School Children Say "Goodbye" to Summer

Class Schedules Started on Thursday

After a day or so of arranging schedules and everybody, both children and teachers, getting back into programs were started in the Clarkston schools on Thursday. The happy voices of the boys on the football field could be heard and it was then that everyone in the school vicinity realized that summer was on the wane.

In the Clarkston schools the enrollment shows a slight decrease in the lower grades but an increase in the upper grades. In the lower brains on the part of the drivers. grades there were approximately 176 enrolled and in the six upper grades approximately 229. While the total cars have to take to the side of the brum lilies. Her only/attendant was enrollment at the present time is slightly under that of last year yet the next week may show a difference as usually occurs in the first week or so each year. For the time being the Senior class seems to have about the same number as last year while the Junior class shows the greatest in-

DAY OF PRAYER SET FOR SEPTEMBER 8

The President of the United States has set aside Sunday, September 8. a day of prayer, when Americans of every creed and denomination. wherever they may be, are asked to pray for a righteous and enduring peace. The call to prayer is as follows:

A Proclamation The American heritage of individual freedom and of government deriving its power from the consent of the governed has from the time of the fathers of our Republic been proudly transmitted to each succeeding generation, and to us of this generation has fallen the task of preserving it and transmitting it to the future. We are now engaged in a mighty effort to

fortify that heritage.

Mindful of our duties in the family of nations we have endeavored to prevent the outbreak and the spread of war, and we have raised our voices against international injustice. As Americans and as lovers of freedom we are humbly sympathetic with those who are facing tribulation in lands

When every succeeding day brings sad news of suffering and disaster abroad we are especially conscious of the divine power and of our dependence upon God's merciful guidance

With this consciousness in our hearts it is seemly that we should at a time like this, pray to Almighty God for His blessing on our Country and for the establishment of a just and permanent peace among all the Nations

Now, therefore, I. Franklin D. Roosevelt. President of the United States of America, do hereby set aside Sunday, Sentember 8, 1940, as a day of prayer; and I urge the people of the United States, of all creeds and denominations, to pray on that day, in their churches or at their homes, on the high seas or wherever they may be beseeching the Ruler of the Universe to among 81 bowmen there were sucbless our Republic to make us reverently grateful for our heritage and firm cessful. Only 18 trie in its defense, and to grant to this land and to the troubled world a right-the upper peninsula. cous. enduring peace.

In witness whereof, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

Done, at the City of Washington this seventh day of August in the vear of our Lord nineteen hundred and forty, and of the independence of

the United States of America the one hundred and sixty-fifth (Signed) Franklin D. Roosevelt.

...it's a big help and COSTS YOU NOTHING!"

"Before getting bids on your new home, he sure you have an adequate wiring layout prepared for you by The Detroit Edison Company.

"Electricity is the heart and nerve-center of the modern home . . . essential for LIGHTING, for an ALL-ELECTRIC KITCHEN, for time-saving ELECTRIC SERVANTS, for countless electrical conveniences and comforts. Can vou imagine what a house would be like without it?

"The time to think about it is before you sign vour contract. Detroit Edison's Electric Planning Service is offered to you without charge. Submit your blue prints and let them make a careful study of your requirements. They will draw up a complete wiring and lighting layout for whatever type house you have in mind. Whether you plan to spend \$4.000 or \$10,000, they will give you the best possible layout for the amount of money you have available

"So take advantage of this Electric Planning Service. It may save you many 'extra' expenditures later. And be sure to insist on an allowance of at least 11/2 per cent of the cost of your house for LIGHTING FIXTURES, and that this amount be written into your specifications. Remember that good lighting-skillfully used for decorative beauty and casy, comfortable seeing-can often work wonders in a home."
