22 important improvements, added to fundamental Ford features, represent the most advanced engineering in the low-price field

WHAT do the Ford cars for 1940 offer to match their brilliant new beauty? New comfort, convenience, quiet, safety-and the roomiest, richest interiors ever designed for a Ford car.

They have a host of interesting new features. Finger-Tip Gearshift on the steering post. An improved transmission, unusually easy to shift. New Controlled Ventilation. Improved shock absorbers. Softer springs, improved spring suspension and a new ride-stabilizer.*

A combination of new features makes the new cars quieter in operation. They have big, powerful hydraulic brakes. They have new Sealed-Beam Headlamps that are safer, stronger and stay bright longer. They have the famous Ford V-8 engine (85 hp in the De Luxe Ford. Choice of 85 or 60 hp in the Ford) - which blends 8-cylinder smoothness with economy.

You've never seen cars with so much performance, style and comfort at such a low price. Get acquainted. You'll enjoy the experience!
