Capacity Crowd Attends Banquet on Wednesday

Mrs. John Garrison of Pontiac Was the Guest Speaker

On Wednesday evening more than two hundred mothers and daughters gathered at the Clarkston Methodist Church for the annual banquet.

The tables were attractive with arrangements of pansies. The large plates and platters of fresh vegetables made the setting more colorful. Mrs. W. Harold Pailthorpe gave the invocation. The dinner was delicious and although the crowd was so great that the waiters had some difficulty rendering good service, yet the guests were satisfied and decided that they had plenty to eat anyway.

After the dinner the mothers and daughters went to the church auditorium where the program was presented. Mrs. Forrest Jones, program chairman, read some appropriate verses that had been found in a pocket in a coat which belonged to the late Earl Walker, and then she introduced the toastmaster, Miss Betty Walter. Miss Walter, after a few remarks, introduced Miss Theresa Parsons of Detroit, who sang two pleasing numbers. She was accompanied by Mrs. Haggermine, also of Detroit. The group was then favored with two readings by little Miss Bashore, 8 years old, of Pontiac.

The Clarkston Mothersingers then sang three numbers. They were directed by Mrs. Lydia Tabor of Pontiac. Miss Marion Chamberlain gave a very lovely toast to the mothers and Mrs. LaVerne Jarvis responded with a beautiful tribute to the daughters. After another pretty vocal by Miss Parsons and two more amusing readings by Miss Bashore, Miss Walter introduced the guest speaker, Mrs. John Garrison, who is not only the wife of a minister, but is a minister herself. She gave a very wonderful talk on "Mother and the Home."

Mrs. Forrest Jones read another very pretty poem and then presented gifts to the out-of-town program participants, Mrs. Garrison, Miss Parsons and Miss Bashore. Gifts were also presented to the oldest mother, Mrs. William Jones; the youngest mother, Mrs. Gordon Jones and to the mother with the most daughters present, Mrs. Carrie Walter.

The Ladies Aid, sponsor of the grand affair, wishes to thank all who helped make the banquet a success. They especially thank Mr. Cheever and the boys who waited on table. Mrs. Marguerite Miller, who had charge of the menu, especially thanks all who worked in the kitchen.

Local Group Sees Tigers Beat Boston

Game Is Followed by Banquet and Show at Masonic Temple

Monday was "Cheviday" in Detroit for the Detroit Zone of Chevrolet Dealers and the dealers were supposed to be present with their guests. Joseph S. Seeterlin of Seeterlin Bros. acted as local host and included as his guests Frank Willey, now of Pontiac, but well known in Clarkston, Alex Seeterlin, Ray C. Ainsley, Sam Morgan and Wm. H. Stamp.

The first item of the day's business was the game between Detroit and the League leading Boston team. The Tigers won but what made the game was how they won. Three times Tiger Higgins came to bat with one of more on base and made a home run. After seeing him bat, you felt like a circus barker. The first was good. The second was really good and the third in a row seemed perfect.

The second item of business was a splendid banquet at the Masonic Temple followed by the third item of the day's program, a vaudeville show that lasted two hours and was appreciated by everyone. Last but not least there was a drawing of over a hundred prizes including golf clubs, and golf bags and golf balls and many other items. Luck was not so good with the local group and no trophies were brought home.

Memorial Day to Be Observed in Clarkston

Memorial Day will be observed in Clarkston as has been the custom for the past many years. There will be a parade to Lakeview cemetery where a service will be held for the soldier dead.

With world affairs in such a turmoil this country realizes more and more the value of men who give up families and friends and business to defend their country in time of war. This year, more than ever, the citizens of Clarkston feel that as true Americans they should be willing to set aside at least one day in the year to honor the memory of those men who were willing to don a uniform and shoulder a gun.

The Campbell-Richmond Post of the American Legion, the Clarkston Boy Scouts and the Clarkston School Band under the direction of Orlo J. Willoughby will lead the parade which will form at Buffalo and Church Streets at 9:45 a. m. sharp. Charles Roehm will be the marshal. The entire community is not only invited to fall in line but is invited to attend the service at the cemetery.

Last year the School Band made its first appearance on Memorial Day. This year the group is much stronger and they have added four uniformed majorettes which will be an attraction. The band has gained confidence because during the last year they have made many public appearances. The committee in charge of the Memorial Day program is pleased to have these young people with them again this year.

Lee M. Clark will be chairman of the program at the cemetery which will start promptly at 10:30. The program will include selections by the band, a tribute to the soldier dead, the American Legion service and an address by Rev. W. Harold Pailthorpe, pastor of the Clarkston Methodist Church.

Clarkston Literary Club Met Tuesday Afternoon

Mrs. R. C. Ainsley Was the Hostess

The Clarkston Literary Club met on Tuesday afternoon at the home of Mrs. R. C. Ainsley with twenty members answering Roll Call by exhibiting or discussing their hobby.

The business session was in charge of the president, Mrs. Lee M. Clark, at which time the place of the picnic was decided upon. The invitation to enjoy the picnic on the grand lawn at the home of Mrs. Rose Tegerdine was accepted.

The surprise program followed. The first part was a discussion of books in general. The question was "Why do you read books and what do you get from them?" Many interesting points were revealed. Following this each one was requested to read some short article which they considered extra good or beneficial to the club. These articles were exceptionally interesting, and very educational. The point which seemed to be uppermost in everyone's mind was some good recreation for the youth of the community.

A profitable afternoon was brought to a close with a reminder to attend the picnic on the beautiful grounds at the Tegerdine home on North Main Street on June 4th.

Beauty in Disguise

A fuzzy lamb with scraggly tail, A bleating out its mournful wail, A little boy who'd just turned five, With longing heart for things alive, Each time the little lamb would bleat, His longing heart would skip a beat. This little boy so much desired, This little lamb that he inquired, And found that lamb with scraggly tail Had been that day put up for sale. So setting out on nimble feet, He bought the lamb and mournful bleat.

Possessing stock for such a boy, Was just a mountain full of joy. A dollar's worth of skinny sheep, A world of wealth, and bought so cheap.

The beauty in a scraggly tail, When on a lamb with mournful wail, When seen by boy who's just turned five,

With longing heart for things alive, Is one of nature's greatest works, Also, queerest of its quirks, To picture beauty in disguise, For fuzzy lambs in children's eyes. R. C. B.

Mr. and Mrs. Leslie Alward and daughter, Inez, spent the week-end with their son and daughter-in-law, Mr. and Mrs. George Alward in St. Ignace.

Saturday, May 25 Is Poppy Day

Poppies will bloom in Clarkston, Waterford, Ortonville, and nearby communities on Saturday, May 25. The American Legion Poppy not only gives us a means of rendering personal tribute to the memory of those brave young men who sacrificed their lives for America, it also gives us a means of aiding those who also sacrificed but are still within reach of our help. From the annual wearing of the little flower come benefits reaching into every corner of the country and touching the lives of thousands of unfortunate men, women and children.

The Poppy Day contributions make aid available during the other 364 days of the year to those who are still paying in steady installments the war's bitter debt of suffering and privation.

John Alander is the chairman of the day in Clarkston while Henri Buck will be in charge in Waterford and community and Mr. Ridgeway will be chairman in Ortonville.

When we pin on our poppies this year let us vision if we can the war-torn countries and Flanders Fields where the bright red poppies once grew row on row and let us look upon our poppies not only as flowers of memory for the dead but as flowers of hope for the living.

Be ready to do your bit in your community, tomorrow, "Poppy Day."

JUNIOR SENIOR BANQUET

Last Friday evening at six o'clock, the juniors and seniors and faculty gathered in the auditorium of Clarkston High School for the annual Junior-Senior Banquet. Awards were presented to the following:

FEATURES

Has Elaine Waterbury really tumbled for a boy at last?? His name is Rocky isn't it Elaine?

The whole Senior Class is as usual "kiddled pink" about their Senior Skip Day. In fact their happiness spread to the Junior Class, so much that the Juniors thought they would take a Holiday also, that is until they found out that the last class had to stay until 5:30 every night for a month.

Our Drum Majorettes add greatly to the charm of our High School Band.

Jack Culey was the life of the party at the Banquet Friday Night with his imitation Junior. But the waitresses thought he was carrying it too far when he tried to get ice cream for him.

Dick Lowrie is now in the lime light again for he is the only boy from Clarkston to win a medal at the track meet Saturday. Nice going Dick!

Among the dates at the Junior Senior Banquet were Muriel Boyns, Roy Spencer, Jerry Weston, Norma Davidson, Irene Walz, Cliff Bennett; Helen Smithson, Bob Bennett; Betty Smithson, Jack Culey; Jack Skarritt, Maxine Broadway; Mary Gulick, Clark Soutby; Clare Rasmussen, Julia Edgar; Evy Davies, Bill McKeechey; Max Soutby, Betty Clark.

This department has had so many inquiries as to whether or not Mr. Thayer got his second dish of ice cream that he decided to have it.

The thing that has the Junior class just buzzing is that the Seniors didn't tear down their decorations. Seems some Seniors are more orderly than some people thought.

In case you wondered why the school seemed so deserted this Thursday it was because the Seniors had their annual skip day. Didn't it seem dull without them?

The meeting was under the direction of Mr. John Watkins, who introduced the speaker, who is in charge of the year's devotional at the Oakland County T. B. Hospital. Christian Science Lecture Given at Pontiac Tuesday

George Channing, C. S. B., of San Francisco, California, a member of the Christian Science Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., delivered a Lecture entitled: "Christian Science: The Demand of The Times", in Pontiac High School auditorium Tuesday evening under the auspices of First Church of Christ, Scientist, Pontiac.

Following is an excerpt of the lecture:
You and I, who have come upon this present period of the world's history as participants in its unfolding, are, or should be, little surprised that a great New England woman, whose spiritual status enabled her to be God's messenger to this age, has reminded humanity clearly and definitely that "the time for thinkers has come" (Science and Health, vii: 13). In the world of our time, the demand, or insistent desire, of men is for these three things: namely, security, health, and love, and for the intelligence which supplies this demand. The human mind, so-called, is baffled. Its reputed intelligence promises so much but yields so little that seems reliable, satisfactory and permanent. That is why thinkers are needed, and the time is ripe for their coming. For none

would deny that true intelligence, perfect and incapable of error, can solve any problem, can unfold the health, security, and love which our times are demanding. Manifestly, then, the need of humanity is for increasing capacity to discern, outside the limitations of human thought, the presence here and now of true and perfect intelligence and to understand the availability of such intelligence to meet the demand of the times.

Good Cannot Be Thwarted
Is there anything to prevent the spiritual demand of our times from finding its fulfillment? Can you and I desire and seek after divine intelligence, whose effects are love, health, and security, and be thwarted by some influence able to interfere? My friend, God is the only power; and God is the Mind of man, to be acknowledged and demonstrated. Man is never at the mercy of anything outside himself. It is your privilege and mine to think our own thoughts, to be at one with the Mind that is perfect. We do not need to accept notions, conclusions, assumptions which deny the reality of spiritual ideas which come from God. We can always and under all circumstances assert the reality and dominion of our divinely derived intelligence. For, the only Mind is the Mind which is God. In the degree that you demonstrate that fact, you will find no consciousness of evil in you, and therefore no evil affecting your life. And, conversely, you will find all good appearing. The Discoverer of Christian Science has made it plain that "the mind of the individual only can produce a result upon his body" (Christian Healing, 6:21-22). Let us persistently acknowledge the only Mind to be divine, producing by its law, the results of beauty and holiness.

THE FORD WAY OF DOING BUSINESS

The Ford Motor Company was founded by a working-man for working-men. Its present officers began as employees of the Company. It was the first company to pay a minimum wage, beginning in 1914, at the then astounding figure of \$5 a day. That was double the prevailing wage of the time. The Ford minimum is now \$6 a day for all employees engaged in production work. And from that, the wages rise to \$10.80 a day, with the average wage \$7.25, exclusive of salaried employees.

The Ford Motor Company employs men without regard to race, creed or color. It is common knowledge that working conditions in the Ford shops are the best that science and constant care can make them. A square deal, a just wage and stabilized employment for a large proportion of our employees—and as fully stabilized for all as conditions will permit—enable our men to retain their personal independence.

In consequence of these policies the Ford Motor Company has one of the finest bodies of employees in the world. The larger proportion are mature men of long service with the Company—sober, decent family men. Hundreds of them have been with the Company for more than 25 years—thousands for more than 15 years. Their health record, home ownership and citizenship records are good.

All this is reflected in Ford products, whether cars, trucks or tractors. The work is honestly done. Materials are the best that can be made or procured. Less profit to the Company and more value to the customer is known throughout the motoring world as "Ford's way of doing business."

Ford Motor Company was the first to make a motor car within the means of the average family—quitting the manufacture of what was then the largest selling model in the world to do so. Its chosen field in all the 30 years since that time has been the average American family—for which it has consistently provided car facilities which formerly only the wealthy could buy.

It is the policy of the Ford Motor Company to share the benefits of advanced methods and management with workers and public alike. Increased wages and employment over a period of many years have resulted in

A 300 per cent increase in the built-in value of the Ford car and a 75 per cent reduction in its price.
