Motorists, garage men and the general public have learned from experience that this firm in Pontiac at 489 Oakland, phone 5200, has a large stock of new and used parts from all the standard makes of cars. Gust Lindman is the manager.

It makes no difference what the name of your car, if you need a part for it, see them. And if you want to dispose of it see them and you will be pleased at the price they offer.

They have parts at prices which will save you many a dollar. Both garage men and auto owners have learned that it pays both in time and money to give them a call. They also pay high prices for wrecked or burned cars in any condition. This concern is worthy of mention in this review because of their fine stock of parts and their courteous service.
