## The Federation of The World

As we look forward to the year, We see a world that's full of fear, A world that's mustered all its might And armed itself that it might fight As never it has fought before On any front in any war.

As we look forward to the year, There's naught to give us any cheer, Unless we look past battle lines Where comes the day of better times, When man and arms have all been spent And peace reigns on the continent.

As we look forward, I can see Great things to come for you and me If it is planned that we should live, That contributions we might give That wars with men forever cease, And we might have an endless peace.

As I look past these gloomy days, Great glories there attract my gaze, When armies, navies, submarines, And all death dealing war machines Will pass forever from the world, And one great flag will be unfurled.

As I look forward thru the year, There's much to fill my heart with cheer If we insist on what is right, When comes the close of this great fight, One glorious flag will be unfurled— The Federation of the World.

## Miss Beardslee Is Wed to Mr. Parker

Candlelight Service Is Read in Church by Rev. Pailthorp

Miss Genevieve Lynette Beardslee became the bride of Mr. William Oliver Parker at a candlelight ceremony performed at eight o'clock last Saturday evening by the Rev. W. Harold Pailthorp in the First Methodist Church in Clarkston. The bride is the daughter of Mrs. Alvin A. Beardslee and the late Mr. Beardslee and the bridegroom is the son of Mr. and Mrs. Thomas L. Parker.

The vows were spoken before a background of white chrysanthemums against the candelabra, a lighted cross high above the back of the altar furnished the light for the service.

The bride, who was given in marriage by her brother, George Beardslee, was charming in white satin brocade fashioned with a long fitted bodice, a floor length full skirt and bracelet length sleeves. The only trimming on the gown was the shirring at the top of the bodice and at the elbows. She wore a tiara of white carnations and carried a white prayer book topped with an arrangement of white carnations. Her only jewelry was a necklace of iridescent pearls.

Miss Shirley Douglas of Clarkston, as maid of honor, wore pale pink chiffon made similar to the bride's gown. Her tiara was of pale pink carnations. Little Miss Martha Atkins, cousin of the bride, acted as ring-bearer. She wore a floor-length, deep pink taffeta gown with pale blue velvet streamers from the waistline and hebe chrysanthemums in her hair. She carried the ring on a white satin pillow.

Duane Hursfall was the best man and seating the guests were Alvin Beardslee, brother of the bride; Lynn J. Beardslee of Detroit, cousin of the bride; Gordon Parker of Drayton Plains, brother of the groom and Charles Myers of Dearborn, nephew of the groom.

Mrs. Charles Matthews of Clarkston presided at the organ and before the ceremony Mrs. Fielding Ireland of Detroit, the bridegroom's sister, sang "Because" and "I Love You Truly". Mrs. Ireland was gowned in wine velvet.

Mrs. Beardslee wore a powder blue crepe gown and a corsage of gardenias and Mrs. Parker wore dark blue lace and a similar corsage.

After the ceremony a reception for 125 guests was held in the church parlors where a three-tiered wedding cake, topped with a miniature bride and groom, centered the bride's table, flanked on both sides by silver candelabra. A color scheme of green and white was used on the table and about the room. Mrs. Clarence Merton served the cake and Mrs. Ada Mills and Mrs. Roy Addis poured.

Guests were present from Detroit, Dearborn, Ferndale, Pontiac, Drayton Plains, Walled Lake, Holly and Bay Port.

The bride and groom are well known in Clarkston having attended school here and having graduated from the local High School, Mrs. Parker in '36. Mrs. Parker graduated from the Michigan State College in June, 1941 and is now in charge of the Home Economics department in the High School at Bay Port, Mich., and Mr. Parker is a Senior at the Michigan State Normal College in Ypsilanti. He is affiliated with Phi Sigma Epsilon.

## You are Asked to Save Waste Paper

A letter from Leon Henderson, Administrator, in the Office of Price Administration in Washington, to H. W. Huttenlocher, Mayor of Clarkston, states that a National Waste Paper Conservation Campaign is rapidly getting under way and enlists the assistance of every community in stimulating its collection.

He says "As you know, waste paper is vital to defense because it is the principal raw material for the paperboard containers used to ship defense materials. Department of Commerce figures show that about three-fourths of the paper produced in the United States each year is burned. We must stop the burning of old newspapers, corrugated boxes, magazines and waste basket paper so that a lack of paperboard containers will not become a defense bottleneck."

If some of the organizations in Clarkston would be responsible for the collection it would be a fine idea. However if the Boy Scouts, Girl Scouts, Sunday School classes or any other group wishes to undertake this work they should get in touch with Mr. Huttenlocher or any member of the village council.

## Clarkston Locals

Jan. 6th—Tuesday night the Clarkston Junior Literary Club will meet at the home of Mrs. Guy Scott.

Jan. 7th—Wednesday afternoon the Methodist WSCS will meet at the Clarkston Methodist Church. A luncheon will be served at 12:30. The public is invited.

Rena is the daughter of Mr. and Mrs. Ray Lowery of Fenton. She has been a patient in the Children's Convalescent Home in Farmington most of the past seven years, having been stricken at the age of three with a strange malady which will not permit her to eat certain foods. She later suffered an attack of infantile paralysis, a ruptured appendix and removal of her tonsils.

Rena was chosen from among thousands of children to do the honors in Detroit on Christmas Eve because of her cheerful disposition and her uncomplaining attitude during her years of suffering. Rena was taken to Detroit's City Hall in an ambulance and after throwing the switch to light the largest Christmas Tree Detroit has had in twenty-seven years Rena was presented with a doll by Miss Ernestine Kern.

Doctors say that Rena will be back home before long, well enough to walk with the aid of a brace.

## Obituary

Mary Eva Baker  
Mary Eva Baker, 83, of 37 North Holcomb, Clarkston, died Friday afternoon at 3 p. m., following a three day illness. She had been a patient at St. Joseph Mercy hospital, Pontiac, for one day. Mrs. Baker was born in Ridgeway, O., Dec. 22, 1858, and had lived in Oakland county for 16 years and in Clarkston for six years, coming here from Auburn Heights. She was a member of the Church of Christ. Surviving are one son, George Lindsey of Clarkston; a sister, Mrs. Emma Baker of Ridgeway, O., a brother, Bert, of Forest, O., and three grandchildren.

Funeral service was held Monday at 2:30 p. m. from the Ogden-Kennedy funeral home. The Rev. W. Harold Pailthorp of the Clarkston Methodist church officiated. Burial was in Lakewood cemetery.

## Santa Claus Greeted By Many Children On Christmas Eve

At about 6:30 on Wednesday evening the crowd began to gather on Main Street in Clarkston to be ready for the program at seven o'clock and the arrival of Santa at 7:30. A public address system was used and promptly at 7:00 the choir in charge of Mr. T. S. Boyns sang a number of Christmas carols. The music was provided by several high school boys on trumpets and brass horns. The Rev. W. Harold Pailthorp led in prayer and the Rev. Walter C. Ballagh gave a short talk. The American Flag was then presented in a very unique way, the idea of L. C. Megee. The flag was mounted in a huge black box and so arranged that it was kept waving in a strong breeze and flood lights were used in the box to make the flag visible for a great distance. The assembly then sang one verse of the Canadian National Anthem and one verse of "America". After a few more carols the announcer asked the crowd to make ready for Santa as he drove down North Main Street with his pony and red cart. Someone must have known just what route Santa would take because riding on the seat beside him was little Kay Robinson of Clarkston. He was greeted with loud cheers and he immediately got busy and distributed red socks full of candy.

## Grandchild of Clarkston Residents Lights City Tree

One of the happiest occasions, so far, in the life of ten-year-old Rena Lowery, granddaughter of Mr. and Mrs. Floyd Lowery of Clarkston, occurred on Christmas Eve when she threw the switch which lighted the municipal Christmas tree on the City Hall lawn in Detroit.

Rena is the daughter of Mr. and Mrs. Ray Lowery of Fenton. She has been a patient in the Children's Convalescent Home in Farmington most of the past seven years, having been stricken at the age of three with a strange malady which will not permit her to eat certain foods. Calcium Metal Is Valuable in Defense

Michigan today is capable of satisfying rapidly increasing domestic demands for calcium metal, for which the United States only a few years ago was almost completely dependent upon France and Germany.

One of the most important bases used in processing other essential metals, calcium now is produced in sufficient quantity at Sault Ste. Marie in the upper peninsula, to fill present needs, and production can be expanded to meet defense requirements.

Cheap labor had been one important factor favoring importation of calcium metal from European countries.

United States production methods are being perfected, however, to match European prices. In 1939, the year in which Sault Ste. Marie began producing, imports of the metal amounted to 41,719 pounds.

Calcium metal is used to produce particularly clean stainless steel, to refine aluminum, and to maintain lead in an emulsified state in high lead-bearing copper alloys.

Other uses are being found for it by American engineers since it has become available in this country.

Protein Vital In U.S. Health Defense Effort

An army of nutrition workers, scientists, physicians and others in the public health field are engaged in an all-out health defense effort to conquer malnutrition, now recognized as America's No. 1 health problem.

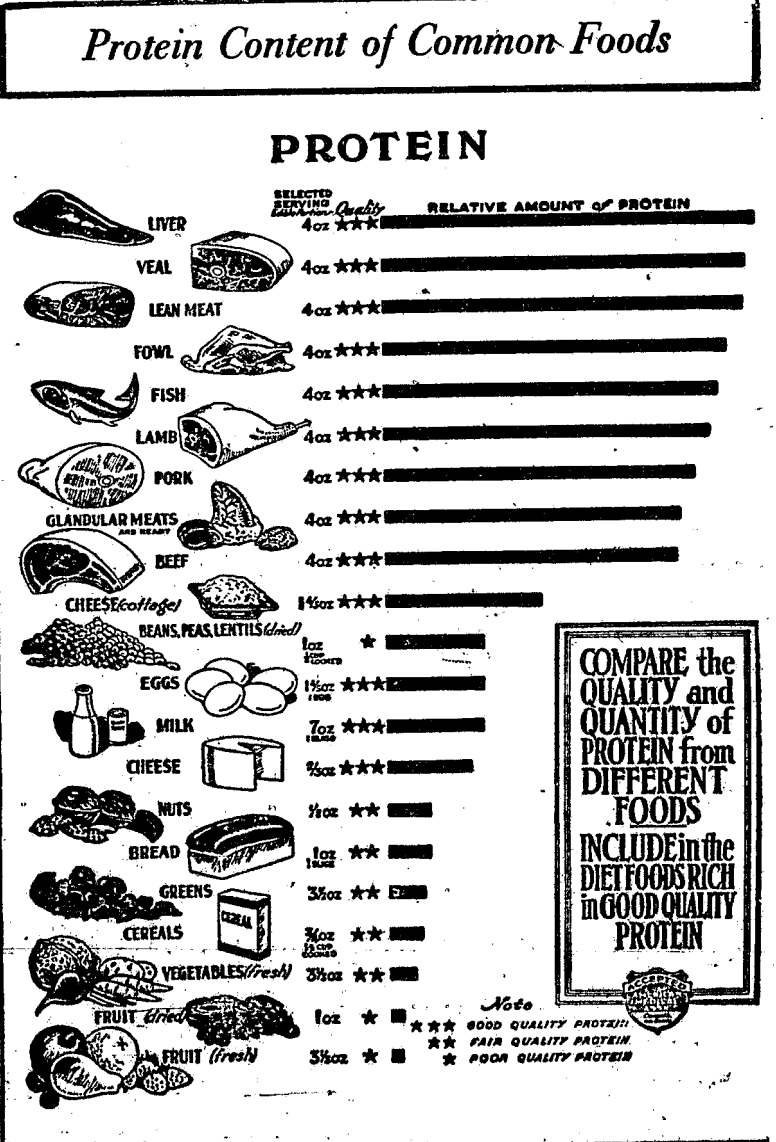

In this program to make America strong by making Americans stronger, feeding the family is the homemaker's most important task. It is a task made easier by a knowledge of good nutrition and of the factors necessary in an adequate diet.

Value of Protein Among the diet factors, protein ranks first as a body-builder. About 18 per cent of the human body consists of protein. No life exists without it. Protein is necessary for building and repairing body tissues. It furnishes energy and it also enters into the structure of certain hormones which have a specific action on vigor and general efficiency.

The word, "protein" was coined in 1838 by Mulder, a Dutch chemist, from the Greek word, "proteios," meaning "in first place." Proteins differ greatly because they are made up of various amino acids known as "building stones."

When protein is digested these amino acids are set free and are reconstructed to fit the needs of each body cell. A plentiful protein supply is imperative for good health. Persons subsisting on low-protein diets show slowness in mental reaction, lowered resistance to disease and other ill effects.

Protein in Reducing Diet Contrary to former beliefs that high protein diets cause kidney disease, physicians now use such diets in treating kidney ailments. Dr. Leo K. Campbell, Rush Medical College, Chicago, has shown that on diets high in protein, even-weight persons lost 8 to 12 pounds monthly. He also proved the value of a high-protein diet for weight gaining.

Because they contain all necessary amino acids, proteins of animal origin—meat, milk, cheese and eggs—rank highest nutritionally and are called "complete" proteins. Half of the daily protein intake should be of animal origin. Glandular meats, such as liver and kidney, contain protein of exceptionally high value. Sources of Protein The accompanying chart, carrying the seal of acceptance of the Council on Foods and Nutrition of the American Medical Association, shows the relative amounts of protein furnished by different foods, based on average servings. Three stars opposite a food indicate that its protein is of high quality. A sufficient daily protein supply of animal origin is furnished by 2 servings of meat, or by 1 serving of meat, 2 glasses of milk and 2 eggs. The additional protein needed in the diet may be obtained from more of these foods and from cereals, legumes, etc.

## Happy New Year from Betty Barclay

You can serve this shore dinner treat for New Year's dinner, no matter how far you live from the sea, if you use quick-frozen foods. They're time-savers for the busy cook, because fruits, vegetables and fish were cleaned, sorted and trimmed before quick-freezing sealed in vitamins and fresh flavor.

**Oysters Indienne**  
1 box quick-frozen oysters, thawed  
4 tablespoons butter  
1 cup oyster liquor and rich milk  
1 1/2 tablespoons flour

Dash of salt  
Dash of pepper  
1/2 teaspoon curry powder

Sauté oysters very gently in 2 tablespoons butter until edges begin to curl. Remove from fire. Drain, reserving liquor; add rich milk to make 1 cup. Melt remaining 2 tablespoons butter in saucepan and stir in flour and seasonings. Add oyster liquor name until thickened, stirring constantly. Add oysters and heat thoroughly. Serve with boiled rice.

**Serves 4.**  
This year because of our Government's new emphasis on nutrition, the up-to-the-minute hostess will consider nutritive value as well as palate appeal when filling the punch bowl for the family open-house on New Year's Day.

So if you would drink a toast to the New Year in health as well as flavor try this recipe which begins with a generous supply of canned unsweetened pineapple juice from sunny Hawaii, which, incidentally, is a good source of both vitamins B1 and C.

**New Year's Punch:** Place one quart of vanilla ice cream and one quart of lemon sherbet in a large punch bowl. Add one quart of unsweetened Hawaiian pineapple juice which has been well-chilled in the can before opening. When sherbet and ice cream have begun to soften beat until frothy with a rotary egg beater. Add one quart of well-chilled pale dry ginger ale. Stir briskly and serve at once. Sprinkle each serving with 4 quarts.

**Sweet Dreams Punch**  
4 cups freshly made, chilled decaffeinated coffee  
1 1/2 pints ice cream  
Grated nutmeg

Pour the decaffeinated coffee over a pint of ice cream in a punch bowl. Put in a big mixing bowl and beat with an egg beater until the ice cream is partly melted. Add additional ice cream in spoonfuls to the punch. Sprinkle with grated nutmeg. Vanilla coffee or chocolate ice cream combines well with the coffee flavor.

Crackers, toast and potato chips are a tempting foundation for canapés spread with all-American cheeses to serve if you keep open house on New Year's Day. In spite of the emergency, there are abundant supplies of such epicurean favorites as Brie, Camembert, Swiss and Liederkrautz cheese, all with made-in-America labels. The cocktail cheese spreads, too, such as pineapple and relish, pimiento, sharp American and limburger, are delicious for canapés.

These cheese spreads now include a Blue cheese; although supplies of Roquefort have disappeared, American-made production of Blue cheese can be depended on to delight the most discriminating epicures.

**Pacific Coast Fish Salad**  
1/2 cup lemon pulp and juice  
2 cups shredded lettuce  
1/2 cup finely chopped celery  
2 cups flaked tuna or salmon  
2 tablespoons minced pimiento

Combine. Serve with lemon mayonnaise. (Serves 6.)

**Limas in Tomato Sauce**  
2 cups cooked, dried Limas  
1 tablespoon finely chopped onion  
1 tablespoon butter or bacon fat  
1/2 teaspoon salt  
1/2 teaspoon pepper  
1/2 cup strained tomato or tomato sauce

Cook onion in butter 5 minutes; add tomato, salt, pepper and Limas. Heat to boiling point.

You and your guests can toast the New Year without qualms over sleeping problems if you serve this spicy punch, made with decaffeinated coffee.

**Party Fun Recipes**  
Game inventors have tackled the hostess's traditional party bugaboo—the missing fourth—and devised a new crop of quick-action parlor sports that welcome both odd and even numbers of players. Thumbs Up, a game version of V for Victory, is a new favorite any number can play. Bonanza, a light-hearted blend of Michigan, rummy and poker technique, is typical of the trend to informality.

Here's a streamlined version of word building game with hints: picks, is another favorite that's adaptable to any number.

**Golden Mountain Rennet-Custard**  
1 package orange rennet powder  
1 pint milk, ordinary or homogenized  
2 teaspoons lemon juice  
1/2 cup apricot pulp  
1/2 cup sugar  
1 egg white

Make rennet-custard according to directions on package. Then chill in refrigerator. When ready to serve, beat egg white until stiff. Add sugar gradually until thoroughly blended. Add apricot pulp (prepared by rubbing cooked apricots through a sieve) and lemon juice. Heap the glasses of rennet-custard with apricot whip, and, if desired, garnish with sections of sliced orange.

Home made ice cream that's magically smooth and creamy is a real treat for New Year's dinner dessert.

**Magic Tutti Fruitti Ice Cream**  
(Automatic Refrigerator Method)  
1/2 cup (7 1/2 oz. can) sweetened condensed milk  
1/2 cup water  
1 1/2 teaspoons vanilla  
1 cup whipping cream  
1/2 cup finely chopped maraschino cherries  
1/2 cup seeded raisins, finely chopped

Mix sweetened condensed milk, water, and vanilla. Chill. Whip cream to custard-like consistency. Fold with cherries and raisins, into chilled mixture. Freeze in freezing unit of refrigerator until half-frozen. Scrape from freezing tray and beat until smooth, but not melted.
