FIRST STUDENT RALLY A SUCCESS

The inclement weather drove us inside the gymnasium for our rally Friday evening. The rain had dampened everything but the spirit of the student body. We sang songs, cheered, and listened to Coach Thayer, as he described the game with South Lyon. Our cheer-leaders, Betty Ash, Margaret Anne Beattie, Norma Davison and Evelyn McCann, appeared in their new uniforms, and do we like them! We were served cider, doughnuts and apples by members of the Rotary Club. The rally ended in a torchlight parade through the village, led by Stu Baynes and the football men.

Later in the evening, a dance was held in the school gymnasium. The gym had been very tastefully decorated, in orange and black, by the Sophomore class. Prizes for the best male costumes were awarded to Stanley Perrin, Marilyn Molter, and Norman Johnson. They appeared as a soldier of World War I, a traveling salesman, and a tramp, respectively. Mrs. Jackson won the first, female prize as a fortune teller; Frances Molter won second prize as Bo-Peep; and Doris Boynes won third prize with her gypsy costume.

On the whole, the Halloween activities were well-attended, well-directed, and well-behaved. Several citizens of the village have gone out of their way to express their approval of the entire scheme. Keep up the good work, Student Council.

ATHLETICS

High School Team Finishes Strong
South Lyon Defeated 18-0
Our football-playing reporters failed us, and we had to call upon "Doc" to write the story of the game:

"Don Appleton, acting as captain, won the toss and chose to defend the north goal, to take advantage of the northeast wind. South Lyon elected to receive. Clarkston held, and South Lyon was forced to kick. The Clarkston line rushed the kicker and he punted out of bounds on the 50 yard line. The remainder of the first half was a see-saw affair between the South Lyon 20 and 50 yard stripes. Clarkston failed to capitalize on several scoring chances, because of the wet, soggy ball, which caused several fumbles and made it all but impossible to pass. The score at the end of the first half stood at 0-0.

"Because of the weather conditions it was decided to resume the game without the customary 15-minute intermission. (Doc found time, however, to make a tear-jerking plea to his men at the half.) Clarkston gained possession of the ball near midfield and, on the first attempt, pulled a "sleeper" play. A long pass from Bill O'Rourke to Edwin Ross, with Edwin making a nice run after the catch, resulted in the first score of the game. The attempted place kick for the extra point was no good. Clarkston soon gained possession of the ball after South Lyon had received the kick off. A pass was made to Edward Ross. After making the catch Edward found himself surrounded by tacklers; he reversed his field, picked up his interference, and ran for a touchdown. Again the extra point was missed. Score at end of 3rd quarter, 12-0.

"Near the middle of the 4th quarter Clarkston made its last touchdown. Starting from a box formation, Dave Wainman went around right end, behind nice interference, and raced 4 yards for the touchdown. The remainder of the game was spent deep in South Lyon's territory, but South Lyon managed to keep us from scoring.

"South Lyon used most of its secondary right behind the line on defense. This made it hard for Clarkston to use its running attack. It was an ideal set-up for passes but passes were difficult to complete. It is believed by the local followers that a much higher score would have resulted on a dry field.

"This game marked the final appearance of several linemen: namely, Paul Sutton, Don Appleton, Hugh Cheeseman, Stewart Baynes, regulars; and Bob Mitchell, reserve. The shoes of these boys will be hard to fill next year, especially Cheeseman's, which are size 14.

"With the backfield remaining intact, with several linemen back, and several promising reserves coming up, prospects are bright for a good team next year."

Refreshments were served and everyone said that it had been a most enjoyable evening.

MAGAZINE SALE ENDS

Our annual magazine campaign closed Monday morning with a total sale of \$271.50. This is the best record that the school has ever made, and we are very pleased. Highest individual salesman of the school was Margaret Wedge, of the Sashabaw District, who sold \$21.50. Second-highest sales were made by James Waterbury, with \$18.50 to his credit. Margaret is a seventh-grader and Jim is in the eighth grade.

The Student Council rewarded the seventh-graders very handsomely, with free tickets and the transportation to a roller skating party at Orion on Wednesday last. The members of the eighth grade who had contributed to the sales were treated by the Council.

CHRISTIAN SCIENCE CHURCHES

"Adam and Fallen Man" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, Nov. 9.

The Golden Text (Ephesians 4:22, 23) is: "Put off concerning the former conversation the old man, which is corrupt according to the deceitful lusts; and be renewed in the spirit of your mind."

Among the Bible citations is this passage (Romans 12:1): "I beseech you, therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.492): "Being is holiness, harmony, immortality. It is already proved that a knowledge of this, even in small degree, will uplift the physical and moral standard of mortals, will increase longevity, will purify and elevate character."

The semi-annual meeting of the North-East Oakland County Sunday School Association will be held at the Clarkston Methodist Church on Tuesday night, November 18th. All persons interested in Sunday Church School work should attend.

Flying Blind

All through the cold November night, I hear those honking geese in flight, And though their flight I can not see, They're headed south in perfect V.

They're two of life's great mysteries, The flight of geese and honey bees. Man can't find out just how they know the very way that they should go.

Just why their life should be a prize, Is something hard to realize, They dedicate their whole life span, To furnish food for thankless man.

Somewhere the orders must be sent, To keep these creatures so intent On doing tasks laid out for them, Promoting life for earth, born men.

And so with humans it's the same, And insignificant's the name. All men are forced their all to give, That other men may better live.

And they are guided through the night, The same as geese on southern flight. For man or birds God don't intend, To ever know where flights will end.

On the evening of November 4th about 5:00 o'clock many interested Clarkston residents were delighted to witness the water in the Mill Pond finally flow over the over-flow dam near Mrs. Lambert's residence. The people in this district have taken the water in the pond for granted for a great many years and it was almost impossible to get used to the dry ditch that existed there this past summer. Now that the pond is full again, and free from weeds and the muck that has been accumulating for years, the result of a careful job done by Mr. Ford the people of Clarkston have just cause for pride and should make an effort to keep the place as clean and beautiful as it is right now.

Following fifteen years as a program director for the Young Men's Christian Association of Omaha, Chicago and St. Louis, Mr. Campbell has been devoting his time to the leadership of music in conferences, conventions, leadership training courses in university summer schools, institutes, camps and civic organizations.

Mr. Campbell says, "Everybody loves to sing."

This is the first program of this kind in Oakland County and a large attendance is anticipated. Other counties have had many fine gatherings of this kind which have been very successful.

Both High-Priced Car Owners and Lowest-Priced Car Owners are Switching To Pontiac this year

Pistons provide an excellent example of the 1942 Pontiac's quality. These light alloy iron pistons are exactly the same type as used in past years in over two million cars. Bearings, connecting rods and other vital parts also remain unchanged.

THE FINE CAR WITH THE LOW PRICE—GENERAL MOTORS' MASTERPIECE

THIS YEAR, the ratio of new Pontiac Torpedoes being bought by former owners of high-priced cars and lowest-priced cars is greater than ever. Expensive car owners are finding that the 1942 Pontiac enables them to reduce their motoring costs and still enjoy the ownership of a car that is big, impressive, comfortable and of the finest quality. Lowest-priced car owners are switching to Pontiac because the difference in price is so

slight that they say it's hardly noticeable—and Pontiac gives them finer performance, a better ride, greater handling ease and increased safety plus record, all-around economy. Naturally, Pontiac engineers were able to achieve such quality without interference with critical materials essential to national defense. Your present car may cover part or perhaps all of the down payment on a 1942 Pontiac. The balance may be paid in monthly installments.

AVAILABLE AS A SIX OR AN EIGHT IN ANY MODEL

Proud To Be Doing Our Part

Pontiac is doing its part for National Defense by building a new type of rapid-fire cannon for the United States Navy. Two plants, covering 426,123 square feet of floor space, have been devoted to the manufacture of these cannon. Thousands of craftsmen have been trained for the highly technical machines. This means building fewer cars—but Pontiac places defense work ahead of everything else.

MRS. FISHER'S ROOM
By Floyd Tower
Before our Hallow'een Party, the girls of our room surprised the boys with a clever play and song.

Last week we had a good spelling record. Twenty-four out of thirty-seven had straight A's.

The fifth graders have just completed the New England States and are now starting the Middle Atlantic States.

We are very sorry to have Leon Dickman leave the 5th grade. Our room has received new library books and we have chosen librarians, who are David Yoh and Martha Clack.

CLASSROOM NEWS
by Miss Cohen
English 10 is learning how to make outlines (both word, topical, and sentence) and how to organize material correctly for a long theme paper.

English 9 classes are beginning a unit on Sir Walter Scott's "Lady of the Lake". At the conclusion of this study, the classes should have gained not only some appreciation of Scott as a poet, but also some knowledge of Scotch history, and an understanding of the beautiful Scotch countryside.

Public Speaking classes are completing writing the story of their lives—individual autobiographies.

English 8 class is learning the structure of a good English sentence—and also its correct punctuation.

MISS BIRKHOFF'S ROOM
The Kindergarten and First Grade children had a grand time at their Hallow'een party.

SIXTH GRADE
Mrs. Vliet
Our Hallow'een part was a gala event. Charles McGee was master of ceremonies, assisted by Barbara Rioux, Noreen Moore, Wayne Longair and Roy Wegman in charge of games.

were awarded by class vote to Dean Anderson and Wayne Longair. A committee from the Seventh Grade judged the Jack-O-Lanterns. Winners were Barbara Rioux and Billy Ludwig.

Marilyn Kennedy and Robert King are now enrolled in our grade. We are having a spelling contest Girls vs. Boys. So far the boys have won every week.

Ten of our classes are enrolled in piano groups.

Good eats for whales, why not for humans? Uncountable tons of edible, though microscopic plankton, which the big sea mammals strain out of the ocean, now available to replace food cut down by war—and those who've tried it say it's pretty tasty at that. Read of this surprising new plan to offset England's food shortage in The American Weekly, the magazine distributed with next week's Sunday Chicago Herald-American.
