#### American Red Cross **Needs Your Help**

Mrs. T. W. Jackson, Chairman of the County Membership Roll Call of the Oakland County Chapter, American Red Cross, announces that unusual activity is being displayed in the various townships of the county since the beginning of the membership canvass last week. Mrs. Jackson states that roll call memberships will be used for domestic operations

only in as much as individuals con-tributed last Spring to War Relief. The 3700 chapters of the United States must assume responsibilities and charter obligations which are un-predictable during the coming year. A three-fold challenge is before each local chapter: First, in meeting the responsibilities arising from the current national defense program; second, in continuing at full strength domestic services that have become an integral part of community and inational life; third, in maintaining a strong organization to discharge the international obligations of alleviat-

ing the sufferings of war.
Mrs. William Dunston, for Independence Township, is pleased at the response her committee is receiving. Some districts have already completed their canvass and have turned in their money and it is desirous that the campaign in the Township be completed by Saturday.

On Sunday evening, December 1st, at 7:30 p. m., Rev. Clyde Rothrick, the Blind evangelist, will give his life story in which he tells how he overcame overwhelming obstacles by God's Help. The theme for his mes-sage will be, "There is no such word as 'Can't' within the realm of reason, for the man who will walk and talk with God."

He will have with him on the platform his Braille Bible, Talking Book, Braille writer, Slate, Stylus and his big German shepherd dog, "Rex", who will guide his master wherever he wants to go. There will be plenty good singing, and special music.

Monday evening thru Friday evening, Rev. John Dornhoefer, "Uncle John", of Springboro, Pennsylvania, will be the speaker. You will enjoy every nite with Uncle John. He will be speaking on the theme from nite to nite, "Adventuring in Life". Also each evening he will demonstrate the old testament tabernacle service by the use of a large scale model, including all of the furniture. The can-dles will be lighted each evening, offerings and incense will be burned, depicting as near as possible the "Shekinah". These will be very profitable nites of Bible study for both old and young. Everyone is urged to come and bring their Bible with them. The National Defense Program is one of numerous situations that can cause a tremendous increase in the number of telephone calls. Some occasions can be foreseen — a national convention, a holiday, a World's Series, an election. Others come without warning — the death of a prominent person, changes in the market, a storm or flood. The Telephone Company must adjust its forces and equipment quickly to unexpected "peak" loads. That requires closest co-operation between highly trained workers. The ability of telephone men and women to rise to emergency is an important reason for this Company's preparedness to do its part in the Nation's defense activity.

# ... and I'm insisting on an ELECTRIC RANGE!"

"When I first started looking at stoves, I had an idea that an electric range would be too costly for my budget. But I've shopped around and found exactly the range I want. Its price fits my budget. It has all the things I'm looking for . . . porcelain finish, tabletop design, full-size oven, fast cooking units with three heat speeds. And easy to clean? Just whisk a damp cloth over it; the job's done.

"I know I'll like the range. And I think my husband will be pleasantly surprised when he finds out how reasonable the bills for electric cooking really are."

Electric cooking does cost less than you think. For a family of three persons it averages \$1.55 a monthabout a nickel a day. Automatic electric water heating is another bargain: You can enjoy this service for less than 10c a day (for an average family of three). . . . The Detroit Edison Company.
