#### Saturday, May 24 Will Be Poppy Day

On Saturday, May 24th, bright red poppies will remind you of those who made sacrifices during what is now called the first World War. There is no fixed price for these poppies, you are privileged to give what you wish. The proceeds are used to help those who are still paying in steady installments the war's bitter debt of suffer-

ing and privation. Let us vision if we can the war torn countries and Flanders Fields where the bright red poppies once grew row on row and on May 24th let us wear a poppy not only as a flower of memory for the dead but as a flower of hope for the living. Be generous on Saturday, May 24.

#### Many Twins Attend Mother's Day Service

The Mother's Day service at the Waterford Church was well attended. It was interesting to note that there were four pairs of twins in the congregation and if Mrs. Elizabeth Britten had attended with her Mrs. Emaline Hurd, there would have been five pairs. This was an unusual incident and one that does not occur in every church service. The twins included Jean and Jeanette Allen, Dale and Dean Secord, Norman and Nancy Shock and Russell and Ralph

#### Mother-Daughter Banquet Sponsored By Literary Clubs

The parlor of the Methodist Church was the scene of a delightful occasion on Wednesday evening when the Senior and Junior Literary Clubs joined in sponsoring a Mother and Daughter Banquet.

The clubs feel that the affair was a success from start to finish. First the dinner served by the W. S. C. S. of the church was delicious. Second was the program prepared by a committee from each club working together. The program was as follows: Community singing led by Mrs.

Willoughby. Welcome by Mrs. Lee Clark, Presi-

dent of the Senior Club. Two lovely vocal solos by Mrs. Orlo Willoughby, with Mrs. W. H. Pailthorp at the piano.

Response to welcome by Mrs. Chas. St. Johns, President of Junior Club. The speaker, Mrs. Myrtle Labbitt, was introduced by Mrs. Lee Clark, and she gave a very interesting talk, which was enjoyed. At the close of her talk, she favored the group with a very humorous skit, portraying a

Swedish maid in a local home. In closing, the group sang "Blest Be the Tie That Binds", and adjourned feeling that they had spent a very worthwhile evening.

UNTIL YOU'VE ENJOYED the luxury of automatic hot water in your home, you can't imagine what a boon it is, It's ready at the turn of the faucet, the minute you want it. It saves time and steps; it brings new convenience and comfort; it never needs attention.

Users say-"It's the finest thing in my house!" "Continuous hot water without any care or worry." "Could not keep house without it." You'll echo these statements a dozen times a day, every time you call upon it for washing dishes, cooking, laundering, housecleaning, baths, and countless other household uses.

FIVE THOUSAND of your neighbors have discovered the advantages of automatic electric water heating. It's easy to have it for your home-no matter how small. Many 4-room houses now enjoy electric hot water and pay only \$1.98 a month. See your plumber, electrical dealer, hardware or department store today. Or stop in at any Detroit Edison office. According to all reports, income taxes are to be trebled this year. Would it not be wise to begin setting aside a reserve for that purpose.

A record never before approached!

★When the 29,000,000th Ford rolled recently from the assembly line, an alltime record for the industry was set. 29,000,000 units built by the same management and all bearing one name-a name that has become one of the bestknown trade-marks in the world!

It is significant that this achievement comes at a time when our country is making a mighty effort to re-arm swiftly. For to further that effort, to help speed it along in any possible way, we have offered the vast facilities of the Rouge Plant and every ounce of our experience.

As you read this, a new \$21,000,000 Ford airplane engine plant, started only last fall, is nearly completed. A new magnesium alloy plant, one of the few in the country, is already in production on lightweight airplane engine castings. Work is right now under way on a new \$18,000,000 plant for mass production of big bomber assemblies. Orders have been filled for military vehicles of several types, including army reconnaissance cars, staff cars and bomb service trucks.

In the midst of this activity for National

Defense, building the 29 millionth Ford

car is simply one part of the day's work. The public has acclaimed the 1941 Ford car as the finest in Ford history. Ford Dealers are enjoying their greatest sales

and expecting their best year since 1937. It is good to be producing the things America needs, and to be setting records
