Town Meeting Is Interesting

John Breakey Is Elected Permanent Chairman

Wednesday evening the first "Town Meeting" was held in the Clarkston Public School. It was well attended although more are invited to take advantage of this educational type of meeting.

Cass Waters, Chairman of the Oakland County Board of Supervisors told of the Oakland County problem of welfare and cost to the County. Representative Clark Adams then gave the State viewpoint and a spirited question box developed.

Mr. Waters stated that 65% of the cost of government at this time was the result of welfare relief. Mr. Adams explained that the income of the state was about 85 million, of which about half was for the school system. He reminded the attendance that either the cost of government must be cut or new taxes must be added.

An interesting topic was the number of state agencies collecting the state's revenue. For example, the Secretary of State, the Sales Tax division, and other branches all maintaining separate offices in the principal points of the State were mentioned as overlapping agencies. Mr. McCallum had introduced a bill at the last legislature to consolidate these into one department called the Department of Revenue. Incidentally this bill was "killed".

At the close of the meeting an election of a permanent chairman resulted in the election of John Breakey of Clarkston. Mr. Breakey then appointed Ronald A. Walter, Joseph Hubbard and E. Cyril Bevan as a committee to help prepare future programs. It is hoped to hold one meeting a month. All are invited to attend. There is no admission or dues.

Marriage Announced

Mrs. George Hoban of St. Ignace announces the marriage of her daughter, Frances to George Alward, son of Mr. and Mrs. Leslie Alward of Clarkston, at the rectory of St. Mary's Cathedral in Saginaw on October 31st, 1939. Mr. and Mrs. Alward are making their home at 301 East 2nd Street, Flint.

Experience Meeting To Be Held Wednesday

The Ladies' Aid of the Clarkston Methodist Church will hold an "Experience" meeting at the home of Mrs. W. Harold Pailthorp next Wednesday afternoon. Beside the regular business meeting the members and those interested in the welfare of the Church will give to the treasurer the dollar or more they have earned for the Aid since the last meeting and will relate how they earned it. This promises to be a very interesting meeting and it is hoped that every member will attend.

Mrs. Pailthorp will be assisted by Mrs. Elizabeth Rockwell, Mrs. William Gulick, Mrs. Alice Urch and Mrs. George Marshall.

Mr. and Mrs. John Delind entertained a number of friends at dinner and bridge at their home on Tuesday evening honoring Mr. and Mrs. Guy A. Walter who expect to leave on Saturday to spend a few weeks in Florida.

ANNUAL MEETING OF FARM BUREAU

Will Be Held in Holly on Thursday, February 8

The Oakland County Farm Bureau will hold its annual meeting at the Methodist Church in Holly on Thursday, Feb. 8. The business meeting is scheduled for 11 a. m., at which time three or four directors will be elected to serve for three years. The board of directors consists of nine men, three of whom are elected each year. James S. Mitchell, of Holly, a former president of the County Bureau, is one of the directors.

At 12 noon the ladies of the church will serve dinner.

In the afternoon there will be a panel discussion led by the Junior Farm Bureau and an address by Stanley Powell, of Ionia. Mr. Powell has long been active in State farm activities, with the Grange and with the Farm Bureau. He is at present the Bureau's legislative man, a position he has held for five years.

The meeting is not confined to members of the Farm Bureau alone but any farmer or other person interested is invited to attend.

A lovely birthday lunch was served. The table was graced with two delicious birthday cakes, one for each girl. At a late hour the guests left wishing Betty and Jean Mary many more happy birthdays.

Farmers' Week Has Grown Greatly

In planning for the 25th annual Farmers' Week recently at Michigan State College, memories of some of the more veteran members of the staff turned back decades to the time when the annual sessions were limited to 600 to 800 because that was as large a crowd as was convenient to the Old Armory, recently torn down to make room for a new music building. In the daytime the visitors attended special classes during the week, in the evening they met to hear inspiration provided by a speaker and some community singing. The 1940 program included 161 events and attracted more thousands than any other similar event of its kind at any other institution in the United States.

Dairymen in Michigan are warned by extension dairymen on the staff of Michigan State College to watch dairy cows for lice. The pest often becomes numerous before it is noticeable. Dry powder treatments are suggested for treatment during winter months. County agricultural agents have information on proper treatment.

Clarkston Locals

Mr. and Mrs. Clifford Waterbury left early Wednesday morning for Florida. They are hoping to enjoy some of the warm sunshine. As the story goes at the present Florida is shivering almost as much as some parts of Michigan.

Robert Craven spent the week-end with his parents, Mr. and Mrs. Percy Craven. On Sunday Mr. Craven drove him as far as Bay City where he boarded a bus and returned to the C C C Camp at Luzerne. Mrs. Craven accompanied them as far as Flint where she visited with her niece.

On Friday night, Feb. 2, (tonight) a musical treat will be presented in the Clarkston Methodist Church. Rev. Herbert Hauser, associate pastor and music director of the Central Methodist Church in Pontiac will direct the Gilbert and Sullivan Operetta "Trial By Jury".

There will be other entertainment. In fact the program will be just as good as many of you have travelled miles to hear and see. The admission price is small in order to allow everyone to attend. If you like good music then you had better make it a date for tonight.

Tommy Bullen Is Five Years Old

The Occasion Was Celebrated Last Saturday

Tommy Bullen, son of Mr. and Mrs. Richard Bullen, was a happy little boy last Saturday when a number of his little friends were his guests at a birthday party in the recreation room of the Charles Robinson home on Robertson court. Mrs. Robinson and Mrs. Bullen are sisters.

Tommy greeted his guests at eleven o'clock and he was presented with many lovely gifts. The children had a good time playing games and at noon they enjoyed a lovely luncheon served at a long low table. What amused the little folks too was the fact that they even had little chairs. The table was arranged in real birthday style with a favor at each place.

The happy little group was kept busy every minute. They had a jumping contest; a balloon blowing contest and a peanut hunt. Excitement was high until one o'clock when they left for their homes wishing Tommy many more happy birthdays.

The guests included Donald Lord, Charles Robertson, Gary Robertson, Jimmy Collins, Bobby Jones, George Mann, Douglas Larson, Emery Bennett, Billy Dunston, Jackie Beach, Jimmy Huttenlocher, Richard Huttenlocher, David Lee, Michael Thayer and Judy O'Dell.

Clarkston Locals

Gradually the enrollment in the Clarkston Mothersingers group is growing. On Tuesday morning there were several new members. Practice was started on another new number. Mrs. Tabor, the director, is well pleased with the progress being made. Anyone who wishes to sing with the group is invited to attend the practice at the school next Thursday evening at 8:00 o'clock. The rehearsals only last an hour and fifteen minutes.

HOLLY THEATRE

Lewis Stone, Mickey Rooney and the rest of the Hardy Family are bringing new thrills, heart interest and comedy to audiences with "Judge Hardy and Son", latest of the family series, which opens at the Holly Theatre tonight.

This time, instead of traveling the family works out its destinies at home in Carvel. Mickey becomes involved in complications with three new charmers and his sweetheart, played by Ann Rutherford. When the mother of the family becomes ill and is close to death, he turns from boyhood to manhood, inspires his worried father with a new courage, dares a raging flood to bring his sister to her mother's bedside, and figures in gripping dramatic moments.

Lewis Stone as Judge Hardy has some of the most dramatic scenes ever written into the series of family adventures and becomes a compelling figure. Mickey Rooney's transition from boyish to adult psychology is a skillful piece of acting. Cecilia Parker acquires herself perfectly in the dramatic moments of the story. Fay Holden is the lovable mother who won't give up life and desert her brood. Sara Haden as the aunt has interesting moments with young Rooney.

Three new charmers enter Mickey's life in the persons of June Preisser, Martha O'Driscoll and Margaret Early. Outstanding character work is contributed by Maria Ouspenskaya of "The Rains Came", and Henry Hull, Egon Brecher, Leona Maricle, Edna Holland, George Breakstone and Marie Blake are other principals. George B. Seitz directed with deft human touches.

Mistaken Ideas

Ideas form in peoples minds
Of folks and distant places,
They think of all the different kinds
Of grandeur and of faces.
They build a mental picture bright,
Or one that's dark and dreary,
And they are apt to over sight
That other paths are weary.
They hear of men of great renown,
And lands of wonderous beauty,
But cannot see their own home town,
Or know the others duty.
I think their pictures overdrawn,
And gossip stirs their feelings;
Their sun shines just the same at dawn—

They have the self same dealings,
As men who live more noted lives,
Great idols of the masses
At heart are common men with wives,
Who recognize no classes.
We'd find if we could meet these folks

And know what they're pursuing,
That they enjoy our common jokes.
And common tasks are doing,
They're just the same as distant shores.
With stories so misleading,
We find to be like our back doors,
Instead of what we're reading.

Interesting Letter From Los Angeles

The Clarkston News
Clarkston, Michigan
Mr. Wm. Stamp
Dear Sir:

Please find enclosed one dollar (\$1.00) for one year's renewal of the Clarkston News. I certainly enjoy receiving the paper, and have gotten very good service throughout the past year. It arrives here each Tuesday.

Now for a few words about California, which I have never taken the time to write before. I like it very much, and am working steadily driving School Bus for a Restricted Girls' College, in the Santa Monica Mountains. The school is located at an altitude of 1082 feet above sea level, yet we are less than eight miles from the Pacific Ocean. Brentwood Heights is a restricted residential district, and there are a number of Movie Stars living in this locality. Among them are, James Stewart, Virginia Bruce, Jack Oakie, Frank Morgan, Tyrone Power, Annabella, Doris Kenyon, Fred MacMurray, and Gary Cooper. Nelson Eddy is also having a new home (which looks large enough for a hotel) built just down the canyon about one mile from us.

On New Year's day I made my second trip over to Pasadena to see the annual New Year's Day Rose Tournament Parade, having also gone over there Jan. 1, 1939. It is the most beautiful exhibition which I have ever seen or ever hope to see. The floats are made up entirely of flowers—roses, gardenias, geraniums and many others of all colors imaginable. Last year, we drove over, leaving West Los Angeles at 5:45 A. M. and arriving there at 8:00 A. M. We left there at noon and did not get home until 4:30 P. M. This year we got wise to ourselves and took a Chartered Bus from Santa Monica (for \$1.00) and were one hour going over and one hour and twenty minutes coming back. Last year we burned over fourteen gallons of gasoline and only drove approximately fifty miles. There were over a million people at the Parade each year, so you can readily see the fun we had getting squashed and pushed around for three and one-half hours. The streets are solidly packed (and I do mean packed) on both sides for the full six miles of the Parade route.

Well, Mr. Stamp, I think I will sign-off and go to bed, as it is nearly 11:00 P. M., a very late hour for a little boy like me.

Sincerely,
Kenneth B. Rockwell.

Monthly Benefit Checks May Be Increased

By continuing in covered employment after they have reached age 65, workers may sometimes increase their monthly benefit checks to be paid under the Social Security Act.

An explanation showing how this may be done was given today by Richard H. Hendrick, manager of the Social Security Board field office in Pontiac.

"The benefit payable on retirement to those who are 65 or over is increased one percent for each year the worker receives \$200 in covered occupations," Richard H. Hendrick said.

"If a worker were entitled to a monthly benefit of \$40 on reaching age 65 and continued on the job five years longer his benefit would be increased five percent when he did retire. It would thus be \$42.00 a month instead of \$40," it was explained.

Advice on How to Plant Windbreaks

What makes the best windbreak? Recommendations by W. Ira Bull, extension forester at Michigan State College, are divided into two phases. If the protection is for the farm home, an "L"-shaped planting three trees wide on the north and west sides of the buildings will be most suitable.

That streamlining has become the keynote. Several prominent Clarkston Basketball players had their flowing locks sheared in an effort to add speed to their basketball playing. This, while greatly changing their appearance, seems to have in no way affected either their game or popularity. And I do mean you, Don Tee and Frank Russell.

News:
Operetta tryouts are going to be Thursday from 2:30 to 4:00. In case some of you have forgotten the name of it, it is, "In Grand Old Switzerland."

I found quite a few surprises when I gave voice tests.

In orchestra we have been given some difficult numbers to play. It has been fun though. Mr. Willoughby was rather shocked when we could play some of them fairly well.

Some new music has been ordered and we hope that soon we shall be able to present a few popular numbers.

BROWN EXPLAINS AUCTION SALE OF STATE LANDS

Former Owners Still Have Chance

Auditor-General Vernon J. Brown, chairman of the State Land Office Board, today outlined a plan by which properties of aged and deserving persons could be withheld from the coming sale of tax-delinquent properties. Mr. Brown also urged former owners of tax delinquent properties which reverted to the State of November 3, to take advantage of the provisions of the State Land Office Board Act in order that they might regain possession of their properties.

Auditor General Vernon J. Brown

"An unusual opportunity is offered to previous owners," stated Mr. Brown. "It has always been true that properties have been lost through failure to pay taxes. However, realizing that conditions have been such during the past decade that many honest and sincere citizens have defaulted in the payment of tax obligations through no fault of their own, the legislature wisely provided methods by which taxpayers could save their properties. In addition to the many moratorium plans which have been made available through the depression era, the State Land Office Board was created so that those who were unable to avail themselves of their properties from the state on these plans might still repurchase attractive terms.

"An auction sale of these properties will be conducted in each of the counties under the jurisdiction of the State Land Office Board. This Auction will commence at 9:00 a. m. February 13, 1940, at the office of the county treasurer of each of these counties. Properties lying within that county will be offered for sale to the highest bidder provided the bid equals or exceeds 25% of the assessed valuation for 1938. If the former owner wishes to repurchase his property he should be present at the sale to see that at least the minimum bid of 25% is submitted. In case other bidders exceed this amount it is unnecessary to enter into competitive bidding, but the former owner may within 30 days meet any such bid. All former owners may also have the privilege of spreading their payments over a time payment contract whereas other bidders must pay cash for the full amount of their bid within 24 hours. It is the sincere desire of the State Land Office Board that all parties who previously had any interest in these properties and who now wish to regain their rights, shall have every opportunity to do so and we believe that this method will permit us to meet every reasonable request of such persons.

"We have been seriously concerned over the plight of a few aged and deserving needy persons who find their properties involved in the coming sale. However, we believe that we have at least a temporary solution for this situation. We are suggesting that the investigators for the Old Age Assistance Bureau and the Welfare Departments arrange to withhold properties of their clients from our sale.

"We shall likewise cooperate with township supervisors and village and city officials in withholding other cases which are not on the relief rolls but which frequently are more deserving of consideration. We shall, of course, have to depend upon local authorities to call these cases to our attention. In this connection it should be pointed out that our tax laws make it the duty of local assessing officers to exempt from taxation the property of those who are financially unable to contribute to the cost of government, and we therefore feel that we are justified in placing the responsibility for the withholding of such properties from the sale in the hands of local officials."

It was also suggested by Mr. Brown that those who are unfamiliar with the procedure to be followed should immediately consult their county treasurer. Lists of properties to be offered for sale and explanatory pamphlets are available at the various offices of the county treasurers.

FARMERS FINDING LOANS BENEFICIAL

Federal Security Plans Are Working Out Well

Manley E. Young County RR Supervisor of Oakland and Wayne Counties, whose office is at 911 Peoples State Building, Pontiac, reports that many applications for loans are coming into his office, and farmers who are eligible for loans and who expect to ask for a loan this spring better do so at once, in order to have their loan approved before spring work begins.

The loan is for a period of five years and is for the purchase of livestock, machinery, feed and seed. Loans can also be obtained to finance old debts of the same nature.

They are helping low-income farmers to get a new start by having more productive livestock, better equipment to work more land, or make the land they are working produce more.

The loan is approved when a balanced farm and home plan can be worked out, and the plan is drawn up to coincide with the soil conservation program, as to acreage of crops grown and recommended improvements of the soil.

A farm and home plan consists of a true picture of an applicant's activities the year previous to applying for a loan. This usually determines his eligibility. The plan also gives a complete picture of the anticipated program for the first year as a borrower, so that he does not go at his work in a hit and miss fashion, but has a definite program to follow and definite results to obtain.

Many farm landlords are anxious to have their tenants become borrowers of this organization, as they realize that this is a loan of supervised credit between the county supervisor and the borrower, and that his activities will be watched and usually a very successful enterprise will result to both clients and landlords.

Every borrower of the Farm Security Administration is required to keep a farm record book of his income and expense. This enables many farmers to succeed as they are aware at all times of their progress, or if no progress is being made, corrective steps can be made with the help of the county supervisor and county agents.

Mr. Young reports a very successful year in 1939, as shown by the summarization of the record books and repayments on loans. Many borrowers are assuring the repayments of their loans through milk assignments, and through this method, many low-income farmers are becoming independent and are assuring themselves of a future income for themselves and their families.

Various Preferences Given Original Owners In State Land Sale

Clarence W. Lock, executive secretary of the State Land Office Board, announced today the terms under which state-owned properties will be offered for sale at public auction beginning February 13, 1940.

Former owners will be given every possible opportunity to regain possession of their properties through the liberal terms being offered by the Board.

These properties, which reverted to the State because of tax-delinquencies, will be offered for sale to the highest bidder, with the provision that no bid of less than 25 per cent of the 1938 assessed valuation will be accepted. Purchasers who had no previous interest in the property must pay cash for the full amount of their bid within 24 hours, whereas, former owners may repurchase on a time payment contract.

The terms of the contract will require a down payment of 10 per cent of the amount of the bid, but in no case less than \$25. The balance of the contract may be paid in monthly installments of not less than \$5.00 per month; all contracts to be paid in full in a period not exceeding ten years.

The unpaid balance of the principal will draw 6 per cent interest, and the amount of the interest will be included with the installments to be paid. In Mr. Lock's opinion, this liberal arrangement should enable practically every owner to repurchase his property.

Lists of descriptions of properties to be offered for sale are now available at the offices of the county treasurers. Detailed information regarding the procedure to be followed in bidding at the auction sale is likewise available at these offices, and it is suggested that all those who are interested in the sale should secure this information promptly.

All sales will open in the office of the county treasurer, and if such office is not suitable to hold the sale, it will then adjourn to such other location as may be selected.

In counties where the sale may continue over a period of time, a calendar showing the descriptions to be offered each day will be prepared and posted at place of sale. This will make it possible for those interested in bidding on a certain parcel to know what day it will be offered.

Study the past if you would divine the future.—Confucius.

Chevrolet Owner Compliments Car

Drove Over 110,350 Miles with Repair Cost of \$150

The following letter to General Motors Company, Chevrolet Division, is self explanatory and worth reading.

Gentlemen:
"Economical Transportation" has been the slogan for Chevrolet cars for many years and you, no doubt, are interested in learning of experiences that confirm that slogan. Hence, this letter.

I have driven a 1936 Standard Coupe 110,350 miles since March 1st, 1936 for a total maintenance cost of

\$150, this being made up of two valve grinds, rod bearing only taken up at about 86,000 miles, replacement of a drive shaft bearing, one new battery and six new tires. The original set of tires were driven 56,350 miles and I have over 53,000 miles on two of the tires now on the car. With all of this mileage, I am still averaging about 19 miles per gallon of gasoline and 250 miles per quart of oil with the original rings still in service. The original brake bands continue to give good service. During the early part of October, I made a trip thru the mountains of West Virginia and did not find it necessary at any time to shift gears to make the grades, even tho I had better than 100,000 miles on the car at that time. Needless to say I will continue using "Chevrolet" and have no doubt about getting equally good service from a new 1940, which I expect to be rolling over the roads in the near future.

I purchased my car from Seeterlin Bros., Inc. at Clarkston, Michigan, where I live, and they have given me excellent service at all times. Trusting the above story will be interesting to you, I am

Very truly yours,
W. W. Watson

Clarkston Locals

Several from Clarkston went to Detroit on Saturday to see "Gone With the Wind" and rumors have it that they stood in line for two blocks and moved towards the theater entrance at a rate of about two miles an hour, consequently they spent about six hours to see the picture. However they were not sorry because they had a good time and they claim the picture is well worth seeing.

A. E. Butters was pleasantly surprised on Sunday evening when a number of his friends gathered at his home to help him celebrate his birthday. A delightful cooperative supper was served. The group included Mr. and Mrs. H. W. Huttenlocher, Mr. and Mrs. Harold Bauer, Mr. and Mrs. Robert Waters, Mr. and Mrs. Gerald O'Dell, Mrs. Henry Woolfenden and Mrs. Paul Kanold of Franklin.
