NUMBER 27

Table Tennis Tournament to Be Held March 14-15

Secure Applications at O'Dell's Drug Store

Several Clarkston netters are expected to compete in the Waterford Table Tennis Tournament, which will be held March 14 and 15, it was announced today. This is the third annual tournament to be sponsored by the Waterford Checker and Chess Club and will be held in the Waterford school gymnasium.

An invitation is extended to all players who competed in the recent Clarkston ping pong tournament, to enter the Waterford contest. This tourney, which is sponsored annually for the benefit of the Waterford School milk fund, is expected to attract a large entry list including many ranking state table tennis players. Club officials recall that last year's meet had more than 100 entries.

A dozen divisions are planned with A and B classes in major events. These will include: Men's singles, women's singles, junior singles, veterans' singles, junior doubles, men's doubles, mixed doubles, women's doubles and veterans' doubles. The junior class is open to boys 15 years or younger and the veterans' class is for men 35 years old and over.

Applications may be obtained at the Pontiac YMCA; Perc Secord's Barber shop, 580 West Huron, Pontiac; Jacob's store, Waterford; Waterford Drug store; Maxwell Service station, Drayton Plains; or by writing the Checker and Chess club at Waterford.

Victory Without Hate

If this great battle we would win Then hate must not reside within Our hearts, for folks we've never met We must be tolerant and yet, Determined not to be undone By forces of the rising sun. Let not this nation rest its fate Upon an attitude of hate, Lest future visions may be lost In Victory, whatever the cost, And foreign people will not care Our way of life, with us to share. The soul of man engulfed in rage The help of God may not engage, And if we fight without His aid A lasting peace will not be made, A peace that's honest, just and fair To people here and over there. Yes let us all our forces use And be determined not to lose, The way of life, that we think best But in our hearts let's not detest The other man we're forced to fight Although we know our cause is right.

Robert C. Beattie.

FIFTH GRADE NEWS

Mary Lee Volberding brought a post card enlarger and showed colored pictures of the western states. The boys and girls of the room furnished these post cards.

Fourth and fifth graders are saving tubes and tin foil for defense. The boxes are nearly full and are decorated in Red, White and Blue. We would like to thank everyone who has contributed to the cause.

We have a new student in the fourth grade. Her name is Mildred Franks. She came last week.

Letters Received From Boys in Service

The Clarkston News
Clarkston, Mich.
Dear Mr. Stamp:

Thought I would drop you a line and let you know that I am still alive and in good health.

I want to thank you for mailing me a copy of the Clarkston News each week. Of course my Mother tries to give me all the news from home in her letters but there are always a lot of events, births, marriages, etc. that I like to read about in the home town paper.

You know, I am even interested in what kind of weather you are having there. Now if you would print a weather report of the weather for the past week instead of forecasting for the coming week and getting it all wrong like most of the other papers do, I could tell exactly how the weather has been at home and compare it with the kind of weather we are having here. Get what I mean?

Sometimes our mail service isn't so good to our ship but my papers eventually get to me and I read them from cover to cover in the order of their dates. Just keep on sending my copy and I will appreciate it a lot. Thanks again.

Sincerely yours,

Clark Souby

The following letter was received by Mrs. C. W. Russell from her son, Clinton, who is well known here.

Corpus Christi, Feb. 20.

Dear Mom:

Well I have arrived on the beginning of my last lap. We are now just finishing checking in at the base. This refers to all the papers we have to sign and a lot of other things such as the physical exam. I passed it with flying colors.

Thursday we were sworn in as cadets and are now official officers in a sense. We will be going to school for the next 7 1/2 months, and will get our commissions next October if all goes well.

The base here is the toughest in the Navy and discipline is rigid, but I believe I am capable of handling it. The base here is huge, 225 square miles and a personnel of more than five thousand. There are all the necessary facilities for work and play. Quarters are excellent—2, 4 & 5 men to a room. Bunks are very comfortable. We have a bureau and a closet for our clothes so we have plenty of room. Speaking of clothes, I think that I shall keep my civies for a while at least. We will be given a lot of clothes soon. So far I have been issued a flight jacket—all leather and fur lined. It is at least a \$20 garment. I also have a raincoat and flying helmet. All new and of excellent quality. Later we will get a suit of blues and 2 suits of whites and several accessories, a couple of hundred dollars worth at least and all of the best quality. They really take care of us. Food is excellent too. We have lots of steak and chicken and other appetizing things.

Today we had our pictures taken in ensign's whites for the year book. I am going to buy some for myself and will send you some as soon as I get them. I have started another addition to my library and have obtained several excellent books. Don't imagine that I will be able to read a great deal but I find that I do have some time. I have read three already. Today we had our pictures taken in ensign's whites for the year book. I am going to buy some for myself and will send you some as soon as I get them. I have read three already.

Work will be hard, as I said, but I feel sure that I can do it. I got a lucky break the first day I was here and was appointed captain of battalion 1, in charge of 75 men. I am a little green now but am doing pretty well. Perhaps some day I will be Student Brigade Leader, which is a high honor, at least I will try hard. We had a wonderful trip down and saw all the sights at Austin and San Antonio—the Alamo, Brookfield, Randolph Field, University of Texas, etc. I hope that all goes well with you and the family at home. Give me the news soon.

Thanks loads for the valentine and the candy.

Love,

Clint

CHRISTIAN SCIENCE CHURCHES

"Man" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, March 8.

The Golden Text (Malachi 2:10) is: "Have we not all one father? hath not one God created us?"

Among the Bible citations is this passage (Gen. 1:26): "And God said, Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, and over the fowl of the air and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.805): "Man in the likeness of his Maker, reflects the central light of being, the invisible God."

Rotary Club News

Monday evening the Clarkston Rotary Club held their second meeting in their rooms in the Opera House Bldg. A delicious dinner was served under the leadership of Earl Terry and Joe Seeterlin.

R. R. Edward of the Pontiac Community Bank gave an interesting talk on the public's attitude on the war.

The Club has installed a gas stove, steam table, and dining tables and under the leadership of Roy Alger, Club President, intends to serve their own meals.

Mrs. Ernest Stevens and Mrs. Jack Goshen entertained on Friday evening at a miscellaneous shower in the home of the former in honor of Miss Eleanor Mehler. The evening was spent in playing games. Those present besides the honoree and her mother, Mrs. Henry Mehler, were Nadine Correll, Audrey Wood, Maxwell Watson, Fay Nelson and Mrs. Alton Goll.

Mr. and Mrs. John Miller entertained at a family dinner party on Sunday in honor of Mrs. Kenneth Miller's birthday.

Mr. and Mrs. John Gillespie had as a dinner guest on Thursday evening Mrs. Gillespie's cousin, Miss Marion Link of Pontiac.

Streamlined Suppers are to be planned at the next Home Economics Extension Meetings. Since so many women find supper the most puzzling meal to vary, leaders of local groups will help on this all too common problem.

District Training Meetings will be held at Holly, Tuesday, March 10; at Oxford Wednesday, March 11; Milford Friday, March 13; Pontiac Tuesday, March 17; Rochester Thursday, March 19, and Royal Oak Friday, March 20.

Ways of serving Michigan farm products in nourishing, easily prepared suppers will be demonstrated at a "supper" prepared and served at noon by the group leaders.

Various suggestions for ways of camouflaging left-overs in the supper menu will be featured and favorite recipes for supper dishes will be exchanged by the members. Recipe leaflets for milk and cheese dishes will be supplied and suggestions given for the care of milk in the home.

Mrs. Alice Bartlett, Extension Specialist in Nutrition from the Michigan State College will attend the Holly and Oxford District Meetings, and will conduct the lesson. The lesson will be presented at the other four meetings by the Home Demonstration Agent, Mary J. E. Woodward.

The Clarkston Garden Club met at the home of Mrs. Clarence Drake on Thursday afternoon.

Republican Township Caucus

Notice is hereby given that a Republican township caucus will be held at the Masonic Temple in the Village of Clarkston, on Saturday, March 14, 1942, at 2 o'clock p. m. for the purpose of placing in nomination candidates for Township offices for the ensuing term and for the transaction of such other business as may come before it. By order of the Township Committee.

Clarkston Locals

Mr. and Mrs. George King and Mr. and Mrs. Guy Walter have enjoyed tripping around in Florida this past week. When in Orlando they were guests of Dr. Phillips. They call

ed on Mrs. Lambert in Palm Beach, Jasper Linabury and Mr. and Mrs. Ira Jones in St. Cloud and Mrs. David Newlands in Delray Beach. They are now settled at Delray Beach and expect to enjoy a few weeks there. The weather there is ideal although in the northern part of the state they found it quite cool.

Mr. and Mrs. Ward Bullen of Mason are spending the week with their son and daughter-in-law, Mr. and Mrs. Richard Bullen.

Mrs. Margaret Rockwell arrived back from California on Tuesday. She enjoyed her stay there with her son and daughter-in-law, and her health has improved. She thinks she will feel much safer in Michigan. She says the black-outs and bombs on the coast was not very pleasant.

Among those who completed a short course at Michigan State College on March 6 was Ellis F. Boice of Clarkston. He completed a course on Poultry.

Registration Notice for Annual Township Election

Monday, April 6, 1942

To the qualified electors of the Township of Independence, State of Michigan:

Notice is hereby given that in conformity with the "Michigan Election Law", I, the undersigned, Township Clerk will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township not already registered who may apply to me personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Twentieth Day before any regular, special, or official primary election and the day of such election.

Notice is hereby given that I will be at the L. F. Walter Store, Tuesday, March 17, 1942, the twentieth day preceding such election, as provided by Sec. 3, Chapter 3, Part 2, Michigan Election Law, revision of 1934, from 8 o'clock a. m. until 5 o'clock p. m., for the purpose of reviewing the registration and registering such of the qualified electors in said Township as shall properly apply therefor.

Notice is hereby further given that I will be at the L. F. Walter Store daily from 8 o'clock a. m. until 6

o'clock p. m., and Tuesday, March 17, 1942, last day, from 8 o'clock a. m. until 8 o'clock p. m., for general registration by personal application for said election.

The name of no person but an Actual Resident of the precinct at the time of said registration, and entitled under the constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

Registration of Absentee by Oath
If any person whose name is not registered shall offer and claim the right to vote at any election or primary election, and shall, under oath, state that he is a resident of such precinct and has resided in the township, village or city 20 days next preceding such election, designating particularly the place of his residence, and that he possesses the other qualifications of an elector under the constitution, and that, owing to the sickness or bodily infirmity of himself or some member of his family, or owing to his absence from the township, village or city on public business or his own business, and without intent to avoid or delay his registration, he was unable to make application for registration on the last 20 days provided by law for the registering of electors preceding such election or primary election, then the name of such person shall be registered, and he shall then be permitted to vote at such election or primary election. If such applicant shall, in said matter, wilfully make

any false statement, he shall be deemed guilty of perjury; Provided that any city may provide by its charter or by resolution approved by a majority of the members of its legislative body for the registration of such sick and absent voters on the last Saturday preceding any election or primary election at the places of voting in the several voting districts of such city, instead of on election or primary election day (see Sec. 9, Part 11, Chap. 111, of act 351 as amended 1939).
All the provisions relative to registration in Townships and Cities shall apply and be in force as to registration in Village.
Dated March 3, A. D. 1942.

If Your Plans Call for GAS . . .

BECAUSE of the wartime emergency, the Federal Government has found it necessary to restrict civilian use of materials needed in production for war. These materials include aluminum, copper, zinc, iron, steel and other items necessary to GAS construction.

These restrictions make it impossible for us to continue our past policy of extending our GAS service lines to new customers and enlarging our facilities to provide additional capacity for existing customers.

While present regulations permit certain short extensions, we do not know when or to what extent further restrictions may of necessity be imposed. Extensions requiring substantial amounts of materials must be specifically approved by the Government before construction can begin, even if the required material is in stock.

The procedure for presenting requests for priorities, and obtaining them on the material items which go into extensions requires considerable time. Therefore, if you are thinking of building, moving or installing equipment requiring an extension of our lines, or additional capacity, please consult us before concluding your plans.

We will be glad to cooperate to the extent that restrictions permit. We wish that restrictions were not necessary but we appreciate that the needs of National Defense must come first. We therefore accept them willingly and are trying to conform with them both in spirit and to the letter so that VICTORY may come the sooner.

THE JUNIOR CLASS PARTY
 Friday, Feb. 27, the Junior class had a class party. Despite the fact that only about 15 members of a class of 50 came, everyone had a wonderful time. Even our sponsors, Miss Hoole and Mr. Waters, enjoyed themselves. The smallness of the group made it much easier to play games together. We had an exciting Treasure hunt in which everyone took part, and best of all the treasure was big enough to be divided among everyone. Ping Pong, Badminton, Shuffle Board, and many other games were played. Stanley Perrin and Dick Shaughnessy entertained us with a few acrobatic tricks and Bill O'Roark furnished the dance music (Recordings). About 9:30 ice cream and cookies were served, and those who wanted seconds could have them. A good time was had by all.

JUNIOR CLASS NEWS
 Many students are found with their noses in play books reading plays that might be used for the future Junior play to be presented sometime in May. We are very puzzled as to which kind of play we will give—mystery, drama, or comedy. Watch for further developments.
ASSEMBLY
 Monday afternoon, March 2nd an assembly was held in high school. The group was led in the Pledge to the Flag by Bill Radoye. Then everyone sang America, the Beautiful led by Mr. Willoughby. Mr. Melvin Fischer gave a very entertaining and informative speech on his traveling experiences two years ago in the West Indies, at the conclusion of which the students were free to ask questions. The assembly ended with the group singing "America".

 AVERAGE PRICE PER KILOWATT HOUR OF ELECTRICITY
1941

6.13¢ **3.28¢**

ELECTRICITY
 is *cheaper* today!

The average price per kilowatt-hour paid by our residence customers for electricity today is 3.28 cents. Twenty years ago, the figure was 6.13 cents. Electricity is 46 per cent cheaper today.

Your electric service is so commonplace a thing — such an accepted part of our daily life — that most of us take it for granted. When you push a button on your wall to turn on your lights, when you flip a switch to operate your washer or iron or vacuum cleaner or any of the dozen-and-one other electric helpers in your home, you expect service *instantly* . . . and you get it. Yet few people think of what lies *back* of the switch to make this service possible — the far-flung organization, the tremendous investment in power plants and lines and substations, the thousands of employes whose combined endeavor is directed toward bringing you a service so dependable that you need never give it a thought. Here truly is the magic of electricity at your fingertips!

What makes electricity cheaper? Keeping everlastingly at it—thinking up new ways of doing things better and at lower cost—then passing the savings on to our customers. The thousands of improvements, big and little, which have been made year by year have permitted us to reduce our rates voluntarily . . . not once or twice but many times—whenever earnings justified it. That is the way of progress. The Detroit Edison Company.

THERE'S A K IN VICTORY!

This war is being fought with resources as well as with men. Every pound of vital materials that can be conserved for weapons and munitions is another step on the road to Victory.
 About the time the war began in Europe, Bell System engineers were starting to use the "K" carrier system—a new telephone development which now is saving large quantities of copper for use in implements of war.
 In operation, the "K" carrier system enables two pairs of wires in parallel

cables to carry as many as twelve separate conversations at the same time!
 "K" carrier is helping Michigan Bell handle *more* Long Distance calls with *fewer* wires—making an important saving in copper.

★
Even with the help of research and invention, increasing shortages of materials make it difficult to satisfy service demands as promptly as in the past. But we are confidently determined that every war need will be met.
