Finn-Kennedy Rites Read Saturday

Will Reside in Clarkston After May 1

A very pretty wedding took place in the Algoe-Gundry Chapel in Flint at ten o'clock last Saturday morning when Bernice Mary Finn of Flint, daughter of Harry Finn of Mt. Morris, became the bride of Harold Gault Kennedy, son of Mr. and Mrs. William J. Kennedy of North Branch.

The service was read by the Rev. W. Harold Pailthorp, cousin of the bride and pastor of the First Methodist Church of Clarkston, in the presence of about fifty relatives and

Ferns, palms, pink and white roses, snapdragons and lilies were used at the front of the chapel to make a

beautiful setting for the ceremony. The bride wore a pink suit with beige accessories and a corsage of gardenias. Her only attendant, Dorothy Sanford, of Flint, wore a blue redingote with navy accessories and a corsage of pink roses.

Mr. Kennedy was assisted by Hugh I. Hill of Flint.

Mr. and Mrs. Kennedy left for Florida and on their return, about May 1, they will make their home at 155 North Main street, Clarkston.

Those from Clarkston who attended the wedding were Mr. and Mrs. Durand Ogden and Mrs. W. Harold Pailthorp.

Few Scouts Out To Meeting Monday

Two boy scouts attended the regular meeting at the school on Monstudying for his first class and Norman Johnson who passed his tenderfoot test.

With this attendance record it appears that the disorganization of the Clarkston Troop is not far distant.

Eternal Life

Defiance to the scoffers fling When buds come out and it is spring, For here is proof that we can see That life goes through eternity.

Last fall they thought the earth was dead

When leaves were stripped from off the head

Of maple, oak and poplar tree, And they were naked as could be.

As snow blew down that yonder slope There passed their last faint glim- rapidly. mering hope,

That they would ever live to see The nowers bloom upon the lee

But now in woods and pasture lot Bloom cowslip and forget-me-not, And last year's birds come back to

The same as they have every spring. And longing fills the hearts of men To contact mother earth again. And give their talents one more fling

At making gardens in the spring. It's hard to make myself conceive That there are those who yet believe, That death is such a gruesome thing With resurrection every spring.

Conservation Notes

Well planned shrubbery plantings as well as nailing up bird houses will help home owners have colorful birds with cheery songs nesting in their berry, elder and dogwood, grouped about some taller sumac, juneberry and juniper is one good food-producing combination.

Feeding the Family From the Farm

"No family in the world is in better position to have good meals made up of good foods than the typical Michigan farm family. The variety of crops grown within the state demonstrates that."

That is the preface to "Feed the Family from the Farm," a new publication prepared at Michigan State College for distribution in the state by the extension service in agriculture and home economics. Copies are available by writing the Bulletin Room at the college, East Lansing.

The brief bulletin actually includes space for a work sheet on which a family can estimate amounts of principal foods needed, how much of these can be produced on the farm and how much needs to be purchased.

Typical requirements per person include yearly amounts of 92 gallons of milk, 26 to 39 pounds of butter tables the estimates per person annually call for 120 pounds of green or yellow vegetables, 120 to 150 lbs. of potatoes, 100 pounds of green or vitamin-bearing substitutes and 110 pounds of other vegetables.

Poultry products for a year include 30 dozen eggs and 35 pounds of fowl. The bulletin suggests 100 to 115 lbs. of dressed meat from beef, pork, lamb, rabbit, game or fish, plus 15 to 20 pounds of lard. Fresh or stored fruits 175 to 200 pounds, plus 30 to 45 quarts of canned.

For sweets, 50 to 70 pounds of sugar, honey or maple syrup is a good average and about 150 to 175 pounds of flour and cereals.

HOLLY THEATRE

Out of Zanesville, Ohio, at the turn of the century, came a young man destined to become famous as a Christian Teaching Concerning the plainsman, sportsman, and author. Called "the most widely read author in his own country," Zane Grey represented more than that-he was a valve by which Americans from all walks of life let off steam-themedlum of escape from everyday life. His latest story, "Western Union,"

has just been brought to the screen by 20th Century-Fox in vivid Technicolor. The impressive cast includes Robert Young, Randolph Scott, Dean Jagger, Virginia Gilmore and a supporting troupe of thousands: Inheriting the Indian blood of his

HAVE YOU EVER HEARD anyone say about Pontiac, "Yes, it's a fine car, all right. Big, good-looking, easy to handle. But it's too rich for my blood"? If and when you hear such a statement, you can be sure of one thing. The man who's talking has never owned a Pontiac.

As a matter of fact, both buying and driving a Pontiac are much less expensive than most people realize.

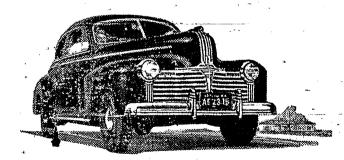

Pontiac prices are so close to the lowest that the difference in monthly payments is almost unb lievably small.

And m y owners claim that they operate their Pontiacs for less than they formerly

spent on much smaller cars. Before you decide that a new Pontiac "Torpedo" is too rich for your blood, we

suggest that you talk to a Pontiac owner who formerly drove a lowest-priced car. Then see your Pontiac dealer and ride in one, drive itand get all the facts and figures which prove that, if you can afford any new car you can

RATES ON MICHIGAN BELL LONG DISTANCE CALLS REDUCED

700,000 CUSTOMERS WILL SHARE REFUNDS OF \$1,500,000

The Michigan Bell Telephone Company is moving promptly to comply with the order of the former Michigan Public Utilities Commission, which has just been upheld by the State Supreme Court, to reduce intrastate long distance rates to the level of interstate rates

That will mean savings of approximately \$700,000 a year to long distance users, based on present volume of usage.

Messages will be charged at the new rates as soon as the new tariffs can be filed and are accepted by the Michigan Public Service Commission. Until then, messages will be charged at the old rates and will be subject to later refund.

TO REFUND \$1,500,000

Under the order, the Company will make refunds or credits of the difference between the intrastate and interstate rates paid by its long distance customers since August 1, 1938, effective date of the order. That money, totaling \$1,500,000, has been impounded in a bank designated by the Court, without interest.

More than 65,000,000 long distance call records, involving the accounts of 700,000 users of the service must be checked. Therefore, it will be some weeks before the refunds or credits can be made or information given with regard to specific accounts. However, in the interest of speeding the work, the checking has been started.

WORK WILL BE SPEEDED

The Company will at once request a supplementary court order authorizing methods to be followed in making the returns.

Calls made within the state between points more than 42 miles apart are affected.

As soon as additional information becomes available with respect to the method of making the refunds or credits it will be advertised in this paper.
