At this Paul-Bunyan-of-a-picnic that attracted 60,000 this year there were many survivors of the lumberjack race taking part in the log-rolling acts, in the waters of the Titibawassee river. A huge dinner prepared in lumber camp style by real lumber camp cooks, served by church women, fed the thousands.

The tenth Mehlerg reunion was held on Saturday, August 26th, at the farm home of Carl Brendel and his parents, Mr. and Mrs. George Brendel. There were 80 present who enjoyed meeting each other, in some cases the first time since the reunion last year. Mrs. Henry Hibner of Howell was chairman of the menu committee and the arrangements were efficiently taken care of. The cooperative dinner was served outdoors under large trees. Charles Mehlerg asked the Blessing at the table.

The business meeting following the dinner was conducted by the president of the organization, Mrs. Henry Mehlerg, who opened the meeting with songs which were led by Henry Mehlerg, with Alberta Brendel at

the piano. "The Star Spangled Banner" and "He Leadeth Me" were sung. Prayer was led by Rev. Hayward. The secretary, Mrs. Bertella Mehlerg Walter, conducted the Roll Call and gave the secretary's and treasurer's reports. Families responded to the roll call by telling how many present from their families.

Communications were read from some of the absent members and a motion by Henry Mehlerg was made and carried that the absent members should be sent cards expressing regret for their absence. The motion was carried unanimously that all the present officers be elected to hold office for another year: Helen Spooner Mehlerg of Waterford, president; Ira Mehlerg of Fenton, vice president; Bertella Mehlerg Walter of Pontiac, secretary and treasurer; and Ethlyn Mehlerg Close of Fenton, historian. There is to be an active measure taken to secure family records for the historian to enter in her records.

Charles Mehlerg gave a vocal selection and those who knew it joined in. He also spoke a German piece. His sister, Mrs. Henry Hodges of Owosso, was the only one present who knew whether Charles was giving the reading correctly, as the two were the only ones present who could speak German.

The president named committees for the following year to have charge of the arrangements and the program. Mrs. Mildred Holforth Wyckoff and Mrs. Emma Maudline will have charge and name their own helpers. The program will be arranged by Ira Mehlerg and Ethlyn Mehlerg Close. Mr. and Mrs. Geo. Brendel gave an invitation for the reunion to be held at their home for the coming year and this was heartily accepted.

The group responded to the Professor "Q" program, being evenly divided, one room against the other. Miss Barbara Brendel played for the group to sing "God Bless America", after which the meeting closed with "God Be With You 'Till We Meet Again". Benediction was pronounced by Rev. Hill. Guests present included Rev. and Mrs. Hill and Mrs. Bessie Edg of White Lake, also guests from Pontiac, Clarkston, Owosso, Detroit, Auburn Heights, Waterford, Fenton, Oxford, Leonard, Howell, Hartland, Clawson, Highland, Milford and Perry.

A group of Michigan people who spend their winters in Florida and who hold an annual picnic in Edgists, Florida, met on Wednesday of the past week at the George Walter home and enjoyed a cooperative dinner at noon. The afternoon was spent in visiting and games of Chinese checkers and croquet. Those composing this get-together were Mr. and Mrs. Wierback of Detroit, Mr. and Mrs. Daves and Mr. and Mrs. R. Green of Pontiac, Mr. and Mrs. Alfred Aus-

tin and Mr. and Mrs. Bahn of Watkins Lake, Mr. and Mrs. E. D. Spooner and daughter, Mrs. Henry Mehlerg of Waterford and Mr. and Mrs. Eli Simpkins of Pontiac.

The Waterford friends of Marjorie Jane Monroe were saddened Monday when news was received of her death which occurred at her home in North Hollywood, California. Her special friend, Eleanor Mehlerg, received a telegram telling the sad news. The deceased lived for a year in Waterford with her mother Mrs. Evva Monroe and was popular with the younger set of the village. She was a steady attendant at the Community Church Sunday School and was a girl of splendid character. Born and raised in Pontiac, she lived at Oxbow Lake a few years and last November moved with her mother and a brother Harvey, to California. She was the niece of H. L. Monroe, Dr. John D. Monroe and Mrs. Charlotte Osmun, all of Pontiac and Mrs. Frank Willits of New York. The body was brought to the DeWitt Davis Funeral Home where funeral services were conducted.

A delightful surprise was tended Mr. and Mrs. Angus McCaffrey Sunday afternoon when a group of friends called at their home on Van Syckle drive to honor them on their 15th wedding anniversary. Guests from Eaton Rapids, Detroit, Pontiac and Waterford all arriving with well filled baskets and mysterious packages joined to make the occasion a happy one for their friends whom they have known since school days. A gift to the honorees that created no end of amusement was the "Book of Memories", compiled and presented by Mrs. Ainsworth Wyckoff. The book consisted of a history of the McCaffreys' married life depicted in pictures with amusing captions. The two long picnic tables placed on the back lawn were centered with a lovely anniversary cake topped with an appropriate "bride and groom". 35 were seated at these tables and enjoyed a picnic lunch that would appease the appetite of anyone. Beautiful flowers were received and the McCaffreys were also recipients of lovely crystal gifts on this their crystal anniversary.

An entertaining program was given in the Waterford Community church Thursday evening of last week. The Blue Team of the Willing Workers Circle sponsored a benefit program to add their bit toward funds for repairing the church parsonage. A number of enjoyable musical numbers were given in the church auditorium where a public address system was installed allowing each person present an opportunity to hear the program distinctly. After the musical program a Quiz Bee was held with George Kimball Jr. acting as Quiz Master. Those appearing on the musical part of the program were, Kathrynne Valentine, accordion solo; Dale McLaughlin, piano solo; Valerie Lammpan, xylophone solo; Fern Rice, violin solo; Jack Knapp, musical saw; Girls' trio; Valentine quartette; Readings, Mrs. Wilton Holling, who also conducted the singing. James C. Sutton was the announcer. Those standing longer in the quiz and receiving prizes donated by local business men were Angus McCaffrey and son Jack McCaffrey and Mrs. Frank Schultz. After the quiz, light refreshments were served in the church parlors in the basement where the community orchestra composed of Rev. Howard Jewell, piano; Howard Burt, violin; P. L. McLaughlin, violin; Roy DeLoy, guitar; and James C. Sutton, banjo; played during the refreshment hour.

"I'll kill that guy!" So spoke a friend of mine recently when a driver behind us persistently blew his horn at an intersection.

How many times have you felt the same way?

About the most discourteous driving habit people have is to try to "blow others out of their way." This is dangerous as well as discourteous. Frequently drivers become frantic in traffic when this is done, and I know of many accidents that were a direct result of such action.

Public opinion should rise against this type of driver until he realizes that courtesy is the keynote of conduct on our highways.

"It's Smart to Drive Carefully."

For Homemakers

Good cooks, they say, are known by their judicious use of seasonings. Of all the seasonings, one of Mich-

igan's mined products, salt, is the most important.

Even when salt is not listed among the ingredients, the good cook adds a little, anyway. For salt improves the flavor not only of practically all vegetables, cereals, meats, nuts and eggs, but of some fruits, candies and beverages as well.

Here are some salt usages suggested by the extension service in home economics of Michigan State College.

Vegetables are cooked in water that is lightly salted from the beginning. When frying or broiling meat, salt should be added after cooking, since it tends to draw out the juices of the meat. But a meat roast can lose very little juice this way because the proportion of exposed surface is comparatively small. So a roast may be salted before it goes into the oven.

Foods such as cornstarch puddings, cooked cereals and breads need a bit of salt to bring out the bland flavor of the starch. In a recipe for yeast bread, this amounts to about 1/4 to a teaspoonful to a cup of flour. For biscuits, about 1-3 teaspoonful to a cup of flour; for muffins and griddle cakes slightly less. The standard amount of salt to use in cooked cereals like rice, oatmeal or corn meal is 1 teaspoonful to a quart of water.

Skilful cooks add a few grains of salt to cooked fruits and fruit drinks, cocoa, milk shakes and other beverages. Because salt seems to make "sweet things sweeter", it should always be included in candies, cakes, ices, creams and sweet desserts. Sometimes the cake shortening contains salt. If not, from 1/4 to 1/2 teaspoon of salt is enough for the ordinary cake recipe calling for one to two cups of sugar.

Cookies Always Apropos

By Frances Lee Barton
Time marches on. New dishes appear. New methods of cooking are discovered. But the cookie is as popular with us as it was with our parents or our grandparents. New recipes like the following should tend to make it even more popular!

Mahogany Ice Box Cookies
3 cups sifted cake flour; 4 teaspoons double-acting baking powder; 1/4 teaspoon salt; 1 1/2 cups softened butter or other shortening; 1 1/2 cups sugar; 3 eggs, unbeaten; 4 squares unsweetened chocolate, melted; 1 teaspoon vanilla; 3 cups shredded coconut.
Sift flour once, measure, add baking powder and salt, and sift again. Combine butter, sugar, eggs, chocolate, and vanilla, beating with spoon until blended; then add coconut. Add flour gradually, mixing well after each addition. Divide dough in two parts. Place on waxed paper and shape in rolls, 1 1/2 inches in diameter; roll each in waxed paper. Chill overnight, or until firm enough to slice. Cut in 1/4 inch slices; bake on ungreased baking sheet in moderate oven (350° F.) 10 minutes, or until done. Makes 7 dozen cookies.
