

# Tire Rationing Set Up Made Known To Townships

## Applications Will Be Made with Township Clerks

### Local Advisory Boards

Tire rationing, that all important question to most people in this area, is being brought home in the rationing set up announced this week.

Tire rationing application forms will be handled in the various townships of the County by the Township Clerks, according to word made public Wednesday.

An advisory board, called a Commodity Allocation Committee composed of the Township Clerk, as chairman; the Township Supervisor and one other local citizen preferably a man representing labor will be set up. This board has no power except in an advisory capacity at the present time.

### Inspectors

Township Clerks will have application forms for tires in their respective offices and anyone in that township who thinks he is eligible for a tire should make application there. The application, if secured, will have to be taken to a designated inspector who will inspect the tires for possibility of recapping or reclaiming. Designated inspectors have not yet been named but will be men with the required tools and knowledge of tires. The inspectors work gratis.

If the tire cannot be fixed the application goes to the County Commodity Allocation Committee for the final say where a certificate of purchase will be issued. This certificate must be used within a period of 30 days.

### Appeal

The applicant has one chance of appeal from a decision of the County Committee. This appeal must be made to the State Commodity Committee.

# Clarkston Young People To Observe Anniversary

Herbert Baynes, president of the Oakland County Christian Endeavor Union, and Harry Jones, devotional superintendent, and Josephine Emerson, secretary, were the guests of the Christian Endeavor society of the Clarkston Baptist church Sunday evening. At that time special announcement was made of the celebration of Christian Endeavor Week, January 25-February 1. On January 24th there will be a Christian Endeavor program using local talent, broadcast over radio station WCAR, Pontiac. On Monday, January 26th, young people from every part of the county will travel the highways leading to the First Christian Church at Pontiac, to attend the annual Christian Endeavor banquet. Rev. Harry T. Bridwell will be the guest speaker. Societies throughout the county are planning meetings for C. E. week.

The executive committee of the Union will meet Saturday evening at the home of the president on West Huron St. in Pontiac to complete arrangements for this 61st anniversary celebration of the interdenominational, interracial and international organization of Christian Endeavor.

# HOLLY THEATRE

In these troubled times it is only natural for us to long for "the good old days" when our biggest worries were, convincing father that it was really 10 o'clock and not midnight when we came home last night. It is just such a chance to lose ourselves in the past that Warner Bros. offers us when they release their charmingly gay motion picture "One Foot In Heaven" at the Holly Theatre next Sunday.

The picture tells the story of an American family with its problems, paths and joy. It is a wistful tale that injects an atmosphere of nostalgia. The starring roles are played by Fredric March who plays the part of a parson, and Martha Scott, cast as his wife. Their struggle to get along and win the understanding of their fellow townfolk during the period of America's "coming of age" between the turn of the century and the end of World War I, is smoothly told, spanning those years as only the medium of the screen can do.

"One Foot In Heaven" was directed by Irving Rapper. Its fine supporting cast includes Beulah Bondi, Gene Lockhart, Elisabeth Fraser, Harry Davenport and many more. The screen play was written by Casey Robinson, from the book by Hartzell Spence.

# This Week in Defense

The President gave the signal and America's war production machinery, already rolling, switched into high gear. Today we are moving at constantly quickening speed along the only sure highway to victory—the hard and rocky road of self sacrifice.

There's not a one of the whole 131,000,000 of us, probably — man, woman or child—who won't have carried some part of the burden of this war before it is over, before the Japanese are slapped back onto their own islands and disarmed, before Hitler and his stooge Mussolini and their followers — willing and unwilling — have been made harmless. Expressed in terms of cold cash, the huge 1942

# Ice-Fishing Weather

Bright sunny days are bringing fishermen by the score to hundreds of Michigan's ice-covered lakes, to fish for perch, smelt, bluegills and crappies, and to spear pike and other fish. New creel limit on bluegills is 15, and these fish may not be caught at night nor had in possession on the ice between 6 p. m. and 6 a. m. A sample bluegill, the plump and tasty fish most popular with the majority of ice anglers, is shown here by a veteran fisherman on Houghton lake who is enjoying the sunshine in the lee of his tarpaper shanty.

program for tanks and guns and planes and ships will cost more than \$400 for every citizen of these United States.

So far the crisis in materials needed for this vast production program has been reflected chiefly in the nation's auto salesrooms and auto supply stores. So far it's been primarily a matter of cars and tires.

But already other changes are on their way, changes which will be reflected in the products displayed on the shelves of tradesmen in thousands of towns and villages when present stocks are exhausted.

Take clothes, for one thing. Clothes are going to change. They are going to look different, and they are going to be different, too. That's because we are cut off from sources of wool in Australia and New Zealand, and because so much wool is needed for military uniforms. There's from 40 to 50 per cent less wool available for civilian use this year and it's going to mean that overcoats made probably will be made out of a mixture of virgin wool and re-used wool, and that coats will be shorter and pants trousers skimpier, and an end, for the duration, of the "two pants suit".

The sweeping drive to conserve metals for war production continues, with lead—the raw material for bullets—latest on the list headed by copper and steel, tin and aluminum. Just as iron and steel priorities meant far fewer refrigerators and no pleasure autos at all; just as tin priorities are working changes in everything from cans to many articles customarily found at the five and dime stores; so with restrictions on the use of lead for civilian purposes.

Clarkston News Ads bring results.

# Auto Stickers Are Due Jan. 26

The new automobile tax stickers will go on sale in the Holly postoffice on Monday, Jan. 26.

The first sticker, which every private car or truck will have to carry after Feb. 1, will cost \$2.09. It will be good until July 1, when new stickers will be sold at the annual rate of \$5 apiece.

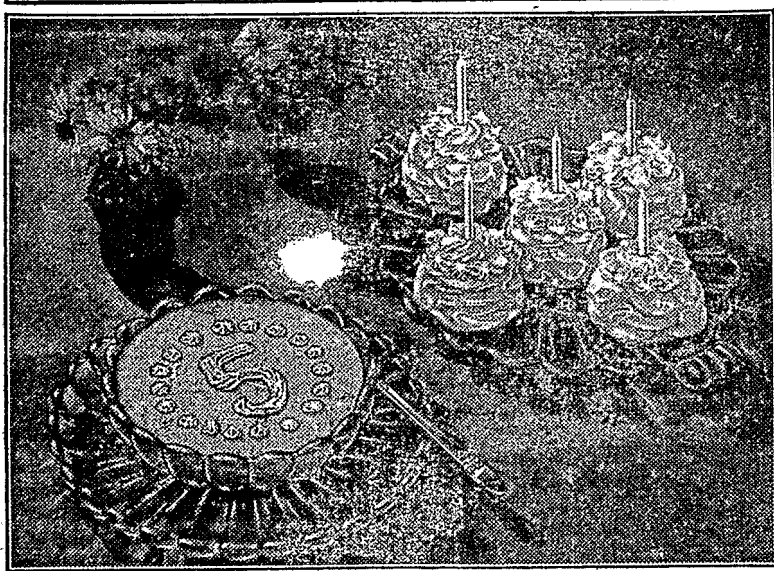

To begin with, the Treasury is going to ask motorists to buy stickers on their own initiative. A record will be kept to find out how many drivers will have to be reminded of the tax, which was enacted by Congress last fall.

The first sticker will be a green revenue stamp, showing a Liberty Bell design.

# For Birthdays and Mirthdays

Children take great delight in foods decorated with a name, a numeral or perhaps a symbol that has to do with a certain day. Adults, who are merely grown-up children, are just as pleased — and quite often much more effusive in their compliments.

The candle-laden birthday cake with "Happy Birthday" piped with a pastry tube, a frosting "five," "six," or "ten" in frosted numeral, is an old, old favorite. Frosted cup cakes with a single candle in the center are a more modern innovation.

But here is a suggestion for a decorated dessert that is just the thing to finish a heavy meal, or to serve at a mid-afternoon lunch that must be kept so light that the evening dinner will be enjoyable later. It's equally good for birthdays or mirthdays — those anniversaries, holidays or plain get-together days that are always arriving. Just change the garnishing to suit the day.

It's a healthful dish, an economical dish and an attractive dish. Serves 4 or 5.

No eggs are needed. Boiling or baking are unnecessary. What more could you ask for?

### Birthday Rennet-Custard

2 cups milk (not canned)  
1 package vanilla rennet powder  
Butter frosting tinted pink  
Set out 4 or 5 dessert dishes or custard cups. Warm milk slowly, stirring constantly. Test a drop on inside of wrist frequently. When COMFORTABLY WARM, (110°F.), not hot, remove at once from stove. Stir contents of package vanilla rennet powder into milk briskly until dissolved — not over one minute. Pour at once, while still liquid, into individual dessert dishes or custard cups. Do not move until firm — about 10 minutes. Chill in refrigerator. Just before serving, garnish by piping pink butter frosting (or whipped cream) in the form of a number representing the child's age, on the center of the rennet-custard; decorate with piped rosettes. Serve with pink frosted cup cakes, each bearing a single birthday candle. Serves 4 or 5.

# RIDIN' TRAIL BACK TO THE OLD WILD WEST

Old Scout Murphy will give you the opportunity if you read his thrilling tales, starting in The American Weekly with this Sunday's (January 18) issue of The Detroit Sunday Times. True, rip-roaring tales . . . illustrated, in full color . . . told by one of the last survivors of America's trail-blazing era. Get The Detroit Sunday Times this week and every week.

### Clarkston Locals

Mrs. Fred Steiner of Clarkston will be the speaker at the Avon Sunday School at the corner of Crooks Road and Auburn Ave., at 3:00 o'clock on Sunday afternoon.

The White Lake Presbyterian Church now has a Christian Endeavor society, organized recently by the Oakland County Christian Endeavor officers in co-operation with Rev. George A. Hill. Election of officers was held and the following elected: President, Helen Volkert; vice-president, Rebecca Harger; secretary-treasurer, Irene Schneider and sponsor, Mrs. George A. Hill. The group meets every Sunday evening at 7:30 and young people are invited.

### Start Fighting Crop Insects Right Now

Campaigns against fruit and vegetable crop insects can start right now, according to K. D. Bailey, county agricultural agent. Repair parts for dusting and spraying rigs should be ordered immediately and machines cleaned, repaired and adjusted for the season's operations.

The suggestion is in agreement with the campaign to gear up Michigan farm machinery for the 1942 operations by getting repair parts and by proper protection with grease and paint and housing. Labor shortages in the planting, growing and harvesting seasons will exact heavy penalties in production from those whose machinery fails to function properly.

Persons who maintain a voting residence in Michigan but work for the federal government outside the state may hunt and fish in Michigan on a resident license, but they cannot take game out of the state on these licenses, according to the department of conservation.

### Coming Events

Jan. 16th — Friday evening the young people of high school age of the Baptist Church will have a skating party on Park Lake. After the skating they will meet at the church and enjoy a chili supper.

Jan. 21st—Wednesday night the Clarkston P. T. A. will meet at the school. It will be "Fathers' Night" with Lee Volberding in charge.

### The Hilltopper

ANOTHER LOSS FOR VARSITY RESERVES CONTINUE TO WIN  
Walt LaPlante

On Friday, January 9, we played host to Roosevelt High of Keego Harbor. Both our teams proved consistent, the Varsity losing 14-18, and the Reserves winning 32-18.

Let us tell the good news first. Our Reserve squad has a season record of four wins to one loss, and those of

us who saw Holly beat our second team remember that it was a thriller, the margin of loss being just one point. Well, the boys worked very smoothly in the Keego contest, finishing the half with a nice lead, Adams was high-point man, with 17 points, while Jennings, playing his first game for us, came through with 8 points.

Perhaps little should be said about the first team contest. The low score on both sides does not quite tell the tale. It was a rough game, but many chances were missed. No particular advantage was evident in offense or defense for either team.

This week we play Walled Lake, at Walled Lake. The boys have several good games in their systems, and perhaps tonight is the night.

### DECEMBER DRIVING PRIZES AWARDED

The Rotary Club, represented by Mr. Robert Beattie and Mr. Robert Jones, presented the driving prizes for the month of December to three members of our student body, Alice Rose, Edwin Ross, and Edward Ross, in that order. Prizes are awarded either for careful driving or for noticeable improvement in driving. All the members of the Rotary Club who have appeared before our student body have commented favorably on the improved driving standards evidenced in the streets of the village.

Mr. Melvin Fisher added a few remarks to the effect that regular attendance at Drivers' class is one prerequisite to being awarded a prize.

### HOME ROOM NEWS

We have reached our January "low" as regards home room news. Our semester examinations are just one week away, and nothing dissipates Christmas hilarity like mid-year tests.

### MRS. FISHER'S HOME ROOM

Jo Ann Bredlow and Donald Martin are our two new students, making our enrollment 38. Jo Ann comes from Seattle, Washington, and Donald from Pontiac.

Mary Lee Volberding stood up longest in our spelling bee.

The fifth grade is doing a general review of arithmetic, in preparation for fractions.

### The Market Place

Wanted — HOUSEKEEPER, reliable, good cook. Occasional care of children. Write immediately to Henrietta Howser Cortright, 19151 Lanchashire, Detroit.

Call Clayton Frick, Clarkston 3205, for Electrical work, repairs or house wiring.

Expert Skate Sharpening, Levitt Service, one mile north of Clarkston, phone 4001.

### SEVENTH GRADE HOME ROOM

Jeanette La Belle has moved to Lake Orion. Albert Cattell has entered our home room. Albert formerly attended St. Frederick's, in Pontiac.

### MUSIC DEPARTMENT

Ethelyn Smith

The Senior Chorus has begun work on their Annual Music Program to be given the thirteenth of March. The Chorus this year has a very good balance and is very flexible. This is due probably to the larger number of boys than is usually found in High School groups. Watch for further announcements of this Choral Fantasy.

All students desiring to take music lessons during the second semester should be sure to register on the bulletin board in the music room.

### Notice of Hearing

A public hearing will be held, Saturday, January 31st, 1942, at two o'clock p. m. at the Independence Township Hall in the Village of Clarkston, Mich. on the following petition:

Shall Act Number 302 of the Public Acts of nineteen hundred thirty seven permitting the township board in certain townships to provide for the establishment of districts or zones in unincorporated areas within which the use of lands and structures, the height, the area, the size and location of buildings may be regulated by township ordinance, and, within which districts, regulations shall be established for the light, ventilation, sanitation and protection of such buildings and within which districts the density of population may be regulated by ordinance, be adopted by a district bounded as follows:

The Township of Independence, Oakland County, Michigan, excepting the portion thereof within the Village limits of the Village of Clarkston.

Dated: Jan. 10, 1942  
Township of Independence  
L. F. Walter,  
Clerk.

### The Importance of Correct Cooking to Health

Today as never before we should realize the importance of food to health. A healthy America is a strong America.

Equally important is the method by which those foods are cooked. So often in cooking, foods are robbed of their health-giving properties. In the case of vegetables, many valuable vitamins and minerals are poured down the sink when the vegetables are drained after cooking. Other health-giving properties are sometimes destroyed by over-heating and excessive contact with air.

Have you been using your gas range to the fullest advantage? You can be sure that the meals you cook will build strong young bodies and promote good health by observing the simple rules at the right.

For Greater HOME DEFENSE Cook With A Modern . . . . Health-**SAVING**, Time-**SAVING**, Fuel-**SAVING** GAS RANGE

**CONSUMERS POWER COMPANY**

L. C. MEGEE, Clarkston Representative, phone 3816

**WHAT EVERY WOMAN SHOULD KNOW ABOUT VITAMIN SAVING**

1. Use little water in cooking.
2. Cook vegetables for the shortest possible time.
3. Cover utensils to keep air out.
4. Avoid unnecessary stirring of vegetables.
5. Don't put in baking soda to brighten food colors.
6. Start vegetables in boiling water.
7. Don't throw away vegetable liquids — use them in soups or cream sauces.
8. Keep foods as fresh as possible — use dependable automatic refrigeration.
9. Serve plenty of green vegetables.
10. Serve foods soon after cooking.
11. Broiling is preferable to frying to retain vitamins.
12. Low-temperature roasting saves vitamins, minerals.
