## Story of Army Life Presented at Rotary Meeting

At the Monday night meeting of the Rotary Club, the story was told by Sergeant Irving Lang who has been training in one of the U. S. Army Camps in Louisiana. Winter weather in the South to date has been either too hot or too cold or too wet for effective army training, according to the report given by this young man from Pontiac.

## Making Scenic Spot Easy to Reach

Local motorists who visit the Upper Peninsula sometimes spend a whole day on a trip to Tahquamenon Falls, one of nature's loveliest spots in Michigan. It took a day because tourists have been obliged to leave their cars and travel a considerable distance by boat and trolley car. Next spring, however, they will be able to drive to a point within three-quarters of a mile of the lower Tahquamenon Falls when CCC enrollees of Camp Paradise complete the clay surfacing of the 24-foot roadway whose construction was begun a year ago. The new road is reached from a point five miles west of Paradise on Whitefish bay in Chippewa county. A crew of 50 has moved 13,500 cubic yards of material to date in building the road.

## "The Family" Subject of Sermon Series

At the Methodist Church on the four Sundays in January, Rev. Pailthorp will preach on the theme of "The Family". The subjects for the month are—"The Family Comes to Crisis", "The Family Seeks Happiness", "The Family Worships God", "The Family Faces War". The families of the church and community are invited to attend church during January in the family group.

## Clarkston Locals

Miss Martha Miller returned from New York on Sunday after enjoying Christmas at the home of Stanley White. Martha went to New York by plane on Christmas eve.

Mrs. Elizabeth Ronk and sons, John and Frank, spent New Year's Eve and Wednesday in East Lansing at the home of Mr. and Mrs. Irving Ronk and sons. On Wednesday they attended the inauguration of the new Governor, Murray D. Van Wagoner.

A week ago Sunday Mr. and Mrs. George Slayton were called to Milan, Mich., to attend the funeral of Mr. Slayton's uncle. From there they went to Fremont, Mich., to spend Christmas and a few days with Mrs. Slayton's sister and family. They returned to their home in Clarkston last Sunday night.

Christmas guests at the home of Mr. and Mrs. Leslie Alward were Mr. and Mrs. Leslie Alward Jr. and daughter, Carol Sue, of Tonawanda, N. Y., Mr. and Mrs. George Alward and son, Stephen, of St. Ignace, Mich., William Alward of Detroit, Inez Alward and Elmer Cole of Flint and Mr. and Mrs. Cecil Werth of Mt. Morris.

New Year's Eve guests at the home of Mr. and Mrs. P. G. Kanold of Franklin Village, formerly of Clarkston, included Mr. and Mrs. A. E. Butters, Mr. and Mrs. H. W. Huttenlocher, Mr. and Mrs. Keith Leak and Mr. and Mrs. Henry Woolfenden of Clarkston, Mr. and Mrs. Charles Hutton of Walled Lake and Mr. and Mrs. Irving Ronk of East Lansing.

## Coming Events

Jan. 7th—Tuesday afternoon the Clarkston Literary Club will meet at the home of Mrs. Lee M. Clark on Holcomb Street.

Jan. 7th—Tuesday evening the Clarkston Junior Literary Club will meet at the home of Mrs. Gwendle Purkiss in Drayton Plains.

Jan. 8th—Wednesday, the Clarkston Royal Neighbors will meet at the home of Mrs. William Goulet. There will be a pot-luck dinner at noon.

Jan. 8th—Wednesday afternoon the Women's Society for Christian Service of the Clarkston Methodist Church will meet at the Church. There will be a luncheon served at 12:30 with Mrs. Joseph Seeterlin, chairman of the committee. The guest speaker will be Mrs. R. Cortwright of Detroit who will give an inspirational talk. All members and friends of the church are invited to attend. The members will answer Roll Call with a resolution for 1941.

## Methodist Pastor Dean of Summer Institute

The Flint District Cabinet of the Epworth League recently elected Rev. W. Harold Pailthorp Dean of the Summer Institute. The Institute this year will be at a Lake setting instead of at Albion College if present plans materialize as now contemplated. A number of sites in Oakland County are being considered for the location. From one hundred fifty to two hundred youth will attend the Institute.

## Ortonville

The Brandon Grange officers for 1941 are: Master, William Sutton; overseer, Willis Tucker; steward, John Leese; lecturer, Florence Sadler; secretary, Carrie Uloth; treasurer, Alex Solley; chaplain, Annie Smith; assistant steward, Fred Beckman; lady assistant steward, Helen Beckman; Ceres, Cora Algoe; Pomona, Tilly Solley; Flora, Nellie Huff; gate keeper, Tom Kelly.

The next regular meeting of the Brandon Grange will be held on Saturday, January 4, with a pot luck dinner at noon.

On January 16 the Ortonville Local of the Michigan Milk Producers Association will hold their annual dinner at the Brandon Grange Hall. The dinner will be served by the ladies of the grange.

Mr. Nelson Smith, Mrs. Alta Burt, Mrs. Julia Wright, and Mrs. Carrie Tucker are confined to their homes with illness.

The members of the Brandon Grange are proud to know that they were first in the State of Michigan to receive the annual password.

## Plans Are Begun for President's Birthday

Theodore L. Degenhardt, of Ferndale, has been appointed Oakland County Chairman for the 1941 celebration of the President's Birthday, by Abner E. Larned, State Chairman.

The campaign for 1941 will be conducted by the Committee for the Celebration of the President's Birthday, which is the duly authorized fund-raising agency for the National Foundation for Infantile Paralysis, Inc.

The policy for 1941 will be the same as for 1940. Funds raised will be divided 50-50 by the County and National Organizations, except where state organizations have been set up to handle local service.

Community chairmen are to remit all net funds taken in to county chairmen. County chairmen either retain 50% of these net funds and remit the other 50% directly to National Committee Headquarters or to state chairmen; or the county chairmen send all of their funds to the state chairman and he in turn remits 50% to National Committee Headquarters, depending upon the plan of organization adopted in the state.

The Oakland County Chapter of the National Foundation has been set up and is now functioning with its main office in Royal Oak.

The county's 50% of funds raised will be turned over directly to the county chapter, and the other 50% sent to national headquarters.

The chairmen of various units of Oakland County will be appointed later, for the 1941 campaign.

## We Smart People

Just take a moment please with me; And view the hoards in misery Let's concentrate and close our eyes,

As seen by masters in the skies. The Righteous folks so pure of heart Who drove their purpose to the end— And felt that they alone were smart

Have just come 'round another bend. They've found there's things you cannot drive

And circumstances come along, That alter everyone alive— Be they right or be they wrong. Like little children we must seem To drive and labor all our years, To fill some sort of silly dream That in an instant disappears.

In all these years there's ne'er been one Who one iota changed the course, Of solar bodies and the sun; No matter what he used for horse. Let's hope these masters will forgive The blunders we make here today, And hope that we might learn to live—

And float along in nature's way.

Robert C. Beattie.

## Death Claims Mrs. Sarah Cole

The Funeral Service Was Held Last Thursday

After an illness of about eight weeks death came to Mrs. Sarah Cole, aged 77 years, on Monday afternoon of last week at the Frances Whipple Convalescent Home on the Dixie Highway.

Mrs. Cole was born in Commerce Township in 1863. In 1893 she married Bert Cole. She spent her entire life in Oakland County. She was a member of the First Congregational Church of Pontiac.

Mrs. Cole is survived by one son, Ralph Cole of Clarkston; a daughter, Mrs. Bert Cole of Farmington; three brothers, Bert and Fred Ellenwood of Holly and Earl Ellenwood of Keego Harbor.

The funeral service was held in Pontiac on Thursday afternoon of last week with Rev. James C. Mead officiating. Interment was in Oak Hill cemetery. As Mrs. Cole was a Gold Star mother the members of the Ladies' Auxiliary of Clifford Alton Post No. 120 of the American Legion attended the funeral.

## HOLLY THEATRE

A group of eleven outstanding character actors, headed by stars Norma Shearer and Robert Taylor, combines to bring to the screen one of the most thrilling best-sellers of the past year, Ethel Vance's "Escape". The picture opens Sunday at the Holly Theatre.

Miss Shearer is seen as the Countess von Treck, who finds herself involved in the desperate attempt of American artist Mark Preysing to rescue his mother, ex-actress Emmy Ritter, from death in a concentration camp. Taylor enacts young Preysing, with Nazimova, star of silent films, returning to the screen for the first time in fifteen years, as Emmy. European star Conrad Veidt appears as the General, lover of the Countess, and ultimate menace of Emmy's safety.

With this quartet of principals appear, in almost equally important roles, Felix Bressart as Fritz, old family retainer; Albert Bassermann as Henning, the aged lawyer; Dutch leading man Philip Dorn as the camp physician, Dr. Ditten, who makes Emmy's escape possible; Bonita Granville as the schoolgirl, Ursula; Edgar Barrier as the sadistic Police Commissioner; Elsa Bassermann as the lawyer's wife, and Blanche Yurka as the brutal prison nurse.

Each of these becomes involved in Emmy's flight. Around the question of whether they will aid or turn against her, the whole thrilling story revolves. Mervyn LeRoy directed.

Mr. and Mrs. Charles Robinson have as their guests his parents, Prof. and Mrs. F. E. Robinson of Mt. Pleasant.

Dr. and Mrs. Clarence Russell of St. Charles, Michigan and Mrs. Gerald Card of Flint were New Year's Day guests at the home of Mr. and Mrs. W. Harold Pailthorp.

## SHERIFF ADOPTS CHANGED SET-UP

Deputies Have Certain Areas to Patrol; Radio Equipped Cars

An important change in the operation of the sheriff's office, which it is believed will improve law enforcement throughout Oakland County, is announced by Sheriff Spencer C. Howarth. Commencing at 8 a. m. on December 31 all of the work of the office will be handled directly out of the sheriff's office at Pontiac and there will be no longer residential deputies stationed in several areas throughout the county. To get the assistance of the sheriff and his deputies it will be necessary for everyone to call the sheriff's office at Pontiac, telephone 8194.

For a number of years past deputies have been stationed at Hazel Park, Farmington, New Hudson, Milford, Walled Lake, Holly, Rochester, Big Beaver, and in Southfield Township. They handled complaints in their respective areas and came to Pontiac to assist when their services were demanded. Each man was given a car allowance of \$225.00 a year for which he operated his own automobile for county business. These men were on call 24 hours a day.

All officers connected with the sheriff's office have been regularly on duty 12 hours a day. Under the new plan all the deputies will report at and work out of the sheriff's office. The desk men and turnkeys will be employed but 8 hours a day and it will take three shifts to handle this work. All other deputies will work but 10 hours a day. The county is to be divided into four districts each of which will be patrolled by a county owned and radio equipped automobile and a 24 hour a day service will be given. There are at present 16 cars operated for the sheriff's office 9 of which are privately owned. Under the new plan nine county owned cars will be used and will be in constant use.

"I have long been considering the placing into effect of this new arrangement," said Sheriff Howarth, "and I believe it will be far more efficient and enable the department to operate within its reduced budget. The sheriff's budget has been cut more than \$15,000 in the last three years and the 1941 budget is to be approximately \$2,500 less than in 1940. I have been dissatisfied with the long hours the men have been required to serve.

"With a patrol car in each of the four areas of the county I believe we will be in a position to answer all calls promptly and to see the county is better policed than it has been under the previous arrangement. All business will be handled out of the Pontiac office and it will be necessary of course for people living in areas that have had their own residential officer to telephone to the sheriff's office for aid. It will centralize all of the county law enforcement work at the County Jail."

The deputies in this area will be Harold D. Cole, Frank Mack and Floyd Harger. Their territory extends from the Highland Road east to the Sashabaw Road, together with Huron Gardens, and south to the Pontiac city limits.

## Thrill of Thrills

Bobcat hunting is gaining rapidly in popularity among Michigan hunters who, otherwise, would be counting the days until the next open seasons on game animals. Conservation officers report bobcat are plentiful in the vicinity of Alpena and organized hunts are to be staged during coming weeks.

Seasonable Salads

By Frances Lee Barton

A WOMAN is in a salad rut when she finds herself serving hearts of lettuce with French dressing, day after day. Or perhaps it is lettuce and tomato, lettuce and cucumber, or any one of a score of combinations. Hunt for new salads, especially seasonable ones.

Right now, I offer a cranberry combination that you will find delightful:

Cream Cheese and Cranberry Salad
1 package orange-flavored gelatin;
1 pint hot water; 1/2 cup sugar;
1/2 teaspoon salt; 1 teaspoon vinegar; 2 cups cranberries, ground; 1 package (3 ounces) cream cheese.

Dissolve gelatin in hot water. Add sugar, salt, and vinegar. Chill. When partially thickened, add cranberries. Mash cheese until creamy. Add gelatin-cranberry mixture gradually to cheese and beat with rotary egg beater until blended. Turn into ring mold. Chill until firm. Unmold on crisp lettuce and garnish with chicory or escarole. Serve with French dressing or mayonnaise. Serves 6.

Many County Youth Receive NYA Help

The Michigan National Youth Administration is providing part-time jobs for 534 youth on its school work program operated in 32 schools in Oakland county, reports Orin W. Kaye, State NYA Administrator.

Youth who are accepted as eligible for NYA school work by the school authorities are employed on part-time projects for which they are paid a maximum of \$6 a month. This amount often means the difference between staying in school and being forced to drop out. A school official appointed to serve without pay is responsible for the administration of the program in his school. The program provides young people in financial need with a sufficient amount of money to meet such necessary expenses as books, lunches, transportation, and in some instances, clothes.

The type of project on which youth are employed is selected with an eye

toward providing him with as much work experience as possible in his chosen vocation. Youth are given the opportunity to obtain experience in typing, filing, dictation, bookkeeping, sign and poster painting, woodworking, book repairing, and other occupations which may prove valuable in seeking employment after they have completed their schooling, stated Kaye.

A total of 16,204 needy students are now benefitting from part-time NYA employment in 813 high schools in the state, and 6,621 in 43 colleges and universities.

Chevrolet Plant Kept Busy

Continuation of the high production rate which Chevrolet has maintained, ever since presentation of its 1941 models, has resulted in manufacture of the 400,000th of these units, at the Flint assembly plant, it is announced by M. E. Coyle, general manager of Chevrolet and vice-president of General Motors.

The latest 100,000 units of the new model year's production have been built since Oct. 27, Mr. Coyle pointed out, adding further to the already remarkable record established since the first 1941 Chevrolet left the assembly line Sept. 3. It took just 62 working days to produce the first 300,000 of these cars, and the average production rate, ever since they were brought out, has been substantially above 100,000 a month.

"There is no indication, currently, of any lessening in the demand on which Chevrolet's volume production is based," said Mr. Coyle. "Dealers in various parts of the country report car and truck sales prospects well in excess of the very good volume attained last year. For the immediate future, at least, there is indication of sustained volume in our manufacturing and assembly plants throughout the United States."

For Homemakers

Forget that once-popular fashion of worrying about just vitamins, just counting calories or just specializing on energy or protein content of foods.

That is the modern advice handed out by nutrition specialists at Michigan State College and given approval in nearly all centers of foods learning today.

Low-sided interest in foods in wrong, they contend. They advise better balance in meals and better knowledge of how to supply this balance in fuel, protein, vitamins and minerals.

For those who worry about being underweight or overweight there's good news for Michigan dairymen. Milk is an excellent food and well balanced whether it's for persons who want to reduce or want to gain in weight. Cereals and bread also get approval.

Certain low-calory fruits and vegetables also belong in both gaining and reducing diets. These include toma-

atoes, citrus fruits and the leafy vegetables such as kale, chard, collards, spinach, Brussels sprouts and green cabbage. Other protective vegetables include carrots and squash and the green ones—broccoli and peas. An egg a day still seems to be food rule.

Where weight is a factor, then nutrition science says to consult a doctor before embarking on a very rigid diet. In general the reducing process involves reducing portions of sweets and fats and staying away from pastries and foods fried in fat.

DO YOU KNOW HOW TO DRIVE ON ICY WINTER HIGHWAYS?

Can You Answer These Quiz Questions?

- 1. Does it help to reduce air pressure in tires when travelling over icy surfaces?
2. When is an icy pavement most dangerous; when the air temperature is 2 degrees above freezing or when it is 2 degrees below freezing?
3. Are tires with good treads much better than smooth tires

- on icy roads? On wet roads?
4. How do highway departments prevent sand or cinders, used in skidproofing, from blowing off the road or being brushed off by traffic?
5. Can a vehicle with tire chains negotiate icy curves at higher speeds than a vehicle without chains?
6. In what manner should brakes be applied when stopping on an icy surface? Last winter on Lake Cadillac,

Michigan, the National Safety Council and a group of co-operating agencies conducted an extensive investigation of the problems involved in winter driving. The correct answers to the foregoing questions are found among the interesting and valuable data developed. Substantial reductions in the heavy winter traffic toll can be made if every motorist who quizzes himself on these questions will also read and remember the answers given below.

Left: 3,000 individual tests were made during the investigation of winter driving hazards, some of them being conducted at night. Right: Treated abrasives were spread on the frozen lake surface and demonstrations made of their effectiveness in skidproofing.

Answers to Highway Safety Quiz

1. The common practices of lowering tire pressure and increasing the load over rear wheels to increase traction on slippery surfaces are not recommended. The resulting increase in traction for stopping is slight, and this is more than offset by reduction of safe speed on curves.
2. Strange though it may seem, icy surfaces are more treacherous at 2 degrees above freezing than they are at 2 degrees below freezing. As temperature goes down, safety on icy surfaces goes up and the stopping distance on ice at 15 degrees is

actually 37% less than at 34 degrees.
3. On icy roads, condition of tires does not have much bearing on skidding. In the case of wet roads, however, cars with good treads are definitely better.
4. Practically all highway departments now treat skidproofing abrasives with calcium chloride. This material forms a thin coating around the sand or cinder particles which causes them to melt into the ice and anchor securely. Since calcium chloride is an anti-freeze, it also prevents storage piles of abrasives from freezing and makes spreading on icy roads easy even at sub-zero temperatures.
5. While the use of chains is

beneficial in stopping or accelerating on straight sections of icy highways, they do not provide control against rear-end skidding on curves. Chains should be regarded as providing an extra margin of safety at moderately slow speeds, but a margin that disappears if speeds are too fast.
6. In stopping on slippery roads, let the braking power of the engine in high gear slow the vehicle down to about 10-12 miles per hour, using the brakes lightly, if necessary; then disengage the clutch and apply brakes cautiously for the final stop. "Pumping" the brakes lightly off and on is much better than locking the brakes for maintaining control of direction.

A Triangular Course

By Frances Lee Barton

IT'S difficult to swim or run around a triangular course, but mighty easy to enjoy one at home when Crusty Fruit Triangles are served. They look good, taste good and are good for you—a point for each angle of the course.

Crusty Fruit Triangles
2 cups sifted cake flour; 3 teaspoons double-acting baking powder; 1/4 teaspoon salt; 2 tablespoons sugar; 1/2 cup butter or other shortening; 1 1/4 teaspoons grated orange rind; 1/2 cup seedless raisins; 3/4 cup milk.
Sift flour once, measure, add baking powder, salt, and sugar, and sift again. Cut in shortening; add orange rind and raisins. Add milk all at once and stir carefully until all flour is dampened. Then stir vigorously until mixture forms a soft dough and follows spoon around bowl. Turn out immediately on slightly floured board and knead 30 seconds. Roll 1/2 inch thick and cut in triangles. Place on ungreased baking sheet. Brush tops lightly with mixture of equal parts of sugar and milk. Bake in hot oven (450° F.) 12 to 15 minutes, or until browned. Makes about 15 cones.

CHRISTIAN SCIENCE CHURCHES

"God" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, January 5.

The Golden Text (Psalms 65:1, 2) is: "Praise waiteth for thee, O God, in Zion: and unto thee shall the vow be performed. O thou that hearest prayer, unto thee shall all flesh come."

Among the Bible citations is this passage (James 1:17): "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 275): "To grasp the reality and order of being in its Science, you must begin by reckoning God as the divine Principle of all that really is. . . . No wisdom is wise but His wisdom; no truth is true, no love is lovely, no life is Life but the divine; no good is, but the good God bestows."

ONE CENT buys good light all evening for reading. A 150-watt lamp provides light for nearly three hours of reading at a cost of one cent. Be SURE you have good lighting: Measure it with a Light Meter. Call any Detroit Edison office.

A Good New Year's Resolution

There's something about this Christmas Time That sorta gets a fellow, With sprigs of Holly and Mistletoe, And lights, turned down real mellow.

And as the hearth fire's glow fades out We just sit and ponder, And give thanks for all the things we have To that "Good Man" up yonder.

Why can't we keep this Christmas Cheer And feel that way each day, But somehow through the year, It sorta fades away.

We're only on this earth awhile, And wouldn't it be grand, To start each new day with a smile And extend a welcome hand.

Let's make believe that every day Is Christmas in our heart, I'm sure it would be easier When that time comes to part.
