February Forum to Be Sponsored by Methodist Church

Four Sunday Nights of February

The January meeting of the Official Board of the Methodist Church unanimously voted to have a February Forum series during the four Sunday nights of the month of February. Speakers will be brought in to present the points of view of minority groups, such as the Jew in American Life, the American Negro; representatives of nations at war, such as the Chinese and Japanese; the refugees from Germany, Czechoslovakia and Poland. Announcements will be given from time to time as the schedule is set-up for the Forum meetings. The Community is invited to attend this series.

Odds and Ends

One of the most eventful decades in modern history has ended. And this nation enters a new decade during which, unless all signs are wrong, its people must face and grapple with problems, issues and responsibilities of the most far-reaching character.

The 1930's will be known to the historians of the future as the years of one of the greatest and longest depressions this or any other nation ever experienced. They will be known as years of experiment, of trial and error, of the weighing of our old values and our old traditions. And they will be known too as years in which the democratic process was consistently attacked by some of those who called themselves its friends, as well as by those who were its frankly avowed enemies.

From the international point of view, the tragic '30's came to a cynically fitting end in that most ghastly and unnecessary of events—a war which embraces much of the world. In nation after nation the arts of peace have of necessity been put aside, to the end that war may be prosecuted to the utmost. And war destroys more than men and materials and machines and economies and states. It destroys those essential liberties for which men have fought and died in holy causes ever since the world we know began. It destroys those spiritual values which are at the root of all artistic, cultural and humanitarian achievement. It has been truly said that in modern war there can be no victors—there are only the vanquished. It is an ironic commentary on the times in which we live that those nations which are fighting this war in the name of threatened democracy, have been forced to use the methods of the dictators in order to meet the enemy on its own totalitarian terms.

The greatest blessing which this nation possesses today is its physical remoteness from the conflict abroad. That is a position enjoyed by no other of the world's major powers. There is profound wisdom in the attitude of the great majority of the American people who say, in effect—"We can keep out of war—and we will keep out of war." There is no war party in this country—no responsible statesman urges our participation. We can all feel a deep and abiding thankfulness that this is so. Never before was it so important that we Americans keep our heads, in order that we may also keep our liberties. For should this country become involved in war, democracy would vanish here, as swiftly and as surely as it has vanished abroad.

Summing up, we have plenty to do at home during the years that stretch ahead. The current Congress and those which follow have their work cut out for them—but satisfactory results will be secured only if the people as a whole are awake and watchful, are conscious of their needs, are deeply aware of their American heritage and way of life. For in spite of the unproven claims of extremists, our only real progress has come from productive, employing industry, working under the American system of free enterprise which brought us from a minor power to a world power in a century and a half.

Here in America we have all that is needed to bring a greater prosperity than we have ever known—the industries, the men, the resources. But unless we maintain our basic liberties, material blessings mean nothing.

Business Changes Effective Jan. 1st

Jan. 2nd two business places on Main street opened under new management, while one store is being remodeled.

Fred. Kennedy bought the Lord Barber shop which he previously owned.

James Beuler sold the Clarkston Dry Goods Company to his father F. P. Beuler.

Waterbury and Terry are enlarging their store space by moving the ice box and meat counter 15 feet towards the rear of the building. New counters are being added to make this store one of the most attractive in this community. About a year ago this store installed one of the most modern of meat counters.

Shortly after the new year the Clarkston Feed Mill will have completed remodeling their building giving the Mill a modern store and offering for rent a modern corner store.

Methodist Ladies' Aid Met Wed. Afternoon

Mrs. Durand Ogden Was the Hostess

On Wednesday afternoon the Ladies' Aid of the Clarkston Methodist Church met at the home of Mrs. Durand Ogden.

Mrs. L. F. Walter presided at the business meeting at which time it was decided to serve the next Aid supper some time during the latter part of this month. On account of having to raise considerable funds before Spring the ladies decided that projects must be undertaken whereby the money could be realized. After some discussion it was planned to have an experience meeting the first Wednesday in February. During the intervening time the members of the Aid or any who are interested in the welfare of the Church are asked to earn a dollar or more and be ready to give an account of their experience at the next meeting, which will be held at the parsonage with Mrs. Harold Pailthorp. Mrs. Pailthorp will be assisted by Mrs. A. Urch, Mrs. Will Gulick and Mrs. Elizabeth Rockwell. Mrs. Durand Ogden gave a very interesting reading.

At the close of the afternoon dainty refreshments were served. Mrs. Ogden was assisted by Mrs. George Harris, Mrs. William Jones and Mrs. Ben Comstock.

Death Claims Mrs. W. H. Chilman

Friends of Mrs. W. H. Chilman will be grieved to learn of her death on January 1, 1940, at the age of 80 years.

Mrs. Chilman, mother of Mrs. C. J. Cheeseman has for several years spent a great part of her time with her daughter here in Clarkston.

Death from cerebral hemorrhage came at the home of her son, W. S. Chilman, 2016 Glynn Court, Detroit, where she was spending part of the winter.

Funeral services were held from the above mentioned residence on Thursday afternoon.

Mrs. Chilman is survived by two sons, one daughter, seven grandchildren and four great grandchildren.

Our Town

A town that's small with a waterfall,
With trees leaning over the street.
A fond hello as homeward we go,
And greetings—for all whom we meet.

A little town with lakes all around,
And homes where people can live.
A Joe and a Bill to solicit at will,
Who always are willing to give.

As sound as an oak, and far from broke,
And proud that it's able to pay.
Reposes content, and never was bent,
On building a Rome in a day.

A beautiful town with gardens around,
And places for children to swim.
Streets that are paved and beauty that's saved,
It treasures each tree and each limb.

A haven is found in this little town,
For folks, who long to be free
From the bustle and strife, of big city life,
Just come; and we'll give you the key.

Clarkston to Have Fire Department

Organization of Men Capable of Fighting Fire Being Formed

Wednesday evening a group of young men interested in giving Clarkston and vicinity better fire protection, met in the council rooms.

Over fifteen joined a voluntary association to be known as the Clarkston Fire Association.

Naturally the first thing to do is to get the fire fighting apparatus to the fire so two men were assigned to be prepared to run the fire truck and two assigned to the chemical wagon. Duties of the other members are being taken care of according to their ability to properly handle fire fighting work.

The council recently purchased 300 feet of hose and the fire association will be able to use this equipment to best advantage.

Clarkston needs and will encourage such an organization.

First Meeting of Year Held Tues. Afternoon

Mrs. B. T. Beardslee Was Hostess to Literary Club

The Clarkston Literary Club held its meeting on Tuesday afternoon at the home of Mrs. B. T. Beardslee with 11 members answering Roll Call with a suggestion for next year's program.

After the business meeting, in charge of the president Mrs. Lee Clark, a very interesting program on "Michigan" was given. A paper on "Henry Ford and the Ford Village Industries" was given by Mrs. C. H. Souby; "Oil Industry in Michigan" by Mrs. Forrest Jones and "Wildflowers of Michigan" by Mrs. Beardslee. Interesting and instructive discussions followed each paper.

The next meeting will be on January 16, at the home of Mrs. Gertrude Coffron.

Clarkston Locals

Mrs. Owen Virgin is ill and confined to her home.

Mrs. Henry Hoyt of Holcomb St., who has been quite ill is much improved.

Little Johnnie Walter, son of Mr. and Mrs. Russell Walter, who has been a patient in St. Joseph Mercy Hospital was brought to his home on New Year's Day. He is recovering from an attack of pneumonia.

HOLLY THEATRE

In preparation and production for more than a year and a half, Columbia's "Golden Boy" comes to the Holly Theatre on Sunday and Monday, January 7 and 8, with a record of critical acclaim rarely achieved by any motion picture. With Barbara Stanwyck, Adolphe Menjou and William Holden starred, the sensational screen version of Clifford Odets' stirring stage success has been hailed as one of the greatest emotional experiences ever offered by Hollywood.

"Golden Boy" is the stirring drama of a youth with the sensitive soul of a great musician and the mauling fists of a champion prize-fighter. Titled of working toward artistic triumphs in some nebulous future, the boy abandons his art to win for himself a quick success as a prize-ring killer. "Golden Boy" is the thrilling, tender story of that decision; but, more important, it is the screen portrayal of the tremendous conflict which rages when the youth attempts to force both himself and his family to believe that his decision is the right one.

William Holden, in the title role, is said to merit the forethought which caused Columbia to search the nation for more than a year in an effort to find "the" actor who could play the role of "Golden Boy."

Barbara Stanwyck, who shares starring honors with Holden and Adolphe Menjou, is said to give the most absorbing dramatic performance of her career. As Lorna Moon the disillusioned young woman who finds romance in the adoration of the "Golden Boy," Miss Stanwyck's characterization has already made her a definite contender for Academy Award honors.

As the caustic, harassed manager of the "Golden Boy," Adolphe Menjou contributes a screen portrait said to be remarkable for its naturalness.

The supporting cast, as carefully selected as the leading players, includes Joseph Calleia, Lee J. Cobb, Sam Levine, Edward Brophy, Beatrice Blinn, William Strauss, Don Ebeddoe, Frank Jenks and Harry Tyler.

Choral Group Started Wednesday Evening

Next Rehearsal to Be Held Next Tuesday at 10:00 A. M.

On Wednesday evening a number of the women of Clarkston met at the school with Mrs. Tabor of Pontiac and formed a choral group. They decided to meet for rehearsals every Tuesday morning at 10:00 o'clock in the music room at the school.

Any member of the choral group here will be eligible to attend any rehearsal of the groups in Pontiac. They will join with the Pontiac Mothers' Singers for a concert some time in April.

On Wednesday night the group started to rehearse numbers that the combined groups will sing at the State Convention in Lansing in the Spring.

This is a fine opportunity for anyone who enjoys singing. It is not necessary that you are an expert music reader. All that is required is that you enjoy singing and that you can carry a tune. Any women who are interested are asked to attend the rehearsal next Tuesday morning.

Two Drayton Stores Robbed

Tuesday evening robbers entered the Drayton Drug Co. Store, owned by Mr. Greer, and Harley's grocery owned by Mr. Harley, both of Drayton Plains. Over two hundred dollars in merchandise is said to have been taken from the Harley store and while the loss has not been completely checked, the drug store will lose about one hundred dollars.

Harley's store was completely destroyed by fire less than three years ago.

OBITUARY

Charles Brendel

Charles Brendel, aged 64 years, passed away at his farm home in White Lake Township last Friday afternoon.

Mr. Brendel was born September 10, 1875, in White Lake Township the son of Frederick and Mary Jane Hurford Brendel. On January 11, 1917 he married Catherine Hansard in Milford. He had been a lifelong resident of Oakland County and was a member of the Commerce Masonic Lodge.

He is survived by his wife; one daughter, Miss Brendel, at home; three brothers, Frederick Brendel, of Rochester, Chester Brendel, of Pontiac, and Forest Brendel, of White Lake, and one sister, Mrs. Theresa Elkins, of Pontiac.

The funeral service was held at the home on Monday afternoon with Rev. Walter Ballagh of the Clarkston Baptist Church officiating. The Commerce Masonic Lodge conducted the service at the grave. Interment was in Oxbow cemetery. The Ogden Funeral Home of Clarkston had charge of arrangements.

Much local interest centers around the recent marriage of one of Waterford's attractive young girls, Ruth Mardelle Burrill, who became the bride of Charles Elwood Simmons on Thursday morning, Dec. 21, at 10:30. The ceremony was performed by Rev. E. G. Berger in the parsonage of the Ascension Lutheran Church in Pontiac.

TIME TO BE RID OF HORSE PARASITES

Treatment Is Especially Necessary in This State

Although there are not enough colts produced in Michigan annually, the horse population within the state has remained about constant at 384,000 head since 1933. That means, says Dr. B. J. Killham, in veterinary extension work at Michigan State College, that there are sizeable importations from western states where horse parasites are prevalent.

Where the project is grouped, the cost can be fifty cents an animal if 20 or 25 animals are treated at a time. This type of community attack aids in another way, says Dr. Killham. "Cleaning up the bots can cut down bot fly numbers so that an entire community profits."

Similarly a mature horse free of parasites keeps in better condition through the winter months. It takes less feed in spring to bring the animal back to working condition. For sale or purchase, a horse free of round worms or bots not only looks better, but actually is a more valuable animal.

Sees Bright 1940

The economic outlook for Michigan, according to the Research & Statistics Section of the Michigan Unemployment Compensation Commission, presents an optimistic picture for 1940.

Business activity and industrial employment during the coming year promises to be definitely better than in 1939, according to a year-end review of activities issued today by Harry A. McDonald, Chairman of the Commission.

"Facts and figures available to the Commission," McDonald said, "indicate that 1940 may prove to be the best year Michigan's wage earners and business men have had since 1929."

Irrefutable facts and figures compiled by the Research & Statistics Section disclose that the three main objectives of the Commission—namely, to find jobs for workers; ease unemployment and help stabilize employment—tend to brighten the economic future of the State as the Commission's program progresses.

The recent upturn in Michigan's industrial activity, according to Commission research, does not seem to be based to any large extent on War orders, but rather is a wholesome reflection of domestic demand.

The best months of 1940 should bring employment in the industries covered by the Unemployment Compensation Act to the 1,250,000 level, McDonald stated. This would bring an increase of more than 50 per cent from the low point of 830,000 in July of 1938.

Only 10 per cent of China's vast population can read or write; and less than 1 per cent subscribe to a newspaper.

ELEPHANTS EXCEED PHONES IN PROVINCE OF UGANDA

In Uganda, tropical African colony which straddles the Equator, there are more elephants than there are telephones. In fact, in Uganda there is one elephant to about every 175 people, while there is a ratio of about one telephone to every 3,000 persons. This comparison, however, is not entirely fair, since the population of Uganda consists of only about 2,000 Europeans and 15,000 Asiatics in a total population of some 3,700,000. It is this non-native group which directs government, commerce, and other enterprises, and, therefore, this is the group which would have the most use for the telephone. However, there are an estimated 20,000 elephants in Uganda, and they thus outnumber the non-native inhabitants.

FARMERS' WEEK AT E. LANSING

Date Selected Is From January 29 to February 3

Plans for the 25th annual Farmers' Week program at Michigan State College get under way with the announcement that the dates for the nationally outstanding event at East Lansing are January 29 through February 3.

As general chairman for the event, which rural visitors gain a better picture of the state's agricultural greatness can be seen by twice the huge crowds which in previous years have consistently squeezed into Demonstration Hall Wednesday and Thursday nights. Even at that the arena open for events will be larger.

Use of the new music building will provide other space previously not available. Music and speech department programs are planned. Then there is the new Livestock Pavilion offering a sizeable arena and seats for more than 3,000 spectators.

With greater space for the many-sided educational affair which puts in review all phases of the state's solution, the college staff hopes to retain national leadership in attendance and scope of programs which have been attracting fifty to sixty thousand visitors during the week in recent years.

Livestock Exchange Arranges Meetings

Twenty-five district meetings of the districts of the Michigan Livestock Exchange are being held currently as a prelude to the annual meeting of the organization scheduled at Lansing February 24, according to announcement by Donald Stark, livestock marketing specialist at Michigan State College.

In this area, farmers and livestock producers, whether they are members or not, are invited to attend a meeting scheduled for Flint, Jan. 17, at the Court House at 7:30 p. m., or at Clarkston, Jan. 18, at the Town Hall at 7:30 p. m.

To give the state's 17,000 members a better picture of the exchange and its services and prospects for livestock, the program at each of the district meetings includes a talk by John O'Mealey, Hudson, secretary of the state organization.

An election of officers for each of the 25 districts is another point of business preliminary to the annual meeting.

A Three-Apple Cake

By Frances Lee Barton

HAVE you three apples left on the fruit dish? If not, get some quickly and you can prepare the most delicious apple cake with no ingredients other than those always stocked in your refrigerator or on your food shelf.

Apple Cake: 2 cups sifted cake flour; 2 teaspoons double-acting baking powder; 1/2 teaspoon salt; 3 tablespoons sugar; 4 tablespoons butter or other shortening; 3/4 cup milk; 3 apples, pared, cored, and thinly sliced; 2 tablespoons butter; 1/2 cup sugar; 1 teaspoon cinnamon.

Sift flour once, measure, add baking powder, salt, and 3 tablespoons sugar, and sift again. Cut in shortening. Add milk all at once and stir carefully until all flour is dampened. Then stir vigorously until mixture forms a soft dough and follows spoon around bowl. Turn out immediately on slightly floured board and knead 30 seconds. Pat into greased pan, 8 x 8 x 2 inches; cover surface of dough with overlapping apple slices. Dot with butter and sprinkle with mixture of 1/2 cup sugar and cinnamon. Bake in hot oven (400° F.) 35 minutes. Serve warm with cream, if desired. Serves 8.

More than half of the world's population eats rice three times a day.

Motor vehicle registration in the United States is gaining at the rate of 1,000,000 cars every six months.

A transparent plastic can with metal top and bottom has been devised for fruits and vegetables. As many as 1,700 separate parts are assembled to make a single standard size typewriter.

Trying to Lessen Fox Population

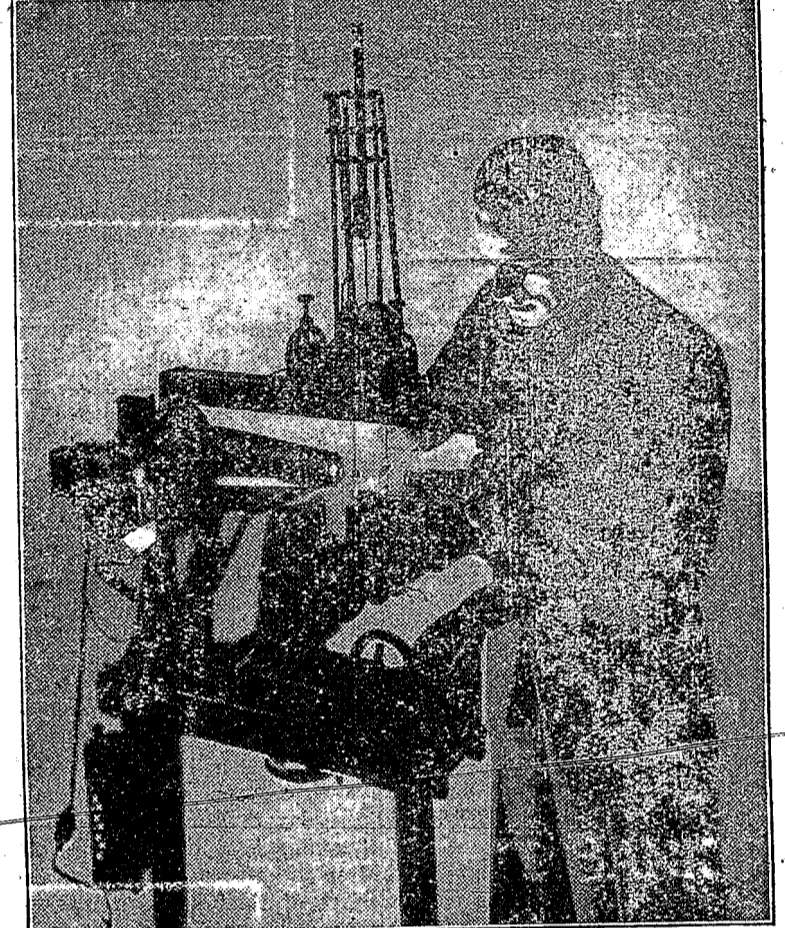

In order to cut down the depredations committed by foxes in Oakland County, the Board of Supervisors has authorized payment of a bounty of \$2.50 each on the warty little four-footers. In order to collect payment the head with ears and skin entire must be presented to the Township Clerk; and a certificate signed that the fox was killed within the township. The clerk will then issue a certificate which is to be forwarded to the Board of County Auditors, for payment. The clerk is also required to punch three holes in the butt of each ear of the fox.

Foxes have largely increased in this section of Michigan in late years and farmers complain that they have suffered considerable loss in consequence.

It is probable that there will be organized gangs of hunters and good fox hounds will be in demand.

A Vegetable Plate de Luxe

By BETTY BARCLAY

Here's a vegetable plate to be eaten and remembered. The cook who planned it knew her vegetables and how to serve them. Cabbage, carrots, beets and baked potato offer the contrast in texture, flavor and color that such a plate should have.

Harvard Beets: 1/2 cup sugar, 1/2 tablespoon cornstarch, 1/2 cup lemon juice, 2 tablespoons salad oil or melted butter, 1/4 cup water, 2 1/2 cups cooked and seasoned sliced beets. Blend sugar and cornstarch. Add lemon juice, fat and water. Mix well and boil 5 minutes. Add beets and let stand over low heat 20 minutes. (Serves 4-6.)

Savory String Beans: 2 pounds well-washed spinach or other greens, 1/2 cup lemon juice, 1/2 cup salad oil, 2 tablespoons lemon juice. Put spinach in kettle without water. Add salt and salad oil and mix well. Cook 8 to 10 minutes. Stir or lift occasionally. Drain and chop. Add lemon juice and serve. (Serves 4-6.)

Savory String Beans: 5 strips bacon, 1/2 cup lemon juice, 1 tablespoon sugar, 2 1/2 cups hot cooked string beans. Cut bacon in squares and fry. Combine hot bacon and its fat, lemon juice and sugar. Serve over string beans. (Serves 6.)

The Women's Missionary Society will meet in the Church instead of at the home of Mrs. Floyd Wilson next Thursday afternoon, Jan. 11, with Mrs. Virginia Hanggee as leader. Mr. and Mrs. Myron VanSyckle and Mrs. Frances Werner left Saturday morning for San Diego, California, where they will spend the rest of the winter. Miss Marion Hollinger was hostess to twelve guests at her home on Walton Blvd., at a New Year's eve party. The evening was spent playing games and dancing. Refreshments were served. Mr. and Mrs. Orin Richmond of Chesaning, Mr. and Mrs. O. R. Barnhart and daughter, Betty, of Lansing were week-end guests of Mrs. J. D. Boardman, Mrs. Grace Barnhart and Mr. and Mrs. Charles Williams. Mr. and Mrs. Solomon Verne Gifford have announced the marriage of their daughter, Sara M., to Kenneth R. Kelly of Pontiac, son of Mr. and Mrs. Ray Kelly of Lansing. The wedding will take place in March. The Ladies' Aid held their regular monthly meeting on Wednesday afternoon at the home of Mrs. Charles Nolan with Mrs. Henry Floyd and Mrs. Frank Jeffery acting as assistant hostesses. Plans were made for a pony supper to be served in the United Presbyterian church basement on Friday evening from 5:30 o'clock to 7:30. Thirty-three neighbors and friends held a surprise party for Dr. and Mrs. N. W. Morgan of Sashabaw Plains on Saturday evening at the Morgan home to celebrate the installation of electricity in their home, but the surprise was on the neighbors and friends as the installation had not been completed. A social evening was fully enjoyed under the light of the faithful gas lamps. Cooperative refreshments were served. The largest watch-night service ever held was held in the Community United Presbyterian Church last Sunday evening. Over two hundred attended. The social part of the program was discussions on conditions of the Christian World past and present. When this was finished a get acquainted period was enjoyed, followed by refreshments of sandwiches, cookies, tea and coffee. At eleven o'clock the devotional period started. Several selections of songs were sung by the group with solos, duets and two lovely numbers by the Choir. Rev. C. J. Sutton gave a short talk on "The Church". Donald Daney played two selections on the Violin and Miss Edith Sutton accompanied him on the piano.

How to Start the Year Right!

For Homemakers

With a few time-tested tricks to smooth the way, buffet meals can add to the zest of a party, permit the home to entertain more guests than usual and still make the job an easier one for the hostess. Pointers suggested by the home-economics extension service of Michigan State College include serving foods easy to serve and easy to get, easy to keep hot. Just the one job of buttering rolls before setting them out to the customers saves guests the trouble and reduces the number of dishes and traffic jumbles during serving. For "stand up" buffets the experienced entertainers have found it's a big help to have small trays on which each guest can assemble a meal. It's often a good idea to have a hot dish. One way to facilitate serving is to have this hot dish come off the stove in two installments, one for the initial serving and another for second helpings. Casserole dishes and creamed meats prove popular. Curried chicken is one favorite. Another is macaroni and cheese, macaroni and tomato sauce with meat balls, goulash or piping hot frankfurters. Good vegetable dishes are scalloped potatoes, sweet potatoes or corn pudding. Scalloped apples may fit the

HELPS RESTORATION

Beaver, maker of history as the reason for the fur trade, the conquest of the Northwest, the French and Indian war, is an active factor in wildlife restoration. Beaver dams form storage ponds, breeding places for other fur-bearers and waterfowl, checks to forest fires. In some states beaver have increased until they are a problem on trout streams, but they are easily trapped alive and transported to areas where they are an asset.

Lovable Food Thieves

By Frances Lee Barton "HARK! There's a prowler moving below. . . There's a light in the kitchen downstairs. . . That big kneeling man at the top icer door is surely not saying his prayers! My husband! And those tiny spots in the gloom they look like wee Myrtle and Sam. Those terrible sneaks. . . Those lovable thieves! They're raiding my apricot jam!"

Ginger Apricot Jam 4 cups (2 lbs.) prepared fruit; 1/2 to 1 cup chopped crystallized ginger; 7 cups (3 lbs.) sugar; 1 bottle of 70 proof brandy. Prepare fruit, add 3/4 cups water to about 1/2 pound dried apricots, cover, and let stand 4 hours or overnight. Bruise fruit, grind or chop, and mix with 1/2 cup. Chop fine about 1/2 pound crystallized ginger. Measure sugar and prepared fruit into large 4 1/2 quart, or up last cup with water if necessary. Add ginger, salt to taste, and bring to a full rolling boil over a fast fire. Stir constantly 1 hour and while boiling. Boil for 3 hours. Remove from fire, let in bottled form for 24 hours. Jar capacity 1 1/2 pints. 48 1/2 ounces each.

REMEMBER Your Home Newspaper

All matters handled through the Probate Court require a certain amount of legal publication in one of the county papers. Foreclosing a mortgage entails publication of the foreclosure notice in a county paper. Either the probate court officers or your attorney will have your legal publication carried in The Clarkston News if you request it. We solicit the privilege of carrying such legal publications. This form of advertising is valuable to us. When you support us in this way we are able to give you a better paper week by week. The Clarkston News CLARKSTON NEWS ADS BRING RESULTS

Sportsmen May Soon Buy Land in North

Dream of many a Michigan sportsman—a cabin in the north woods—may take shape some day as a consequence of the reversion to the state last November of more than two million acres of tax delinquent lands.

Already, inquiries concerning available tracts in good hunting territory are being received by the lands division of the department of conservation, designated by law to administer the reverted acreage.

The department is advising the writers that more time will be needed before determination can be made of lands which will be available to prospective purchasers. Deeds to more than two million acres, now being turned over to the lands division by the auditor general, are being posted and locations indicated on maps—a monumental task in itself. Later, disposition of such reverted lands as will be in incorporated in present or proposed state forests, game areas and refuges, and for other public uses, will be determined. Then, lands which individuals or groups of sportsmen may purchase must be appraised.

The procedure will require several weeks to complete. The department is informing inquiring sportsmen that no descriptions will be available before March 1 and that, in many instances, a longer time will be required to complete checks of availability. Purchasers of such lands will be required to make formal application to the lands division for auctioning of such tracts as they may be interested in, and sales will be made to highest bidders at auctions arranged by the department. The state reserves mineral rights on such lands.
